Area Code 202

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$5.00 per month or \$50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

CHAPTER VII—AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE (AGRICULTURAL ADJUSTMENT), DEPARTMENT OF AGRICULTURE

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

PART 724—FIRE-CURED, DARK AIR-CURED, VIRGINIA SUN-CURED, CIGAR-BINDER (TYPES 51 & 52), AND CIGAR-FILLER AND BINDER (TYPES 42, 43, 44, 53, 54, & 55)

Subpart—Proclamations, Determinations and Announcements of National Marketing Quotas and Referendum Results

1979 NATIONAL MARKETING QUOTAS, DETERMINATIONS AND ANNOUNCEMENTS

AGENCY: Agricultural Stabilization and Conservation Service.

ACTION: Final rule.

SUMMARY: This document proclaims national marketing quotas for fire-cured (types 21-24) tobacco and dark air-cured (types 35-36) tobacco. This document also announces national acreage allotments for the following kinds of tobacco: Fire-cured (type 21) 9,818.88 acres; fire-cured (types 22-24) 27,771.36 acres; dark air-cured (types 35 & 36) 13,344.69 acres; Virginia sun-cured 1,435.53 acres; cigar binder (types 51 & 52) 4,824.30 acres; cigar filler and binder (types 42-44; 53-55) 19,341.13 acres. The law requires that these announcements be made by February 1, 1979.

EFFECTIVE DATE: February 1, 1979.

Robert L. Tarczy, (202) 447-7601, Price Support and Loan Division, ASCS, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013.

SUPPLEMENTARY INFORMATION: Sections 724.2, 724.3, and 724.4 are issued pursuant to and in accordance with the Agricultural Adjustment Act of 1938, as amended, hereinafter referred to as the "Act", to proclaim national marketing quotas for fire-cured (type 21), fire-cured (types 22-24), and dark air-cured (types 35-36) tobacco, respectively, for each of the three marketing years beginning October 1, 1979, October 1, 1980, and October 1, 1981. Sections 724.12 through 724.17 are issued pursuant to, and in accordance with, the Act to announce the reserve supply level and the total supply of fire-cured, dark air-cured, Virginia sun-cured, cigar-binder, and cigar-filler and binder tobacco for the marketing

year beginning October 1, 1978, and to announce for the 1979-80 marketing year the amounts of the national marketing quotas, national acreage allotments, national acreage factors for apportioning the national acreage allotments (less reserves) to old farms, and the amounts of the national reserves and parts thereof available for (a) new farms and (b) making corrections and adjusting inequities in old farm allotments for fire-cured (type 21), fire-cured (type 22-24), dark air-cured, Virginia sun-cured, cigar-binder, and cigar-filler and binder tobacco. The material previously appearing in these sections under centerheads PROCLAMATION OF QUOTAS AND DETERMINATIONS AND ANNOUNCEMENTS—1978-79 MARKETING YEAR remain in full force and effect as to the crop to which it was applicable.

The determinations contained in §§724.12 through 724.17 have been made on the basis of the latest available statistics of the Federal Government, and after due consideration of data, views, and recommendations received from tobacco producers and others as provided in a notice (43 FR 59847) given in accordance with the provisions of 5 U.S.C. 553.

It is determined that acreage-poundage quotas will not be announced for the 1979-80 marketing year for any of these kinds of tobacco.

DISCUSSION OF COMMENTS

Twenty-three responses were received. A summary by kind of tobacco follows:

Fire-cured (type 21)—Four comments were received. Two comments requested no change in quota, while the other two requested reductions of between 15 and 20 percent.

Fire-cured (types 22-23)—Sixteen comments were received, all recommending a reduction in the quota. The majority recommended a reduction in the 10-20 percent range.

Dark air cured (types 35 & 36)—Three comments were received. Two recommended no change in quota while the third recommended a five percent reduction in the quota.

Virginia sun-cured (type 37)—Two comments were received recommending no reduction in quota.

Cigar binder (types 51 & 52)—One comment was received recommending no reduction in quota.

Cigar filler & binder (types 42-44 & 53-55)—Two comments were received recommending a 10 percent increase in quota.

Section 312(b) of the Act provides, in part, that the amount of the national marketing quota is the total quantity of a kind of tobacco which may be marketed which will make available during such marketing year a supply

of such tobacco equal to the reserve supply level. Since producers of these kinds of tobacco generally produce less than their respective national acreage allotment, it is determined that a larger quota would be necessary to make available production equal to the reserve supply level. The amount of the national marketing quota so announced may, no later than the following March 1, be increased by not more than 20 percent if the Secretary determines that such increase is necessary in order to meet market demands or to avoid undue restrictions of marketings in adjusting the total supply to the reserve supply level.

The reserve supply level is defined in the Act as 105 percent of the normal supply. The normal supply is defined in the Act as a normal year's domestic consumption and exports, plus 175 percent of a normal year's domestic consumption and 65 percent of a normal year's exports. A normal year's domestic consumption is defined in the Act as the yearly average quantity produced in the United States and consumed in the United States during the 10 marketing years immediately preceding the marketing year in which such consumption is determined, adjusted for current trends in such consumption. A normal year's exports is defined in the Act as the yearly average quantity produced in the United States which was exported from the United States during the 10 marketing years immediately preceding the marketing year in which such exports are determined, adjusted for current trends in such exports.

FIRE-CURED (TYPE 21) TOBACCO

The yearly average quantity of fire-cured (type 21) tobacco produced in the United States which is estimated to have been consumed in the United States during the 10 marketing years preceding the 1978-79 marketing year was about 2.1 million pounds. The average annual quantity of fire-cured (type 21) tobacco produced in the United States and exported from the United States during the ten marketing years preceding the 1978-79 marketing year was 4.1 million pounds (farm sales weight basis). Taking into account the irregular pattern of domestic use, the market demand for the various grades, and the fact that domestic use has increased steadily for the last four years, 2.9 million pounds have been used as a normal year's domestic consumption. Conversely, since exports have trended downward, 3.9 million pounds have been used as a normal year's exports. Application of the formula prescribed by the Act results in a reserve supply level of 15.1 million pounds.

Manufacturers and dealers reported stocks of fire-cured (type 21) tobacco

held on October 1, 1978, as 8.7 million pounds. The 1978 fire-cured (type 21) tobacco crop is estimated to be 6.8 million pounds. Therefore, the total supply of fire-cured (type 21) tobacco for the 1978-79 marketing year is 15.5 million pounds. During the 1978-79 marketing year, it is estimated that disappearance will total about 5.0 million pounds. By deducting this disappearance from the total supply, a carryover of 10.5 million pounds for the 1979-80 marketing year is obtained.

The difference between the reserve supply level and the estimated carryover on October 1, 1979 of 4.6 million pounds represents the quantity of fire-cured type 21 tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only about 53 percent of the announced national marketing quotas during the past 3 marketing years have been produced, it is hereby determined that a national market quota of 8.6 million pounds is necessary to make available production of 4.6 million pounds. Use of the authority of the Secretary in Section 312(b) of the Act to increase the national marketing quota of 8.6 million pounds by 20 percent to 10.3 million pounds is deemed justified in order to avoid undue restrictions of marketings.

In accordance with Section 313(g) of the Act, the 1979 national marketing quota, divided by the 1974-78, 5-year national average yield of 1,049 pounds per acre, results in a 1979 national acreage allotment of 9,818.88 acres.

Pursuant to the provisions of Section 313(g), a national acreage factor of .90 is determined by dividing the national acreage allotment, less a national reserve of 90.00 acres, by the total of the 1979 preliminary farm acreage allotments. The preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

FIRE-CURED (TYPES 22-24) TOBACCO

The yearly average quantity of fire-cured (types 22-24) tobacco produced in the United States which is estimated to have been consumed in the United States during the ten years preceding the 1978-79 marketing year was about 14.7 million pounds. The average annual quantity of fire-cured (types 22-24) tobacco produced in the United States and exported during the ten marketing years preceding the 1978-79 marketing year was 21.3 million pounds (farm-sales weight basis). Domestic use and exports of fire-cured (type 22-24) tobacco are very irregular. Accordingly, a normal year's domestic consumption has been set at 17.4 and a normal year's exports at 25.5. Application of the formula pre-

scribed by the Act results in a reserve supply level of 94.4 million pounds.

Manufacturers and dealers reported stocks of fire-cured (types 22-24) tobacco held on October 1, 1978, as 51.0 million pounds. The 1978 fire-cured (types 22-24) crop is estimated to be 50.8 million pounds. Therefore, the total supply of fire-cured (type 22-24) tobacco for the marketing year beginning October 1, 1978 is 101.8 million pounds. During the 1978-79 marketing year it is estimated that disappearance will total about 36.0 million pounds. By deducting this disappearance from the total supply, a carryover of 65.8 million pounds for the 1979-80 marketing year is obtained.

The difference between the reserve supply level and the estimated carryover on October 1, 1979 of 28.6 million pounds represents the quantity of fire-cured (types 22-24) tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only about 71 percent of the announced national marketing quotas over the past five years have been produced, it is hereby determined that a national marketing quota of 40.1 million pounds is necessary to make available production of 28.6 million pounds. Use of the authority of the Secretary in Section 312(b) of the Act to increase the quota by 20 percent to 48.1 million pounds is deemed to be justified in order to avoid undue restrictions of marketings. This results in a national marketing quota of 48.1 million pounds.

In accordance with Section 313(g) of the Act, the 1979 national marketing quota, divided by the 1974-78, 5-year national average yield of 1,732 pounds per acre, results in the 1979 national acreage allotment of 27,771.36 acres.

Pursuant to the provisions of Section 313(g), a national acreage factor of .85 is determined by dividing the national acreage allotment, less a national reserve of 100.00 acres, by the total of the 1979 preliminary farm acreage allotments. The preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

DARK AIR-CURED TOBACCO

The yearly average quantity of dark air-cured tobacco produced in the United States which is estimated to have been consumed in the United States during the ten years preceding the 1978-79 marketing year was about 16.0 million pounds, and the average annual quantity produced domestically and exported during this period was 2.4 million pounds (farm-sales weight basis). Domestic use has trended downward slightly while there appears to be no distinct trend in exports.

Therefore, in accordance with the Act, 15.3 million pounds has been used as a normal year's domestic consumption and the 10 year average of 2.4 million pounds as a normal year's exports. Application of the formula prescribed by the Act results in a reserve supply level of 48.4 million pounds.

Manufacturers and dealers reported stocks of dark air-cured tobacco held on October 1, 1978, as 30.4 million pounds. The 1978 dark air-cured crop is estimated to be 21.2 million pounds. Therefore, the total supply for the marketing year beginning October 1, 1978, is 51.6 million pounds. During the 1978-79 marketing year, it is estimated that disappearance will total about 17.5 million pounds. By deducting this disappearance from the total supply, a carryover of 34.1 million pounds for the 1979-80 marketing year, is obtained. The difference between the reserve supply level and the estimated carryover on October 1, 1979, of 14.3 million pounds represents the quantity of dark air-cured tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only about 3 percent of the announced national marketing quotas over the past five years have been produced, it is hereby determined that a national marketing quota of 19.6 million pounds is necessary to make available production of 14.3 million pounds. Use of the authority of the Secretary in Section 312(b) of the Act to increase the quota by 20 percent to 23.5 million pounds is deemed to be justified in order to avoid undue restrictions of marketings. This results in a national marketing quota of 23.5 million pounds.

In accordance with Section 313(g) of the Act, the 1979 national marketing quota, divided by the 1974-78, 5-year national average yield of 1,761 pounds per acre, results in a 1979 national acreage allotment of 13,344.69 acres.

Pursuant to the provisions of Section 313(g), a national acreage factor of 1.0 is determined by dividing the national acreage allotment, less a national reserve of 100.00 acres, by the total of the 1979 preliminary farm acreage allotments. The preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

VIRGINIA SUN-CURED TOBACCO

The yearly average quantity of Virginia sun-cured tobacco produced in the United States which is estimated to have been consumed in the United States during the ten marketing years preceding the 1978-79 marketing year was about 944 thousand pounds, and the average annual quantity produced in the United States and exported

during the same period was about 227 thousand pounds (farm-sales weight basis). Both domestic use and exports have trended downward. Accordingly, 710 thousand pounds has been used as a normal year's domestic consumption and 213 has been used as a normal year's exports. Application of the formula prescribed by the Act results in a reserve supply level of 2,418 thousand pounds.

Manufacturers and dealers reported stocks of Virginia sun-cured tobacco held on October 1, 1978, as 1,834 thousand pounds. The 1978 Virginia sun-cured tobacco crop is estimated to be 881 thousand pounds. Therefore, the total supply of Virginia sun-cured tobacco for the 1978-79 marketing year is 2,715 thousand pounds. During the 1978-79 marketing year, it is estimated that disappearance will total about 900 thousand pounds. By deducting this disappearance from the total supply, a carryover of 1,815 thousand pounds for the 1979-80 marketing year, is obtained.

The difference between the reserve supply level and the estimated carryover on October 1, 1979, of 603 thousand pounds represents the quantity of Virginia sun-cured tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only about 45 percent of the announced national marketing quotas over the past five years have been produced, it is hereby determined that a national marketing quota of 1,327 thousand pounds is necessary to make available production of 603 thousand pounds. Use of the authority of the Secretary in Section 312(b) of the Act to increase the quota by 20 percent to 1,592 thousand pounds is deemed to be justified in order to avoid undue restrictions of marketings. This results in a national marketing quota of 1,592 thousand pounds.

In accordance with Section 313(g) of the Act, the 1978 national marketing quota, divided by the 1974-78, 5-year national average yield of 1,109 pounds per acre, results in a 1979 national acreage allotment of 1,435.53 acres.

Pursuant to the provisions of Section 313(g), a national acreage factor of 1.0 is determined by dividing the national acreage allotment, less a national reserve of 10 acres, by the total of the 1979 preliminary farm acreage allotments. The preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

CIGAR-BINDER (TYPES 51 & 52) TOBACCO

The yearly average quantity of cigar-binder (types 51 & 52) tobacco produced in the United States which is estimated to have been consumed in

the United States during the ten years preceding the 1978-79 marketing year was about 3.0 million pounds. The average annual quantity of cigar-binder tobacco produced in the United States and exported from the United States during the ten marketing years preceding the 1978-79 marketing year was 0.2 million pounds (farm-sales weight basis). Both domestic use and exports have trended downward. Accordingly, 2.4 million pounds has been used as a normal year's domestic consumption and 0.1 million pounds has been used as a normal year's exports. Application of the formula prescribed by the Act results in a reserve supply level of 7.2 million pounds. Manufacturers and dealers reported stocks of cigar-binder tobacco held on October 1, 1978, as 4.9 million pounds. The 1978 cigar-binder crop is estimated to be 2.6 million pounds. Therefore, the total supply of cigar-binder tobacco for the 1978-79 marketing year is 7.5 million pounds. During the 1978-79 marketing year, it is estimated that disappearance will total about 2.4 million pounds. By deducting the estimated disappearance during the 1978-79 marketing year from the total supply, a carryover of 5.1 million pounds at the beginning of the 1979-80 marketing year is obtained.

The difference between the reserve supply level and the estimated carryover on October 1, 1979 of 2.1 million pounds represents the quantity of cigar binder tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only slightly over 31 percent of the announced national marketing quotas over the past four years have been produced it is hereby determined that a national marketing quota of 6.75 million pounds is necessary to make available production of 2.1 million pounds. Use of the authority of the Secretary in section 312(b) of the Act to increase the computed quota by 20 percent to 8.1 million pounds is deemed to be justified in order to avoid undue restrictions of marketings. This results in a national marketing quota of 8.1 million pounds.

In accordance with Section 313(g) of the Act, the 1979 national marketing quota of 8.1 million pounds, divided by the 1974-78, 5-year national average yield of 1,679 pounds per acre, results in a 1979 national acreage allotment of 4,824.30 acres.

Pursuant to the provisions of Section 313(g), a national acreage factor of 1.0 is determined by dividing the national acreage allotment, less a national reserve of 34 acres, by the total of the 1979 preliminary farm acreage allotments. These preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

tioning the national allotment, less reserve, to old farms.

CIGAR-FILLER AND BINDER TOBACCO

The yearly average quantity of cigar-filler and binder tobacco produced in the United States which is estimated to have been consumed in the United States during the ten years preceding the 1978-79 marketing year was about 23.2 million pounds. The average annual quantity of cigar-filler and binder tobacco produced in the United States and exported from the United States during the ten marketing years preceding the 1978-79 marketing year was 0.1 million pounds (farm sales weight basis). Following the cyclical marketing trends, a normal year's domestic consumption has been set at 25.0 million pounds and a normal year's exports at .1 million pounds. Application of the formula prescribed by the Act results in a reserve supply level of 72.3 million pounds.

Manufacturers and dealers reported stocks of cigar-filler and binder tobacco held on October 1, 1978, as 52.1 million pounds. The 1978 cigar-filler and binder crop is estimated to be 25.0 million pounds. Therefore, the total supply of cigar-filler and binder tobacco for the 1978-79 marketing year is 77.1 million pounds. During the 1978-79 marketing year, it is estimated that disappearance will total about 25.1 million pounds. By deducting this disappearance from the total supply, a carryover of 52.0 million pounds at the beginning of the 1979-80 marketing year is obtained.

The difference between the reserve supply level and the estimated carryover on October 1, 1979, of 20.3 million pounds represents the quantity of cigar filler and binder tobacco which may be marketed which will make available during such marketing year a supply equal to the reserve supply level. Because only about two-thirds of the announced national marketing quotas over the past five years have been produced, it is hereby determined that a national marketing quota of 30.3 million pounds is necessary to make available production of 20.3 million pounds. Use of the authority of the Secretary in Section 312(b) of the Act to increase the computed quota by 20 percent to 36.4 million pounds, is deemed to be justified in order to avoid undue restrictions of marketings. This results in a national marketing quota of 36.4 million pounds.

In accordance with Section 313(g) of the Act, the 1979 national marketing quota of 36.4 million pounds, divided by the 1974-78, 5-year national average yield of 1,882 pounds per acre, results in the 1979 national acreage allotment of 19,341.13 acres. Pursuant to the provisions of Section 313(g), a na-

tional acreage factor of 1.0 is determined by dividing the national acreage allotment, less a national reserve of 118.0 acres, by the total of the 1979 preliminary farm acreage allotments. The preliminary farm acreage allotments reflect the factors specified in Section 313(g) for apportioning the national acreage allotment, less reserve, to old farms.

Since the Act requires the holding of separate referendums of fire, dark air, sun-cured, cigar-binder, and cigar-filler and binder tobacco farmers within 30 days after issuance of the proclamation of national marketing quotas to determine whether such farmers favor marketing quotas, and since farmers must be notified, insofar as practicable, of their farm acreage allotments prior to the referenda and since notices of allotments cannot be mailed until the issuance of the proclamation, and since fire-cured, dark air-cured, and sun-cured tobacco farmers are now making their plans for producing tobacco in 1979 and need to know, at the earliest possible date, the applicable 1979 tobacco allotments for their farms, it is hereby found that compliance with the 30-day effective date provisions of 5 U.S.C. 553 is impracticable and contrary to the public interest. Therefore, this revision is issued without following such procedure.

FINAL RULE

Part 724 of Title 7 is amended by revising §§ 724.2, 724.3, and 724.4 and §§ 724.12 through 724.17 and the centerheads which precede them to read as follows:

PROCLAMATION OF QUOTAS

§ 724.2 Virginia fire-cured tobacco (type 21) 1979-80, 1980-81, and 1981-82 marketing years.

Since the 1978-79 marketing year is the last of three consecutive years for which marketing quotas previously proclaimed will be in effect for fire-cured (type 21) tobacco, a national marketing quota for such kind of tobacco for each of the three marketing years beginning October 1, 1979, October 1, 1980, and October 1, 1981 is hereby proclaimed.

§ 724.3 Fire-cured tobacco (types 22-24) 1979-80, 1980-81, and 1981-82 marketing years.

Since the 1978-79 marketing year is the last of three consecutive years for which marketing quotas previously proclaimed will be in effect for fire-cured (types 22-24) tobacco, a national marketing quota for such kind of tobacco for each of the three marketing years beginning October 1, 1979, October 1, 1980, and October 1, 1981 is hereby proclaimed.

§ 724.4 Dark air-cured tobacco (types 35-36) 1979-80, 1980-81, and 1981-82 marketing years.

Since the 1978-79 marketing year is the last of three consecutive years for which marketing quotas previously proclaimed will be in effect for dark air-cured tobacco, a national marketing quota for such kind of tobacco for each of the three marketing years beginning October 1, 1979, October 1, 1980, and October 1, 1981 is hereby proclaimed.

DETERMINATIONS AND ANNOUNCEMENTS—1979-80 MARKETING YEAR

§ 724.12 Fire-cured (type 21) tobacco¹

(a) *Reserve supply level.*¹ The reserve supply level for fire-cured (type 21) tobacco is 15.1 million pounds, calculated, as provided in the Act, from a normal year's domestic consumption of 2.9 million pounds and a normal year's exports of 3.9 million pounds.

(b) *Total supply.*¹ The total supply of fire-cured (type 21) tobacco for the marketing year beginning October 1, 1978, is 15.5 million pounds, calculated in accordance with the Act, from a carryover of 8.7 million pounds and estimated 1978 production 6.8 million pounds.

(c) *Carryover.*¹ The estimated carryover of fire-cured (type 21) tobacco for the marketing year beginning October 1, 1979, is 10.5 million pounds, calculated in accordance with the Act, by subtracting the estimated disappearance for the marketing year beginning October 1, 1978, of 5.0 million pounds from the total supply of such tobacco.

(d) *National marketing quota.*¹ The amount of fire-cured (type 21) tobacco which will make available during the marketing year beginning October 1, 1979, a supply equal to the reserve supply level of such tobacco is 4.6 million pounds. Because producers have been producing only about 53 percent of the announced national marketing quota during the past 3 marketing years, it is hereby determined that a national marketing quota of 8.6 million pounds is necessary to make available production of 4.6 million pounds, and a national marketing quota of such amount is hereby announced. It is determined however, that a national marketing quota in the amount of 8.6 million pounds would result in undue restriction of marketings during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for fire-cured (type 21) tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979 is 10.3 million pounds.

¹Rounded to the nearest tenth of a million.

(e) *National acreage allotment.* The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year 1974-78 national average yield of 1,049 pounds is 9,818.88

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments is .90. It was calculated in accordance with the Act by dividing the national acreage allotment, less the national reserve, by the total of the preliminary allotments for 1979 old farms.

(g) *National reserve.* The national acreage reserve is 90.00 acres, of which 20.00 acres are made available for 1979 new farms, and 70.00 acres are made available for making corrections and adjusting inequities in old farm allotments.

§ 724.13 Fire-cured (types 22-24) tobacco.

(a) *Reserve supply level.*¹ The reserve supply level for fire-cured (types 22-24) tobacco is 94.4 million pounds, calculated, as provided in the Act, from a normal year's domestic consumption of 17.4 million pounds and a normal year's exports of 25.5 million pounds.

(b) *Total supply.*¹ The total supply of fire-cured (types 22-24) tobacco for the marketing year beginning October 1, 1978, is 101.8 million pounds, calculated in accordance with the Act, from a carryover of 51.0 million pounds and estimated 1978 production of 50.8 million pounds.

(c) *Carryover.*¹ The estimated carryover of fire-cured tobacco (types 22-24) for the marketing year beginning October 1, 1979, is 65.8 million pounds, calculated in accordance with the Act, by subtracting the estimated disappearance for the marketing year beginning October 1, 1978, of 36.0 million pounds from the total supply of such tobacco.

(d) *National marketing quota.*¹ The amount of fire-cured (types 22-24) tobacco which will make available during the marketing year beginning October 1, 1979, a supply equal to the reserve supply level of such tobacco is 28.6 million pounds. Because producers have been producing only about 71 percent of the announced national acreage allotment over the past five years, it is hereby determined that a national marketing quota of 40.1 million pounds is necessary to make available production of 28.6 million pounds, and a national marketing quota of such amount is hereby announced. It is determined, however, that a national marketing quota in the amount of 40.1 million pounds would result in undue restriction of marketings during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for fire-cured

(types 22-24) tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979, is 48.1 million pounds.

(e) *National acreage allotment.* The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year 1974-78 national average yield of 1,732 pounds is 27,771.36.

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments for the 1979-80 marketing year is .85. It was calculated in accordance with the Act by dividing the national acreage allotment, less the national reserve, by the total of the preliminary allotments for the 1978 old farms.

(g) *National reserve.* The national acreage reserve is 100.00 acres, of which 15.00 acres are made available for 1979 new farms and 85.00 acres are made available for making corrections and adjusting inequities in old farm allotments.

§ 724.14 Dark air-cured tobacco.

(a) *Reserve supply level.*¹ The reserve supply level for dark air-cured tobacco is 48.4 million pounds, calculated, as provided in the act, from a normal year's domestic consumption of 15.3 million pounds and a normal year's exports of 2.4 million pounds.

(b) *Total supply.*¹ The total supply of dark air-cured tobacco for the marketing year beginning October 1, 1978, is 51.6 million pounds calculated in accordance with the Act, from a carryover of 30.4 million pounds and estimated 1978 production of 21.2 million pounds.

(c) *Carryover.*¹ The estimated carryover of dark air-cured tobacco for the marketing year beginning October 1, 1979, is 34.1 million pounds, calculated in accordance with the Act by subtracting the estimated disappearance for the marketing year beginning October 1, 1978, of 17.5 million pounds from the total supply of such tobacco.

(d) *National marketing quota.*¹ The amount of dark air-cured tobacco which will make available during the marketing year beginning October 1, 1979, a supply equal to the reserve supply level of such tobacco is 14.3 million pounds. Because producers have been producing about 73 percent of the announced national acreage allotment over the past five years, it is hereby determined that a national marketing quota of 19.6 million pounds is necessary to make available production of 14.3 million pounds, and a national marketing quota of such amount is hereby announced. It is determined, however, that a national marketing quota in the amount of 19.6 million pounds would result in undue

restriction of marketings during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for dark air-cured (types 35-36) tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979, is 23.5 million pounds.

(e) *National acreage allotment.*¹ The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year, 1974-78, national average yield of 1,761 pounds, is 13,344.69 acres.

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments for the 1979-80 marketing year is 1.0. It was calculated in accordance with the Act by dividing the national acreage allotment, less reserve, by the total of the preliminary allotments for 1979 old farms.

(g) *National reserve.* The national acreage reserve is 100.00 acres, of which 15.00 acres are made available for 1979 new farms, and 85.00 acres are made available for making corrections and adjusting inequities in old farm allotments.

§ 724.15 Virginia sun-cured tobacco.

(a) *Reserve supply level.*² The reserve supply level for Virginia sun-cured tobacco is 2,418 thousand pounds, calculated, as provided in the Act, from a normal year's domestic consumption of 710 thousand pounds and a normal year's exports of 213 thousand pounds.

(b) *Total supply.*² The total supply of Virginia sun-cured tobacco for the marketing year beginning October 1, 1978, calculated in accordance with the Act, is 2,715 thousand pounds, consisting of carryover of 1,834 thousand pounds and estimated 1978 production of 881 thousand pounds.

(c) *Carryover.*² The estimated carryover of Virginia sun-cured tobacco for the marketing year beginning October 1, 1979, is 1,815 thousand pounds, calculated in accordance with the Act by subtracting the estimated disappearance for the marketing year beginning October 1, 1978, of 900 thousand pounds from the total supply of such tobacco.

(d) *National marketing quota.*² The amount of Virginia sun-cured tobacco which will make available during the marketing year beginning October 1, 1979, a supply equal to the reserve supply level of such tobacco is 603 thousand pounds. Because producers have been producing only about 45 percent of the announced national acreage allotment over the past five years, it is hereby determined that a

²Rounded to the nearest thousand pounds.

national marketing quota of 1,327 thousand pounds is necessary to make available production of 603 thousand pounds, and a national marketing quota of such amount is hereby announced. It is determined, however, that a national quota in the amount of 1,327 thousand pounds would result in undue restriction of marketings during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for Virginia sun-cured tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979, is 1,592 thousand pounds.

(e) *National acreage allotment.* The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year, 1974-78, national average yield of 1,109 pounds, is 1,435.53.

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments for the 1979-80 marketing year is 1.0. It was calculated in accordance with the Act by dividing the national acreage allotment, less reserve, by the total of the preliminary allotments for 1979 old farms.

(g) *National reserve.* The national acreage reserve is 10.00 acres, of which 4.00 acres are made available for 1978 new farms, and 6.00 acres are made available for making corrections and adjusting inequities in old farm allotments.

§ 724.16 Cigar-binder (types 51 & 52) tobacco.

(a) *Reserve supply level.*¹ The reserve supply level for cigar-binder (types 51 & 52) tobacco is 7.2 million pounds calculated as provided by the Act, from a normal year's domestic consumption of 2.4 million pounds and a normal year's exports of .1 million pounds.

(b) *Total supply.*¹ The total supply of cigar-binder (types 51 & 52) tobacco for the marketing year beginning October 1, 1978, is 7.5 million pounds, calculated in accordance with the Act from a carryover of 4.9 million pounds and estimated 1978 production of 2.6 million pounds.

(c) *Carryover.*¹ The estimated carryover of cigar-binder (types 51 & 52) tobacco for the marketing year beginning October 1, 1979, is 5.1 million pounds, calculated in accordance with the Act, by subtracting the estimated disappearance for the marketing year beginning October 1, 1978 of 2.4 million pounds from the total supply of such tobacco.

(d) *National marketing quota.*¹ The amount of cigar-binder (types 51 & 52) tobacco which will make available during the marketing year beginning

October 1, 1979, a supply equal to the reserve supply level of such tobacco is 2.1 million pounds. Because producers have been producing only slightly over 31 percent of the announced national acreage allotment over the past four years, it is hereby determined that a national marketing quota of 6.75 million pounds is necessary to make available production of 2.1 million pounds, and a national marketing quota of such amount is hereby announced. It is determined, however, that a national marketing quota in the amount of 6.75 million pounds would result in undue restrictions of marketing during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for cigar-binder (type 51 & 52) tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979, is 8.1 million pounds.

(e) *National acreage allotment.* The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year, 1974-78 national average yield of 1,679 pounds, is 4,824.30 acres.

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments for the 1979-80 marketing year is 1.0. It was calculated in accordance with the Act by dividing the national acreage allotment, less reserve, by the total of the preliminary allotments for the 1979 old farms.

(g) *National reserve.* The national acreage reserve is 34.00 acres of which 10.00 are made available for new farms and 24.00 for making corrections and adjusting inequities in old farm allotments.

§ 724.17 Cigar-filler and binder (types 42-44, 53-55) tobacco.

(a) *Reserve supply level.*¹ The reserve supply level for cigar-filler and binder (types 42-44, 53-55) tobacco is 72.3 million pounds, calculated, as provided in the Act, from a normal year's domestic consumption of 25.0 million pounds and a normal year's exports of 0.1 million pounds.

(b) *Total supply.*¹ The total supply of cigar-filler and binder (types 42-44, 53-55) tobacco for the marketing year beginning October 1, 1978 is 77.1 million pounds calculated in accordance with the Act, from a carryover of 52.1 million pounds and estimated 1978 production of 25.0 million pounds.

(c) *Carryover.*¹ The estimate carryover of cigar-filler and binder (types 42-44, 53-55) tobacco for the marketing year beginning October 1, 1979, is 52.0 million pounds, calculated in accordance with the Act, by subtracting the estimated disappearance for the

marketing year beginning October 1, 1978, of 25.1 million pounds from the total supply of such tobacco.

(d) *National marketing quota.*¹ The amount of cigar-filler and binder (types 42-44, 53-55) tobacco which will make available during the marketing year beginning October 1, 1978, a supply equal to the reserve supply level of such tobacco is 20.3 million pounds. Because producers have been producing only about two-thirds of the announced national acreage allotment over the past five years, it is hereby determined that a national marketing quota of 30.3 million pounds is necessary to make available production of 20.3 million pounds, and a national marketing quota of such amount is hereby announced. It is determined, however, that a national marketing quota in the amount of 30.3 million pounds would result in undue restriction of marketings during the 1979-80 marketing year and such amount is hereby increased by 20 percent. Therefore, the amount of the national marketing quota for cigar-filler and binder (types 42-44, 53-55) tobacco in terms of the total quantity of such tobacco which may be marketed during the marketing year beginning October 1, 1979, is 36.4 million pounds.

(e) *National acreage allotment.* The national acreage allotment, calculated in accordance with the Act by dividing the national marketing quota for the 1979-80 marketing year by the 5-year, 1974-78 national average yield of 1,882 pounds, is 19,341.13 acres.

(f) *National acreage factor.* The national acreage factor for use in determining farm acreage allotments for the 1979-80 marketing year is 1.0. It was calculated in accordance with the Act by dividing the national acreage allotment, less reserve by the total of the preliminary allotments for 1979 old farms.

(g) *National reserve.* The national acreage reserve is 118.00 acres of which 108.00 acres are made available for 1979 new farms, and 10.00 acres are made available for making corrections and adjusting inequities in old farm allotments.

PART 726—BURLEY TOBACCO

Subpart—Proclamations, Determinations and Announcements of National Marketing Quotas and Referendum Results

1979 NATIONAL MARKETING QUOTA FOR BURLEY TOBACCO

AGENCY: Agricultural Stabilization and Conservation Service.

ACTION: Final rule.

SUMMARY: The Secretary of Agriculture has determined that the burley tobacco marketing quota shall be 615 million pounds for the 1979-80 marketing year. The law requires this announcement by February 1, 1979. This action is being taken to insure that adequate supplies of burley tobacco will be available for the 1979-80 marketing year.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Robert L. Tarczy, (202) 447-7601, Price Support and Loan Division, ASCS, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013.

SUPPLEMENTARY INFORMATION: 7 CFR 726.11 issued pursuant to, and in accordance with, the Agricultural Adjustment Act of 1938, as amended, hereinafter referred to as the "Act", to announce for burley tobacco the amounts of the national marketing quota, the national reserve, and the national factor for the 1979-80 marketing year. The material previously appearing in these sections under centerheads **PROCLAMATION OF QUOTAS and DETERMINATIONS AND ANNOUNCEMENTS—1978-79 MARKETING YEAR** remains in full force and effect as to the crop to which it was applicable.

The determinations by the Secretary contained in § 726.11 have been made on the basis of the latest available statistics of the Federal Government, and after due consideration of data, views, and recommendations received from burley tobacco producers and others pursuant to a notice given in accordance with the provisions of 5 U.S.C. 553.

DISCUSSION OF COMMENTS

During the burley quota comment period, 12 written responses were received. Included were comments from producers, members of the trade including trade associations, and farm groups. Ten favored no change in the quota citing that production levels must be maintained to support a growing export market. Two recommended a five percent reduction in the quota, noting that supplies are excessive.

One meeting was held in the producing area to give farmers and others the opportunity to express their views verbally. Of the 14 in attendance who expressed views, 13 favored the same quota, while one favored a 3.3 percent increase. The thrust of their reasoning centered around sustaining export markets.

In keeping with the Secretary's obligations to maintain an adequate supply of burley tobacco a marketing quota of 615 million pounds is hereby determined and announced for the 1979-80 marketing year. This is the same quota that was announced for the 1978-79 marketing year.

Section 319(c) of the Act provides that the national marketing quota determined under such section for burley tobacco for any marketing year shall be the amount produced in the United States which the Secretary estimates will be utilized in the United States and will be expected during such marketing year, adjusted upward or downward in such amount as the Secretary, in his discretion, determines is desirable for the purpose of maintaining an adequate supply or for effecting an orderly reduction of supplies to the reserve supply level. Any such downward adjustment shall not exceed 5 percent of such estimated utilization and exports. For each marketing year for which marketing quotas are in effect under this section, the Secretary in his discretion may establish a reserve (hereinafter referred to as the "national reserve") from the national marketing quota in an amount not in excess of 1 percent of the national marketing quota to be available for making corrections and adjusting inequities in farm marketing quotas, and for establishing marketing quotas for new farms.

Section 319(e) of the Act provides, in part, that the 1979 farm marketing quota shall be determined by multiplying the previous year's farm marketing quota by a national factor obtained by dividing the national marketing quota (less the national reserve) by the sum of the farm marketing quotas for the immediately preceding year for all farms for which burley tobacco marketing quotas will be determined for 1979: *Provided*, That such national factor shall not be less than 95 percent.

The reserve supply level is defined in the Act as 105 percent of the normal supply. The normal supply is defined in the Act as a normal year's domestic consumption and exports, plus 175 percent of a normal year's domestic consumption and 65 percent of a normal year's exports. A normal year's domestic consumption is defined in the Act as the yearly average quantity produced in the United States and consumed in the United States during the 10 marketing years immediately preceding the marketing year in which such consumption is determined, adjusted for current trends in such consumption. A normal year's exports is defined in the Act as the yearly average quantity produced in the United States which was exported from the United States during the 10 marketing years immediately preceding the marketing year in which such exports are determined, adjusted for current trends in such exports.

The reserve supply level is 1,643 million pounds, based on a normal year's domestic consumption of 500 million pounds and a normal year's exports of 115 million pounds. The average domestic usage for the past 10 marketing years amounts to 513 million pounds. However, domestic usage has trended downward with 1977 being the lowest disappearance of the 10 year period. The 10 year average exports amounted to 78 million pounds. Exports have averaged 108 million pounds during the past three marketing years and are expected to continue their upward trends in the future as foreign manufacturers upgrade their blends. In view of these data and estimates, a reserve supply level of 1,643 million pounds appears reasonable.

The total supply for the 1978-79 marketing year, October 1 carryover stocks plus estimated production of the 1978 crop, is 1,826 million pounds. This is 183 million pounds above the reserve supply level.

Total disappearance for the 1979-80 marketing year is estimated at 615 million pounds. It has been determined that no downward adjustment of the quota is necessary for effecting an orderly reduction of supplies to the reserve supply level. Accordingly, the national marketing quota for burley tobacco for the marketing year beginning October 1, 1979, is determined to be 615 million pounds. The sum of the preliminary farm marketing quotas for the 1979-80 marketing year is 614,216,455 pounds. The quota of 615 million pounds, less a national reserve of 780,000 pounds would result in a national factor of 1.0.

Since farmers are now making their plans for 1979 production of burley tobacco and need to know the marketing quota for their farms for the 1979-80 marketing year, it is hereby found

that compliance with the 30-day effective date requirements of 5 U.S.C. 553 is impracticable and contrary to the public interest.

FINAL RULE

Accordingly 7 CFR Part 726 is amended by revising § 726.11 and the preceding centerhead to read as set forth below, effective for the 1979 crop of burley tobacco.

DETERMINATIONS AND ANNOUNCEMENTS—1979-80 MARKETING YEAR

§ 726.11 Burley tobacco

(a) *National marketing quota.* A national marketing quota for burley tobacco on a poundage basis for the marketing year beginning October 1, 1979, is hereby determined and announced in the amount of 615 million pounds. This quota is based upon expected utilization and exports for the 1979-80 marketing year.

(b) *National factor.* The national factor determined under § 319(e) of the Act is 1.0.

(c) *National reserve.* The national reserve for making corrections and adjusting inequities in old farm quotas and for establishing quotas for new farms is 780,000 pounds.

(Secs. 301, 319, 375, 52 Stat. 38, as amended, 85 Stat. 23, 52 Stat. 66, as amended, (7 U.S.C. 1301, 1314e, 1375))

NOTE: An Impact Analysis Statement is available from Thomas A. VonGarlem, Acting Director, Price Support and Loan Division, Room 3741-South Building, P.O. Box 2415, Washington, D.C. 20013.

NOTE: Based on an assessment of the environmental impacts of the proposed action, it has been determined that an Environmental Impact Statement need not be prepared since the proposals will have no significant effect on the quality of human environment.

NOTE: This regulation has been determined not significant under the USDA criteria implementing Executive Order 12044.

SUBCHAPTER C—SPECIAL PROGRAMS

PART 781—DISCLOSURE OF FOREIGN INVESTMENT IN AGRICULTURAL LAND

AGENCY: Agricultural Stabilization and Conservation Service.

ACTION: Final Rule

SUMMARY: The Agricultural Stabilization and Conservation Service adopts these final regulations pertaining to the reporting requirements of foreign persons with an interest in United States agricultural, forest or timber land. These regulations are formulated to effectively carry out the congressional mandate articulated in the Agricultural Foreign Investment Disclosure Act of 1978. The objective of the regulations is to establish a system for the collection of reportable information concerning the investment by foreign persons in agricultural, forest and timber land in the United States.

DATES: Effective date: February 2, 1979. Comments may be submitted on or before March 8, 1979.

ADDRESS: Send comments to: George M. Nelson, Jr., Production Adjustment Division, Agricultural Stabilization and Conservation Service, USDA, P.O. Box 2415, Washington, D.C. 20013.

SUPPLEMENTARY INFORMATION: A notice of proposed rulemaking relating to the reporting of United States agricultural, forestry and timber land held, acquired, or transferred by foreign persons was published in the **FEDERAL REGISTER** on December 6, 1978 (43 FR 57607). A 30-day comment period ending January 5, 1979, was held and comments were received from farm organizations, agribusiness, realtors, law firms, State universities, State commissioners of agriculture, U.S. Chamber of Commerce, oil companies, Bankers Association, Cattlemen's Association, other departments and commissions of Government and the general public.

Rules issued today were written after considering both the written comments and the comments received at the December 14, 1978 public hearing on this subject. In drafting these rules, the Department considered suggestions from the public as well as the congressional intent of the Act.

The statutory mandate in Section 8 of the Act requires that the Department act to expeditiously issue these final regulations. In fact, that Section specifically states that such regulations shall be issued not later than 90 days after its October 14, 1978, date of enactment. In view of these constraints, it has therefore been determined by the Secretary that good cause exists for not postponing the effective date of these final rules and regulations until 30 days after publication in the **FEDERAL REGISTER** (5 U.S.C. 553).

Notwithstanding the fact that these rules are published as final rules, the Department is interested in obtaining comments from interested persons on the content of such. Therefore, we will consider all written comments received on or before March 8, 1979. Such comments should be submitted to: George M. Nelson, Jr., Production Adjustment Division, Agricultural Stabilization and Conservation Service, USDA, P.O. Box 2415, Washington, D.C. 20013.

Such comments will be available for inspection at Room 3645—South Agriculture Building, Washington, D.C.

DISCUSSION OF MAJOR COMMENTS

Sixty-eight persons submitted written comments and six persons appeared and submitted comments at the public hearing. These comments pertained to various provisions of the proposed rules and regulations.

NATURE OF THE INTEREST

Fifteen persons commented upon the Nature of the Interest which must be held in order to activate the reporting obligation. Six persons recommended that leaseholds, future interests, mineral rights, and other interests other than fee interests be included in the definition of "any interest." Four persons recommended the exclusion of such from the definition. Three persons recommended that all interests in agricultural land be required to be reported. The Act calls for disclosure of "any interest" in United States agricultural land. After considering both the legislative history and the comments received, it was viewed as advisable to require holders of certain leaseholds and future interests to comply with the reporting obligations of the statute. The decision to include leaseholds of ten years or more and noncontingent future interests which will become possessory upon the termination of the present possessory estate, will serve to eliminate the likelihood that such would otherwise be utilized as methods of significant investment.

The information collected pursuant to the reporting provisions will constitute the basis for an analysis to be transmitted to Congress and the President. At present, it is anticipated that the only leaseholds which will receive substantial consideration will be those of long duration.

SECURITY INTEREST

Six persons commented on the nature of a "Security Interest." All of those commenting defined "Security Interest" as mortgages and other debt-securing devices.

Since the Act exempts reporting of ownership of a security interest by foreign persons and there were no conflicting opinions on this subject, for-

eight persons who hold a mortgage or other debt-securing device in agricultural land will not be required to report such interest.

TRACING OWNERSHIP

Eight persons responded on the subject of the tracing actual ownership of the agricultural land. Three persons recommended that all levels of ownership by foreign persons should be identified and reported. Three others suggested that the Secretary not exercise his discretion to require second and third tier ownership to be reported. Two other commentators suggested that all interest in agricultural land should be traced to second or third tier ownership.

The search for foreign persons holding any interest in legal entities holding agricultural land has no definitive limit unless an arbitrary cut-off is established. Information obtained from the initial phase of reporting will provide information about the foreign individuals, governments, or legal entities holding an interest in United States legal entities which invest in agricultural land. Pursuant to the regulations, the Secretary at a later time also may require disclosure of the same information concerning individuals, governments, and legal entities not listed on the initial report filed by the United States legal entity. It was felt essential that the regulations grant the latitude to require such reports since it would have otherwise been possible for foreign entities to conceal their ownership of United States agriculture land by establishing several layers of ostensible owners. This could have been accomplished by the foreign entity investing in, for instance, corporation B, which itself holds no agricultural land, but does hold an interest in corporation A, which holds agricultural land. Since corporation A need not file a report listing indigenous entities, the identity of those holding interests in corporation B would not be revealed even though it has an interest in A.

AGRICULTURAL LAND

Fourteen persons submitted definitions of "agricultural land." They all agreed that agricultural land should be land which produced or was capable of producing products for commercial uses, but would not include residential lots where those products were raised for personal use. Four persons suggested that the definition of agricultural land should be taken from the State law in each State where the land is located. One person suggested that any agricultural land in excess of 10 acres be required to be reported if foreign-owned. Eight persons suggested that an acreage minimum be used, and some thought a combination of both

should be used to establish the minimum figure. Three persons thought all acreage, regardless of size, should be reported.

Those who suggested that an acreage minimum be used submitted their suggestions as follows: Over 10 acres, three persons; 25 acres or more, one person; over 40 acres, one person; 50 acres or more, 1 person; 160 acres or more, four persons; and 200 acres or more, one person.

Three commentators suggested that the minimum size of agricultural land to be reported should be different in the different areas of the U.S.

A definition of "agricultural land" is indispensable to satisfactory implementation of the reporting obligation. Some of the suggested definitions, however, present problems. States and political subdivisions thereof have different laws and rules to define agricultural, forestry, or timber land. The value of agricultural, forestry, or timber products from a given acreage vary from area to area. Similarly, the preferred use of land by the owner or manager thereof may be different from the potential or most productive use.

The definition selected averts the problems generated by some of those suggested. It not only categorizes small parcels used for commercial production as agricultural land, thereby covering highly profitable small acreage undertakings, but also provides a data base for analytical purposes which, following the initial collection, might well be appraised as too inclusive. The later judgment, quite possibly, could never be made in the absence of such inclusive initial collection. Moreover, the definition provides for the exclusion of land not exceeding one acre used for the production of items not distributed commercially since such has little if any affect upon family farms and rural communities.

SIGNIFICANT INTEREST OR SUBSTANTIAL CONTROL

Fourteen persons commented as to what should constitute a "significant interest or substantial control" of a United States legal entity with an interest in agricultural land. Nearly all of the suggestions presented were on a percentage of ownership basis. Those percentages were as follows: 3% or more, one person; in excess of 5%, one person; in excess of 10%, one person; 25% or more, one person; and 50% or more, two persons.

Concern was articulated by two commentators that reporting would become burdensome in trusts, estates, and corporations with many beneficiaries or stockholders who individually hold a small percentage of interest. One person recommended that a

higher percentage of ownership be excluded until some experience is gained.

Pursuant to the regulations, if a foreign individual, government, or legal entity, or any combination thereof, holds five percent or more interest in any legal entity which holds any interest in United States agricultural land, then the legal entity in which the five percent interest is held, must report its holding. The specific five percent figure, was, in large part, based upon the provision in the Securities Exchange Act of 1934 which requires any person who is directly or indirectly the beneficial owner of more than five percent of a particular class of security to file certain reports within a specified time period, if such person acquires additional securities of such class. It is thought that the five percent figure represents some indication of the potential for influence within a legal entity. In addition, the figure was also selected in order to assure that as many legal entities as reasonably possible would be required to report their agricultural land holdings. Adoption of some of the suggestions recommending large levels of ownership would have operated to exempt numerous entities from the reporting requirements.

7 CFR, Chapter VII, Subchapter C—Special Programs is amended by adding a new Part 781, Disclosure of Foreign Investment in Agricultural Land, which reads as follows:

PART 781—DISCLOSURE OF FOREIGN INVESTMENT IN AGRICULTURAL LAND

Sec.

781.1 Applicability

781.2 Definitions

781.3 Reporting Requirements

781.4 Penalty Determinations

Authority: Sec. 1-10, 92 Stat. 1266 (7 U.S.C. 3501).

§ 781.1 Applicability.

The purpose of these rules and regulations is to set forth the requirements of ASCS designed to implement the Agricultural Foreign Investment Disclosure Act of 1978. The rules specify when a foreign person who acquires, disposes of or holds an interest in United States agricultural land shall disclose such transactions and holdings to the Secretary of Agriculture. In particular, the rules establish a system for the collection of information by ASCS pertaining to foreign investment in United States agricultural land. The information collected will be utilized in the preparation of periodic reports to Congress and the President by ESCS concerning the effect of such holdings upon family farms and rural communities.

§ 781.2 Definitions.

- In determining the meaning of the provisions of this part, unless the context indicates otherwise, words importing the singular include and apply to several persons or things, words importing the plural include the singular, and words used in the present tense include the future as well as the present.

The following terms shall have the following meanings:

(a) *AFIDA*. Agricultural Foreign Investment Disclosure Act of 1978.

(b) *Agricultural land*. Land in the United States which is currently used for, or if idle and its last use within the past five years was for, agricultural, forestry, or timber production, except land not exceeding one acre in the aggregate from which the agricultural, forestry or timber products are less than \$1,000 in annual gross sales value and such products are produced for the personal or household use of the person or persons holding an interest in such land.

(c) *Any interest*. All interests acquired, transferred or held in agricultural lands by a foreign person including leaseholds of ten years or more and any noncontingent future interest which will become possessory upon the termination of the present possessory estate.

(d) *County*. A political subdivision of a State identified as a county or parish. In Alaska, an area so designed by the State ASC Committee.

(e) *Foreign government*. Any government other than the United States Government, the government of a State, or a political subdivision of a State.

(f) *Foreign legal entity*. (1) Any legal entity created under the laws of a foreign government shall be deemed to be a foreign legal entity regardless of the interest or control of such legal entity held by foreign persons.

(2) Any legal entity created under the laws of the United States, of any State thereof shall be deemed to be a foreign legal entity if a significant interest or substantial control of the stock or membership of such legal entity is held by foreign persons, foreign governments, or legal entities created under the laws of a foreign government.

(g) *Foreign person*. The term "foreign person" means:

- (i) Any individual;
- (i) Who is not a citizen or national of the United States;
- (ii) Who is not a citizen of the Northern Mariana Islands or the Trust Territory of the Pacific Islands; or
- (iii) Who is not lawfully admitted to the United States for permanent residence, or paroled into the United

States under the Immigration and Nationality Act;

(2) Any person, other than an individual or a government, which is created or organized under the laws of a foreign government or which has its principal place of business located outside of all the States;

(3) Any person, other than an individual or a government;

(i) Which is created or organized under the laws of any State; and

(ii) In which, a significant interest or substantial control is directly or indirectly held;

(A) by any individual referred to in subparagraph (1);

(B) by any person referred to in subparagraph (2);

(C) by any combination of such individuals, persons or governments; and

(4) *Any foreign government*.
(h) *Person*. The term person includes any individual, corporation, company association, foreign partnership, society, joint stock company, trust, estate, or any other legal entity.

(i) *Secretary*. The term means the Secretary of Agriculture.

(j) *Security interest*. A mortgage or other debt securing instrument which shall be exempt from reporting.

(k) *State*. The term means any of the several States, the District of Columbia, the Commonwealth of Puerto Rico, the Northern Mariana Islands, Guam, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands or any other territory or possession of the United States.

(l) *Significant interest and substantial control*. A foreign person shall be deemed to hold substantial interest and significant control in a legal entity for the purposes of reporting if such foreign person holds five percent or more interest in any legal entity which holds, directly or indirectly any interest in United States agricultural land.

§ 781.3 Reporting Requirements.

(a) All reports required to be filed pursuant to this part shall be filed with the ASCS county office in the county where the land with respect to which such report must be filed is located or where the ASCS county office administering programs carried out on such land is located.

(b) Any foreign person holding any interest, other than security interest, in U.S. agricultural land on the day before February 2, 1979, must submit, on or before August 6, 1979, a report Form ASCS-153 containing the following information:

- (1) The legal name and the address of such foreign person;
- (2) In any case in which such foreign person is an individual, the citizenship of such foreign person;
- (3) In any case in which such foreign person is not an individual or a gov-

ernment, the nature of the legal entity holding the interest, the country in which such foreign person is created or organized, and the principal place of business of such foreign person;

(4) The type of interest in agricultural land which is held by such foreign person;

(5) The legal description and acreage of such agricultural land;

(6) The purchase price paid for, or any other consideration given for such interest;

(7) The agricultural purposes for which such foreign person:

(i) Is using such agricultural land on the date on which such report is submitted; and

(ii) Intends, as of such date, to use such agricultural land.

(8) When applicable, the name, address and relationship of the representative of the foreign person who is completing the ASCS-153 form for the foreign person; and

(9) How the tract of land was acquired or transferred, the relationship of the foreign owner to the previous owner, producer, manager, tenant or sharecropper, and the rental agreement.

(c) Any foreign person acquiring or transferring any interest, other than a security interest in U.S. agricultural land on and after February 2, 1979, must submit, not later than 90 days after the date of such acquisition or transfer, a report Form ASCS-153 containing the following information:

(1) The legal name and the address of such foreign person;

(2) In any case in which such foreign person is an individual, the citizenship of such foreign person;

(3) In any case in which such foreign person is not an individual or a government, the nature of the legal entity holding the interest, the country in which such foreign person is created or organized, and the principal place of business of such foreign person;

(4) The type of interest held by a foreign person who acquired or transferred an interest in agricultural land;

(5) The legal description and acreage of such agricultural land;

(6) The purchase price paid for, or any other consideration given for, such interest;

(7) In any case in which such foreign person transfers such interest, the legal name and the address of the person to whom such interest is transferred; and

(i) In any case in which such transferee is an individual, the citizenship of such transferee; and

(ii) In any case in which such transferee is not an individual, or a government, the nature of the legal entity holding the interest, the country in which such transferee is created or or-

ganized, and the principal place of business;

(8) The agricultural purposes for which such foreign person intends, on the date on which such report is submitted, to use such agricultural land;

(9) When applicable, the name, address and relationship of the representative of the foreign person who is completing the ASCS-153 form for the foreign person; and

(10) How the tract of land was acquired or transferred, the relationship of the foreign owner to the previous owner, producer, manager, tenant or sharecropper, and the rental agreement.

(d) Any foreign person, except a person required to submit a report under paragraph (b) of this section, who, on or after February 2, 1979 (the date of publication of these regulations) holds or acquires any interest, other than a security interest, in United States agricultural land at a time when such person is not a foreign person and who subsequently becomes a foreign person, must submit, not later than 90 days after the date on which such person becomes a foreign person, a report Form ASCS-153 containing the information required to be submitted under paragraph (b) of this section.

(e) Any foreign person, except a person required to submit a report under paragraph (b) of this section, who, on or after February 2, 1979, holds or acquires any interest, other than a security interest, in United States agricultural land at a time when such land is not agricultural land and such land subsequently becomes agricultural land must submit, not later than 90 days after the date on which such land becomes agricultural, a report Form ASCS-153 containing the information required to be submitted under paragraph (b) of this section.

(f)(1) Any foreign person, other than an individual or a government, required to submit a report under paragraphs (b), (c), (d), or (e) of this section, must submit a report containing the following information:

(i) The legal name and the address of each foreign individual or government holding any interest in such foreign person;

(ii) In any case in which the holder of such interest is an individual, the citizenship of such holder; and

(iii) In any case in which the holder of such interest is not an individual or a government, the nature of the foreign legal entity holding the interest, the country in which such holder is created or organized, and the principal place of business of such holder.

(2) In addition, any such foreign person required to submit the foregoing information may also be required,

upon request, to submit a report containing:

(i) The legal name and the address of each individual or government whose legal name and address did not appear on the initial report, if such individual or government holds any interest in such foreign person;

(ii) In any case in which the holder of such interest is an individual, the citizenship of such holder; and

(iii) In any case in which the holder of such interest is not an individual or government, the nature of the legal entity holding the interest, the country in which such holder is created or organized, and the principal place of business of such holder.

(g) Any foreign person, other than an individual or a government, whose legal name is contained on any report submitted in satisfaction of subsection (f) or this subsection may also be required, upon request, to submit a report containing the following information:

(1) The legal name and the address of any person who holds any interest in the person submitting the report under this subsection;

(2) In any case in which the holder of such interest is an individual, the citizenship of such holder; and

(3) In any case in which the holder of such interest is not an individual or a government, the nature of the legal entity holding the interest, the country in which such holder is created or organized, and the principal place of business of such holder.

§ 781.4 Penalty determinations.

(a) Violation of the reporting obligation will consist of:

(1) Failure to submit any report required to be submitted pursuant to Section 781.3, or

(2) Knowing failure to

(i) Submit a report which does not contain all the information required to be in such report, or

(ii) Submit a report which contains misleading or false information.

(b) Determinations of violation of such reporting obligations will be made on the basis of evidence submitted to a Board periodically appointed by the Secretary to make such determinations. Upon a determination of violation the Board will also make a preliminary determination of the fair market value of the interest in the agricultural land with respect to which such violation has occurred. Following each such determination of a reporting violation, the Board will transmit to the Secretary a recommendation as to the amount of the civil fine for failure to comply with the reporting obligation. After consideration by the Secretary of the recommendation transmitted by the Board, the foreign person failing to comply with the re-

porting obligation shall be subject to a civil fine imposed by the Secretary, the amount of which shall not exceed 25 percent of the fair market value of the interest in the agricultural land with respect to which such violation has occurred, redetermined by the Board as of the date of the assessment of such penalty.

This regulation has been determined significant under the USDA criteria implementing Executive Order 12044. It is hereby certified that an approved Final Impact Statement has been prepared in accordance with Executive Order 12044 and is available by contacting the Office of the Director of Economics, Policy Analysis and Budget, Room 102, Administration Building, USDA, Washington, D.C. 20250.

Signed at Washington, D.C., on February 2, 1979.

BOB BERGLAND,
Secretary of Agriculture.

Title 12—Banks and Banking

CHAPTER I—COMPTROLLER OF THE CURRENCY, DEPARTMENT OF THE TREASURY

PART 15—CHANGE IN BANK CONTROL

AGENCY: Comptroller of the Currency.

ACTION: Final Rule.

SUMMARY: The Comptroller of the Currency is revising Part 15 to implement the Change in Bank Control Act of 1978, Pub. L. No. 95-630, § 602, 95 Stat. 3683, which will require persons proposing to acquire control of a national bank beginning March 10, 1979, to file advance notice with the Comptroller of the Currency and to comply with certain other procedures. This revision specifies transactions that come within the Act's coverage and establishes certain exemptions and procedures. It supplements a Statement of Policy on the same subject issued today by the Comptroller and published in the *Notices* section of this issue. While it is necessary to revise this part, effective March 10, 1979, the Comptroller has invited public comment on the revision, and intends to address those comments and adopt any needed amendments to Part 15 as soon as practicable.

DATES: Effective date: March 10, 1979. Comments may be submitted on or before April 6, 1979.

ADDRESS: Send comments to John E. Shockey, Chief Counsel, Comptroller

of the Currency, Washington, D.C. 20219.

FOR FURTHER INFORMATION CONTACT:

Patrick Doyle, Staff Attorney, Office of the Comptroller of the Currency, Washington, D.C. 20219, 202-447-1880.

SUPPLEMENTARY INFORMATION: Effective March 10, 1979, the Change in Bank Control Act of 1978 amends section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) to require advance notice to the Comptroller of the Currency by persons proposing to acquire control of a national bank on or after that date. The Comptroller of the Currency today issued a Statement of Policy describing the Act's requirements, procedures, and objectives, and clarifying certain aspects of the Act. To supplement that Statement of Policy the Comptroller has revised 12 CFR Part 15:

(a) To establish procedures for compliance with the Act's notice requirements;

(b) To define the Act's coverage to include generally transactions resulting in a person's ownership or control of ten per cent or more of any class of voting securities of a national bank (i) if the institution has issued any class of securities subject to registration under the Securities Exchange Act of 1934 or (ii) if the acquiring person will be the institution's largest shareholder;

(c) To relieve individual acquirers of the requirement that they supply personal financial statements for years earlier than the most recently completed calendar year when such statements would be unnecessary for an adequate evaluation of a proposed acquisition; and

(d) To exempt the following transactions from the Act's notice requirements:

(i) Acquisitions of additional shares in an institution by a person already lawfully controlling that institution;

(ii) Testate or interstate succession, gifts, and foreclosures, on the condition that certain information be given promptly to the Comptroller;

(iii) Transactions requiring approval under the Bank Merger Act or the Bank Holding Company Act;

(iv) Certain other transaction covered by the Bank Holding Company Act;

(v) Normal proxy solicitations and pro-rata stock dividends; and

(vi) Acquisition of shares in foreign banks which have Federally chartered branches in the United States.

Because the Act becomes effective on March 10, 1979, it is essential that persons subject to the Act know with reasonable certainty at the earliest possible time the scope of their rights

and duties under the Act. The Comptroller, therefore for good cause determined, pursuant to 5 U.S.C. 553 that notice and public procedure requirements are unnecessary and would be contrary to the public interest. However, the Comptroller's Office will review the effectiveness of the revision as it gains experience operating under it. The Comptroller will also accept and consider written comments. Any comments should be submitted to John E. Shockey, Chief Counsel, Comptroller of the Currency, Washington, D.C. 20219, to be received no later than April 6, 1979.

PART 15—CHANGE IN BANK CONTROL

- Sec.
- 15.1 Authority.
- 15.2 Definitions.
- 15.3 Acquisitions of Control.
- 15.4 Notices.
- 15.5 Exempt Transactions.

AUTHORITY: 12 U.S.C. 1817(j)(13) and R.S. 324 et seq., as amended, 12 U.S.C. 1 et seq.

§ 15.1 Authority.

The provisions of this Part 15 are issued under 12 U.S.C. 1817(j)(13) and R.S. 324 et seq.; as amended, 12 U.S.C. 1 et seq.

§ 15.2 Definitions.

As used in this part, the terms "person," "acquiring person," "acquiring party," "insured bank," "notice," "control," "stock," and "voting securities," shall have the same meaning and content as given such terms in the Change in Bank Control Act of 1978, (the "Act"), Pub. L. No. 95-630, section 602, 95 Stat. 3683.

§ 15.3 Acquisitions of control.¹

Under the Act, acquisitions by a person² or persons acting in concert of the power to vote 25 per cent or more of a class of voting securities of a national bank, unless exempted, require prior notice to the Comptroller of the Currency (the "Comptroller"). In addition, a purchase, assignment, transfer, pledge, or other disposition of voting stock through which any person will acquire ownership, control, or the power to vote ten per cent or more of a class of voting securities of a national bank will be deemed to be an acquisition by such person of the power to direct that institution's management or policies if:

(a) The institution has issued any class of securities subject to the registration requirements of section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 781); or

¹"Control" is defined in the Act as "the power, directly or indirectly, to direct the management or policies, or to vote 25 per cent or more of any class of voting securities, of an insured bank." 12 U.S.C. 1817(j)(8)(B).

(b) Immediately after the transaction no other person will own a greater proportion of that class of voting securities.

Other transactions resulting in a person's control of less than 25 per cent of a class of voting shares of a national bank would not result in control for purposes of the Act. An acquiring person may request an opportunity to contest the presumption established in the preceding sentence with respect to a proposed transaction. The Comptroller will afford the person an opportunity to present views in writing or, where appropriate, orally before his designated representatives either at informal conference discussions or at informal presentations of evidence.

§ 15.4 Notices.

Notice shall not be considered given unless information provided is responsive to every item specified in paragraph 6 of the Act (12 U.S.C. 1817(j)(6)), or every item prescribed in the appropriate notice form (CC7028-36). With respect to personal financial statements required by paragraph 6(B) of the Act, an individual acquirer may include statements for only the most recently completed calendar year, together with interim statements required by that paragraph, subject to the authority of the Comptroller to require additional information.

§ 15.5 Exempt transactions.

The following transactions are not subject to the prior notice requirements of the Act:

(a) The acquisition of additional shares of a national bank by a person who continuously since March 9, 1979, held power to vote 25 per cent or more of the voting shares of that institution, or by a person who has acquired and maintained control of that institution after complying with the Act's procedures;

(b) The acquisition of additional shares of a national bank by a person who under § 15.3 would be deemed to have controlled that institution continuously since March 9, 1979, if:

(1) The transaction will not result in that person's direct or indirect ownership or power to vote 25 per cent or more of any class of voting securities of the institution; or

(2) In other cases, the Comptroller determines that the person has controlled the institution since March 9, 1979;

(c) The acquisition of shares in satisfaction of a debt previously contracted in good faith or through testate or intestate succession or bona fide gift, provided the acquirer advises the Comptroller within thirty days after the acquisition and provides any information specified in paragraph 6 of the Act that the Comptroller requests;

(d) A transaction subject to approval under section 3 of the Bank Holding Company Act or section 18 of the Federal Deposit Insurance Act.

(e) A transaction described in sections 2(c)(5) or 3(a)(A) or (B) of the Bank Holding Company Act by a person there described;

(f) A customary one-time, proxy solicitation and receipt of pro-rata stock dividends; and

(g) The acquisition of shares of foreign banks which have insured Federally chartered branches in the United States: *Provided, however,* This exemption does not extend to reports and information required under paragraphs 9, 10, and 12 of the Act. (12 U.S.C. 1817(j)(9)(10)(12).)

Dated: January 30, 1979.

CHAPTER II—FEDERAL RESERVE SYSTEM

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

(Docket No. R-01991)

PART 225—BANK HOLDING COMPANIES AND CHANGE IN BANK CONTROL

PART 265—RULES REGARDING DELEGATION OF AUTHORITY

Change in Bank Control

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rules.

SUMMARY: The Change in Bank Control Act of 1978 will require persons proposing to acquire control of bank holding companies of State member banks beginning March 10, 1979, to file advance notice with the Board and to comply with certain other procedures. To implement the Act, the Board has issued final rules that specify transactions that come within the Act's coverage, and establish certain exemptions and procedures. These rules supplement a policy statement on the same subject issued today by the Board in a separate action and published in the *NOTICES* section of this issue. While it is necessary to issue final rules, effective March 10, 1979, the Board has invited public comment on the rules, and intends to address those comments and adopt any needed amendments to the rules as soon as practicable.

DATES: These rules are effective March 10, 1979. Comments must be received by April 6, 1979.

ADDRESS: Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. All material submitted must include the docket number R-0199.

SUPPLEMENTARY INFORMATION:

(1) Effective March 10, 1979, the Change in Bank Control Act of 1978 amends section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) to require advance notice to the Board by persons proposing to acquire control of bank holding companies or State member banks on or after that date. The Board today issued a policy statement regarding that Act, describing the Act's requirements, procedures, and objectives, and clarifying certain aspects of the Act. That statement is published in the notice section of this issue of the *FEDERAL REGISTER* for the guidance of persons subject to the Act. To supplement that statement the Board has amended its Regulation Y:

(a) To establish procedures for compliance with the Act's notice requirements;

(b) To define the Act's coverage to include generally transactions resulting in a person's ownership or control of 10 percent or more of any class of voting securities of a bank holding company or State member bank (i) if the institution has issued securities subject to registration under the Securities Exchange Act of 1934 or (ii) if the acquiring person will be the institution's largest shareholder;

(c) To relieve individual acquirers of the requirement that they supply personal financial statements for years earlier than the most recently completed calendar year when such statements would be unnecessary for an adequate evaluation of a proposed acquisition; and

(d) To exempt the following transactions from the Act's prior notice requirements:

(i) acquisitions of additional shares in an institution by a person already lawfully controlling that institution;

(ii) Testate or intestate succession, gifts, and foreclosures, on the condition that certain information be given promptly to the appropriate Federal Reserve Bank;

(iii) Transactions requiring approval under the Bank Merger Act or the Bank Holding Company Act;

(iv) Certain other transactions covered by the Bank Holding Company Act;

(v) Normal proxy solicitations and pro-rata stock dividends; and

(vi) Changes in control of foreign bank holding companies.

No exemption has been provided in these regulations for changes in control of foreign-based bank holding companies that do not qualify as foreign bank holding companies under § 225.4(g) of Regulation Y, but the Board encourages comment by interested persons on the propriety and scope of such an exemption.

(2) It is necessary and in the public interest for the efficient administration of the Act that regulations be adopted by the Act's effective date, March 10, 1979, and that persons subject to the Act know with reasonable certainty at the earliest time the scope of their rights and duties under the Act. For those reasons the Board finds that the notice and public procedure requirements of 5 U.S.C. 553, as well as those of the Board's policy statement of January 15, 1979, regarding expanded rulemaking procedures, are impractical, and they have not been followed. The Board invites public comment on these rules, however, and intends to address them as soon as practicable after the close of the comment period, and may address them earlier if there is an evident and compelling need to do so. Interested persons are invited to submit relevant data, views, comments, or arguments. Any such material should be submitted in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received no later than April 6, 1979. All material should include the docket number R-0199. Such information will be made available for inspection and copying upon request except as provided in § 261.6(a) of the Board's Rules Regarding Availability of Information (12 CFR 261.6(a)).

(3) In connection with the implementation of the Act, the Board has amended its Rules Regarding Delegation of Authority (12 CFR Part 265) to permit certain actions under the Act, including the issuance of notices of the Board's intention not to disapprove a proposed change in control, extensions of periods for consideration of notices, determinations of the informational sufficiency of notices, and determinations regarding the need for notices from persons who own or will own less than 25 per cent of the voting stock of an institution, to be taken by Federal Reserve Banks. These amendments do not constitute substantive rules subject to the procedural re-

quirements of 5 U.S.C. 553, and they have been adopted without following those requirements.

(4) The rules amending Regulation Y are adopted, effective March 10, 1979, under the authority of section 7(j)(13) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)(13)), as amended by the Change in Bank Control Act of 1978 (Pub. L. No. 95-630, Section 602, 92 Stat. 3683). Rules Regarding Delegation of Authority, described in paragraph (3) above, are adopted under section 11(k) of the Federal Reserve Act (12 U.S.C. 248(k)).

1. Effective March 10, 1979, the title to the Board's Regulation Y (12 CFR Part 225) is revised to read "PART 225—BANK HOLDING COMPANIES AND CHANGE IN BANK CONTROL" and § 225.1 of that part (12 CFR 225.1) is revised to read as follows:

§ 225.1 Authority, scope, and definitions.

(a) *Authority and scope.* This part is issued by the Board of Governors of the Federal Reserve System under section 5(b) of the Bank Holding Company Act of 1956 ("the Act") (12 U.S.C. 1844(b)) and section 7(j)(13) of the Federal Deposit Insurance Act, as amended by the Change in Bank Control Act of 1978 ("the Control Act"), (12 U.S.C. 1817(j)(13)). Sections 225.2 through 225.6 implement the Act, and § 225.7 implements the Control Act.

(b) *Terms used in the Act.* As used in this part, the terms "bank holding company," "company," "bank," "subsidiary," and "Board" have the same meanings as those given such terms in the Act. As used in § 225.7, the term "person" has the meaning given it in the Control Act.

(c) *Federal Reserve Bank.* The term "Federal Reserve Bank" as used in this part with respect to action by, on behalf of, or directed to be taken by a bank holding company or other organization shall mean either the Federal Reserve Bank of the Federal Reserve district in which the operations of the bank holding company or other organization are principally conducted, as measured by total deposits held or controlled by it on the date on which it became, or is to become, a bank holding company, or such Reserve Bank as the Board may designate. With respect to notices filed and other actions taken under the Control Act, the term refers to the Federal Reserve Bank for institution to be acquired, as determined by the preceding sentence in the case of bank holding companies and by section 9 of the Federal Reserve Act in the case of State member banks.

2. Effective March 10, 1979, the Board's Regulation Y (12 CFR Part 225) is amended by adding a new section, § 225.7, as follows:

§ 225.7 Change in bank control.

(a) *Acquisitions of Control.*¹⁵ Under the Control Act, acquisitions by a person or persons acting in concert of the power to vote 25 percent or more of a class of voting securities of a bank holding company or State member bank, unless exempted, require prior notice to the Board. In addition, a purchase, assignment, transfer, pledge, or other disposition of voting stock through which any person will acquire ownership, control, or the power to vote ten percent or more of a class of voting securities of a bank holding company or State member bank will be deemed to be an acquisition by such person of the power to direct that institution's management or policies if:

(1) The institution has issued any class of securities subject to registration under section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78l); or

(2) Immediately after the transaction no other person will own a greater proportion of that class of voting securities.

Other transactions resulting in a person's control of less than 25 percent of a class of voting shares of a bank holding company or State member bank would not result in control for purposes of the Act. An acquiring person may request an opportunity to contest the presumption established by this paragraph with respect to a proposed transaction. The Board will afford the person an opportunity to present views in writing or, where appropriate, orally before its designated representatives either at informal conference discussions or at informal presentations of evidence.

(b) *Notices.* Section 265.3 of the Board's rules of procedure governs the submission of notices required by the Control Act, except that notices should be sent to the Federal Reserve Bank of the district in which the affected bank or bank holding company is located. Notice shall not be considered given unless information provided is responsive to every item specified in paragraph 6 of the Control Act (12 U.S.C. 1817(j)(6)), or every item prescribed in the appropriate Board forms. With respect to personal financial statements required by paragraph 6(B) of the control Act, an individual acquirer may include a current statement of assets and liabilities, as of a date within 90 days of the notice, a brief income summary, and a statement of material changes since the date thereof, subject to the authority of the Federal Reserve Bank or the

¹⁵ Control is defined in the Control Act as the power, directly or indirectly, to direct the management or policies, or to vote 25 percent or more of any class of voting securities, of an institution. 12 U.S.C. 1817(j)(8)(B).

Board to require additional information.

(c) *Exempt transactions.* The following transactions are not subject to the prior notice requirements of the Control Act:

(1) The acquisition of additional shares of a bank holding company or State member bank by a person who continuously since March 9, 1979, held power to vote 25 percent or more of the voting shares of that institution, or by a person who has acquired and maintained control of that institution after complying with the Control Act's procedures;

(2) The acquisition of additional shares of a bank holding company or State member bank by a person who under paragraph (a) of this section would be deemed to have controlled that institution continuously since March 9, 1979, if:

(i) The transaction will not result in that person's direct or indirect ownership or power to vote 25 percent or more of any class of voting securities of the institution; or

(ii) In other cases, the Board determines that the person has controlled the institution continuously since March 9, 1979;

(3) The acquisition of shares in satisfaction of a debt previously contracted in good faith or through testate or intestate succession or bona fide gift, provided the acquirer advises the Federal Reserve Bank within thirty days after the acquisition and provides any information specified in paragraph 6 of the Control Act that the Reserve Bank requests;

(4) A transaction subject to approval under section 3 of the Bank Holding Company Act or section 18 of the Federal Deposit Insurance Act;

(5) A transaction described in sections 2(a)(5) or 3(a)(A) or (B) of the Bank Holding Company Act by a person there described;

(6) A customary one-time proxy solicitation and receipt of pro-rata stock dividends; and

(7) The acquisition of shares of a foreign bank holding company, as defined in § 225.4(g): *Provided*, This exemption does not extend to the reports and information required under paragraphs 9, 10, and 12 of the Control Act (12 U.S.C. 1817(j) (9), (10), and (12)).

§ 265.2 [Amended]

3. Effective March 10, 1979, § 265.2(f) of the Board's Rules Regarding Delegation of Authority (12 CFR § 265.2(f)) is amended by adding the following new subparagraph (38):

* * * * *

(f) * * *

(38) Under the provisions of the Change in Bank Control Act of 1978

(12 U.S.C. 1817(j)) and § 225.7 of this chapter (Regulation Y), with respect to a bank holding company or State member bank, to determine the informational sufficiency of notices and reports filed under the Act, to extend periods for consideration of notices, to determine whether a person who is or will be subject to a presumption described in § 225.7(a) of this chapter should file a notice regarding a proposed transaction, and, if all the following conditions are met, to issue a notice of intention not to disapprove a proposed change in control:

(i) No member of the Board has indicated an objection prior to the Reserve Bank's action.

(ii) All relevant departments of the Reserve Bank concur.

(iii) If the proposal involves shares of a State member bank or a bank holding company controlling a State member bank, the appropriate bank supervisory authorities have indicated that they have no objection to the proposal, or no objection has been received from the appropriate bank supervisory authorities within the time allowed by the Act.

(iv) No significant policy issue is raised by the proposal as to which the Board has not expressed its view.

Board of Governors of the Federal Reserve System, January 31, 1979.

Deputy Secretary of the Board.

CHAPTER III—FEDERAL DEPOSIT INSURANCE CORPORATION

SUBCHAPTER A—PROCEDURE AND RULES OF PRACTICE

PART 303—APPLICATIONS, RE- QUESTS, SUBMITTALS, AND NO- TICES OF ACQUISITION OF CON- TROL

Change in Bank Control and Delegations of Authority

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Final rule.

SUMMARY: The Change in Bank Control Act of 1978 will require persons proposing to acquire control of insured nonmember banks beginning March 10, 1979, to file advance notice with the Corporation and to comply with certain other procedures. To implement the Act, the Board has issued final rules that specify transactions that come within the Act's coverage, and establish certain exemptions and procedures. These rules supplement a

policy statement on the same subject issued today by the Corporation in a separate action and published in the notices section of this issue. While it is necessary to issue the final rules, effective March 10, 1979, the Corporation has invited public comment on the rules, and intends to address those comments and adopt any needed amendments to the rules as soon as possible.

DATES: Effective date: These amendments are effective on March 10, 1979.

Comments may be submitted on or before April 6, 1979.

ADDRESS: Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, D.C. 20429.

FOR FURTHER INFORMATION CONTACT:

Katharine H. Haygood, Staff Attorney, Federal Deposit Insurance Corporation, Washington, D.C. 20429, 202-389-4387.

SUPPLEMENTARY INFORMATION:

(1) Effective March 10, 1979, the Change in Bank Control Act of 1978 amends Section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) to require advance notice to the Corporation by persons proposing to acquire control of insured nonmember banks on or after that date. The Corporation today issued a policy statement regarding that Act, describing the Act's requirements, procedures, and objectives, and clarifying certain aspects of the Act. That statement is published in the notice section of this issue of the FEDERAL REGISTER for the guidance of persons subject to the Act. The Corporation amends Part 303 of its regulations:

(a) To establish procedures for compliance with the Act's notice requirements;

(b) To define the Act's coverage to include generally transactions resulting in a person's ownership or control of ten percent or more of any class of voting securities of an insured State nonmember bank (i) if the institution has issued any class of securities subject to registration under the Securities Exchange Act of 1934 or (ii) if the transaction results in the acquiring person becoming the institution's largest shareholder;

(c) To relieve individual acquirers of the requirement that they supply personal financial statements for years earlier than the most recently completed calendar year when such statements would be unnecessary for an adequate evaluation of a proposed acquisition; and

(d) To exempt the following transactions from the Act's prior notice requirements:

(i) Acquisitions of additional shares in an institution by a person already lawfully controlling that institution;

(ii) Testate or intestate succession, gifts, and foreclosures, on the condition that certain information be given promptly to the appropriate Regional Director;

(iii) Transactions requiring approval under the Bank Merger Act or the Bank Holding Company Act;

(iv) Certain other transactions covered by the Bank Holding Company Act;

(v) Normal proxy solicitations and pro-rata stock dividends; and

(vi) Acquisitions of shares in a foreign bank which has an insured branch or branches in the United States.

(2) It is necessary for the efficient administration of the Act that regulations be adopted by the Act's effective date, March 10, 1979, and that persons subject to the Act know with reasonable certainty at the earliest time the scope of their rights and duties under the Act. For those reasons the Corporation finds that the notice and public procedure requirements of 5 U.S.C. 553, regarding expanded rulemaking procedures, are impractical, and they have not been followed. The Corporation invites public comment on these rules, however, and intends to address them as soon as practicable after the close of the comment period, and may address them earlier if there is an evident and compelling need to do so. Interested persons are invited to submit relevant data, views, comments, or arguments. Any such material should be submitted in writing to the Office of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, D.C. 20429, to be received no later than April 6, 1979. Such information will be made available for inspection and copying upon request except as provided in § 309.5(f) of the Corporation's Rules (12 CFR 309.5(f)).

(3) In connection with the implementation of the Act, the Corporation will amend its rules (12 CFR Part 303) to permit certain actions under the Act to be taken at a delegated level. The Corporation specifically will delegate to the Corporation's Director of the Division of Bank Supervision, or, where confirmed in writing by the Director of the Division of Bank Supervision, to the Regional Director of the Region in which the bank in which stock is being acquired is located, the power to issue a written notice of the Corporation's intent not to disapprove an acquisition; the power to act in situations where information is submitted on acquisitions arising out of testate or intestate succession, bona fide gift, or foreclosure; the power to extend notice periods; and the power

to determine the informational adequacy of a notice.

(4) The rules amending Part 303 are adopted under the authority of Section 7(j)(13) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)(13)), as amended by the Change in Bank Control Act of 1978 (Pub. L. No. 95-630, section 602, 92 Stat. 3683) and under section 9 of the Federal Deposit Insurance Act (12 U.S.C. 1819).

1. The title to the Corporation's Part 303 (12 CFR Part 303) is revised to read "PART 303—APPLICATIONS, REQUESTS, SUBMITTALS, AND NOTICES OF ACQUISITION OF CONTROL."

2. Section 303.11 (12 CFR 303.11) is revised to read as follows:

§ 303.11 Delegation of authority to act on certain applications and on notices of acquisition of control.

(a) *General.* Except as provided in § 303.12, and subject to the provisions of paragraphs (b) and (c) of this section, the Board of Directors of the Federal Deposit Insurance Corporation has delegated to the Director of the Division of Bank Supervision, or, where confirmed in writing by the Director of the Division of Bank Supervision, to the Regional Director of the Region in which the applicant bank, an insured branch of a foreign bank, or the bank in which the stock is being acquired is located, the authority on behalf of the Board of Directors to act on the following applications and requests from any insured nonmember bank and on notices of acquisition of control of any insured State nonmember bank from any person who acquires or proposes to acquire such control:

(12) Notices of acquisition of control of insured State nonmember banks: *Provided, however,* That this authority shall extend to the power to issue a written notice of the Corporation's intent not to disapprove an acquisition of control, but not to the power to disapprove an acquisition of control; *And provided, further,* That this authority shall extend to the power to act in situations where information is submitted on acquisitions arising out of testate or intestate succession, bona fide gifts or foreclosure; to the power to extend notice periods; to the power to determine the informational adequacy of a notice and to the power to determine whether a notice should be filed under the Act by a person acquiring less than 25 per centum of any class of voting securities of an insured State nonmember bank.

(b) *Confirmation, limitations, and rescission.* The authority delegated in paragraph (a) of this section by the Board of Directors to the Regional Di-

rector of the Region in which the applicant bank, the insured branch of a foreign bank, or the bank in which stock is being acquired is located is subject, as to each Regional Director in each Region, to written confirmation, limitations, or subsequent rescission of any confirmation, by the Director of the Division of Bank Supervision. Such written confirmation, limitations, or rescission shall be filed with the Executive Secretary of the Corporation at its offices in Washington, D.C. and at the office of the Regional Director concerned, and shall be available for public inspection by interested parties.

(c) *Special cases.* In special cases the Director of the Division of Bank Supervision may, in writing, rescind the authority of a Regional Director to act on an application or request or notice of acquisition of control, and may himself or herself act on the same. In special cases a Regional Director may, in writing, recommend that the authority to act on an application or request or notice of acquisition of control not be exercised by him or her; in such cases the authority to act on such application or request or notice of acquisition of control may be exercised by the Director of the Division of Bank Supervision. In special cases the Director of the Division of Bank Supervision may, in writing, recommend that the authority to act on an application or request or notice of acquisition of control not be exercised by him or her; in such cases the Board of Directors will act on the application or request or notice of acquisition of control.

3. Part 303 (12 CFR Part 303) is amended by adding a new § 303.15, reading as follows:

§ 303.15 Change in Bank Control.

(a) *Acquisitions of Control.*¹ Under the Change in Bank Control Act of 1978, acquisitions by a person² or persons acting in concert of the power to vote 25 percent or more of a class of voting securities of an insured nonmember bank, unless exempted, require prior notice to the Corporation. In addition, a purchase, assignment, transfer, pledge, or other disposition

¹ Control is defined in Section 7(j)(8)(B) of the Federal Deposit Insurance Act as "the power, directly or indirectly, to direct the management or policies of an insured bank or to vote 25 per centum or more of any class of voting securities of an insured bank." 12 U.S.C. 1817(j)(8)(B).

² Person is defined in Section 7(j)(8)(A) of the Federal Deposit Insurance Act as "an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity not specifically listed herein." 12 U.S.C. 1817(j)(8)(A).

of voting stock through which any person will acquire ownership, control, or the power to vote ten percent or more of a class of voting securities of an insured State nonmember bank will be deemed to be an acquisition by such person of the power to direct that institution's management or policies if:

(1) The institution has issued any class of securities subject to the registration requirements of section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78d); or

(2) Immediately after the transaction no other person will own a greater proportion of that class of voting securities. Other transactions resulting in a person's control of less than 25 percent of a class of voting shares of an insured State nonmember bank would not result in control for purposes of the Act. An acquiring person may request an opportunity to contest any presumption established by this paragraph (a) of this section with respect to a proposed transaction. The Corporation will afford the person an opportunity to present views in writing, or, where appropriate, orally before its designated representatives either at informal conference discussions or at informal presentations of evidence.

(b) *Notices.* Notice of proposed acquisition of control should be filed with the regional Director of the Federal Deposit Insurance Corporation Region in which the bank in which stock is being acquired is located. The appropriate forms and instructions for completing the same may be obtained upon request from the Regional Director of the Region in which the bank in which stock is being acquired is located. Notice shall not be considered given unless information provided is responsive to every item specified in paragraph 6 of the Change in Bank Control Act of 1978 (12 U.S.C. 1817(j)(6)), or every item prescribed in the appropriate Corporation forms. With respect to personal financial statements required by paragraph 6(b) of the Change in Bank Control Act of 1978, an individual acquirer may include a current statement of assets and liabilities, as of a date within ninety days of the notice of proposed acquisition, a brief income summary, and a statement of material changes since the date thereof, subject to the authority of the Regional Director, the Director of the Division of Bank Supervision, or the corporation to require additional information.

(c) *Exempt Transactions.* The following transactions are not subject to the prior notice requirements of the Change in Bank Control Act of 1978:

(1) The acquisition of additional shares of an insured State nonmember bank by a person who continuously since March 9, 1979, held power to vote 25 per cent or more of the voting

PART 13—PROHIBITED TRADE PRACTICES, AND AFFIRMATIVE CORRECTIVE ACTIONS**New Jersey Pest Control Association, Inc.**

AGENCY: Federal Trade Commission.

ACTION: Final order.

SUMMARY: In settlement of alleged violations of federal law prohibiting unfair acts and practices and unfair methods of competition, this consent agreement, among other things, requires a West Orange, N.J. trade association, representing a number of dealers and suppliers of pest control goods and services, to cease denying membership to bona fide dealers and suppliers; establishing or maintaining prices or conditions of sale for goods and services; interfering with advertising media; or attempting by any other means to fix prices and eliminate competition in relevant markets. The association would be further required to eliminate timely from its charter and by-laws any provision which is contrary to the terms of the order, and to maintain specified records for a three-year period.

shares of that institution, or by a person who has acquired and maintained control of that institution after complying with the Act's procedures;

(2) The acquisition of additional shares of an insured State nonmember bank by a person who under paragraph (a) of this section would be deemed to have controlled that institution continuously since March 9, 1979, if:

(i) The transaction will not result in that person's direct or indirect ownership or power to vote 25 per cent or more of any class of voting securities of the institution; or

(ii) In other cases, the Corporation determines that the person has controlled the institution since March 9, 1979.

(3) The acquisition of shares in satisfaction of a debt previously contracted in good faith or through testate or intestate succession or bona fide gift: *Provided*, The acquirer advises the Regional Director within thirty days after the acquisition and provides such of the information specified in paragraph 8 of the Control Act as the Regional Director requests;

(4) A transaction subject to approval under Section 3 of the Bank Holding Company Act or Section 18 of the Federal Deposit Insurance Act;

(5) A transaction described in Sections 2(a)(5) or 3(a)(A) or (B) of the Bank Holding Company Act by a person there described;

(6) A customary one-time proxy solicitation and receipt of pro-rata stock dividends; and

(7) The acquisition of shares in foreign banks which have an insured branch or branches in the United States: *Provided, however*, This exemption does not extend to the reports and information required under Sections 7(j)(9), (10) and (12) of the Federal Deposit Insurance Act.

Approved January 24, 1979.

Title 17—Commodity and Securities Exchanges

CHAPTER I—COMMODITY FUTURES TRADING COMMISSION

PART 150—LIMITS ON POSITIONS

Elimination of Daily Speculative Trading Limits

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rules.

SUMMARY: The Commodity Futures Trading Commission is amending its rules to remove daily limits on speculative trading for all commodities where such limits are now in effect. The Commission has considered public comment received on this issue and has concluded that under existing market conditions daily trading limits are (1) not necessary to diminish, eliminate or prevent excessive speculation, and (2) may at times impede market liquidity. The purpose of the amendment to Part 150 of the Commission's rules is to eliminate unnecessary restrictions and enhance market liquidity. These amendments do not effect the Commission's limits on the size of speculative positions which any one

person may hold or control on a single contract market. The speculative position limits, which remain in effect, apply to the size of speculative positions throughout the day as well as positions at the close of the trading session. Further, the adoption of the amendments to Part. 150 does not affect the limits which various contract markets may prescribe concerning maximum price fluctuations allowed on that market during the course of one trading session.

SUPPLEMENTARY INFORMATION: On September 22, the Commission published a proposal to eliminate all daily trading limits which are prescribed in Part 150 of its regulations and requested comment on the proposal to be received by the Commission on or before November 21, 1978. See 43 FR 4023 *et seq.* (September 22, 1978). The Commission has completed its analysis of the proposal and the comments received and has determined to adopt the proposal for the reasons set forth below.

BACKGROUND

Section 4a(1) of the Commodity Exchange Act, as amended (the "Act"), 7 U.S.C. 6a(1) (1976), expresses a congressional determination that "excessive speculation" in commodity futures traded on contract markets causing sudden or unreasonable price fluctuations or unwarranted price changes is an undue burden on interstate commerce. In order to prevent these adverse effects, section 4a(1) of the Act authorizes the Commission to "fix * * * limits on the amount of trading which may be done or positions which may be held by any person * * * as the Commission finds are necessary to diminish, eliminate or prevent such burden."¹ Pursuant to this section of the Act, Commission rules §§ 150.1(b), 150.2(b), 150.3(b), 150.4(b), 150.5(b), 150.10(b), 150.11(b), and 150.12(b) prescribe daily limits on speculative trading on a contract market in grains (defined to include oats, barley and flaxseed), cotton, rye, soybeans, eggs, pota-

¹Section 4(a) does not require that both speculative trading and position limits be established in the event the Commission finds that one or the other is appropriate. Purchases and sales which fall within the definition of bona fide hedging contained in § 1.3(c) of the Commission's regulations, 17 CFR 1.3(c) (1978), are exempt from application of both the speculative trading and position limits.

atoes, corn and wheat, respectively. Speculative position limits in these commodities were also adopted as subsection (a) of rules §§ 150.1, 150.2, 150.3, 150.4, 150.5, 150.10, 150.11 and 150.12, respectively, to establish the maximum net positions a person may hold or control on a contract market. These position limits remain in effect.

The authority to fix limits on speculative activities had its origins in the longstanding congressional concern that the grain futures markets were either frequently or severely disrupted by large scale speculation, which involved the accumulation and liquidation of inordinately large positions.² When the Commodity Exchange Act was enacted in 1936, Congress empowered the Commodity Exchange Commission to fix limits on the amount of speculative trading that might be done. That Commission construed section 4a(1) to permit it to limit the net long or short positions of traders, as well as the volume of their trading.³ Accordingly, in 1938 the Commodity Exchange Commission, pursuant to section 4a(1) of the Act, established both trading and position limits for grain futures.⁴

On April 21, 1975, when the Commodity Futures Trading Commission was created, trading and position limits were in effect for grains (including wheat), cotton, rye, soybeans, eggs, potatoes, and corn. To date the Commission has maintained these trading and position limits, having amended only the levels specified for wheat.⁵ Neither trading nor position limits have been established for any additional commodities.

The Commission reviewed the efficacy of both trading and position limits for some time before it proposed to eliminate daily trading limits. The Commission considered its own experi-

ence with potential and actual market disruptions. It also considered the report of its Advisory Committee on the Economic Role of Contract Markets⁶ and report from its staff.⁷

The Advisory Committee and staff reports concluded that large position changes, rather than large individual trading volume, may unduly influence price. These reports also concluded that the current daily trading limits may be an impediment to market liquidity since they restrict the in-and-out trading volume of day traders. In this regard, the staff observed that the Commission's current daily trading limits (1) make no provision for large individual daily trading volume which does not result in large position changes, and (2) are twice as restrictive for spread traders as they are for one-sided traders—when considered on a transaction-by-transaction basis.

The staff reports also stated that any trading limits which were reasonable with respect to the scope of an individual's total trading volume over the period to which the limits apply would probably be ineffective in preventing possible market abuses. This is because the type of speculative trading which would be detrimental to the market will most likely be concentrated trading on one side of the market which is large relative to a market's activity and capacity at a particular time rather than buying or selling which is unusual with respect to the entire day. It does not appear that concentrated trading on one side of the market can be prevented by any trading limit which will not also significantly impede market liquidity. Instead, trading limits can be counterproductive by restricting the in-and-out trading of professional speculative day traders who generally aid in minimizing the price impact of large orders.

As the notice of proposed rulemaking indicates, the Commission also considered several means of deemphasizing daily trading limits but concluded that each of these alternatives was too complex, of limited usefulness and/or difficult to enforce effectively.

EVALUATION OF COMMENTS

Approximately 200 written comments were received in response to the notice of proposed rulemaking. Twelve persons supported the proposal and the remaining commentators expressed opposition.

³Although the Commodity Exchange Commission construed its authority under section 4a(1) to allow it to set limits on the amount of speculative buying and selling that may be done and on the size of positions that may be held, section 4a(1) specifically referred to "limits on the amount of trading." In 1968, section 4a(1) of the Act was amended to clarify the authority to impose limits on "positions which may be held." Section 4a(1) was also amended to provide that trading done and positions held by two or more persons acting pursuant to an express or implied understanding shall be treated as if done or held by a single person. See S. Rep. No. 947, 90th Cong., 2d Sess. 5 (1968). See also, Hearings on H.R. 11930 and H.R. 12317 before the House Committee on Agriculture, 90th Cong., 2d Sess. 1967.

⁴3 FR 3145 (December 24, 1938).

⁵Effective August 20, 1976, the trading and position limits for wheat were specified separately from those for grain and raised from two million bushels to three million bushels (41 FR 35060 (August 19, 1976)).

The twelve commentators who supported the proposal were a board of trade, three futures commission merchants, a commodity pool operator, two grain merchants, two trade associations representing grain merchants or purchasers, a law firm, a private individual and an agricultural producer organization (the American Farm Bureau Association). Ten of these commentators favored the removal of daily trading limits for one or more of the same (or nearly the same) reasons the Commission cited in the summary of the notice of proposed rulemaking, i.e., that the limits are not necessary to diminish, eliminate or prevent excessive speculation (or market disruption), and that removal of the limits may enhance competition and/or market liquidity. The other two commentators did not comment specifically on the effects of trading limits but supported the removal of both speculative daily trading and position limits in part of the same reasons cited by the Commission's Advisory Committee on the Economic Role of Contracts, i.e., that neither position or trading limits are particularly effective regulatory measures for preventing market disruptions:

The Commission recognizes that some of the comments favorable to its proposal came from persons or firms whose trading activities may currently be restricted by daily trading limits.³ However, the Commission notes that comments supporting the proposal also were received from persons or organizations not directly affected by the limits, but whose interests would be served by any additional market liquidity or competition resulting by their removal, i.e., two grain merchants, two trade associations representing grain merchants or purchasers and an agricultural producer organization.

Of the approximately 190 unfavorable comments, about 170 were from persons or organizations located in Oklahoma and Kansas. A number of the 190 letters appeared to be from agricultural producers. Agricultural producer groups who commented unfavorably on the proposal included the Alabama and Oklahoma state organizations of the American Agricultural Movement, Women Involved in Farm Economics and the Oklahoma Wheat Growers Association.

More than two-thirds (about 135) of the total unfavorable comments failed to state any reasons for opposing the elimination of daily trading limits. Of

the approximately 55 letters which contained a reason for opposition to the proposal, about 30 contained comments which suggest that the proposal has been misunderstood. These commentators seemed to interpret the Commission's release as a proposal to eliminate the daily price fluctuation limits which are imposed by the exchanges.⁴ However, the Commission's proposal does not and will not affect these daily price fluctuation limits. Nonetheless, the Commission appreciates that some of these commentators may have been expressing an opinion that the removal of daily speculative trading limits would lead to increased price volatility without stating their underlying reason.

About 20 of the other letters that stated opposition to the proposal contained objections to either all speculative trading or to speculative "short selling" in particular. The Commission believes that speculative selling as well as speculative buying is a necessary element of futures trading if the futures markets are to serve their basic economic functions of risk transference for hedgers and price discovery. The Commission did not find that any of these commentators presented substantive reasons in support of their contention that the elimination of daily trading limits would permit "excessive speculation" as described in Section 4a of the Act. Other persons commented generally that daily trading limits should be retained or that more rather than less regulation is desired.

The two remaining unfavorable comments indicated a clear understanding of the proposal but opposed it on the basis that the removal of Commission's daily speculative trading limits would lead to increased fluctuations in commodity prices. One of these commentators suggested that a study would show that past increases in the levels of daily speculative trading limits had resulted in increased price variability. The Commission was not persuaded by this comment because it failed to take into account the significant impact which basic economic factors such as cash market supply and demand may have upon price variability. The other commentator stated that "daily trading limits will lead to exaggerated price gyrations and instability brought by the release of outdated and, therefore, erratic USDA

³The Commission also received several telephone inquiries concerning the exact nature of the proposed rule and whether it concerned the daily price fluctuation limits. These calls revealed that some persons were construing the proposal to eliminate daily speculative trading limits as a proposal to eliminate daily price fluctuation limits. Daily price fluctuation limits are imposed by the exchanges and prescribe the maximum amount prices may fluctuate during one trading session.

crop prediction reports." This statement clearly indicates that objections of increased price variability were based upon the commentator's perceptions of inaccuracies in government crop forecasts rather than speculative trading itself.

COMMISSION FINDINGS

As indicated above, most of the commentators did not state any reason for their objection to the Commission's proposal. In addition, the Commission did not find that any of the commentators who opposed the proposed amendments provided sufficient reasons for not adopting the amendments. Based upon its analysis of the comments and its previous considerations of the effects of daily speculative trading limits, the Commission believes the benefits to be derived from eliminating these limits far outweigh any detrimental effects which could result from their removal. Specifically, the Commission believes that (1) speculative trading limits can damage market performance by restricting the activity of day traders whose trading generally tends to minimize the impact of large trades upon the market, and (2) the price impact of concentrated trading which could be detrimental to the market will not be prevented by any fixed trading limit which does not also significantly impede market liquidity. Accordingly, the Commission believes that these amendments are consistent with its responsibility under Section 4a(1) of the Act and offer the potential of improving the performance of those markets which are currently subject to the Commission's daily speculative trading limits. For these reasons, the Commission has determined to amend Part 150 of its regulations as initially proposed.

The Commission emphasizes that these amendments apply only to limits on the maximum amount a person may buy or sell on any one contract market during one business day as prescribed in Part 150 of the Commission's Regulations. The amendments do not affect the Commission's limits on the size of speculative positions which any person may hold or control on a single contract market. Further, the adoption of the amendments does not affect the limits which various contract markets may prescribe concerning maximum price fluctuations allowed on that market during the course of one trading session.

THE AMENDMENTS

In order to eliminate daily limits on speculative trading, the Commission is amending its rules by deleting paragraph (b) from §§ 150.1, 150.2, 150.3, 150.4, 150.5, 150.10, 150.11 and 150.12, and by making necessary conforming amendments throughout Part 150. In addition, the Commission is making a

⁴Members of a board of trade who trade for speculative purposes are subject to restriction by the Commission's daily trading limits in those contract markets where they are in effect. The limits also potentially affect the daily trading of those accounts of futures commission merchants and commodity pool operators which the Commission may require to be aggregated for purposes of compliance with speculative limits.

number of technical changes in its rules. The Commission has altered the language in several sections to make it more concise. In § 150.10, the reference to Idaho as the point of origin for Russet Burbank potatoes has been deleted to conform to provisions of existing contract markets. None of these amendments is intended to alter the effect of the Commission's regulations or interpretations of its regulations concerning the positions limits as specified in Part 150. Finally, the Commission has also revised §§ 150.1(c) and 150.11(c) to reflect changes in these regulations which were adopted by the Commission's predecessor, the Commodity Exchange Authority, and published in the FEDERAL REGISTER, but which were inadvertently omitted from the Code of Federal Regulations. See 40 FR 13086 (April 4, 1975).

Because the amendments to the Commission's regulations set forth below relieve a restriction previously imposed, the Commission finds, in accordance with the Administrative Procedure Act as codified in 5 U.S.C. 553, that delay of their effective date is not required and that, as revised, 17 CFR Part 150 may become effective immediately upon publication in the FEDERAL REGISTER.

In consideration of the foregoing, the Commission, pursuant to the authority contained in sections 4a and 8a(5) of the Act, 7 U.S.C. 6a and 12a(5) (1976), hereby revised 17 CFR Part 150 to read as follows:

PART 150—LIMITS ON POSITIONS

Sec.

- 150.1 Limits on position in grain for future delivery.
- 150.2 Limits on position in cotton for future delivery.
- 150.3 Limits on position in rye for future delivery.
- 150.4 Limits on position in soybeans for future delivery.
- 150.5 Limits on position in eggs for future delivery.
- 150.10 Limits on position in potatoes for future delivery.
- 150.11 Limits on position in corn for future delivery.
- 150.12 Limits on position in wheat for future delivery.

AUTHORITY: Secs. 4a and 8a(5), Commodity and Exchange Act, 7 U.S.C. 6a and 12a(5) (1976).

§ 150.1. Limits on position in grain for future delivery.

(a) *Position limits.* (1) The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for grains on or subject to the rules of any one contract market except as specifically authorized by paragraph (a)(2) of this section, is 2,000,000 bushels in any one future or in all futures combined.

(2) To the extent that the net position held or controlled by any person in all futures combined in any one grain on any one contract market is shown to represent spreading in the same grain between markets, the limit on net position in all futures combined set forth in paragraph (a)(1) of this section may be exceeded on such contract market, but in no case shall the excess result in a net position of more than 3,000,000 bushels in all futures combined nor more than 2,000,000 bushels in any one future.

(3) As used in this section, the word "grain" includes oats, barley, and flaxseed.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.2. Limits on position in cotton for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for cotton on or subject to the rules of any one contract market is 30,000 bales in any one future or in all futures combined.

(b) *Bona fide hedging; straddles.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter, nor, except during the delivery month, the net positions in any one future to the extent that they are shown to represent straddles between cotton futures or markets.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.3. Limits on position in rye for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for rye on or subject to the rules of any one contract market is 500,000 bushels in any one future or in all futures combined.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.4. Limits on position in soybeans for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for soybeans on or subject to the rules of any one contract market is 3,000,000 bushels in any one future or in all futures combined.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by

two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.5. Limits on position in eggs for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for eggs on or subject to the rules of any one contract market is 150 carlots in any one future or in all futures combined.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.10. Limits on position in potatoes for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for each separate type of potato, *i.e.*, Round White of Russet Burbank, on or subject to the rules of any one contract market is 300 carlots in any one future and 350 carlots in all futures combined.

(1) However, no person may hold or control a net long or net short position in any one type of potato contract in excess of (i) 150 carlots in the March potato future, (ii) 150 carlots in the April potato future, or (iii) 150 carlots in the May potato future.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from re-

sponsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.11. Limits on position in corn for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for corn on or subject to the rules of any one contract market is 3,000,000 bushels in any one future or in all futures combined.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

§ 150.12. Limits on position in wheat for future delivery.

(a) *Position limit.* The limit on the maximum net long or net short position which any one person may hold or control under contracts for future delivery for wheat on or subject to the rules of any one contract market is three million bushels in any one future or in all futures combined.

(b) *Bona fide hedging.* The foregoing limits upon position shall not be construed to apply to bona fide hedging transactions as defined in § 1.3(z) of this chapter.

(c) *Manipulation; corners; responsibility of contract market.* Nothing contained in this section shall be construed to affect any provisions of the Act relating to manipulation or corners, nor to relieve any contract market or its governing board from responsibility under section 5(d) of the Act to prevent manipulation and corners.

(d) *Application of limits.* The foregoing limits upon position shall be construed to apply to positions held by two or more persons acting pursuant to an expressed or implied agreement or understanding, the same as if the positions were held by, or the trading of the positions were done by, a single individual.

Issued in Washington, D.C., on February 1, 1979, by the Commission.

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER A—GENERAL

[Docket No. 77C-0347]

PART 73—LISTING OF COLOR ADDITIVES EXEMPT FROM CERTIFICATION

PART 81—GENERAL SPECIFICATIONS AND GENERAL RESTRICTIONS FOR PROVISIONAL COLOR ADDITIVES FOR USE IN FOODS, DRUGS, AND COSMETICS

Bismuth Citrate: Confirmation of Effective Date

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document confirms the effective date of October 31, 1978, of a regulation which "permanently" lists bismuth citrate as a color additive for use in cosmetics that color the hair on the scalp and exempts that color additive from certification.

DATE: Effective date confirmed: October 31, 1978.

SUPPLEMENTARY INFORMATION: A regulation published in the FEDERAL REGISTER of September 29, 1978 (43 FR 44831) added § 73.2110 *Bismuth citrate* (21 CFR 73.2110) to Subpart C of

Part 73 (21 CFR Part 73) to provide for the safe use of bismuth citrate as a color additive for use in cosmetic hair dyes. The regulation also amended § 81.10 *Termination of provisional listing of color additives* (21 CFR 81.10), by deleting paragraph (1) *Bismuth citrate* and marking it "reserved."

Under the Federal Food, Drug, and Cosmetic Act (sec. 706 (b), (c), and (d), 74 Stat. 399-403 as amended (21 U.S.C. 376 (b), (c), and (d))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1), notice is given that no objections or requests for hearing were filed in response to the regulation of September 29, 1978. Accordingly, the amendments promulgated thereby became effective on October 31, 1978.

Dated: January 26, 1979.

SUBCHAPTER B—FOOD FOR HUMAN CONSUMPTION

[Docket No. 75P-0361]

PART 136—BAKERY PRODUCTS

Amendment of Standards of Identity for Bakery Products; Confirmation of Effective Date

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document confirms the effective date of the amendment of the standards of identity for bread, rolls, and buns. The amendment removed the limit on the use of mono- and diglycerides of fat-forming fatty acids, diacetyl tartaric acid esters of mono- and diglycerides of fat-forming fatty acids, propylene glycol mono- and diesters of fat-forming fatty acids, and other ingredients that perform a similar function.

EFFECTIVE DATE: November 14, 1978.

FOR FURTHER INFORMATION CONTACT:

Prince G. Harrill, Bureau of Foods (HFF-411), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, DC 20204, 202-245-1164.

SUPPLEMENTARY INFORMATION: The Commissioner of Food and Drugs issued a final regulation in the FEDERAL REGISTER of October 13, 1978 (43 FR 47177) to amend the standards of identity for bread, rolls, and buns as

set forth in 21 CFR 136.110 by removing the limit on the use of mono- and diglycerides of fat-forming fatty acids, diacetyl tartaric acid esters of mono- and diglycerides of fat-forming fatty acids, propylene glycol mono- and diesters of fat-forming fatty acids, and other ingredients that perform a similar function. The Commissioner determined that it was appropriate to remove the limit from the standards because information became available demonstrating that greater amounts are sometimes required and that technical considerations make it unlikely that excessive amounts would be used. No objections to the final regulation were received.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 401 701(e), 52 Stat. 1046 as amended, 70 Stat. 919 as amended (21 U.S.C. 341, 371(e))) and under authority delegated to the Commissioner (21 CFR 5.1), notice is given that no objections were received. Compliance with the final regulation may have begun on November 14, 1978.

Dated: January 26, 1979.

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

PART 520—ORAL DOSAGE FORM NEW ANIMAL DRUGS NOT SUBJECT TO CERTIFICATION

Dexamethasone Chewable Tablets

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The regulations are amended to reflect approval of a new animal drug application (NADA) filed by Beecham Laboratories providing for safe and effective use of dexamethasone chewable tablets for treatment of certain dermatosis and inflammatory conditions in dogs. This product is similar to Schering Corp.'s Azium tablets, one of several products of this type reviewed by the National Academy of Sciences—National Research Council, Drug Efficacy Study Implementation Group (NAS/NRC) and found to be effective as anti-inflammatory agents. Approval of similar products may require submission of bioequivalence or similar data in lieu of other effectiveness data. The regulations are also amended to reflect Schering Corp.'s previously approved Azium tablet and to specify those con-

ditions of use that are NAS/NRC approved.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Henry C. Hewitt, Bureau of Veterinary Medicine (HFV-112), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-3430.

SUPPLEMENTARY INFORMATION: Beecham Laboratories, Division of Beecham, Inc., Fifth St., Bristol, TN 37620, filed an NADA (108-687V) providing for use of 0.25-milligram dexamethasone chewable tablets as supportive therapy in nonspecific dermatosis and inflammatory conditions in dogs. This product is similar to Schering Corp.'s 0.25-milligram dexamethasone tablets (Azium), one of several adrenocortical-steroid-type preparations that were the subject of an NAS/NRC evaluation published in the FEDERAL REGISTER of April 12, 1969 (34 FR 6447) and found to be effective as anti-inflammatory agents. An *in vivo* study conducted by Beecham Laboratories demonstrated the bioequivalence of the Beecham and Schering drugs.

The NAS/NRC report was published to inform holders of NADA's about the findings of the NAS/NRC and FDA to inform all interested persons that drugs to which the NAS/NRC evaluation applies may be marketed provided they are the subject of an approved NADA and otherwise comply with the requirements of the Federal Food, Drug, and Cosmetic Act. Applications submitted in response to the NAS/NRC review and those submitted subsequently reflect compliance with the review or provide adequate supporting documentation.

The existing regulation, § 520.540b *Dexamethasone tablets and boluses* (21 CFR 520.540b), reflects approval of International Multifoods Corp.'s application for a 0.25-milligram dexamethasone tablet. The application was submitted subsequent to and in compliance with the NAS/NRC review. For codification purposes, this final rule amends the regulation by adding Schering Corp. as an approved sponsor of a similar tablet. Schering Corp.'s application was originally approved on August 6, 1959. However, the approval was never published because it was granted prior to enactment of the Animal Drug Amendments of 1968 (Pub. L. 99-399). One of the requirements imposed by the Amendments was that approval of NADA's must be published in the FEDERAL REGISTER.

Additionally, this final rule adds to § 520.540b and includes in § 520.540c (21 CFR 520.540c) a footnote reference indicating that the conditions of use are NAS/NRC approved. These are

the drug uses for which approval of an NADA does not require efficacy data as specified by § 514.1(b)(8)(ii) (21 CFR 514.1(b)(8)(ii)) or § 514.111(a)(5)(vi) (21 CFR 514.111(a)(5)(vi)) of the animal drug regulations, but may require bioequivalency or similar data as suggested in the guideline for submitting NADA's for NAS/NRC-reviewed generic drugs, on file in the office of the Hearing Clerk (HFA-305), Food and Drug Administration.

In accordance with the freedom of information regulations and § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) of the animal drug regulations, a summary of the safety and effectiveness data and information submitted to support approval of this application is released publicly. The summary is available for public examination at the office of the Hearing Clerk (HFA-305), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857, from 9 a.m. to 4 p.m., Monday through Friday.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))), and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), Part 520 is amended by revising paragraph (b) of § 520.540b and adding new § 520.540c, to read as follows:

§ 520.540b Dexamethasone tablets and boluses.

(b)(1) *Specifications.* Each tablet contains 0.25 milligram of dexamethasone.¹

(2) *Sponsors.* See Nos. 000085 and 012518 in § 510.600(c) of this chapter.

(3) *Conditions of use—(i) Amount.* Dogs: Administer orally at 0.25 to 1.25 milligrams per day for up to 7 days. Cats: 0.125 to 0.5 milligram per day for up to 7 days.¹

(ii) *Indications for use.* In treatment of dogs and cats as an anti-inflammatory agent.¹

(iii) *Limitations.* (a) Clinical and experimental data have demonstrated that corticosteroids administered orally or by injection to animals may induce the first stage of parturition when administered during the last trimester of pregnancy; and they may precipitate premature parturition followed by dystocia, fetal death, retained placenta, and metritis.

(b) Do not use in viral infections. Anti-inflammatory action of corticosteroids may mask signs of infections. Do not use in animals with tuberculosis, chronic nephritis, cushingoid syndrome, or peptic ulcers, except for emergency therapy.¹

¹These conditions are NAS/NRC reviewed and deemed effective. Applications for these uses need not include effectiveness data as specified by § 514.111 of this chapter.

drome, or peptic ulcers, except for emergency therapy.¹

(c) Federal law restricts this drug to use by or on the order of a licensed veterinarian.¹

§ 520.540c Dexamethasone chewable tablets.

(a) *Specifications.* Each half-scored tablet contains 0.25 milligram of dexamethasone.¹

(b) *Sponsor.* See No. 000029 in § 510.600(c) of this chapter.

(c) *Conditions of use—(1) Amount.* 0.25 to 1.25 milligrams per day.¹

(2) *Indications for use.* Supportive therapy in nonspecific dermatosis and inflammatory conditions in dogs.¹

(3) *Limitations.* (i) Administer by free-choice feeding or crumble over food. Administer 0.25 to 1.25 milligrams daily in single or two divided doses until response is noted or 7 days have elapsed. When response is attained, dosage should be gradually reduced by 0.125 milligram per day until maintenance level is achieved.

(ii) Clinical and experimental data have demonstrated that corticosteroids administered orally or parenterally to animals may induce the first stage of parturition when administered during the last trimester of pregnancy; and they may precipitate premature parturition followed by dystocia, fetal death, retained placenta, and metritis.

(iii) Do not use in viral infections. Anti-inflammatory action of corticosteroids may mask signs of infection. Do not use in animals with tuberculosis, chronic nephritis, cushingoid syndrome, or peptic ulcers, except for emergency therapy.¹

(iv) Federal law restricts this drug to use by or on the order of a licensed veterinarian.¹

**PART 520—ORAL DOSAGE FORM
NEW ANIMAL DRUGS NOT SUB-
JECT TO CERTIFICATION**

Lincomycin Hydrochloride Sirup

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The animal drug regulations are amended to codify a previously approved new animal drug application (NADA) held by the Upjohn Co., providing for safe and effective

use of lincomycin hydrochloride sirup for treatment of certain infections in dogs and cats.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Donald A. Gable, Bureau of Veterinary Medicine (HFV-114), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-3420.

SUPPLEMENTARY INFORMATION: The Upjohn Co., Kalamazoo, MI 49001, is sponsor of an NADA (40-587V) providing for use of lincomycin hydrochloride sirup for treating infections in dogs and cats caused by gram-positive organisms that are sensitive to the drug's action, particularly streptococci and staphylococci.

The firm's application was originally approved June 3, 1969. However, the approval was not published in the FEDERAL REGISTER. The regulations are herewith amended to codify the NADA.

This action does not involve reevaluation of the original application and does not constitute reaffirmation of the drug's safety and effectiveness. Because this application was approved before July 1, 1975, a summary of safety and effectiveness data and information submitted in accordance with § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) to support approval of this application is not required.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), § 520.1263a is amended by revising the section heading and paragraph (a) to read as follows:

§ 520.1263a Lincomycin hydrochloride monohydrate tablets and sirup.

(a) *Specifications.* The lincomycin hydrochloride monohydrate of the tablet meets the specifications prescribed by § 453.30(a)(1) of this chapter. The sirup meets the specifications prescribed by § 453.130b(a)(1) of this chapter.

Effective date. This regulation is effective February 6, 1979.

**PART 520—ORAL DOSAGE FORM
NEW ANIMAL DRUGS NOT SUB-
JECT TO CERTIFICATION**

Flumethasone Tablets

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document amends the animal drug regulations to codify a previously approved new animal drug application (NADA) held by Syntex Laboratories, Inc., providing for safe and effective use of flumethasone tablets in dogs and cats as an anti-inflammatory agent.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Donald A. Gable, Bureau of Veterinary Medicine (HFV-100), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-4313.

SUPPLEMENTARY INFORMATION: Syntex Laboratories, Inc., 3401 Hillview Ave., Palo Alto, CA 94304, holds an approved NADA (30-415V) providing for use of flumethasone tablets in treatment of certain musculoskeletal conditions and dermatoses in dogs and cats.

The application was originally approved March 10, 1966. However, the approval was never published because it was granted before enactment of the Animal Drug Amendments of 1968 (Pub. L. 90-399). The regulations are amended to codify the application.

Codification of a previously approved NADA does not constitute reaffirmation of the drug's safety and effectiveness. Since this application was approved prior to July 1, 1975, a summary of safety and effectiveness data and information submitted in accordance with § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) to support this application is not required.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), Part 520 is amended by adding new § 520.960, to read as follows:

§ 520.960 Flumethasone tablets.

(a) *Specifications.* Each tablet contains 0.0625 milligram of flumethasone.

(b) *Sponsor.* See No. 000033 in § 510.600(c) of this chapter.

(c) *Conditions of use—(1) Amount.*
(i) Dogs: Administer orally from 0.0625 to 0.25 milligram daily in divided doses.

(ii) Cats: Administer orally from 0.03125 to 0.125 milligram daily in divided doses.

(2) *Indications for use.* (i) Dogs: It is used for musculoskeletal conditions due to inflammation of muscles or joints and accessory structures, where permanent structural changes do not exist, such as arthritis, the disc syndrome, and myositis.

(ii) Dogs and cats: It is used in certain acute and chronic dermatoses of varying etiology to help control the pruritus, irritation, and inflammation associated with these conditions.

(3) *Limitations.* Do not use in viral infections. Anti-inflammatory action of corticosteroids may mask signs of infection. Do not use in animals with tuberculosis, chronic nephritis, cushingoid syndrome, or where peptic ulcers occur, except for emergency therapy. Clinical and experimental data have demonstrated that corticosteroids administered orally or parenterally to animals may induce the first stage of parturition when administered during last trimester of pregnancy and may precipitate premature parturition followed by dystocia, fetal death, retained placenta, and metritis. Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Effective date. This regulation is effective February 6, 1979.

**PART 555—CHLORAMPHENICOL
DRUGS FOR ANIMAL USE**

**Chloramphenicol-Prednisolone
Ophthalmic Ointment**

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The regulations are amended to reflect approval of a supplemental new animal drug application (NADA) filed by Eysco Pharmaceutical Corp., providing for formulation changes of an antimicrobial/anti-

inflammatory ophthalmic ointment used in dogs and cats.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Henry C. Hewitt, Bureau of Veterinary Medicine (HFV-112), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-3430.

SUPPLEMENTARY INFORMATION: Eysco Pharmaceutical Corp., P.O. Box 209, Harding Highway, Buena, NJ 08310, filed a supplemental NADA (65-259V) providing minor changes in formulation of chloramphenicol-prednisolone ophthalmic ointment used in dogs and cats for treatment of bacterial conjunctivitis and ocular inflammation caused by organisms susceptible to chloramphenicol.

The formulation changes involve replacing propylene glycol in the ointment base with Tween 61 (polyoxyethylene sorbitan monostearate) and replacing prednisolone alcohol with prednisolone acetate. Prior to these substitutions, there was separation of the product during the sterility procedure. By preventing the product separation problem, the substitutions facilitate compliance with the agency requirement that ophthalmic ointments be sterile. Avoidance of separation enhances physical stability of the product.

These changes in formulation do not alter the safety or efficacy of the product. Consequently, approval of the supplemental NADA did not involve reevaluation of the original application and does not constitute a reaffirmation of the drug's safety and efficacy.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))), and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), Part 555 is amended in § 555.310f by revising the last sentence of paragraph (c)(1) to read as follows:

§ 555.310f Chloramphenicol-prednisolone ophthalmic ointment.

* * * * *

(c) * * *

(1) * * * Each gram of the product contains the following active ingredients: 10 milligrams of chloramphenicol and 2.5 milligrams of prednisolone acetate.

PART 510—NEW ANIMAL DRUGS

PART 558—NEW ANIMAL DRUGS
FOR USE IN ANIMAL FEEDS

Tylosin

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) amends the regulations to reflect approval of a new animal drug application (NADA) filed for Peavey Co. providing for the use of 0.4 and 10 grams per pound tylosin premixes for making complete swine feeds, and to add Peavey Co. to the list of approved NADA sponsors.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Jack C. Taylor, Bureau of Veterinary Medicine (HFV-136), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-5247.

SUPPLEMENTARY INFORMATION: Peavey Co., 730 Second Ave., Minneapolis, MN 55402, is the sponsor of an NADA (110-044V) providing for the safe and effective use of premixes containing 0.4 and 10 grams of tylosin (as tylosin phosphate) per pound. The premixes are used for the manufacture of a complete swine feed that is used for increased rate of weight gain and improved feed efficiency.

Approval of this application relies upon safety and effectiveness data contained in Elanco Product Co.'s approved NADA 12-491V. This approval does not constitute reaffirmation of the referenced NADA or of the drug's safety and effectiveness.

In addition, Peavey Co. has not been included in the regulations under the list of approved sponsors. The regulations are amended to reflect this approval and to add Peavey Co. to the list of sponsors.

In accordance with the freedom of information regulations and §514.11(e)(2)(ii) of the animal drug regulations (21 CFR 514.11(e)(2)(ii)), a summary of safety and effectiveness data and information submitted to support approval of this application is released publicly. The summary is

available for public examination at the office of the Hearing Clerk (HFA-305), Room 4-65, 5600 Fishers Lane, Rockville, MD 20857, from 9 a.m. to 4 p.m., Monday through Friday.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), Parts 510 and 558 are amended as follows:

1. In Part 510, §510.600 is amended by adding a new sponsor alphabetically to paragraph (c)(1) and numerically to paragraph (c)(2) to read as follows:

§ 510.600 Names, addresses, and code numbers of sponsors of approved applications.

PART 558—NEW ANIMAL DRUGS
FOR USE IN ANIMAL FEEDS

Lincomycin

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The animal drug regulations are amended to reflect approval of a supplemental new animal drug application (NADA) filed by the Upjohn Co., providing for use of a currently approved 20-gram-per-pound lincomycin premix for the manufacture of a complete broiler feed. The feed is used for increase in rate of weight gain, improved feed efficiency, and control of necrotic enteritis.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

Lonnie W. Luther, Bureau of Veterinary Medicine (HFV-147), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, 301-443-4317.

SUPPLEMENTARY INFORMATION: The Upjohn Co., Kalamazoo, MI 49001, filed a supplemental NADA (97-505V) providing for the addition of broiler use of the 20-gram-per-pound lincomycin premix. The firm currently holds approval for use of the premix for swine feeds.

Approval of this supplement does not constitute reaffirmation of the safety of residues resulting from use of lincomycin.

In addition, paragraph (e)(1) *Special considerations* of §558.325 (21 CFR 558.325(e)(1)) is amended to clarify that the existing waiver of the ministerial requirements of section 512(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(m)) applies only to complete broiler feeds conforming to the requirements of §558.325(f)(1) and manufactured directly from the 4-gram-per-pound premix, and that it does not apply to complete broiler or swine feeds manufactured directly from the 20-gram-per-pound premix. The criteria for waiver for the 20-gram-per-pound premix have not been satisfied.

In accordance with the freedom of information regulations and §514.11(e)(2)(ii) of the animal drug regulations (21 CFR 514.11(e)(2)(ii)), a summary of the safety and effectiveness data and information submitted to support this approval is released publicly. The summary is available for public examination at the office of the Hearing Clerk (HFA-305), Rm. 4-65, 5600 Fishers Lane, Rockville, MD

20857, from 9 a.m. to 4 p.m., Monday through Friday.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and redelegated to the Director of the Bureau of Veterinary Medicine (21 CFR 5.83), Part 558 is amended in § 558.325 by revising paragraphs (b)(2) and (e)(1), to read as follows:

§ 558.325 Lincomycin.

(b) ***

(2) Premix level of 20 grams per pound has been granted to No. 000009 in § 510.600(c) of this chapter for use as provided in paragraph (f) (1), (2), and (3) of this section.

(e) *Special considerations.* (1) Complete broiler feeds containing lincomycin as the sole drug, processed from the 4-gram-per-pound premix, and conforming to the requirements of paragraph (f)(1) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

Effective date. This regulation shall be effective February 6, 1979.

(Sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))).

Dated: January 30, 1979.

Title 24—Housing and Urban Development

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-5128]

PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS

List of Communities With Special Hazard Areas

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: This rule identifies communities with areas of special flood, mudslide, or erosion hazards as authorized by the National Flood Insurance Program (NFIP). The identification of such areas is to provide guidance to communities on the reduction of property losses, by the adoption of appropriate flood plain management, or other measures to minimize damage. It will enable communities to guide future construction, where practicable, away from locations which are threatened by flood or other hazards.

EFFECTIVE DATES: The date listed in the eighth column of the table or 30 days after the date of this FEDERAL REGISTER publication, whichever is later.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street, SW., Washington, DC 20410, (202) 755-5581 or toll-free Line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended, requires the purchase of flood insurance as a condition of Federal financial assistance of insurable property if such assistance is:

(1) For acquisition and construction of buildings as defined in Part 1909 of Title 24 of the Code of Federal Regulations, and

(2) For buildings located in a special flood hazard area identified by the Secretary of Housing and Urban Development.

For communities participating in the NFIP, (see the fifth column in the table for a community's program status), this requirement applies on the date listed in the eighth column. For communities not participating in the program, Section 202 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended, provides that no direct Federal financial assistance (except assistance pursuant to the Disaster Relief Act of 1974 not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area effective one year from the hazard identification date (the date in the eighth column of the table).

This 30 day period before the map action becomes effective does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or other flood control methods. The six months period shall be considered to begin 30 days after the date of publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin 30 days after publication in the FEDERAL REGISTER or the effective date of the Flood Hazard Boundary Map, whichever is later.

This identification is made in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128).

Section 1915.3 is amended by adding in alphabetical sequence a new entry to the table:

Title 26—Internal Revenue

CHAPTER I—INTERNAL REVENUE SERVICE, DEPARTMENT OF THE TREASURY

SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES

[T.D. 7594]

PART 53—FOUNDATION EXCISE TAXES: TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Minimum distribution amounts

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to the minimum investment return of a private

foundation. Changes in the applicable tax law were made by the Tax Reform Act of 1976. These regulations provide necessary guidance to the public for compliance with the law and affect private foundations.

DATE: The regulations are effective for taxable years beginning after December 31, 1975.

DATE: The regulations are effective for taxable years beginning after December 31, 1975.

William J. Schlinkert of the Employee Plans and Exempt Organizations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3903) (not a toll-free number).

SUPPLEMENTARY INFORMATION: BACKGROUND

Under prior law, each private foundation in order to avoid liability for additional excise taxes must distribute currently for charitable purposes the greater of all its adjusted net income or an annually determined variable percentage of its average noncharitable assets, reduced by taxes under subtitle A and section 4940. This variable percentage was determined annually by the Treasury Department, pursuant to statutory authorization, on the basis of changes in money rates and investment yields, taking into account a standard of six percent for 1976 and comparing money rates and investment yields for 1976 with those for the immediately preceding year. Section 1303(a) of the Tax Reform Act of 1976 (Pub. L. 94-455, 90 Stat. 1715) amends section 4942(e)(1) of the Code by making five percent the mandatory annual payout percentage applicable to private foundations, and eliminates

the authority of the Treasury Department to change that rate from year to year.

Because this regulation merely implements the statute in a manner involving no discretion and does not change existing policy, it is found unnecessary to issue this Treasury Decision with notice and public procedure. For the same reasons, this regulation is not a significant regulation under paragraph 8 of Treasury Directive appearing in the FEDERAL REGISTER of November 8, 1978 (42 FR 52120).

DRAFTING INFORMATION

The principal author of this regulation was Geoffrey B. Lanning of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

ADOPTION OF AMENDMENTS TO THE REGULATIONS

Accordingly, 26 CFR Part 53 is amended as follows:

Section 53.4942 (a)-2 is amended by revising §§ 53.4942 (a)-2(c)(5)(i) and (ii) to read as follows:

§ 53.4942 (a)-2 Computation of undistributed income.

(c) *Minimum investment return.* * * *

(5) *Applicable percentage*—(i) *In general.* For purposes of paragraph (c)(1)(ii) of this section, except as provided in paragraph (c)(5)(ii) or (iii) of this section, the applicable percentage is:

(a) Six percent for a taxable year beginning in 1970 or 1971;

(b) Five and a half percent for a taxable year beginning in 1972;

(c) Five and one-quarter percent for a taxable year beginning in 1973;

(d) Six percent for a taxable year beginning in 1974 or 1975; and

(e) Five percent for taxable years beginning after Dec. 31, 1975.

(ii) * * *

(c) Beginning in 1973, apply with an applicable percentage of 4% percent, and

(d) Beginning in 1974, apply with an applicable percentage of 5% percent.

Because the amendments contained in this Treasury decision merely conform the regulations to section 1303(a) of the Tax Reform Act of 1976 (Pub. L. 94-465, 90 Stat. 1715) and codify existing releases issued under authority contained in former section 4942(e)(3)

of the Internal Revenue Code of 1954, it is found unnecessary to issue them with notice and public procedure thereon under 5 U.S.C. 553(b), or subject to the effective date limitations of 5 U.S.C. 553(d).

(Sec. 7805, Internal Revenue Code of 1954 (68A Stat. 917; (26 U.S.C. 7805)).)

JEROME KURTZ,
Commissioner of Internal Revenue.

Approved: January 29, 1979.

*Assistant Secretary
of the Treasury.*

Title 27—Alcohol, Tobacco Products and Firearms

CHAPTER I—BUREAU OF ALCOHOL, TOBACCO AND FIREARMS, DEPARTMENT OF THE TREASURY

[T.D. ATF-55]

PART 240—WINE

PART 245—BEER

Home Production of Beer and Wine

AGENCY: Bureau of Alcohol, Tobacco and Firearms.

ACTION: Final rule.

SUMMARY: These regulations implement amendments made to the Internal Revenue Code by Public Law 95-458. These amendments: (1) Permit any adult to produce beer and wine in limited quantities for personal or family use, without payment of tax, and not for sale; (2) delete the registration requirement for the "home" production of wine; and (3) revise the definition of a brewer to exempt "home" brewing. Some other changes are also made to update the related regulations, incorporate an ATF ruling, and delete restrictions.

EFFECTIVE DATE: February 1, 1979.

Edward J. Sheehan, Specialist, Research and Regulations Branch, Bureau of Alcohol, Tobacco and Firearms, 1200 Pennsylvania Avenue NW., Washington, DC 20226, 202-566-7626.

SUPPLEMENTARY INFORMATION:

BACKGROUND INFORMATION

Pub. L. 95-458 was signed by the President on October 14, 1978, and it revises the Internal Revenue Code to permit any adult to produce beer and wine in limited quantities for personal

or family use, without payment of tax, and not for sale. Other revisions made include deleting the registration requirement for the "home" production of wine and revising the definition of brewer to exempt "home" brewing.

Prior to the enactment of this law, only a duly registered head of a family was allowed to produce wine for family use and not for sale. A person was considered head of the family only if he exercised family control or responsibility over one or more individuals closely connected with him by blood relationship, relationship by marriage, or by adoption, and who were living with him in one household. The use of wine was limited to the family, and wine could not be removed from the premises where made without ATF approval, which was usually limited to removal for entry in competitions or exhibitions.

CHANGES

PART 240—WINE

Several changes were made to the regulations contained in Subpart Y of 27 CFR Part 240 to: (1) Implement Pub. L. 95-458; (2) incorporate ATF Ruling 72-272; (3) delete restrictions no longer necessary; and (4) make editorial changes to update the language.

One change made permits any adult, as defined in the statute, to produce wine for personal or family use, without payment of tax, and not for sale, thus eliminating the requirement for the individual to be "head of the family" as in the prior statute. This means that any adult, regardless of sex or marital status, may produce wine for personal or family use. Section 240.540 has been revised to incorporate this and to specify the new statutory limitations on annual production. These limitations are 100 gallons per calendar year of wine if there is one adult residing in the household or 200 gallons per calendar year if there are two or more adults residing in the household.

A new § 240.541, removal of wine, is added to allow removal of wine from the premises where made for personal or family use and incorporate, in part, the provisions of ATF Ruling 72-272. This ruling holds, in part, that home winemakers may remove wine from the premises where made for exhibition or use at organized affairs or competitions, such as homemaker's contests, tastings or judging.

Section 240.542 which required home winemakers to file Form 1541 (Annual Registration for Production of Wine for Family Use) annually with ATF, is revoked. Home winemakers are no longer required to register with ATF as of the effective date of the statute.

Section 240.543 was revoked to eliminate the restriction on removal of

wine. Section 240.543 prohibited the removal of wine made for family use from the premises where made without ATF approval. ATF believes this requirement is no longer necessary in light of the easing of other restrictions on the production of wine. Therefore, we are deleting the requirement. A new §240.541 is added, as discussed earlier, allowing wine to be removed from for the premises, without ATF approval, for personal or family use, and not for sale.

The final changes made to Part 240 were conforming changes made in Subpart II—Other Tax-Free Removals. Section 240.730 has been revised to show that any adult who operates a bonded wine cellar as an individual or in partnership with others may remove wine for personal or family use without payment of tax, subject to gallonage limitations. (§§ 240.540, 240.541, 240.730 amended; §§ 240.542, 240.543 revoked)

PART 245—BEER

This law authorizes the production of beer for personal or family use. Since no regulations existed in 27 CFR Part 245, we decided to utilize a reserved portion of this part. The regulations are located in Subpart V and are titled Beer for Personal or Family Use.

The same privileges that now exist for home production of wine also extend to the home production of beer. Section 245.180 provides that any adult, as defined by the statute, may produce beer, without payment of tax, for personal or family use and not for sale. The amounts of annual production are the same as for wine, 100 gallons per calendar year if there is only one adult residing in the household or 200 gallons per calendar year if there are two or more adults residing in the household. Section 245.181 provides that home brewers may remove beer from the premises where made for personal or family use including exhibition or use at homemaker's contests, tastings or judging. Section 245.182 provides that any adult operating a commercial brewery as an individual or in partnership with others may remove beer for personal or family use without payment of tax, subject to gallonage limitations. (Subpart V, §§ 245.180, 245.181, 245.182 added)

DRAFTING INFORMATION

The principal author of this document is Edward J. Sheehan, Specialist, Bureau of Alcohol, Tobacco and Firearms, 1200 Pennsylvania Avenue NW., Washington, DC 20226. However, other officials from the Bureau and from the Treasury Department participated in developing this Treasury decision.

EFFECTIVE DATE

Because this Treasury decision is both liberalizing and clarifying in nature, operates to the benefit of the public, requires no public initiative, and because there is a need for immediate implementation of Pub. L. 95-458, it is found to be impracticable, unnecessary and contrary to the public interest to issue this Treasury decision with notice and public procedure thereon under 5 U.S.C. 553(b), or subject to the effective date limitation of 5 U.S.C. 553(d). Accordingly, this Treasury decision becomes effective on February 1, 1979.

AUTHORITY AND ISSUANCE

These regulations are issued under authority of 26 U.S.C. 7805 (68A Stat. 917, as amended).

In view of the above, Title 27 of the Code of Federal Regulations is amended to read as follows:

PART 240—WINE

1. The table of sections to 27 CFR Part 240 is amended to read as follows:

* * * * *

Subpart Y—Tax Free Production
WINE FOR PERSONAL OR FAMILY USE

- Sec. 240.540 Production.
- 240.541 Removal of wine.
- 240.542 [Revoked]
- 240.543 [Revoked]

* * * * *

Subpart H—Other Tax-Free Removals

- 240.730 Removal for personal or family use.

2. A new center heading immediately preceding §240.540 is added, and §240.540 is revised to retitl this section, incorporate new criteria for who may produce wine for personal or family use, provide a definition of an adult, and provide limitations on the amount of annual production. As revised, §240.540 reads as follows:

WINE FOR PERSONAL OR FAMILY USE

§240.540 Production.

(a) Any adult may produce wine, without payment of tax, for personal or family use and not for sale. An adult is any individual who is 18 years of age or older. However, if the locality in which the household is located requires a greater minimum age for the sale of wine to individuals, the adult shall be that age before commencing the production of wine. This exemption does not authorize the pro-

duction of wine for use contrary to State of local law.

(b) The production of wine per household, without payment of tax, for personal or family use shall not exceed:

(1) 200 gallons per calendar year if there are two or more adults residing in the household, or

(2) 100 gallons per calendar year if there is only one adult residing in the household.

(c) Partnerships except as provided in §240.730, corporations or associations shall not produce wine, without payment of tax, for personal or family use.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1331, as amended (26 U.S.C. 5042))

3. Section 240.541, Limitation of exemption, is deleted, and in its place §240.541, Removal of wine, is added to incorporate, in part, ATF Ruling 72-272 and to allow removal of wine for personal or family use. As changed, §240.541 reads as follows:

§240.541 Removal of wine.

Wine made under §240.540 may be removed from the premises where made for personal or family use including use at organized affairs, exhibitions or competitions, such as homemaker's contests, tastings or judging. Wine used under this section shall not be sold or offered for sale.

(Sec. 201 Pub. L. 85-859, 72 Stat. 1331, as amended (26 U.S.C. 5042))

§240.542 [Revoked].

§240.543 [Revoked].

4. Sections 240.542, Registration Form 1541, and 240.543, Removal of wine, are revoked.

5. Amend the title of §240.730 to reflect removal for personal or family use and amend the section to allow any adult operating a bonded wine cellar as an individual owner or in partnership with others to remove wine, without payment of tax, for personal or family use, subject to the gallonage limitations. As revised, §240.730 reads as follows:

§240.730 Removal for personal or family use.

Any adult, as defined in §240.540, who operates a bonded wine cellar as an individual owner or in partnership with others, may remove wine from the bonded wine cellar without payment of tax for personal or family use. The amount of wine removed for each household, without payment of tax, per calendar year may not exceed 100 gallons if there is only one adult residing in the household or 200 gallons if there are two or more adults residing in the household. Wine removed in excess of the above limitations shall

be reported as a taxable removal. All quantities of wine removed shall be entered as a removal on the monthly report, Form 702.

(Sec. 201 Pub. L. 85-859, 72 Stat. 1331, as amended (26 U.S.C. 5042))

PART 245—BEER

6. Amend the table of contents to Part 245 to add a new Subpart V—Beer for Personal or Family Use, and the titles of the new sections in the subpart. As amended, the table of contents reads as follows:

* * * * *

Subpart V—Beer for Personal or Family Use

Sec.
245.180 Production.
245.181 Removal of beer.
245.182 Removal from brewery for personal or family use.

* * * * *

7. Amend § 245.5 by revising the definition of brewer to agree with the new statutory language. As amended, § 245.5 reads as follows:

§ 245.5 Meaning of terms.

* * * * *

Brewer. Any person who brews beer (except a person who produces only beer exempt from tax under 26 U.S.C. 5053 (e)) and any person who produces beer for sale.

(Sec. 2, Pub. L. 95-458, 92 Stat. 1256 (26 U.S.C. 5092))

* * * * *

8. Add a new Subpart V—Beer for Personal or Family Use and three sections, §§ 245.180, 245.181, and 245.182 in the subpart to implement the new statutory requirements. The new subpart reads as follows:

Subpart V—Beer for Personal or Family Use

§ 245.180 Production.

(a) Any adult may produce beer, without payment of tax, for personal or family use and not for sale. An adult is any individual who is 18 years of age or older. However, if the locality in which the household is located requires a greater minimum age for the sale of beer to individuals, the adult shall be that age before commencing the production of beer. This exemption does not authorize the production of beer for use contrary to State or local law.

(b) The production of beer per household, without payment of tax, for personal or family use shall not exceed:

(1) 200 gallons per calendar year if there are two or more adults residing in the household, or

(2) 100 gallons per calendar year if there is only one adult residing in the household.

(c) Partnerships except as provided in § 245.182, corporations or associations shall not produce beer, without payment of tax, for personal or family use.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1334, as amended (26 U.S.C. 5053))

§ 245.181 Removal of beer.

Beer made under § 245.180 may be removed from the premises where made for personal or family use including use at organized affairs, exhibitions or competitions, such as home-maker's contests, tastings or judging. Beer used under this section shall not be sold or offered for sale.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1334, as amended (26 U.S.C. 5053))

§ 245.182 Removal from brewery for personal or family use.

Any adult, as defined in § 245.180, who operates a brewery under this part as an individual owner or in partnership with others, may remove beer from the brewery without payment of tax for personal or family use. The amount of beer removed for each household, without payment of tax, per calendar year may not exceed 100 gallons if there is only one adult residing in the household or 200 gallons if there are two or more adults residing in the household. Beer removed in excess of the above limitations shall be reported as a taxable removal. All quantities of beer removed shall be entered as a removal on the monthly report, Form 103.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1334, as amended (26 U.S.C. 5053))

Signed: January 22, 1979.

JOHN G. KROGMAN,
Acting Director.

Approved: January 31, 1979.

Title 29—Labor

CHAPTER XVII—OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION, DEPARTMENT OF LABOR PART 1910—OCCUPATIONAL SAFETY AND HEALTH STANDARDS

[Docket No. H-074]

Occupational Exposure to Chlorine ADMINISTRATIVE STAY; REQUEST FOR COMMENTS AND INFORMATION

AGENCY: Occupational Safety and Health Administration, Labor.

ACTION: Administrative Stay of Final Rule; Request for Comments and Information.

SUMMARY: This action stays the correction, from a time weighted average to a ceiling, of the permissible exposure level for chlorine which is contained in Table Z-1 of 29 CFR 1910.1000. Comments are requested on the appropriate permissible exposure level for occupational exposure to chlorine.

DATE: The information requested in this notice must be submitted on or before April 9, 1979.

ADDRESS: The comments and information requested in this notice should be submitted to the Docket Officer, Docket No. H-074, Room S6212, U.S. Department of Labor, OSHA, Third Street and Constitution Avenue NW., Washington, D.C. 20210, (202-523-7894).

FOR FURTHER INFORMATION CONTACT:

Ms. Flo H. Ryer, Office of Special Standards Programs, Room S-3663, Occupational Safety and Health Administration, Third Street and Constitution Avenue, NW., Washington, D.C. 20210 (202-523-7174).

SUPPLEMENTARY INFORMATION: On December 8, 1978, the Occupational Safety and Health Administration published in the FEDERAL REGISTER a final rule which corrected a number of errors and inadvertent omissions in the tables of exposure limits for airborne contaminants contained in 29 CFR 1910.1000, Tables Z-1, Z-2, and Z-3 (43 FR 57601). Included in the corrections was the insertion of a "C," designating a ceiling limit, in front of the listing for chlorine in Table Z-1 (correction No. 4, 43 FR 57603). This action corrected the permissible exposure limit for chlorine from 1 part of chlorine per million parts of air (1 ppm) as an eight hour time weighted average (TWA), which would have permitted exposures above 1 ppm as long as the 8-hour average did not exceed 1 ppm, to a ceiling for chlorine of 1 ppm.

Title 31—Money and Finance:
Treasury

SUBTITLE A—OFFICE OF THE
SECRETARY OF TREASURY

PART 1—DISCLOSURE OF RECORDS

AGENCY: Office of the Secretary,
Treasury.

ACTION: Final Rule.

SUMMARY: The Office of the Inspector General of the Office of the Secretary of the Treasury Department exempts the system of records entitled "General Allegations and Investigative Records System" in accordance with sections (j) and (k) of the Privacy Act of 1974, 5 USC 552a. These exemptions are necessary in order to maintain confidentiality of data obtained from various sources that may become criminal or non-criminal investigative material for law enforcement use or for use in integrity investigations.

DATES: This rule is effective immediately.

ADDRESS: Office of the Inspector General, Main Treasury Building, Washington, D.C. 20220.

FOR FURTHER INFORMATION CONTACT:

Mrs. Carol Jolliff, Office of the Inspector General, Main Treasury Building, Washington, D.C. 20220, 202-566-6900.

SUPPLEMENTARY INFORMATION: On Friday, January 5, 1979, the proposed rule exempting the "General Allegations and Investigative Records System", from certain requirements of the Privacy Act was published in the FEDERAL REGISTER for comment in 44 FR 1414. The comment period expired on February 5, 1979; no comments were received. In addition, the Office of Management and Budget waived the 60 day advance notice requirement. Accordingly, the rule is effective immediately.

Dated: February 6, 1979.

W. J. McDONALD,
Acting Assistant Secretary,
Administration.

Section 1.36 of Title 31 of the CFR is amended by adding the following material immediately preceding the heading "Director of Practice".

§ 1.36 Systems exempt in whole or in part from provisions of 5 U.S.C. 552a and this part.

Following publication of the correction document, a number of comments were received suggesting that a permissible exposure level for chlorine of 1 ppm as a TWA was sufficiently protective of workers' safety and health. There have also been claims of industry reliance on the 1 ppm level as a TWA. On the other hand, a criteria document on chlorine prepared by the National Institute for Occupational Safety and Health recommends that worker exposure to chlorine should be no greater than .5 ppm measured over any fifteen minute period. ("NIOSH Criteria for a Recommended Standard . . . Occupational Exposure to Chlorine," U.S. Department of Health, Education, and Welfare, Public Health Service, Center for Disease Control, National Institute for Occupational Safety and Health, May 1976).

Interested persons are invited to submit written data, views, and arguments concerning the appropriate permissible exposure level for chlorine. Comments are also requested on the NIOSH recommendations, including the data relied upon in the criteria document. The NIOSH criteria document including the references relied upon therein are available for review and copying at the OSHA Docket Office, Room S6212, U.S. Department of Labor, Third Street and Constitution Avenue, NW., Washington, D.C. 20210. All communications should be submitted in quadruplicate, by April 9, 1979 to the Docket Officer, Docket No. H-074, Room S6212, U.S. Department of Labor, Third Street and Constitution Avenue, NW., Washington, D.C. 20210 (202-523-7894).

In view of the questions which have been raised and in conjunction with this request for comments and information, OSHA considers it appropriate to administratively stay the correction of the permissible exposure limit for chlorine from a time-weighted average to a ceiling, pending a review and evaluation of all comments received. Accordingly, the correction to a 1 ppm ceiling for chlorine is hereby stayed, and the 1 ppm time-weighted average for chlorine will remain in effect, pending this consideration.

This document was prepared under the direction of Eula Bingham, Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, Third Street and Constitution Avenue, NW., Washington, D.C. 20210.

(Sec. 6, Pub. L. 91-596, 84 Stat. 1593; 29 U.S.C. 655) 29 CFR Part 1911; Secretary of Labor Order No. 8-76 (41 FR 25059).)

Signed at Washington, D.C., this 1st day of February 1979.

EULA BINGHAM,
Assistant Secretary of Labor.

OFFICE OF THE INSPECTOR GENERAL

Notice exempting a system of records from the disclosure requirements of the Privacy Act of 1974

(a) *In general.* The Office of the Inspector General, Department of the Treasury exempts the system of records entitled, "General Allegations and Investigative Records" from certain provisions of the Privacy Act of 1974. The purpose of the exemption is to maintain confidentiality of data obtained from various sources that may ultimately accomplish a statutory or executively ordered purpose.

(b) *Authority.* The authority to issue exemptions is vested in the Office of the Inspector General, as a constituent unit of the Treasury Department by 31 CFR 1.20.

(c) *Exemptions under 5 U.S.C. 552a(j)(2).* (1) Under 5 U.S.C. 552a(j)(2), the head of any agency may exempt any system of records within the agency from certain provisions of the Privacy Act of 1974, if the agency or component that maintains the system performs as its principal function any activities pertaining to the enforcement of criminal laws. The Office of the Inspector General is authorized under Treasury Department Order No. 256 to initiate, organize, direct, and control investigations of any allegations of illegal acts, violations, and any other misconduct, concerning any official or employee of any Treasury Office or Bureau.

(2) To the extent that the exemption under 5 U.S.C. 552a(j)(2) does not apply to the above named system of records, then the exemption under 5 U.S.C. 552a(k)(2) relating to investigatory material compiled for law enforcement purposes is claimed for this system.

(3) The provisions of the Privacy Act of 1974 from which exemptions are claimed under 5 U.S.C. 552a(j)(2) are as follows:

- 5 U.S.C. 552a(c)(3) and (4)
- 5 U.S.C. 552a(d)(1), (2), (3), (4)
- 5 U.S.C. 552a(e)(1)(2) and (3)
- 5 U.S.C. 552a(e)(4)(G), (H), and (I)
- 5 U.S.C. 552a(e)(5) and (8)
- 5 U.S.C. 552a(f)
- 5 U.S.C. 552a(g)

(d) *Exemptions under 5 U.S.C. 552a(k)(2).* (1) Under 5 U.S.C. 552a(k)(2), the head of any agency may exempt any system of records within the agency from certain provisions of the Privacy Act of 1974 if the system is investigatory material compiled for law enforcement purposes.

(2) To the extent that information contained in the above named system has as its principal purpose the enforcement of criminal laws, the exemption for such information under 5 U.S.C. 552a(j)(2) is claimed.

(3) Provisions of the Privacy Act of 1974 from which exemptions are claimed under 5 U.S.C. 552a(k)(2) are as follows:

- 5 U.S.C. 552a(c)(3)
- 5 U.S.C. 552a(d)(1), (2), (3), and (4)
- 5 U.S.C. 552a(e)(1)
- 5 U.S.C. 552a(e)(4)(G), (H), and (I)
- 5 U.S.C. 552a(f)

(e) *Reasons for exemptions under 5 U.S.C. 552a(j)(2) and (k)(2):* (1) 5 U.S.C. 552a(c)(3) requires that an agency make accountings of disclosures of records available to individuals named in the records at their request. These accountings must state the date, nature and purpose of each disclosure of the record and the name and address of the recipient. The application of this provision would alert subjects of an investigation to the existence of the investigation and that such persons are subjects of that investigation. Since release of such information to subjects of an investigation would provide the subjects with significant information concerning the nature of the investigation, it could result in the altering or destruction of documentary evidence, improper influencing of witnesses, and other activities that could impede or compromise the investigation.

(2) 5 U.S.C. 552a(c)(4), (d)(1), (2), (3), and (4), (e)(4)(G) and (H), (f) and (g) relate to an individual's right to be notified of the existence of records pertaining to such individual; requirements for identifying an individual who requests access to records; the agency procedures relating to access to records and the contest of information contained in such records; and the civil remedies available to the individual in the event of adverse determinations by an agency concerning access to or amendment of information contained in record systems. This system is exempt from the foregoing provisions for the following reasons: To notify an individual at the individual's request of the existence of records in an investigative file pertaining to such individual or to grant access to an investigative file could interfere with investigative and enforcement proceedings; co-defendants of a right to a fair trial; constitute an unwarranted invasion of the personal privacy of others, disclose the identity of confidential sources and reveal confidential information supplied by these sources; and disclose investigative techniques and procedures.

(3) 5 U.S.C. 552a(e)(4)(I) requires the publication of the categories of sources of records in each system of records. The application of this provision could disclose investigative techniques and procedures and cause sources to refrain from giving such information because of fear of reprisal,

or fear of breach of promises of anonymity and confidentiality. This would compromise the ability to conduct investigations, and to identify, detect, and apprehend violators.

(4) 5 U.S.C. 552a(e)(1) requires each agency to maintain in its records only such information about an individual that is relevant and necessary to accomplish a purpose of the agency required by statute or Executive Order. An exemption from the foregoing is needed:

(A) Because it is not possible to detect relevance or necessity of specific information in the early stages of a criminal or other investigation.

(B) Relevance and necessity are questions of judgment and timing. What appears relevant and necessary when collected may ultimately be determined to be unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established.

(C) In any investigation the Inspector General may obtain information concerning the violations of laws other than those within the scope of his jurisdiction. In the interest of effective law enforcement, the Inspector General should retain this information as it may aid in establishing patterns of criminal activity, and provide leads for those law enforcement agencies charged with enforcing other segments of criminal or civil law.

(D) In interviewing persons, or obtaining other forms of evidence during an investigation, information may be supplied to the investigator which relate to matters incidental to the main purpose of the investigation but which may relate to matters under the investigative jurisdiction of another agency. Such information cannot readily be segregated.

(5) 5 U.S.C. 552a(e)(2) requires an agency to collect information to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual's rights, benefits, and privilege under Federal programs. The application of the provision would impair investigations of illegal acts, violations of the rules of conduct, merit system and any other misconduct for the following reasons:

(A) In certain instances the subject of an investigation cannot be required to supply information to investigators. In those instances, information relating to a subject's illegal acts, violations of rules of conduct, or any other misconduct, etc., must be obtained from other sources.

(B) Most information collected about an individual under investigation is obtained from third parties such as witnesses and informers. It is not feasible to rely upon the subject of

the investigation as a source for information regarding his activities.

(C) The subject of an investigation will be alerted to the existence of an investigation if an attempt is made to obtain information from the subject. This would afford the individual the opportunity to conceal any criminal activities to avoid apprehension.

(D) In any investigation it is necessary to obtain evidence from a variety of sources other than the subject of the investigation in order to verify the evidence necessary for successful litigation.

(6) 5 U.S.C. 552a(e)(3) requires that an agency must inform the subject of an investigation who is asked to supply information of:

(A) the authority under which the information is sought and whether disclosure of the information is mandatory or voluntary.

(B) the purposes for which the information is intended to be used,

(C) the routine uses which may be made of the information, and

(D) the effects on the subject, if any of not providing the requested information. The reasons for exempting this system of records from the foregoing provision are as follows:

(i) The disclosure to the subject of the investigation as stated, in (B) above would provide the subject with substantial information relating to the nature of the investigation and could impede or compromise the investigation.

(ii) If the subject were informed of the information required by this provision, it could seriously interfere with undercover activities by requiring disclosure of undercover agents identity and impairing their safety, as well as impairing the successful conclusion of the investigation.

(iii) Individuals may be contacted during preliminary information gathering in investigations authorized by Treasury Department Order No. 256 before any individual is identified as the subject of an investigation. Informing the individual of the matters required by this provision would hinder or adversely affect any present or subsequent investigations.

(7) 5 U.S.C. 552a(e)(5) requires that records be maintained with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to assure fairness to the individual in making any determination about an individual. Since the law defines "maintain" to include the collection of information, complying with this provision would prevent the collection of any data not shown to be accurate, relevant, timely, and complete at the moment of its collection. In gathering information during the course of an investigation it is not possible to determine this prior to collection of the in-

formation. Facts are first gathered and then placed into a logical order which objectively proves or disproves criminal behavior on the part of the suspect. Material which may seem unrelated, irrelevant, incomplete, untimely, etc., may take on added meaning as an investigation progresses. The restrictions in this provision could interfere with the preparation of a complete investigative report.

(8) 5 U.S.C. 552a(e)(8) requires an agency to make reasonable efforts to serve notice on an individual when any record on such individual is made available to any person under compulsory legal process when such process becomes a matter of public record. The notice requirement of this provision could prematurely reveal an ongoing criminal investigation to the subject of the investigation.

(f) *Exempt information included in another system.* Any information from a system of records for which an exemption is claimed under 5 U.S.C. 552a(j) or (k) which also is included in another system of records retains the same exempt status as in the system for which an exemption is claimed.

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

[FRL 1037-71]

PART 35—STATE AND LOCAL ASSISTANCE

State Public Water System Supervision Program Grants

AGENCY: Environmental Protection Agency.

ACTION: Final Rule.

SUMMARY: This amendment to the State Public Water System Supervision Program Grant Regulations changes the allocation formula for fiscal year 1980 and subsequent years to include non-community public water systems, and provides for the use in the allotment formula of the latest State population data published by the Bureau of Census in the Statistical Abstract of the United States.

EFFECTIVE DATE: February 6, 1979.

FOR FURTHER INFORMATION CONTACT:

James F. Manwaring P.E., Chief, Drinking Water Branch, Office of Drinking Water (WH-550), 401 M Street, SW., Washington, D.C. 20460, (202) 472-4150.

SUPPLEMENTAL INFORMATION: On February 8, 1978 the Environmental Protection Agency (EPA) proposed an amendment to the State Public Water System Supervision Program Grant Regulations promulgated on January 20, 1976; under Sections 1443 and 1450 of the Public Health Service Act. Comments on the proposed amendment were invited by April 10, 1978.

The regulations promulgated on January 20, 1976, only included a fiscal year 1976 allotment formula due to limited inventory data. Although the Regulations were not revised, a similar formula was used for fiscal year 1977, fiscal year 1978 and fiscal year 1979. National Interim Primary

Drinking Water Regulations (NIPDWR), 40 CFR Part 141, require the non-community water systems to complete initial sampling for nitrate, turbidity, and microbiological contaminants before June 24, 1979. The frequencies of repeat sampling in excess of those required by 40 CFR Part 141 will be established by the agency that has primary enforcement responsibility (primacy agency) in the State for public water system supervision program. Non-community water systems will report the results of such sampling to the primacy agency beginning in the last quarter of fiscal year 1979. The primacy agency is expected to expend resources to monitor compliance of non-community water systems with the record keeping, reporting and public notification requirements of the NIPDWR.

In January 1976 initial inventory data was not complete for community water systems and practically non-existent for non-community water systems. The monitoring requirements for community water systems started in June 1977, but the monitoring of non-community water systems is delayed until June 1979. EPA thus decided to utilize only community water systems in the original allocation formula.

The States have now collected enough information which EPA can use as a good inventory of community water systems. An inventory of non-community water systems is now underway. This makes it possible to include non-community water systems in the allocation formula for fiscal year 1980. States will have to provide surveillance for these systems starting in June 1979. The grant allocation formula will reflect the amount of work required by these systems.

Although no written comments were received on the proposed amendment, a number of States did informally comment that the use of the 1970 census is inappropriate because during the last few years there has been a significant intrastate increase and interstate shifting of population in some States. The States contend that the 1970 census population figures do not represent the current population and hence the real needs for manpower and other resources to implement the Public Water System Supervision Program. The need for such resources is approximately in direct proportion to the population in the State. The utilization of recent population figures would provide to States Federal grant funds that are in proportion to the recent State population and thus the needs for resources for implementing the Safe Drinking Water Act. In response to these comments, we shall use the most recent State population statistics published by the Bureau of

Census in the grant allocation formula. This amendment makes a conforming change.

(Safe Drinking Water Act, as amended, 42 U.S.C., 300f *et seq.*)

Dated: January 31, 1979.

BARBARA BLUM,
Acting Administrator.

40 CFR Part 35 is amended as follows:

1. By revising § 35.605 to read as follows:

§ 35.605 Determination of Allotments.

Funds appropriated in each fiscal year beginning 1980 will be allotted as follows:

(a) The allotment will be established on the basis of the following weighted factors:

(1) The population of each State in proportion to the total population of all States (weight factor: 30%). Population statistics shall be drawn from the most recent census update by the Bureau of Census and published in the latest edition of the Statistical Abstract of the United States.

(2) The land area of each State in proportion to the total land area of all States (weight factor: 10%). Land area statistics will be drawn from the latest publication of the Statistical Abstract of the United States.

(3) The number of community water systems in each State in proportion to the number of such systems in all States (weight factor: 48 percent). Community water systems are those public water systems which serve at least 15 service connections used by year-round residents or regularly serve at least 25 year-round residents. Number of non-community water systems in each State in proportion to the number of such systems in all States (weight factor: 12 percent). Non-community water systems are those public water systems that are not community water systems. Water system statistics will be determined from inventory data submitted to EPA prior to January 1 of the previous fiscal year in accordance with 40 CFR 142.15(a).

AGENCY: Federal Maritime Commis-
sion.

ACTION: Adoption of Proposed Rule
in Part.

SUMMARY: This rule amends the Commission's tariff filing provisions by: (1) Requiring all ocean carriers to publish a notice in their tariffs advising shippers of their right to file with the Commission overcharge claims for reparations pursuant to section 22 of the Shipping Act, 1916 (46 U.S.C. 821) and (2) requiring all ocean carriers to respond to all overcharge claims within twenty days by notifying the shipper of the applicable provisions of the freight tariff and the Shipping Act. The purpose and need for such rule are to benefit the shipping public by adequately informing claimants of their rights under the Shipping Act and encouraging carriers to respond timely to overcharge claims.

DATES: Effective as to both new and existing tariffs March 1, 1979.

FOR FURTHER INFORMATION CONTACT:

Francis C. Hurney, Secretary, Federal Maritime Commission, Room 11101, 1100 L Street, NW., Washington, D.C. 20573, (202) 523-5725.

SUPPLEMENTARY INFORMATION: This proceeding was instituted by Notice of Proposed Rulemaking published in the FEDERAL REGISTER on September 5, 1978 (43 FR 39399) to amend the Commission's tariff filing regulations by adding provisions which would: (a) Prohibit ocean carriers from limiting the time for filing overcharge claims with carriers to less than two years from the date of payment of freight charges; (b) require ocean carrier tariffs to include a notice to notify shippers of their right to file overcharge claims for reparations with the Federal Maritime Commission pursuant to section 22 of the Shipping Act, 1916 (the Act), and; (c) require ocean carriers to acknowledge within ten days all overcharge claims filed by notifying the claimant of the governing and pertinent provisions of the applicable freight tariff.¹

¹The actual text of the published rules reads as follows:

(a) No tariff shall contain any provision which limits to less than two years from the Footnotes continued on next page

The stated purpose of this proposal was to clarify the statute of limitations and limit the number of adjudicatory proceedings resulting from restrictive overcharge claim rules contained or found in many carriers' tariffs.

Comments to the proposed rules were received from 52 different parties.² Shippers or persons representing shipper interests favored the proposed rules in their entirety while ocean carriers and carrier conferences either opposed the rules in their entirety or accepted paragraph (b) while objecting to paragraphs (a) and (c).

POSITIONS OF THE PARTIES³

Shippers generally alleged that the proposed rules would benefit the ship-

ping public by providing notice that the statute of limitations governing shipper overcharge claims is the two-year period specified in section 22 of the Shipping Act. This group of commentators also stated its belief that the proposed rules would reduce the number of formal and informal complaints filed with the Commission. It was suggested that current tariff rules force shippers to resort to administrative adjudication because the time period for filing overcharge claims under many carrier tariffs is limited to six months, and some carriers use such tariff provisions as a device whereby legitimate claims are ignored for six months and then refused on the basis that the claim is time barred.

Shippers also suggested numerous modifications in the proposed rules. The most frequent suggestion was to broaden the scope of the proposed rules to include all overcharge claims and not just those resulting from errors in measurement, weight and description.

All parties opposed to the proposed rules criticized their probable effects, alleged that the Commission was without jurisdiction to promulgate such requirements, and defended current carrier tariff practices as legal and practical.

The basic criticisms addressed to proposed paragraph (a) included the following allegations: (1) Overcharge claims are a result of initial shipper misdescriptions and later attempted reclassifications; consequently a rule aimed at carriers' behavior is unfair; (2) a two-year period of claim consideration will only aggravate current problems; and, (3) the proposed rule would encourage such varied activities as unequal treatment of shippers, indirect rebating and ineffective self-policing.

Objections to proposed paragraphs (b) and (c) were of a more general nature. Both sections were considered burdensome to carriers and superfluous. Commentators pointed to the absence of support for allegations that carriers attempt to screen reparation rights under section 22 from shippers and that carriers respond slowly to claims. It was claimed that the tariff publishing requirements of sections 18(b) (1) and (2) and the availability of the booklet "Ocean Freight Rate Guidelines for Shippers" already give shippers adequate notice of tariff provisions and statutory rights with regard to overcharge claims.

Carrier interests also claimed that the Commission is without jurisdiction to promulgate the proposed rules absent a factual showing that existing carrier practices are in violation of the Shipping Act; further, they stated that no violation of section 14, Fourth

was indicated, either in past Commission reparation decisions or in the evidence gathered in previous rulemaking proposals on this subject.

Commentators opposed to the rules claimed they were based on a misreading of the court's decision in *Kraft Foods v. Federal Maritime Commission*, 538 F.2d 445 (D.C. Cir. 1976). In their opinion, that decision merely struck down the Commission's finding that the carrier-custody rule prevented Commission consideration of claims filed after the goods had left the carriers' custody.

Finally, all parties opposed to the proposed rules defended existing carrier tariff practices on the basis that current limitations on claim rules require shippers to prove their claims while the carrier is in a position to independently verify the validity of the claim.

The carrier interests also suggested modifications to the proposed rules. Two particular suggestions are addressed below.

DISCUSSION

Several parties raised the issue of the Commission's jurisdiction to promulgate these rules. The argument advanced is that the Commission must find a violation of a substantive provision of the Act before it may promulgate the proposed rules. In support of this allegation, the parties quote from, and occasionally misconstrue, previous decisions in which the Commission refused to promulgate rules similar to those in the instant proceeding.⁴

However, rulemaking proceedings subsequent to these previous proceedings have firmly established that the Commission may promulgate rules absent a finding of a violation of the Act.⁵ The broader interpretation of the Commission's powers has twice been upheld by the U.S. Court of Appeals.⁶

date of payment of freight charges the time within which a shipper must submit a claim to a carrier in order to recover overcharges based on error in weight, measurement, or description. No tariff shall contain any provision which limits the carrier's ability or obligation to consider claims submitted which are within the two-year period.

(b) Every tariff shall contain a rule which clearly advises shippers/consignees of their rights to file claims for reparations within two years with the Federal Maritime Commission pursuant to Shipping Act section 22.

(c) Within 10 days of the receipt of such a claim, the carrier shall forward a written notice to the claimant advising of the governing and pertinent provisions of the applicable freight tariff.

ic Coast-European Conference v. FMC, 376 F.2d 785 (D.C. Cir. 1967), the court, after noting that section 43 of the Act "clothes[s] the Commission with a broad authority . . . , going well beyond what it has possessed before," further explained that:

... the Commission in rulemaking is not confined to the redress of demonstrated evils as distinct from the prevention of potential ones. 376 F.2d at 790.

Under current rulemaking standards, agency regulations must be reasonably adapted to the accomplishment of the Congressional objectives embodied in the agency's enabling statutes.⁷ The objectives of the Shipping Act include the proscription of carrier practices which result in unfair treatment of shippers. Prior to proscribing such practices and prescribing alternative rules the Commission need only find that the operation of carrier rules either treats shippers unfairly or can reasonably be expected to treat shippers unfairly if left uncorrected.

Carrier commentators argued that neither section cited by the Commission in its Notice of Proposed Rulemaking, i.e., section 14 Fourth and section 22, supports the promulgation of paragraph (a). Upon consideration of these comments, the Commission has decided not to adopt paragraph (a). The adoption of paragraphs (b)⁸ and (c),⁹ however, with the modifications described below, should significantly alleviate the problem addressed by this rulemaking and encourage the prompt handling of shippers' claims.

As noted by several shippers filing comments, the rules, as published, were limited to overcharge claims based on errors in weight, measurement or description. At the present time, carrier tariffs generally limit the time for filing such claims to the period during which the goods are in the custody of the carrier. All other overcharge claims are usually limited to a six-month filing period. It was suggested that the proposed rules be broadened to include all overcharge claims, and the Commission has concluded that the purpose for which these rules were proposed would be better served if they were so modified.

Several carriers filing comments suggested that the proposed ten day time period providing for carrier responses to filed claims was "unrealistic," given the complexity of carrier operations. Consequently, the rules were modified to extend the time period for carrier response to filed claims to 20 days.

⁹Promulgated as sections 536.5(d)(20)(II) and 531.5(b)(8)(xii)(B) in Ordering Paragraph.

Finally, carriers requested clarification as to the effects of proposed paragraph (c) on future litigation between a shipper and a carrier. It is our intention that the carrier be bound in future litigation by the tariff provisions cited to the shipper pursuant to paragraph (c). To do otherwise would be inconsistent with the purpose of the proposed rules.

Therefore, it is ordered. That pursuant to section 4 of the Administrative Procedure Act (46 U.S.C. 553) and sections 14 Fourth, 22 and 43 of the Shipping Act, 1916 (46 U.S.C. 813, 821, 841(a)), Parts 531 and 536 of 46 CFR are amended by adding new §§ 531.5(b)(8)(xvi), 531.5(b)(9), 536.5(d)(20), and 536.5(e) as follows:

(xvi) *Overcharge Claims.* Tariffs shall contain a rule which states that shippers or consignees may file claims for the refund of freight overcharges resulting from errors in weight, measurement, cargo description or tariff application. This rule shall clearly indicate where and by what method such claims are to be filed and shall contain at minimum the following provisions:

(A) Claims seeking the refund of freight overcharges may be filed in the form of a complaint with the Federal Maritime Commission, Washington, D.C. 20573, pursuant to section 22, Shipping Act, 1916 (46 U.S.C. 821). Such claims must be filed within two years of the date the vessel sails or the date the disputed charges are paid, whichever is later.

(B) Claims for freight rate adjustments shall be acknowledged by the carrier within 20 days of receipt by written notice to the claimant of all governing tariff provisions and claimant's rights under the Shipping Act.

(20) *Overcharge Claims.* Tariffs shall contain a rule which states that shippers or consignees may file claims for the refund of freight overcharges resulting from errors in weight, measurement, cargo description, or tariff application. This rule shall clearly indicate where and by what method

such claims are to be filed and shall contain at minimum the following provisions:

(i) Claims seeking the refund of freight overcharges may be filed in the form of a complaint with the Federal Maritime Commission, Washington, D.C. 20573, pursuant to section 22, Shipping Act, 1916 (46 U.S.C. 821). (ii) Claims for freight rate adjustments will be acknowledged by the carrier within 20 days of receipt by written notice to the claimant of all governing tariff provisions and claimant's rights under the Shipping Act.

(e) Additional rules which affect the application of the tariff shall follow immediately the rules specified above and shall be numbered consecutively, commencing with number 21.

It is further ordered. That §§ 531.5(b)(8)(xvi) and 5(b)(9), and §§ 536.5(d)(20) and 5(e) shall take effect on March 1, 1979. Ocean carrier tariffs which do not contain a rule in conformity with these sections on that date shall be subject to cancellation or rejection.

By order of the Commission.

Title 50—Wildlife and Fisheries

CHAPTER I—UNITED STATES FISH AND WILDLIFE SERVICE, INTERIOR

SUBCHAPTER B—TAKING, POSSESSION, TRANSPORTATION, SALE, PURCHASE, BARTER, EXPORTATION, AND IMPORTATION OF WILDLIFE AND PLANTS

PART 20—MIGRATORY BIRD HUNTING

Annual Migratory Bird Hunting Schedules

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule changes the Service's procedure of having annual session, limit, and shooting hour schedules codified annually in the October 1 revision of Title 50, Code of Federal Regulations (50 CFR). These schedules are developed and published annually—effective from September through February—in the FEDERAL REGISTER, and are used primarily by States to issue migratory bird hunting regulations. Interested parties could

possibly be misinformed or confused when reading the current 50 CFR publication, as it would contain the already expired and possibly incomplete schedules for the prior hunting seasons. Eliminating the publication of these temporary annual schedules in the annual updating of 50 CFR on October 1 eliminates any confusion resulting from such publication. The Service will continue to publish its proposed and final rulemaking in the FEDERAL REGISTER according to an established schedule announced at the beginning of each regulatory cycle.

EFFECTIVE DATE: March 8, 1979.

SUPPLEMENTARY INFORMATION:

The development of annual migratory bird hunting schedules, which are effective from September to February for the current hunting seasons, of each year, involves data gathering programs to determine migratory bird population status and trends, evaluations of habitat conditions, harvest information, and other factors having a bearing on the anticipated size of the fall flights of these birds. During the course of development, the schedules are subject to public review and comment through several proposed rulemakings, published in the FEDERAL REGISTER beginning in early spring, as well as public hearings. Final rulemakings concerning the schedules are also published in the FEDERAL REGISTER.

The annual revision of 50 CFR, which includes rules and amendments prior to October 1 of each year, is not generally available to guide interested parties during the affected hunting seasons. The primary users of these schedules, State agencies, complete their work with the schedules generally in August to allow them to publish their respective hunting regulations. Additionally, the Service usually issues several in-season amendments after the October 1 revision date, as new data become available. The amendments are effective through the end of the hunting seasons and are never codified, thereby requiring reference to the List of CFR Sections Affected (LSA). As a result of the annual publication date of 50 CFR and the in-season amendments, the schedules in 50 CFR have no contemporary value and are incomplete historically. This rule eliminates unnecessary duplicate publication as well as any confusion that existed under the old system.

This rule affects only the annual seasons, limits, and shooting hours schedules appearing at 50 CFR 20.101 through 20.107, and 20.109. Section

20.108, which prescribes zones where non-toxic shotshells are required, will continue to be codified since the zones are of a continuing, permanent nature. This rule does not change the section titles, and the text of 50 CFR will refer the reader to the LSA.

DISCUSSION OF COMMENTS RECEIVED

On December 18, 1978 the Service published for public comment in the FEDERAL REGISTER (43 FR 58845) a proposal to amend 50 CFR Part 20, with a comment period ending January 17, 1979. In that document, the Service proposed to change its procedure of having annual season, limit, and shooting hour schedules codified in Title 50, Code of Federal Regulations, by eliminating the publication of these temporary schedules in 50 CFR, in order to eliminate unnecessary duplicate publication as well as any confusion that might exist under the old system.

Four comments were received in response to the proposal. Two, from State conservation agencies, supported the proposal as did one from a national conservation organization. The lone dissenting comment was from a state sportsmen's organization. Evidently, this organization misunderstood the proposal, believing that the Service would no longer publish migratory bird hunting regulations in the FEDERAL REGISTER. The Service will continue to publish proposed and final rulemakings as in the past and as required by the Administrative Procedure Act, and will continue to make hunting regulations information available to the public by other means. The rule merely discontinues the practice of including these regulations in the annual publication of 50 CFR, Wildlife and Fisheries, for the reasons given in the proposal and stated above.

NOTE.—The Department has determined that this document is not a significant rule and does not require the preparation of a regulatory analysis under Executive Order 12044; and 43 CFR Part 14.

The primary author of this document is Henry M. Reeves, Office of Migratory Bird Management, U.S. Fish and Wildlife Service.

Accordingly, 50 CFR Part 20, Subpart K, is amended by adding a new § 20.100 and amending §§ 20.101 through 20.107, and § 20.109, as follows:

Subpart K—Annual Seasons, Limits, and Shooting Hours Schedules

§ 20.100 General provisions.

(a) The taking, possession, transportation, and other uses of migratory game birds by hunters is generally prohibited unless it is specifically provided for under regulations developed in accordance with the Migratory Bird

Treaty Act. Consequently, hunting is prohibited unless regulatory schedules are established for seasons, daily bag and possession limits, and shooting (or hawking) hours. Migratory game bird population levels, including production and habitat conditions, vary annually. These conditions differ over North America, and within the United States, by flyways, States, and frequently areas within States. Thus, it is necessary to make annual adjustments in the schedules to limit the harvests of migratory game birds to permissible levels.

(b) The development of these schedules involves annual data gathering programs to determine migratory game bird population status and trends, evaluations of habitat conditions, harvest information, and other factors having a bearing on the anticipated size of the fall flights of these birds. The proposed hunting schedules are announced early in the spring, and following consideration of additional information as it becomes available, as well as public comment, they are modified and published as supplemental proposals. These are also open to public comment. Public hearings are held for the purpose of providing additional opportunity for public participation in the rulemaking process.

§ 20.101 Seasons, limits, and shooting hours for Puerto Rico and the Virgin Islands.

This section provides for the annual hunting of certain doves, pigeons, ducks, coots, gallinules, and snipe in Puerto Rico; and for certain doves and pigeons in the Virgin Islands.

NOTE.—For FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

§ 20.102 Seasons, limits, and shooting hours for Alaska.

This section provides for the annual hunting of certain waterfowl (ducks, geese, and brant), snipe, and sandhill cranes in Alaska.

NOTE.—For FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

§ 20.103 Seasons, limits, and shooting hours for mourning and white-winged doves and wild pigeons.

This section provides for the annual hunting of certain doves and pigeons in the 48 contiguous United States. The mourning dove hunting regulations are arranged by the Eastern, Central, and Western Management Units.

NOTE.—For FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

RULES AND REGULATIONS

§ 20.104 Seasons, limits, and shooting hours for rails, woodcock, and common (Wilson's) snipe.

This section provides for the annual hunting of certain rails, woodcock, and snipe in the 48 contiguous United States.

NOTE.—FOR FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

§ 20.105 Seasons, limits and shooting hours for waterfowl, coots, and gallinules.

This section provides for the annual hunting of certain waterfowl (ducks, geese, brant), coots, and gallinules in the 48 contiguous United States. The regulations are arranged by the Atlantic, Mississippi, Central, and Pacific Flyways. These regulations often vary within flyways or States, and by time periods.

NOTE.—FOR FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

§ 20.106 Seasons, limits, and shooting hours for sandhill cranes.

This section provides for the annual hunting of sandhill cranes in designated portions of the Central Flyway.

NOTE.—FOR FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

§ 20.107 Seasons, limits, and shooting hours for whistling swans.

This section provides for the annual hunting of whistling swans in Utah and designated areas in Montana and Nevada.

NOTE.—FOR FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

* * * * *

§ 20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.

This section provides annual regulations by which falconers may take permitted migratory game birds.

NOTE.—FOR FEDERAL REGISTER citations affecting annual regulatory schedules for this section, see *List of CFR Sections Affected*.

SYNTHETIC ORGANIC COLORANTS IN PAPER AND PAPERBOARD

Withdrawal of Proposal and Termination of
Rulemaking Proceeding

AGENCY: Food and Drug Administration.

ACTION: Withdrawal of Proposal.

SUMMARY: The Food and Drug Administration is withdrawing the proposal which would have provided for the safe use of synthetic organic colorants in food-packaging paper and paperboard. The proposed rule contains deficiencies which prevent it from being made final. The continued use of colorants in paper and paperboard intended to contact food must comply with the requirements of existing regulations.

FOR FURTHER INFORMATION CONTACT:

John J. McAuliffe, Bureau of Food (HFF-334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, DC 20204, 202-472-5690.

SUPPLEMENTARY INFORMATION:

The Commissioner of Food and Drugs is withdrawing a proposal published in the FEDERAL REGISTER of August 4, 1967 (32 FR 11334) to establish a regulation under 21 CFR Part 176 (21 CFR Part 121 before recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)) to provide for the safe use of synthetic organic colorants, and associated compounds, in food-packaging paper and paperboard.

The proposal was intended to establish one regulation which would list the various conditions, including an extraction test, under which colorants could be used in paper and paperboard intended for use in contact with food. The six comments received in response to the proposal revealed deficiencies and conflicts in the proposal. Upon further study, the analytical procedure intended to be used for determining the levels of the extractives has been shown to be less sensitive than required. A test with sufficient sensitivity has not been developed.

The proposed rule was based largely upon a petition submitted by the Synthetic Organic Chemical Manufacturers Association (SOCMA) for the use of a large number of colorants in paper and paperboard intended for food wrapping or packaging. On December 16, 1975, the Association withdrew its petition. SOCMA estimates that less than 5 percent of foods packaged in paper and paperboard contact a dyed surface.

Only those substances that are authorized by regulation in Part 176 may be safely used as colorants in the manufacture of, or as components of, paper and paperboard intended for use in contact with food. Any colorant to be used in paper or paperboard food packages but not authorized in Part 176 would require, before its use, amendment of the food additive regulations. Such an amendment would require the submission of a food additive petition in accordance with § 171.1 (21 CFR 171.1).

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 409(d), 72 Stat. 1787 (21 U.S.C. 348(d))) and under authority delegated to the Commissioner (21 CFR 5.1), the Commissioner hereby withdraws the proposal published in the FEDERAL REGISTER of August 4, 1967 to establish a regulation under Part 176 and terminates

the rulemaking proceedings begun by that proposal.

PERFORMANCE STANDARDS FOR ELECTRONIC PRODUCTS: GENERAL

Variances from Performance Standards

AGENCY: Food and Drug Administration.

ACTION: Proposed Rule.

SUMMARY: This proposal would amend the administrative procedures for ruling on applications for variances from performance standards for electronic products. The procedures would no longer include publication of variance approvals in the FEDERAL REGISTER because experience has shown that such notices are not necessary for adequate protection of the public health.

DATE: Comments by April 9, 1979. The final rule based upon this proposal will be effective upon its publication in the FEDERAL REGISTER.

ADDRESS: Written comments to the Hearing Clerk (HFA-305), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT:

Melvyn R. Altman, Bureau of Radiological Health (HFX-460), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-3426.

SUPPLEMENTARY INFORMATION:

In a final rule published in the FEDERAL REGISTER of April 18, 1974 (39 FR 13879), the Food and Drug Administration (FDA) established procedures for ruling on applications for variances from provisions of the performance standards for electronic products issued under 21 CFR Subchapter J. These procedures provide for publication in the FEDERAL REGISTER of variances approved by the Director, Bureau of Radiological Health. An ap-

proved variance becomes effective no sooner than 30 days after the FEDERAL REGISTER notice of the approval, unless objections and supporting documentation are received within 30 days. If objections are received, the effective date of the variance is stayed until the Director rules on the objections.

In establishing these procedures, FDA intended to make information and actions on variances readily available to the public and assure interested and affected parties an opportunity to comment on approved variances. However, after more than 4 years' experience with the variance procedures, it is clear that the FEDERAL REGISTER notice has not served its intended purpose. Rather, the procedure needlessly expends agency resources and delays the effective date of approved variances, which often imposes an unjustified economic burden on manufacturers. The agency has published 16 variances and has received only 2 letters of objection, both of which resulted from misunderstandings. Thus, no variance approval has been altered by its publication in the FEDERAL REGISTER.

It is the opinion of the agency that suitable notification of approved variances can be given without publishing them in the FEDERAL REGISTER and that this publication is not required by the Administrative Procedure Act because a variance approval is not a substantive rule of general applicability (5 U.S.C. 552, 553). The Bureau of Radiological Health publishes a bulletin, widely distributed and available to any person on request, that includes a discussion of approved variances. In addition, State radiation control authorities are consulted concerning applications for variances as well as actions taken when those agencies either have special information on the application or would be substantially affected by it. The agency believes that interested parties will be adequately informed about approved variances by these means.

No environmental impact statement or environmental impact analysis report is required under § 25.1(b) (21 CFR 25.1(b)) because this procedural amendment would not significantly affect the quality of the environment.

Therefore, under the Public Health Service Act, as amended by the Radiation Control for Health and Safety Act of 1968 (sec. 358, 82 Stat. 1177-1179 (42 U.S.C. 263f)), and under authority delegated to him (21 CFR 5.1), FDA proposes to amend Part 1010 by revising § 1010.4(c) as follows:

§ 1010.4 Variances.

(c) *Ruling on applications.* (1) The Director, Bureau of Radiological

Health, may approve or deny, in whole or in part, a requested variance or any amendment or extension thereof and the Director shall inform the applicant in writing of this action on a requested variance or amendment or extension. The written notice will state the manner in which the variance differs from the standard, the effective date and the termination date of the variance, a summary of the requirements and conditions attached to the variance, any other information that may be relevant to the application or variance, and, if appropriate, the number of units or other similar limitations for which the variance is approved. Each variance will be assigned an identifying number.

(2) The Director, Bureau of Radiological Health, shall amend or withdraw a variance whenever the Director determines that this action is necessary to protect the public health or otherwise is justified by this subchapter. Such action will become effective on the date specified in the written notice of the action sent to the applicant. Amendment or withdrawal of a variance will become effective immediately upon notification to the application when the Director determines that such action is necessary to prevent an imminent health hazard.

(3) All applications for variances and for amendments and extensions thereof and all correspondence on these applications will be available for public disclosure in the office of the Hearing Clerk, except for information regarded as confidential under section 360A(e) of the act.

Interested persons may, therefore, on or before April 9, 1979, submit to the Hearing Clerk (HFA-305), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857, written comments regarding this proposed regulation. Four copies of all comments must be submitted, except that individuals may submit single copies of comments, and must be identified with the Hearing Clerk docket number found in brackets in the heading of this document. Received comments may be seen in the above office between the hours of 9 a.m. and 4 p.m., Monday through Friday.

In accordance with Executive Order 12044, the economic effects of this proposal have been carefully analyzed, and it has been determined that the proposed rulemaking does not involve major economic consequences as defined by that order. A copy of the Regulatory Analysis Assessment supporting this determination is on file with the Hearing Clerk, Food and Drug Administration.

Dated: January 23, 1979.

Acting Associate Commissioner

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determination for
the City of Calico Rock, Izard County, Ark.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Calico Rock, Izard County, Arkansas. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the national flood insurance program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, Walnut Street, Calico Rock, Arkansas 72519. Send comments to: Mayor Washington, P.O. Box 195, or Mr. Ray Don Cantrell, City Recorder and secretary, Calico Rock, Arkansas 72519.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Calico Rock, Izard County, Arkansas, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance

Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
White River	Just downstream of corporate limits.	360
	Just downstream of State Highway 5 Bridge.	360
	Confluence of Calico Rock.	360

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 43 FR 7719.)

In accordance with Section 7(o) of the Department of Housing and Urban Development Act, Section 324 of the Housing and Community Amendments of 1978, Pub. L. 95-557, 92 Stat. 2080, this proposed rule has been granted waiver of Congressional review requirements in order to permit it to take effect on the date indicated.

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 200 Bernal Road, Pleasanton, California. Send comments to: Mr. Clayton E. Brown, City Manager, City of Pleasanton, City Hall, 200 Bernal Road, Pleasanton, California 94566.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Pleasanton, California, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Alamo Canal.....	Interstate Highway 580—at centerline.	320
Arroyo De La Laguna.	Intersection of Hansen Drive and Calle Reynoso.	321

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street, SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

The following:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Rattlesnake Brook	Downstream of Maple Avenue.	318
Cherry Brook	Upstream of Barbourtown Road.	405

Should be corrected to read:

Rattlesnake Brook	Approximately 50 feet downstream of Maple Avenue.	318
Cherry Brook	Just downstream of Barbourtown Road.	405

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determination for the Village of Indian Head Park, Cook County, Illinois

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Village of Indian Head Park, Cook County, Illinois. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the national flood insurance program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Village Hall, Indian Head Park, Illinois. Send comments to: Mr. Jerry Cihak, Village President, Village of Indian Head Park, Village Hall, 201 Acacia Drive, Indian Head Park, Illinois 60525.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Village of Indian Head Park, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Flagg Creek	Southern corporate limits.	632
	About 200 feet upstream of 70th Place.	634
	About 200 feet upstream of Interstate 234.	637

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4123); and the Secretary's delegation of authority to Federal Insurance Administrator, 43 FR 7719.)

In accordance with Section 7(o)(4) of the Department of HUD Act, Section 324 of the Housing and Community Amendments of 1978, Pub. L. 95-557, 92 Stat. 2080, this proposed rule has been granted waiver of Congressional review requirements in order to permit it to take effect on the date indicated.

Issued: January 25, 1979.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Williamsburg, Hampshire County, Massachusetts. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the national flood insurance program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Town Clerk's Office, Williamsburg, Massachusetts. Send comments to: Mr. Robert L. Childs, Chairman of the Board of Selectmen, Williamsburg Town Office, Haydenville, Massachusetts 01039.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Williamsburg, Hampshire County, Massachusetts in accordance with section 110 of the Flood Disaster Protection Act of 1973

(Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Borough of Houston, Washington

County, Pennsylvania. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the national flood insurance program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Borough Building, Houston, Pennsylvania. Send comments to: Honorable Robert Spiller, Mayor of Houston, McNitt Street, Houston, Pennsylvania 15342.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410, 202-755-5581 or toll-free line 800-424-8872.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Borough of Houston, Washington County, Pennsylvania, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Chartlers Creek	Corporate Limits (Downstream)	932
	Conall Crossing	932
	Main Street (Upstream)	933
	Corporate Limits (Upstream)	933
Chartlers Run	Corporate Limits (Downstream)	954
	Elke Street (Upstream)	954
	Abandoned Bridge (Upstream)	954
	Corporate Limits (Upstream)	954

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Auburn, Washington, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Mill Creek.....	37th Street N.W.*.....	45
	15th Street N.W.—10 feet**.	55
	15th Street S.W.—50 feet**.	69
White River.....	Downstream Corporate Limits.	88
	R Street S.E.*.....	121
Green River.....	Upstream Corporate Limits.	91

*At centerline.

**Upstream from centerline.

Refundings of Industrial Development Bonds

AGENCY: Internal Revenue Service, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document contains a notice of proposed rulemaking which revises the notice of proposed rulemaking relating to refundings of industrial development bonds which was published on December 6, 1977, at 42 FR 61613. The amendment is intended to clarify the definition of a refunding issue. It affects purchasers and governmental issuers of industrial development bonds.

DATES: Written comments must be delivered or mailed by April 9, 1979. The amendment to the proposed regulations is effective as of the dates provided in paragraph (e)(8) of the proposed regulations published at 42 FR 61613, generally, November 4, 1977.

ADDRESS: Send comments to: Commissioner of Internal Revenue, Attention: CC:LR:T (LR-70-77), Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT:

David Dolan of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D.C. 20224, Attention: CC:LR:T, 202-566-3289, not a toll-free call.

SUPPLEMENTARY INFORMATION:

BACKGROUND

On December 6, 1977, the FEDERAL REGISTER published a notice of proposed rulemaking (42 FR 61613) relating to refundings of industrial development bonds. Paragraph (e)(6)(i) of the proposed regulations defines a re-

funding issue, generally, to be an issue the proceeds of which are used to pay principal, interest, or call premium on another issue or reasonable incidental costs of the refunding.

The amendment to the proposed regulations provides that for purposes of defining a refunding issue, "interest" does not include interest which may be chargeable to a capital account. Thus, for example, an issue is not a refunding issue if all of the proceeds are used to pay interest which may be chargeable to a capital account. This amendment has particular significance with respect to issues the proceeds of which are used to pay certain construction period interest on a prior issue.

This amendment to the proposed regulations is not intended to create any inference concerning the extent to which investment proceeds (for example, interest derived from investing the proceeds of an issue) are to be taken into account in determining whether "substantially all" of the proceeds of the issue are used for an exempt purpose. The Treasury Department has this question under active consideration.

COMMENTS

Before adopting the proposed regulations as amended, consideration will be given to any written comments that are submitted (preferably six copies) to the Commissioner of Internal Revenue. All comments will be available for public inspection and copying.

DRAFTING INFORMATION

The principal author of this amendment is David Dolan of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and the Treasury Department participated in developing the amendment on matters of both substance and style.

PROPOSED AMENDMENTS TO THE REGULATIONS

The proposed amendments to 26 CFR Part 1 are as set forth in the notice of proposed rulemaking published at 42 FR 61613 subject to the following change:

Paragraph (e)(6)(i) of § 1.103-7, as set forth in the notice of proposed rulemaking, is amended to read as follows:

§ 1.103-7 Industrial development bonds.

(e) *Refunding obligations; new rules.* * * *

(6) *Definitions.* (i) A refunding issue is an issue the proceeds of which are

used to pay principal, interest (other than interest which is chargeable to a capital account or would be so chargeable either with a proper election by a taxpayer or but for a proper election by a taxpayer to deduct such amounts), or call premium on another issue (the "prior issue") or reasonable incidental costs of the refunding (e.g., legal and accounting fees, printing costs, and rating fees). An issue is not a refunding issue for purposes of this paragraph if the prior issue had a term of less than 3 years and was sold in anticipation of permanent financing. However, the aggregate term of all issues sold in anticipation of the permanent financing may not exceed 3 years.

PENSION BENEFIT GUARANTY CORPORATION

[29 CFR Part 2618]

RULES FOR ADMINISTRATIVE REVIEW OF AGENCY DECISIONS

Proposed Rulemaking

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Proposed Rule.

SUMMARY: This proposed regulation sets forth the rules governing the issuance of most initial determinations by the Pension Benefit Guaranty Corporation (the "PBGC") and the procedures for requesting and obtaining administrative review by the PBGC of those determinations. Over the past four and one half years since the enactment of the Employee Retirement Income Security Act of 1974 ("ERISA"), the number of cases processed by the PBGC has increased substantially as it has placed into effect the program of pension plan termination insurance it administers under ERISA. One corollary of this increased activity by PBGC has been the increase in the number of requests by pension plan participants and employers who maintain pensions plans for administrative review by PBGC of its determinations. In order to facilitate the administrative review process, the PBGC proposes to publish rules governing the administrative review of its decisions. The intended effect of this proposed regulation is to insure that persons who are adversely affected by determinations of the PBGC are provided with an opportunity to present fully their positions to the PBGC

before a final decision is made by the agency.

DATES: Comments must be received on or before March 23, 1979.

ADDRESSES: Comments should be sent to: Office of the General Counsel, Pension Benefit Guaranty Corporation, Room 7200, 2020 K Street, NW., Washington, D.C. 20006. Copies of written comments will be available for examination in: Office of Communications, Pension Benefit Guaranty Corporation, Suite 7100, 2020 K Street, NW., Washington, D.C., between the hours of 9 a.m. and 4 p.m.

FOR FURTHER INFORMATION CONTACT:

Joan Segal, Staff Attorney, Office of the General Counsel, 2020 K Street, NW., Washington, D.C. 20006; 202-254-3010.

SUPPLEMENTARY INFORMATION:

BACKGROUND

The purpose of this proposed regulation is to establish procedures whereby persons who deal with the Pension Benefit Guaranty Corporation ("PBGC") can obtain administrative review by the PBGC of its decisions that affect them. These rules are set forth in a proposed new Part 2618 of the PBGC's regulations. In drafting these procedures, the PBGC has tried to keep them as simple as is possible consistent with providing fair and effective administrative review, in order to keep to a minimum the time and cost entailed in obtaining PBGC review of its decisions. While these procedures are, in part, a formalization of existing PBGC practices for reconsidering its decisions, the proposed regulation does include a new procedure for administrative appeals of certain decisions to a senior level Appeals Board within the PBGC. The PBGC hopes and expects that the procedures for obtaining administrative review proposed herein will be helpful to those persons and businesses having matters before the PBGC and will also assist the PBGC in reaching the proper resolution of the matters before it.

OVERVIEW OF THE REGULATION

The proposed regulation contains four subparts. Subpart A sets forth those matters which are subject to administrative review under this part, and also contains general provisions applicable to both the reconsideration and appeals processes. Subpart B deals with the requirements for initial determinations by the PBGC on matters covered by this regulation. A person who has received an initial determination by the PBGC, has not exhausted his or her administrative remedies, and thus may not challenge the deter-

mination in court, until he or she has pursued administrative review of the determination under the proposed regulation.

Subpart C sets forth the procedures for obtaining reconsideration of initial determinations and, as noted above, is largely a codification of PBGC's existing practices. Under the proposed regulation, a reconsideration is performed by the same office that made the initial determination, but the review is by a higher level official within the office. An exception to the principle of higher level review is that when an Office Director, (including the General Counsel or the Executive Director of the PBGC) makes the initial determination, he or she (or his or her designee) is also responsible for its reconsideration.

Finally, Subpart D establishes an Appeals Board within PBGC and sets forth the procedures for appealing certain determinations to that body. The Appeals Board consists of senior level officials of the PBGC (or their designees), and a person who made a decision being appealed is disqualified from serving on the Board. Not all determinations covered by this part are subject to appeal; some may only be reviewed through the reconsideration process. But those determinations that tend to involve more complex issues can be appealed in accordance with Subpart D. These determinations may also be reviewed under Subpart C, either exclusively or prior to an appeal, if the person affected so chooses.

SUBPART A—GENERAL PROVISIONS

Subpart A sets forth, in § 2618.1(b), those matters which are subject to the administrative review procedures of the proposed regulation. In brief, most determinations by the PBGC that have an actual impact on plan participants or on employers who maintain plans are covered by this part. Excluded from coverage are determinations that do not involve cases actually pending before the PBGC; determinations committed to PBGC discretion by Title IV of the Employee Retirement Income Security Act of 1974 ("ERISA" or the "Act"); and determinations that relate to the investigatory functions of the PBGC, such as a decision to issue a subpoena or a determination of the existence of a "reportable event" under § 4043 of ERISA. However, where the PBGC determines that it would be appropriate to do so, it will informally review, upon request, determinations that are not subject to this regulation.

SUBPART B—INITIAL DETERMINATIONS

Proposed Subpart B sets forth certain requirements with respect to the form and content of initial determinations by the PBGC that will facilitate

the process of administrative review. In brief, initial determinations covered by this part must be in writing and state the reasons for the determination (proposed §2618.12), and must contain notice of the right to seek reconsideration and/or to appeal the determination (proposed §2618.13).

SUBPART C—RECONSIDERATION OF INITIAL DETERMINATIONS

Anyone aggrieved by an initial determination covered by the proposed regulation may request reconsideration of the determination (proposed §2618.32). The request for reconsideration must be in writing, state the grounds for the request and the relief sought, and be filed within 30 days after the date of the initial determination, unless an extension of time to file within the 30-day period is requested and granted (proposed §2618.35). An extension of time may be requested when the person lacks information necessary to file a request for reconsideration or necessary to a decision whether to request reconsideration (proposed §§2618.5 and 2618.33). Requests for reconsideration will be handled by the office that made the initial determination. However, except for cases where the Office Director (including the Executive Director or the General Counsel) made the initial decision, the decision on reconsideration will be made by a higher ranking official within the office (proposed §2618.36(a)). Where the Office Director made the first determination, it is proposed that he or she (or his or her delegate) will make the decision on reconsideration.

Decisions on requests for reconsideration shall be in writing, state whether the relief requested is granted or denied, state the reason(s) for the decision, state that the person has exhausted his or her administrative remedies, and, if applicable, state that the person may appeal (proposed §2618.36(b)). If, within 90 days after the filing of a request for reconsideration, the person requesting reconsideration does not receive a decision and is not notified by PBGC that additional time is necessary, he or she shall be deemed to have exhausted his or her administrative remedies and may seek judicial review (proposed §2618.36(c)). A request for reconsideration may be summarily denied if it is not timely filed, unless good cause is shown, or if it fails to state the grounds upon which it is based (proposed §2618.36(d)).

SUBPART D—ADMINISTRATIVE APPEALS

Under this proposal, the administrative appeals procedure set forth in this subpart applies only to the following determinations by the PBGC: (1) Determinations that plans are not cov-

ered under section 4021 or section 4082(b) of the Act; (2) determinations under section 4022(a) with respect to benefit entitlement of participants and beneficiaries under covered plans; (3) determinations under section 4022(b) of the amount of guaranteed benefits of participants and beneficiaries under covered plans; (4) determinations of the amount of money subject to recapture pursuant to section 4045; (5) determinations of the amount of employer liability under section 4062; (6) determinations of the amount of contingent liability under section 4063; and (7) determinations of the amount of employer liability under section 4064 (proposed §2618.51).

It is hoped that the appeals procedure proposed herein will help assure that all parties affected by any of these determinations will be given ample opportunity to present fully their position to the PBGC before a final decision is made by the agency. It should be kept in mind that under the proposal, these matters may be reviewed by reconsideration under Subpart C. The person aggrieved may choose whether he wishes to seek review under only Subpart C or Subpart D or under both.

It is recognized that appeals from certain of the determinations listed above may call into question the constituent parts of those determinations. For example, an appeal of the amount of employer liability assessed under section 4062 may challenge the underlying determinations by PBGC of the amount of plan asset insufficiency or of employer net worth, or both.

Any person adversely affected by an initial determination by the PBGC or by a decision on a request for reconsideration involving the matters listed above may file an appeal (proposed §2618.52). Appeals must be filed within 45 days after the date of the determination or decision being appealed, unless the appellant requests an extension of time to file within the 45-day period and the request is granted. An extension of time may be requested when the person lacks information necessary to an appeal or to a decision whether to appeal (proposed §§2618.5, 2618.53).

An appeal must state the grounds on which it is based, i.e., the appellant must specify those findings in the initial determination with which he or she disagrees and state the reasons for his or her position. The appeal may also include additional information or data which the appellant believes is relevant and which was not previously presented to the PBGC. The appellant may request the opportunity to appear in person or through a representative before the Appeals Board

and to call witnesses (proposed §2618.55).

Under this proposal, an opportunity to appear before the Appeals Board and an opportunity to call witnesses will be permitted at the discretion of the Appeals Board. In general, an opportunity to appear will be permitted if the Appeals Board determines that there is a dispute as to a material fact; an opportunity to call witnesses will be permitted when the Appeals Board determines that witnesses will contribute to the resolution of a factual dispute (proposed §2618.56(b)). Any appearance permitted under this subpart may, at the discretion of the Appeals Board, be held before a hearing officer designated by The Board rather than before the Board itself (proposed §2618.56(a)).

The PBGC recognizes that several of the appealable determinations may affect numerous persons. For example, a determination with respect to a plan's requirements for entitlement to an early retirement benefit might affect all plan participants who had reached early retirement age but had not retired prior to plan termination, and thus many appeals of the determination may be filed. In such situations, in order to avoid a multiplicity of appeals involving the same issues, the proposed regulation provides that the Appeals Board may consolidate the appeals (proposed §2618.57(a)). In order to simplify and expedite the processing of consolidated appeals, the Appeals Board will instruct the appellants to choose one (or more) of their number to represent all of them. The designated representative will be responsible for all dealings with the Appeals Board, including personal appearances (proposed §2618.57(b)). The decision of the Appeals Board will be binding on all appellants whose appeals were consolidated in the appeal before the Board (proposed §2618.57(c)).

It is also possible with respect to some of the determinations that a decision favorable to the appellant might adversely affect another person. For example, if an employer appeals an employer liability determination, claiming that the plan's guaranteed liabilities were overstated because they included non-guaranteeable type benefits, a decision in the employer's favor would adversely affect a participant who was entitled to that benefit under the plan. In that event, the participant might then appeal the decision of the Appeals Board. In order to expedite final resolution of the controversy, the proposed regulation provides for the participation of the potentially affected third party in the original appeal. As proposed, the Appeals Board will make a reasonable effort to notify the participant of the pendency

of the appeal, allow the participant to submit comments on the appeal, and inform the participant that he or she may request the opportunity to appear before the Appeals Board and to call witnesses (proposed § 2618.58). If more than one third party might be adversely affected by the decision of the Appeals Board, all may participate in the appeal, but their participation may be consolidated in accordance with the provisions of § 2618.57. Whenever third parties participate in an appeal pursuant to § 2618.58, the decision of the Appeals Board is binding on them as well as on the appellant (proposed § 2618.60(d)).

Under the proposed regulation, the decision of the Appeals Board constitutes the final decision of the PBGC with respect to the determination appealed from. Decisions of the Appeals Board shall be in writing and state the bases therefor and the relief, if any, granted. If, within 120 days after the filing of the appeal, an appearance by the appellant or third party before the Board, or the submission of additional information requested by the Board, whichever is latest, the Appeals Board fails to act on an appeal and does not notify the appellant that additional time is necessary, the appellant shall be deemed to have exhausted his or her administrative remedies and may seek judicial review. The Appeals Board may summarily deny any appeal which is not timely filed, unless good cause is shown, or which fails to state the grounds upon which it is brought. These rules are set forth in proposed § 2618.60.

The PBGC has determined that this proposed rule is not a "significant regulation" according to the criteria prescribed by Executive Order 12044 and the PBGC's Statement of Policy and Procedures implementing the Order (43 F R 58237 (December 13, 1978)), because it deals generally with procedural matters that are not likely to engender substantial public interest or controversy, and it will not affect other Federal agencies, nor have a major economic impact.

In consideration of the foregoing, it is proposed to amend Chapter XXVI of Title 29, Code of Federal Regulations, by adding a new Part 2618 to read as follows:

PART 2618—RULES FOR ADMINISTRATIVE REVIEW OF AGENCY DECISIONS

AUTHORITY: Sec. 4002(b)(3), Pub. L. 93-406, 88 Stat. 1004 (29 U.S.C. 1302(b)(3), 1976)).

Subpart A—General Provisions

§ 2618.1 Purpose and scope.

(a) *Purpose.* This part sets forth the rules governing the issuance of all initial determination by the PBGC on cases pending before it involving the matters set forth in paragraph (b) of this section and the procedures for requesting and obtaining administrative review by the PBGC of those determinations. This part applies to the review of the initial determinations issued on or after the effective date of this part.

(b) *Scope.* This part applies to the following determinations made by the PBGC in cases pending before it:

(1) Determinations that a plan is covered under § 4021 or section 4082 (b) of the Act;

(2) Determinations with respect to premiums, interest and late payment penalties pursuant to section 4007 of the Act;

(3) Determinations with respect to voluntary terminations under section 4041, including whether the Notice of Intent to Terminate is valid and whether the plan is sufficient;

(4) Determinations with respect to allocation of assets under section 4044, including distribution of excess assets under section 4044(d);

(5) Determinations that a plan is not covered under section 4021 or section 4082(b) of the Act;

(6) Determinations under section 4022(a) with respect to benefit entitlement of participants and beneficiaries under covered plans;

(7) Determinations under section 4022(b) of the amount of guaranteed benefits of participants and beneficiaries under covered plans;

(8) Determinations of the amount of money subject to recapture pursuant to section 4045;

(9) Determinations of the amount of employer liability under section 4062;

(10) Determinations of the amount of contingent liability under section 4063; and

(11) Determinations of the amount of employer liability under section 4064.

§ 2618.2 Definitions.

As used in this part:

"Act" means the Employee Retirement Income Security Act of 1974.

"Aggrieved" means and describes any employer who maintains a covered plan or any participant or beneficiary under a covered plan who is adversely affected by a determination of the PBGC, or any employer who maintains a plan or any participant or beneficiary under a plan that PBGC has determined is not covered by Title IV of the Act.

"Appeals Board" means a board consisting of the General Counsel, the Director of the Office of Financial Operations, and the Director of the Office of Program Operations of the PBGC, or the designees of any of those persons, but not a person who made a decision that is appealable under Subpart D of this part.

"Appellant" means any person filing an appeal under Subpart D of this part.

"Director" or "Office Director" means the Director of any office of the PBGC and includes the Executive Director and the General Counsel.

"PNGC" means the Pension Benefit Guaranty Corporation.

"Person" means any individual or business entity, whether or not incorporated.

§ 2618.3 Filing of documents.

Any document required or permitted to be filed under this part is considered filed on the date it is received by the PBGC. Documents received after regular business hours are considered filed on the next regular business day.

§ 2618.4 Computation of time.

In computing any period of time prescribed or allowed by this part, the day of the act, event, or default from which the designated period of time begins to run is not counted. The last day of the period so computed shall be included, unless it is a Saturday, Sunday, or Federal holiday, in which

event the period runs until the end of the next day which is not a Saturday, Sunday, or a Federal holiday.

§ 2618.5 PBGC assistance in obtaining information; extension of time to file.

(a) *Requests for assistance in obtaining information.* A person who lacks information or data necessary to file a request for review pursuant to Subparts C or D of this part, or necessary to a decision whether to seek review, may request the PBGC's assistance in obtaining the information. The request shall state or describe the missing information or data, the reason why the person needs the information or data, and the reason why the person needs the assistance of the PBGC in obtaining the information. The request may also include a request for an extension of time to file pursuant to paragraph (b) of this section.

(b) *Requests for extension of time.* When a person lacks information or data necessary to file a request for review under Subparts C or D of this part or necessary to a decision whether to seek review, he or she may, within the time permitted to request review (see §§ 2618.33 and 2618.53), request an extension of time to file. The request for an extension shall state or describe the missing information or data, the reason why the person needs the information or data, and the amount of additional time requested for filing. The request for an extension of time may also include a request for assistance in obtaining the specified information pursuant to paragraph (a) of this section. The filing of a request for an extension shall stop the running of the period of time during which a request for review must be filed (see §§ 2618.33 and 2618.53). When a request for an extension of time is granted, the PBGC shall notify the person requesting the extension, in writing, of the amount of additional time granted. When a request for an extension is denied, the period of time prescribed in § 2618.33 or § 2618.53, as applicable, shall resume running from the date of denial.

(c) *Where to file.* Requests filed pursuant to paragraphs (a) and (b) of this section in connection with requests for reconsideration shall be submitted to the Director of the office within the PBGC that issued the initial determination. Requests filed pursuant to paragraphs (a) and (b) of this section in connection with appeals shall be submitted to the Appeals Board, Pension Benefit Guaranty Corporation, 2020 K Street, NW., Washington, D.C. 20006.

§ 2618. Request for confidential treatment.

If any person filing a document with the PBGC believes that some of all of the information contained in the document is exempt from the mandatory public disclosure requirements of the Freedom of Information Act, 5 U.S.C. 552, he or she shall specify the information with respect to which confidentiality is claimed and the grounds therefor.

§ 2618.7 Exhaustion of administrative remedies.

Except as provided in §§ 2618.36(c) and 2618.60(c), a person aggrieved by determination of the PBGC covered by this part has not exhausted his or her administrative remedies until he or she has filed a request for reconsideration under Subpart C of this part or an appeal under Subpart D of this part and a decision granting or denying the relief requested has been issued by the PBGC.

Subpart B—Initial Determinations

§ 2618.11 Purpose and scope.

This subpart sets forth rules governing the issuance of all initial determinations of the PBGC on matters covered by this part.

§ 2618.12 Form of initial determinations.

All determinations to which this subpart applies shall be in writing and shall state the reason for the determination.

§ 2618.13 -Notice of right to review.

All initial determinations to which this subpart applies shall contain notice of the right to request review of the determination pursuant to Subpart C or Subpart D of this part, as applicable, and a brief description of the procedures for requesting review.

Subpart C—Reconsideration of Initial Determinations

§ 2618.31 Purpose and scope.

This subpart establishes procedures governing the reconsideration by the PBGC of all initial determinations covered by this part.

§ 2618.32 Who may request reconsideration.

Any person aggrieved by an initial determination of the PBGC to which this subpart applies may request reconsideration of the determination.

§ 2618.33 When to request reconsideration.

Except as provided in § 2618.5, a request for reconsideration must be filed within 30 days after the date of the initial determination of which reconsideration is sought.

§ 2618.34 Where to submit request for reconsideration.

A request for reconsideration shall be submitted to the Director of the office within the PBGC that issued the initial determination.

§ 2618.35 Form and contents of request for reconsideration.

A request for reconsideration shall—

- (a) Be in writing;
- (b) Be clearly designated as a request for reconsideration;
- (c) Contain a statement of the grounds for reconsideration and the relief sought; and
- (d) Reference all pertinent information already in the possession of the PBGC and include any additional information believed to be relevant.

§ 2618.36 Final decision on request for reconsideration.

(a) Final decisions on requests for reconsideration will be issued by the same office of the PBGC that issued the initial determination, and, except as provided in the following sentence, by an official whose level of authority in that office is higher than that of the person who issued the initial determination. When an initial determination is issued by an Office Director, the Office Director (or an official designated by the Office Director) will issue the final decision on request for reconsideration.

(b) The final decision on a request for reconsideration shall be in writing, state whether the relief requested is granted, denied, or granted in part and denied in part, state the reason(s) for the decision, state that the person has exhausted his or her administrative remedies, and, where applicable, state that the person may appeal the decision pursuant to Subpart D of this part and briefly describe the procedures for an appeal.

(c) If, within 90 days after the date the request for reconsideration was filed, the person requesting reconsideration does not receive a decision and is not notified that additional time is necessary, he or she shall be deemed to have exhausted his or her administrative remedies and may seek judicial review.

(d) A request for reconsideration may be summarily denied if:

- (1) It is not filed in a timely manner, unless good cause is shown; or
- (2) It is defective on its face for failure to state the grounds upon which it is based.

A summary denial shall be in writing and shall state the basis therefor.

Subpart D—Administrative Appeals

§ 2618.51 Purpose and scope.

This subpart establishes procedures governing administrative appeals from

initial determinations or from decisions on reconsideration, relating to the matters set forth in § 2618.1(b)(5)(11). Any person who is aggrieved by an initial determination relating to a matter covered by this subpart may seek review of that determination either under Subpart C of this part, or under this subpart, or under first Subpart C and then this subpart.

§ 2618.52 Who may appeal or participate in appeals.

Any person aggrieved by an initial determination or a decision on reconsideration to which this subpart applies may file an appeal. Any person who may be aggrieved by a decision under this subpart granting the relief requested may participate in the appeal in the manner provided in § 2618.58.

§ 2618.53 When to file.

Except as provided in § 2618.5, an appeal under this subpart must be filed within 45 days after the date of the initial determination or decision on reconsideration being appealed.

§ 2618.54 Where to file.

An appeal or a request for extension of time to appeal shall be submitted to the Appeals Board, Pension Benefit Guaranty Corporation, 2020 K Street, N.W., Washington, D.C. 20006.

§ 2618.55 Contents of appeal.

- (a) An appeal shall—
- (1) Be in writing;
 - (2) Be clearly designated as an appeal;
 - (3) Contain a statement of the grounds upon which it is brought and the relief sought;
 - (4) Reference all pertinent information already in the possession of the PBGC and include any additional information believed to be relevant;
 - (5) State whether the appellant desires to appear in person or through a representative before the Appeals Board; and
 - (6) State whether the appellant desires to call witnesses to testify before the Appeals Board, and if so, state why the presence of witnesses will further the decision-making process.
- (b) In any case where the appellant believes that another person may be aggrieved if the PBGC grants the relief sought, the appeal shall also include the name(s) and address(es) (if known) of such other person(s).

§ 2618.56 Opportunity to appear and to call witnesses.

(a) At the discretion of the Appeals Board, any appearance permitted under this subpart may be before a hearing officer designated by the Appeals Board.

(b) An opportunity to appear before the Appeals Board (or a hearing officer) and an opportunity to call witnesses will be permitted at the discretion of the Appeals Board. In general, an opportunity to appear will be permitted if the Appeals Board determines that there is a dispute as to a material fact; an opportunity to call witnesses will be permitted when the Appeals Board determines that witnesses will contribute to the resolution of a factual dispute.

(c) Appearances permitted under this section will take place at the main offices of the PBGC, 2020 K Street, N.W., Washington, D.C., unless the Appeals Board, in its discretion, designates a different location, either on its own initiative or at the request of the appellant.

§ 2618.57 Consolidation of appeals.

(a) *When consolidation may be required.* Whenever multiple appeals are filed that arise out of the same or similar facts and seek the same or similar relief, the Appeals Board may, in its discretion, order the consolidation of all or some of the appeals.

(b) *Representation of parties.* Whenever the Appeals Board orders the consolidation of appeals, it shall order the appellants to designate one (or more, if the Board so determines) of their number to represent all of them for all purposes relating to their appeals. If the appellants are unable to agree upon a representative, one shall be designated by the Board.

(c) *Decision by Appeals Board.* The decision of the Appeals Board in a consolidated appeal shall be binding on all appellants whose appeals were subject to the consolidation.

§ 2618.58 Appeals affecting third parties.

Whenever the Appeals Board determines that a third person may be aggrieved by a decision of the Board granting the relief requested in an appeal pending before it, the Appeals Board shall make a reasonable effort to notify such person in writing of the pendency of the appeal, of the grounds on which it is based, of the right to submit written comments on the appeal and to request an opportunity to appear in person or through a representative before the Appeals Board and to call witnesses. Written comments and a request to appear before the Appeals Board must be filed within 30 days after the date of the notice from the Appeals Board. If more than one third party is involved, the notification shall also advise the parties that their participation in the appeal may be consolidated pursuant to the provisions of § 2618.57.

§ 2618.59 Powers of the Appeals Board.

In addition to the powers specifically described in this part, the Appeals Board is authorized to require the submission of any information it considers necessary to resolve a matter before it and to enter any order it considers necessary for or appropriate to the disposition of any matter before it.

§ 2618.60 Decision by Appeals Board.

(a) In reaching its decision, the Appeals Board shall consider those portions of the file relating to the initial determination, all material submitted by the appellant and any third parties in connection with the appeal, any additional information submitted by PBGC staff, and, if applicable, the decision on reconsideration.

(b) The decision of the Appeals Board shall be in writing, state the bases for the decision, including a brief statement of the facts or legal conclusions supporting the decision, and specify the relief granted, if any.

(c) If, within 120 days after the filing of the appeal, a personal appearance by the appellant, a third party or the appellant's or third party's representative before the Board, or the submission of any additional information requested by the Appeals Board, whichever is latest, the Appeals Board fails to act on the appeal and does not notify the appellant that additional time is necessary, the appellant shall be deemed to have exhausted his or her administrative remedies and may seek judicial review.

(d) The decision of the Appeals Board constitutes the final agency action by the PBGC with respect to the determination or decision which was the subject of the appeal and is binding on all parties who participated in the appeal.

(e) The Appeals Board may, in its discretion, summarily deny in writing, stating the basis therefor, any appeal which:

- (1) Is not filed in a timely manner, unless good cause is shown; or
- (2) Is defective on its face for failure to state the grounds upon which it is brought.

Issued at Washington, D.C., on this 1st day of February 1979.

MATTHEW M. LIND,
Executive Director, Pension
Benefit Guaranty Corporation.

REGULATIONS AFFECTING MILITARY RESERVATIONS

Real Estate Claims Founded Upon Contract

AGENCY: Department of the Army, DOD.

ACTION: Proposed rule.

SUMMARY: The Department of the Army is revising its regulation concerning the policies and responsibilities on Real Estate Claims Founded Upon Contract. The regulation was rewritten to update the content and to make the text of the document easier to read and understand.

DATE: Comments must be received on or before March 7, 1979.

Mr. William P. Bannister (202) 693-6175.

NOTE.—The Corps of Engineers has determined that the document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Dated: January 23, 1979.

THORWALD R. PETERSON,
Colonel, Corps of Engineers, Executive Director, Engineer Staff.

In consideration of the above, it is proposed to amend 32 CFR § 552.16 to read as set forth below:

§ 552.16 Real estate claims founded upon contract.

(a) Purpose. This regulation provides guidance in investigating and processing contractual claims involving real estate which are to be settled and adjusted by GAO according to the authority in paragraph (c) of this section.

(b) Applicability. This regulation applies to—

(1) The active Army, Army National Guard, and the U.S. Army Reserve.

(2) The contractual claims for—
(i) Rent and payments for janitor, custodial, utility, and other similar contractual services.

(ii) Permanent or recurring damages to real property situated in the United States or its territories, resulting in

the Government taking of an interest in real estate for which compensation must be made according to the Fifth Amendment to the Constitution.

(c) Statutory provision (except as otherwise provided by law). All claims and demands whatever by the Government of the United States or against it, and all accounts whatever in which the Government of the United States is concerned, either as debtor or creditor, shall be settled and adjusted in the General Accounting Office (GAO) (31 U.S. Code 71). The GAO discharges its settlement and adjusting responsibilities—

(1) Through the audit of transactions after payment.

(2) By adjudication before payment is made or denied.

(d) Claims not payable. The classes of claims that are not payable according to the authority in paragraph (c) of this section are—

(1) Damages to real property sounding in tort and not constituting a taking.

(2) Damages arising in foreign countries which could not be settled under Chapter 10, AR 27-20, if otherwise applicable, because they—

(i) Result from combat activities.

(ii) Are waived or assumed by a foreign government.

(iii) Are brought by a foreign national excluded in paragraph 10-8b(1), AR 27-20.

(3) Claims which must be settled by some other procedure according to statute, determination of GAO, or provision in the contract on which the claim is founded.

(e) Claims payable under contract. When claims are founded on express or legally implied provisions of an existing written contract, and if liability and the amount thereof are certain and agreed between the parties, they should be paid according to the contract or supplemental agreement thereto. Rental claims based on still-continuing Government use and occupancy not under lease may be avoided by negotiation of a lease effective from the date Government occupancy begins.

(f) Claims cognizable under other regulations.

(1) The procedure believed to be in the best interest of the Government should be followed if a claim under this regulation is also cognizable under—

(i) Chapter 3, AR 27-20 as a claim for damages incident to noncombat activities of the Army.

(ii) Chapter 10, AR 27-20 as a foreign claim.

(2) If a real estate claim under this regulation includes an incidental claim for damages to personal property not founded on contract, the entire claim may be—

(i) Processed under this regulation.

(ii) Processed separately under other regulations, believed to be in the best interest of the Government.

(g) Claims to be submitted. Section 5 of title 4, GAO Manual for Guidance of Federal Agencies (cited as 4 GAO 5.1) lists the following categories of claims of a contractual nature to be submitted for settlement (letters of transmittal will indicate the applicable category):

(1) Claims involving doubtful questions of law or fact. This will include any claims based upon a taking and contractual claims which could be settled administratively except for the doubt.

(2) Claims required by statute, regulation, or decision of the Comptroller General to be submitted.

(3) Reclaims of items for which payment under contract has been administratively denied, unless it is determined administratively that the action taken was clearly in error and properly can be corrected by the agency which denied the claim.

(4) Claims barred by statute of limitation. These claims may be forwarded without investigation, except when needed to establish time of accrual.

(h) Time for filing claims. Claims cognizable by GAO are barred if not received in that office within 6 years after the date of accrual. A claim which may be barred in the near future should be transmitted directly, preferably within 4 years of the date of accrual, to GAO for filing, with a request that it be returned for further processing.

(i) Procedures. (1) Claims for investigation and report will be forwarded to the office of the Division of District Engineer having real estate responsibility over the area in which the involved real property is located. In the absence of such an office, the claims will be forwarded to the command responsible for the lease or other contract on which the claim is founded.

(2) The responsible office—

(i) Will appoint a claims officer to conduct the investigation and prepare the report as outlined in AR 27-20.

(ii) When appropriate, may request a command more conveniently located to appoint the claims officer.

(iii) Will have a staff attorney or staff judge advocate review the completed report.

(iv) Will approve or disapprove the report.

(v) Will forward the report (in three copies) through channels to the Chief of Engineers (HQDA (DAEN-REM) WASH DC 20314).

(3) The report will include—

(i) The original signed claim, preferably but not necessarily on Standard Form 95 (Claim for Damage or

Injury). It will be itemized when applicable, and for a sum certain.

(ii) Any supporting evidence the claimant desires to submit.

(iii) A certified voucher, stating the citation of funds to be charged if the responsible office submitting the claim recommends payment in whole or in part.

(4) The letter of transmittal will include—

(i) A brief statement of the essential facts giving rise to the claim.

(ii) The category in paragraph 7 under which the claim is forwarded for settlement by GAO under 31 U.S. Code 71.

(iii) A recommendation for allowance or disallowance with justification.

(iv) Fiscal information required by paragraph 11-51, AR 37-103, including a citation of funds to be charged if payment is made.

(v) A statement that the claim has not been and will not be paid except according to certification in the name of the Comptroller General.

STATE AND FEDERAL ADMINISTRATIVE ORDERS PERMITTING A DELAY IN COMPLIANCE WITH STATE IMPLEMENTATION PLAN REQUIREMENTS

Proposed Approval of an Administrative Order
Issued By Minnesota Pollution Control
Agency to Metropolitan Wastewater Treatment
Plant

AGENCY: U.S. Environmental Protection
Agency.

ACTION: Proposed Rule.

SUMMARY: U.S. EPA proposes to approve an Administrative Order issued by the Minnesota Pollution Control Agency to Metropolitan Wastewater Treatment Plant (Metro plant). The Order requires the company to bring air emissions from its Sludge Processing and Disposal Plant in St. Paul, Minnesota, into compliance with certain regulations contained in the federally approved Minnesota State Implementation Plan (SIP) by July 1, 1979. Because the Order has been issued to a major source and permits a delay in compliance with provisions of the SIP, it must be approved by U.S. EPA before it becomes effective as a Delayed Compliance Order under the Clean Air Act (the Act). If approved by U.S. EPA, the Order will constitute an addition to the SIP. In addition, a

source in compliance with an approved Order may not be sued under the Federal enforcement or citizen suit provisions of the Act for violations of the SIP regulations covered by the Order. The purpose of this notice is to invite public comment on U.S. EPA's proposed approval of the Order as a Delayed Compliance Order.

DATE: Written comments must be received on or before March 8, 1979.

ADDRESSES: Comments should be submitted to Director, Enforcement Division, U.S. EPA, Region V, 230 South Dearborn Street, Chicago, Illinois 60604. The State Order, supporting material, and public comments received in response to this notice may be inspected and copies (for appropriate charges) at this address during normal business hours.

SUPPLEMENTARY INFORMATION: Metro Plant operates a Sludge Processing and Disposal plant at St. Paul, Minnesota. The Order under consideration addresses emissions from filtration and incineration Buildings #1 and #2 (F & I Building #1 and F & I Building #2) at the facility, which are subject to APC-7(b)(1)(cc), APC-7(b)(2) and APC-11(b). The regulations limit the emission of particulate matter and visible emissions, and are part of the federally approved Minnesota State Implementation Plan. The Order requires compliance with the regulations by July 1, 1979 through installation of impingement type scrubbers, induced draft fans and all auxiliary appurtenances and equipment on F & I Building #1. The emissions from F & I Building #2 will be abated to achieve compliance with regulations by the effective date of the agreement.

Because this Order has been issued to a major source of particulate matter and visible emissions and permits a delay in compliance with the applicable regulation, it must be approved by U.S. EPA before it becomes effective as a Delayed Compliance Order under Section 113(d) of the Act. U.S. EPA may approve the Order only if it satisfies the appropriate requirements of this subsection.

If the Order is approved by U.S. EPA, source compliance with its terms would preclude Federal enforcement action under Section 113 of the Act against the source for violations of the regulations covered by the Order during the period the Order is in effect. Enforcement against the source under the citizen suit provision of the Act (Section 304) would be similarly

precluded. If approved, the Order would also constitute an addition to the Minnesota SIP.

All interested persons are invited to submit written comments on the proposed Order. Written comments received by the date specified above will be considered in determining whether U.S. EPA may approve the Order. After the public comment period, the Administrator of U.S. EPA will publish in the FEDERAL REGISTER the Agency's final action on the Order in 40 CFR Part 65.

STATE OF MINNESOTA, COUNTY OF RAMSEY

MINNESOTA POLLUTION CONTROL AGENCY

Stipulation Agreement

In the Matter of the Metropolitan
Wastewater Treatment Plant.

A. RECITALS

1. *Parties.* The parties to this Stipulation Agreement are the Minnesota Pollution Control Agency, hereinafter the "Agency," the Metropolitan Waste Control Commission, hereinafter the "Commission," and the Metropolitan Council, hereinafter, the "Council."

2. *Commission Authority.* The Commission, together with the Council, is charged with the power and duty to take over, acquire, construct, operate, and maintain all interceptors and treatment works necessary for the collection, treatment and disposal of sewage in the metropolitan area. This authority is specifically described in Minn. Stat. § 473.501 *et seq.* (1976).

3. *Council Authority.* The Council is charged with the responsibility for review and approval of the actions of the Commission with respect to its policy plan, capital funding and development programs. Without Council review and approval in each of the foregoing areas, the Commission may not proceed with any capital improvement.

4. *Metropolitan Wastewater Treatment Plant Operations.* One of the plants that the Commission operates and maintains is the Metropolitan Wastewater Treatment Plant (hereinafter Metro Plant) located near Pig's Eye Lake, St. Paul, Ramsey County, Minnesota. The Metro Plant uses the activated sludge process of wastewater treatment. Sludge processing and disposal are accomplished primarily by sludge thickening, sludge holding, vacuum filtration and incineration. Filtration and incineration occur in two buildings called F&I Building No. 1 (hereinafter F&I No. 1) and F&I Building No. 2 (hereinafter F&I No. 2). Emissions of particulate matter occur from both F&I No. 1 and F&I No. 2.

5. *Agency Authority.* The Agency is charged with overall power and duties to administer and enforce all laws, including, but not limited to, standards, regulations, and stipulation agreements relating to the prevention, control or abatement of air pollution in the State. This authority is specifically described in Minn. Stat. chs. 115 and 116 (1976).

6. *Regulations.* The Agency, after legal notice and hearing thereon, adopted and has filed in the Office of the Secretary of State air pollution control regulations that have the force and effect of law and general application throughout the State of Minnesota.

7. *Duty.* It is the duty of every person affected to comply with the provisions of the State air pollution control laws, as now in force or hereafter amended, and all regulations adopted by the Agency thereunder, and to do and perform all acts and things within such person's power required to effectuate, carry out, and accomplish the purposes of such laws and regulations.

8. *Violations.* The Agency finds that, in the operation of the Metro Plant in St. Paul, Minnesota, the Commission and the Council have violated and are violating the following air pollution control regulations:

a. Minn. Reg. APC 28(b)(1)(cc) (APC 7(b)(1)(cc) of the Minnesota Implementation Plan):

No owner or operator of an existing sewage sludge incinerator shall cause to be discharged into the atmosphere from the sewage sludge incinerator any gases which * * * [c]ontain particulate matter in excess of 0.1 gr/dsF corrected to 12 percent CO₂ if the incinerator has a burning capacity of greater than 2000 pounds per hour.

b. Minn. Reg. APC 28(b)(2) (APC 7(b)(2) and 11(b) of the Minnesota Implementation Plan):

No owner or operator of an existing sewage sludge incinerator shall cause to be discharged into the atmosphere from the incinerator any gases which exhibit greater than 20 percent opacity, except that a maximum of 40 percent opacity shall be permissible for four minutes in any 60 minute period.

9. *U.S. Environmental Protection Agency.* On December 7, 1977, the U.S. Environmental Protection Agency (U.S. EPA) issued a notice of violation to the Commission (attached hereto as Exhibit A) alleging violations of the Minnesota Implementation Plan. After a number of meetings, U.S. EPA has agreed that this matter can be settled by agreement between the Agency, Commission, and the Council subject to U.S. EPA approval as provided in 42 U.S.C. 7413(d).

B. AGREEMENT

NOW, THEREFORE, for the purposes of achieving compliance with applicable air pollution control laws and regulations at the Metro Plant and of settling the claims of the parties to this Stipulation Agreement regarding the violations alleged in section A.8., it is hereby agreed and stipulated as follows:

1. *Commission*

a. *Air Pollution Control Equipment: P&I Building No. 1.* The Commission shall abate the emissions from P&I No. 1 to achieve compliance with Minn. Reg. APC 28(b)(1)(cc) and (b)(2) and the Minnesota Implementation Plan no later than July 1, 1979. The Commission shall install impingement type scrubbers, induced draft fans and all auxiliary appurtenances and equipment and shall perform the following acts relative to the installation of this equipment on or before the dates specified:

- (1) Commence installation of equipment: July 15, 1978.
- (2) Complete installation of equipment: June 25, 1979.

(3) Conduct emission source compliance test after installation of equipment with Agency approved testing personnel and report thereon to the Agency: July 1, 1979.

b. *Air Pollution Control Equipment: P&I Building No. 2.* The Commission shall abate the emissions from P&I No. 2 to achieve compliance with Minn. Reg. APC 28(b)(1)(cc) and (b)(2) and the Minnesota Implementation Plan by the effective date of this agreement. In addition, the Commission shall apply for an operating permit for the pollution abatement equipment.

c. *Interim Abatement Requirements.* The Commission shall comply with the following requirements which have been determined to be the best practicable interim system of emission reduction until P&I Building No. 1 has achieved compliance as provided elsewhere in this agreement:

The Commission shall maintain in good working order and operate as efficiently as possible the incinerators and existing air pollution abatement equipment for the purpose of reducing emissions to the maximum extent. This condition shall not be construed to require that the incinerators be operated as less than design capacity.

d. *Testing.* The Commission shall conduct continuous emission source monitoring of P&I Building No. 1 and Building No. 2. The Commission shall submit a plan to perform this monitoring which shall be subject to the approval of the Director and Region V, U.S. EPA.

e. *Reporting.* The Commission shall submit quarterly reports beginning October 1, 1978, to the Agency detailing progress made with respect to the installation of equipment required by paragraph (B)(1)(a).

2. *Council.* The Council shall perform all actions necessary to allow the Commission to proceed with the commitments contained in part B.1. of this agreement in a timely fashion. The Council represents that as of the date of this agreement it has performed all such actions.

3. *Commission and Council*

a. *Other Duties.* The Commission and the Council shall perform such other acts as are necessary to carry out the terms of this Stipulation Agreement.

b. *Noncompliance Penalties.* The Commission and the Council agree that this Stipulation Agreement shall serve as notice to each of them that this Stipulation Agreement does not release them from the assessment of noncompliance penalties as they may be applicable, pursuant to Section 120 of the Clean Air Act, in the event they fail to comply with all applicable air pollution control laws and regulations by July 1, 1979.

c. *Liquidated Damages.* In settlement of the claims of the parties without any admissions of violation or liability, the Commission and the Council agree to pay into the Treasury of the State of Minnesota as liquidated damages the sum of five thousand dollars (\$5,000). This amount shall be paid within 30 days of the effective date of this agreement. This payment shall not be construed to prohibit an action for civil penalties, expenses, or damages for any violation of this agreement.

A. *Agency.* a. In consideration of the performance of the terms, covenants and agreement contained herein by the Commission and the Council, the Agency agrees that for such period of time as the Commission and the Council are in compliance with the terms of this Stipulation Agreement, it shall stand in lieu of administrative, legal

and equitable remedies available to the Agency regarding the alleged violations of Minn. Reg. APC 28(b)(1)(cc) and (b)(2) and the Minnesota Implementation Plan by the Commission and the Council at the Metro Plant which have occurred prior to the effective date of this Stipulation Agreement and which will occur from P&I No. 1 during the term of this Stipulation Agreement.

b. Upon compliance by the Commission and the Council with applicable laws, regulations and standard of the Agency, and upon proper applications by the Commission and the Council, the Agency shall issue appropriate installation and operating permits with respect to the air pollution control equipment and emission facilities at the Metro plant.

5. *General Conditions*

a. *Commission and Council Funding.* The Commission and the Council may use any funding method available to them, including federal and state construction grants, to finance the installation of air pollution control equipment required by section B.1.a. of this Stipulation Agreement. However, nonavailability of federal and state construction grant funding shall not relieve the Commission or the Council from any requirement imposed by the terms of this Stipulation Agreement.

b. *Operation and Maintenance.* All equipment installed to achieve compliance with the terms of this agreement shall be maintained in good working order and operated as efficiently as possible.

c. *Remedies of the Parties.* It is intended that the terms of this Stipulation Agreement shall be legally enforceable by any of the parties in a court of competent jurisdiction and each of the parties retains the right to assert any legal, equitable, or administrative right of action or defense which may be available by law in order to implement or enforce the terms of this Stipulation Agreement.

d. *Liability and Obligation.* This Stipulation Agreement shall not release the Commission or the Council from any liability or obligation imposed by Minnesota Statutes, regulations or local ordinances now in effect or which may be hereinafter adopted except as specifically set forth in section B.4.a. above. In addition, this Stipulation Agreement shall not relieve the Commission or the Council from compliance with any requirements imposed by the Minnesota Implementation Plan, U.S. EPA, the Agency, or the courts pursuant to Minn. Stat. § 116.11 (1976) or 42 U.S.C. 7603 during any period of imminent and substantial danger to the health or welfare of persons.

e. *Agency Monitoring.* The Commission and the Council shall allow the Agency or any authorized member, employee, or agent thereof upon presentation of credentials, access at reasonable times to the property and facilities of the Commission and the Council to obtain such information and documentation as authorized by Minn. Stat. § 116.091 (1976) which is relevant to making a determination that the Commission and the Council are in compliance with the terms of this Stipulation Agreement.

f. *Effective Date.* This agreement shall not be effective until approved by U.S. EPA pursuant to 42 U.S.C. § 7413. Upon such approval this agreement shall become part of the Minnesota Implementation Plan.

g. *Successors.* This Stipulation Agreement shall be binding upon the Commission, its successors and assigns, upon the Council, its

successors and assigns, and upon the Agency, its successors and assigns.

h. *Emergency Powers*: Nothing in this Stipulation Agreement shall prevent the Agency from exercising emergency power pursuant to Minn. Stat. § 1161.11 (1976) in the event conditions warranting such action should arise.

i. *Amendments*. This agreement may be amended in writing at any time by the agreement of the parties.

Dated: July 18, 1978.

**FEDERAL COMMUNICATIONS
COMMISSION**

[47 CFR Part 73]

[BC Docket No. 78-309]

**NETWORK REPRESENTATION OF TV STATIONS
IN NATIONAL SPOT SALES**

Order extending time for filing reply comments

AGENCY: Federal Communications Commission.

ACTION: Extension of time for filing reply comments in rulemaking proceeding.

SUMMARY: This action, taken at the request of the petitioner whose petition led to the rulemaking proceeding, extends from January 31, 1979 to February 9, 1979, the time for reply comments in BC Docket 78-309, in which the FCC will consider changes in § 73.658(i) of its rules, which bars TV stations from using as their national sales representatives an organization owned by or associated with the network with which the station is affiliated.

DATES: Reply comments must be received on or before February 9, 1979.

ADDRESSES: Federal Communications Commission, Washington, D.C. 20554.

**FOR FURTHER INFORMATION
CONTACT:**

John H. Bass, Jr., Office of Network Study (Broadcast Bureau), Area: 202 632-6339.

Adopted: January 29, 1979.

Released: January 30, 1979.

In the matter of amendment of § 73.658(i) of the Commission's rules, concerning Network Representation of TV stations in National Spot Sales, Request of Spanish International Network (SIN) for waiver of § 73.658(i) BC Docket No. 78-309. See also 43 FR 59404, December 20, 1978.

1. Reply comments in this proceeding are now due January 31, 1979. By letter request dated January 19, 1979, Spanish International Network (the original petitioner herein) asks that the time for replies be extended about 10 days, or to and including February 9, 1979.

2. In support of its request, petitioner states that initial comments were filed by numerous parties, several taking positions contrary to that of Spanish International. It is stated that while one extension of time for replies has already been granted, an additional brief period is needed to prepare a complete and meaningful response of maximum benefit to the Commission. Petitioner states that counsel for all commenting parties have been contacted and indicate that they will not oppose the requested extension to February 9.

3. It appears that good cause exists for additional time in which to file reply comments, and that the requested additional period will not significantly delay resolution of the proceeding. *Accordingly, it is ordered*, That the time for filing reply comments in this proceeding is extended to and including February 9, 1979.

This action is taken pursuant to delegated authority contained in § 0.281 of the Commission's rules.

WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

CIVIL AERONAUTICS BOARD

[Order 99-191; Dockets 33223, 33462, 33548, 33948]

FEDERAL EXPRESS CORP., ET AL

Applications Concerning Certificates of Public Convenience and Necessity; Order To Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 31st day of January, 1979.

Federal Express Corporation has filed an application for a certificate of public convenience and necessity to transport passengers, property and mail on a permissive basis between Chicago's Midway Airport and the following points: Cleveland, Detroit, Kansas City, Minneapolis/St. Paul, Pittsburgh and St. Louis. It has also submitted a petition for show cause order with extensive supporting exhibits.

On September 18, 1978, Wright Air Lines filed an application for a certificate amendment in which it seeks authority between Chicago (Midway) and Cleveland and Detroit. It also filed a petition for show-cause procedures, accompanied by the required supporting exhibits.

On September 25, 1978, Frontier Airlines filed an application for authority between Chicago (Midway) and the following cities: Cleveland, Detroit, Kansas City, Minneapolis/St. Paul, Pittsburgh and St. Louis. It also filed a motion to consolidate its application with the pending application of Federal Express. It provided no supporting exhibits.^{1 2}

Answers in support of the Federal Express application were filed by Delta Air Lines,² Frontier Airlines,³ and the Illinois Department of Trans-

¹Docket 33548.

²On December 21, 1978, Frontier filed a motion to dismiss its application. We will grant the motion, and dismiss its pending motions to consolidate its application with this case.

³Delta supports Federal Express application for all markets involved in the *Chicago-Midway Low Fare Route Proceeding*, Docket 30277 (*Midway D*) except Midway-St. Louis. It objects to granting Federal Express authority there since it currently is the lone certified carrier providing service and states that the market is now well served.

⁴Frontier's support is conditioned on favorable consideration of its own application.

portation.⁴ Answers in opposition were filed by American Airlines⁵ and Midway Airlines.⁶ On November 6, 1978, Ozark Air Lines filed an application for certificate amendment and a motion to consolidate with this case.⁷

An answer in support of Wright's application was filed by the Cleveland Parties.⁷ Wright's application is opposed by American⁸ Trans World Airlines and Midway Airlines.⁹ On October 5, 1978, Wright filed a motion for leave to file an unauthorized document and its consolidated reply to the arguments raised by the carriers opposing its application.¹⁰ Federal Express filed a similar motion and pleading.^{11 12}

TWA challenges the applications on two grounds. First, it argues that our *Midway I* decision, to the extent that it is based on free entry and reliance on the marketplace, is inconsistent with the Federal Aviation Act. Second, TWA disputes our ability to use show-

⁴The Illinois DOT suggests that any authority granted Federal Express be effective no earlier than October 1, 1979, so as to insure Midway Airlines of a *de facto* protective corridor in the Midway markets, thereby reducing Midway Airlines' early start-up risks.

⁵American suggests that consolidation of both the Federal Express and Wright applications with the *Chicago-Midway Expanded Service Proceeding* Docket 33019 (*Midway II*) is the proper method of considering these applications. Alternatively, it requests that it receive similar authority contemporaneously with that sought by those two applicants, should we view show-cause procedures as proper for this case.

⁶Midway requests that we either deny Federal Express' application outright or defer action until we decide the *Midway II* case. It argues that we should elect one of these courses of action in view of the potentially harmful effects on Midway's ability to obtain financing if another carrier is authorized for the *Midway I* markets.

⁷Docket 33948. We will grant the motion. Federal Express objected to consolidation.

⁸The City of Cleveland and the Greater Cleveland Growth Association.

⁹American filed a consolidated answer to the applications of Federal Express and Wright.

¹⁰Midway's objections to Wright's application are the same as those for Federal Express', noted above.

¹¹We will grant Wright's motion.

¹²We will grant Federal Express' motion.

¹³On January 10, 1979, Federal Express filed an amendment to its petition for show-cause order which seeks to add the phrase "in excess of \$500" after the statement on Page 29 of its petition, qualifying its claim of no FAA violations.

cause procedures to award authority to carriers that did not participate in extended formal hearings. Both American and Midway Airlines argue that the use of show-cause procedures now would be "fundamentally unfair" to the carriers that participated in the *Midway I* hearing. Midway Airlines challenges our ability to determine whether Federal Express is fit, willing and able by the use of show-cause procedures rather than the traditional formal evidentiary hearing process.

On the basis of the tentative findings below, we have tentatively concluded that it is consistent with the public convenience and necessity to authorize Federal Express, Wright, Ozark and any other fit, willing and able applicant whose fitness, willingness and ability can be established by officially noticeable data, to carry persons, property and mail in the *Midway I* markets they seek.^{12 13 14}

Under the Airline Deregulation Act of 1978, we must approve an application for certificate authority unless we find, by a preponderance of the evidence, that approval would not be consistent with the public convenience and necessity (Pub. L. No. 95-504, section 14). The new Act creates a presumption that the grant of all applications is consistent with the public convenience and necessity. It places on any opponents of these applications the burden of proving them inconsistent with the public convenience and necessity (Pub. L. No. 95-504, section

¹²Wright has requested authority only between Midway and Detroit and Cleveland.

¹³Officially noticeable data consist of that material filed under section 302.24(m) of our Procedural Regulations. Applicants whose fitness cannot be so established must make a showing of fitness, as well as dealing with any questions under sections 403 and 409 of the Act. Should such applications be filed, we will then consider how to deal with them procedurally.

On the basis of officially noticeable data, we find that Ozark and Wright are citizens of the United States and are fit, willing and able to perform the air services proposed and to conform to the provisions of the Act and our rules, regulations and requirements.

¹⁴On November 28, 1978, Federal Express filed an amendment to its original application in this case. This pleading requests that Federal Express be allowed to implement one-stop service between Midway Airport and any point applied for through any other point applied for. Due to the timing of the filing of this pleading, and without expressing any opinion on its merits, we will deal with this request in a later order.

14). To give such opponents a reasonable opportunity to meet an admittedly heavy burden of proof, it is our view that applicants must indicate what type of service they would provide if, after receiving authority, they chose to serve the markets at issue. This does not mean that an applicant must show that it will provide service if it receives authority but rather what the nature of its service would be if it decided to serve. We will give all existing applicants, to the extent that they have not already done so, and all would-be applicants 15 days from the date of service of this order to supply data,^{14a} in order to give interested persons sufficient information on the nature of the applicant's proposal to assess consistency with the public convenience and necessity. Our tentative findings concerning all applicants that have not filed illustrative service proposals are contingent on such filings.

Initially, we reject the objections to our expanding policy of multiple awards and increasing reliance on the dynamics of the marketplace as the most effective means to determine which carriers should provide various types of service. Our tentative decision to apply this policy in this case comports with the letter and spirit of the Airline Deregulation Act of 1978, particularly the declaration of policy set forth in Section 102 which instructs us to rely, to the maximum extent possible, on competitive forces, including potential competition.¹⁵ See our general conclusions about the benefits of multiple authority in *Improved Authority to Wichita Case, et. al.*, Order 78-12-106, December 14, 1978. Accordingly, we conclude that it is desirable to award the additional authority sought by the applicants, whether or

^{14a} They should submit an illustrative schedule of service in the markets at issue, which shows all points that they might choose to serve, the type and capacity of the equipment they would likely use and the elapsed trip time of flights in block hours over the segments. For the markets at issue only, they should also provide an environmental evaluation as required by Part 312 of our Regulations, and an estimate of the gallons of fuel to be consumed in the first year of operations in the markets if they instituted the proposed service, as well as a statement on the availability of the required fuel.

¹⁵ Section 102(a) specifies as being in the public interest, among other things:

"The placement of maximum reliance on competitive market forces and on actual and potential competition (A) to provide the needed air transportation system, and (B) to encourage efficient and well-managed carriers to earn adequate profits and to attract capital" and "The encouragement, development, and maintenance of an air transportation system relying on actual and potential competition to provide efficiency, innovation, and low prices, and to determine the variety, quality, and price of air transportation services."

not services are in fact operated. The existence of additional operating rights in markets now being served by incumbent carriers or authorized to be served will best effect the statute's policy objective of placing maximum reliance on the decisions of the marketplace. This will occur because newly authorized carriers may actually enter the market in order to exploit unmet demand, both in terms of price and service, or because incumbents will be encouraged by the realistic threat of entry to meet that demand. Because demand is dynamic in character and therefore constantly changing, the most effective means to assure that competitive forces will operate quickly and effectively is to award multiple operating authority to carriers that are fit, willing and able to provide service.

The decision to make multiple awards in *Midway I*, which was based upon a decision to rely on market forces to determine the required amount and type of service in the markets at issue, would lose much of its force if we did not do everything possible to ensure the continuance of true marketplace conditions. At a minimum, we should continue granting applications for authority in markets where we have previously decided that multiple authority best meets the public convenience and necessity test. Our determination of what is consistent with the public convenience and necessity is not dependent on whether or not an applicant participated in an initial oral evidentiary proceeding.

We also reject Midway Airlines' challenge to our ability to make fitness determinations for new entrants through show-cause, procedures. It raises no substantive issues concerning Federal Express' fitness to operate as an air carrier, but merely asserts that an oral evidentiary proceeding is necessary. Federal Express has submitted all the evidence we would require in an oral proceeding; there is no suggestion that cross-examination is needed on any of this information. Clearly, where no material issue of fact exists, show-cause procedures are proper, and, in these circumstances, a time-consuming oral evidentiary hearing would benefit no one, least of all the traveling public.

Notwithstanding the foregoing tentative conclusions in support of multiple authority in this proceeding, we wish to make clear that we in no way desire to deter objections that might be asserted under the 1978 Act by air carriers, civic interests or other interested persons. The new statute contains a completely revised declaration of policy in section 102, as well as numerous additional and modified substantive provisions. Some of these statutory changes relate to considerations

not expressly covered in the preceding statute. For example, while diversion from existing carriers will not be given decisive weight in rejecting applications for new authority except upon an extraordinary showing of financial jeopardy on the part of one or more existing air carriers, with the consequent loss of air service which cannot be immediately replaced, other provisions suggest that the Congress desires us to take into account other factors. These include, but are not limited to, satellite airport questions and degree of concentration within the industry and safety. Any party in this proceeding may explain in full why the authority that we propose to grant should not issue. Such explanations should relate specifically to the applications in issue, and should be sufficiently detailed to overcome the statutory presumption of favorable treatment that the Act bestows on applications.

PUBLIC CONVENIENCE AND NECESSITY

Turning to the merits of the proposals at issue here, we have no reason to reverse our previous determination that the public convenience and necessity require awards of authority to all qualified applicants in the six markets involved in *Midway I*.¹⁶ We determined in that case that there is an amount of potential traffic at Chicago-Midway sufficient to support additional service, and we adopt that finding for purposes of this case as well.¹⁷ In the long run, we believe that the multiple award approach will best ensure optimum service at Midway.

Midway Airlines argues here, as it did in *Midway I*, that competitive authority will hinder its financing arrangements and delay its inauguration of Midway service. We rejected the same argument in Order 78-7-40, on the basis that potential new service would be offered by one, if not more, of several carriers also awarded new authority.¹⁸ The issue is not whether a particular new carrier should receive a *de facto* insurance policy against financing risks, but how best to induce new service at Midway Airport. In this case, however, Midway Airlines may choose to exercise what can effectively be a protected corridor for the greater part of this year. Federal Express has

¹⁶ See *Chicago-Midway Low-fare Route Proceeding*, Order 78-7-40, July 14, 1978, at 2; 11-35; Order 78-8-203, August 31, 1978. We define a qualified applicant as one that is fit, willing and able to provide air transportation consistent with the Act and our rules and regulations, in addition to having submitted the evidence we require (see fn. 14a above).

¹⁷ *Chicago-Midway Low-Fare Route Proceeding*, Order 78-7-40, July 14, 1978, at 11-12; 16.

¹⁸ *Chicago-Midway Low-Fare Route Proceeding*, at 39-40.

stated its intention not to begin service in the *Midway I* markets prior to September 15, 1979. Therefore, Midway Airlines could easily institute its service immediately and establish a solid foothold in these six markets. As a result, we see no need to provide further protection from the competitive pressures of the market to assure Midway financial success. Nevertheless, Midway Airlines could be the lone carrier at Midway until Federal Express' entry while providing much needed new service at the Midway Airport. Finally, Delta argues that we should not award Midway-St. Louis authority to Federal Express because Delta adequately serves the market. That argument in no way meets the objector's burden of proof to show why an award to Federal Express should not be made.

FITNESS OF APPLICANTS

Determining whether an air carrier is technically competent to begin common carriage of passengers is the responsibility primarily of the Federal Aviation Administration (FAA).¹⁸ Nevertheless, when we issue a certificate of public convenience and necessity, we must find that an applicant has or will have the necessary personnel, compliance disposition and financial capability to operate safely. When, as in this case, the certificate bestows only the right to compete and is not intended to ensure the applicant's economic success in the free market, we find, as we did in *Midway I*, that our inquiry should be limited to whether a new entrant's performance might adversely affect the general public. In order to receive a section 401 certificate, all applicants must establish the following facts: 1) that they will have the managerial skills and technical ability to operate safely; 2) if not internally financed, they have a plan for financing that will generate resources sufficient to commence operations without undue risk to consumers; 3) they have a proposed operation reasonably suited to meet a part of the need consistent with the public convenience and necessity; and 4) they will comply with the Act and regulations imposed by Federal and state regulatory agencies.¹⁹

Before turning to the specifics of the Federal Express application we feel compelled to respond to our dissenting colleague's implication that, on the basis of this case, we plan to rubber-stamp the fitness of all new entrants. To the contrary, we share Member O'Melia's belief that the "fit, willing and able" clause of the Federal Aviation Act, before and after its amend-

ment by the Airline Deregulation Act of 1978, requires application of the highest safety standards in the course of regulating new entry into the industry. We, too, are concerned that the public interest in safe air transportation be adequately safeguarded. We, however, do not interpret this mandate as one which requires us unthinkingly to docket for oral evidentiary hearing every application for authority filed by a new entrant. We choose to reserve this method of assessing an applicant's fitness for those cases in which oral testimony and cross-examination can help resolve open questions of material determinative fact. To require an applicant that has an established operating record and appears fully capable of performing the proposed service to submit to the full panoply of administrative inquiry would amount to a waste of time, effort and financial resources. Member O'Melia states that his basic aim is not that Federal Express' fitness be contested (indeed, he states that the carrier's history provides "a strong indication to believe that the carrier is fit") but that the public interest in safe air transportation be protected. Our basic aim is that the public interest in safe air transportation be protected and that, consistent with that aim, the method chosen to assess fitness be tailored to the circumstances of each case. The public is not served and the spirit of the new Act is violated if, through our assessment of fitness, barriers unnecessary to safeguarding the public's safety are placed on entry.

Our decision to deal with Federal Express' application by show-cause proceedings stands entirely on the specific facts of the case. Should we receive answers that raise serious questions concerning Federal Express' fitness which might best be resolved in oral hearing, we will not hesitate to schedule one.

FEDERAL EXPRESS

On the basis of the pleadings in this case, we tentatively conclude that:

- (1) Federal Express has capable and experienced management that will comply with the Act and the Board's regulations;
- (2) It is in a position to raise capital;
- (3) It has developed reasonable plans for securing equipment and efficiently phasing in its operations; and
- (4) It will be able to operate safely.

1. MANAGEMENT AND EXPERIENCE

Federal Express was incorporated in June 1971, and initially conducted operations under the air taxi exemption in Part 298 of the Federal Aviation Act. It began its overnight small package operations to 25 cities using six 6,000-pound payload Falcon Jet aircraft in April 1973. Currently, operat-

ing under a section 418 all-cargo certificate, it provides overnight package service to 83 cities nationwide, and to 24 additional cities served by truck, using nearly 80 owned and leased aircraft. It now averages over 35,000 pieces nightly and gross daily revenues exceeded \$750,000 at the end of May 1978.

During its first three years of operations, it experienced an aggregate net loss of \$29.3 million. In its fifth year of operations (ending May 1978) it earned a net profit of \$20 million on total revenues of \$160.3 million. The experience and expertise of its management has been documented (FEC-14), and most of the company's senior management has been with it since its earliest developmental stages. No one questions its ability to transform itself into a successful passenger/cargo combination carrier.

2. FINANCING

We tentatively find that Federal Express' financing and capitalization should enable it to begin operations and establish itself even if there is substantial competition. As of May 31, 1978, it had working capital of \$7.6 million, net flight and ground equipment valued at \$71.8 million, stockholders equity of \$52.7 million and long-term debt to financial institutions totalling \$30.8 million excluding current maturities of \$8 million. The company has recently concluded negotiations for a new \$75 million line of credit, part of which will be used to retire \$38 million of current senior indebtedness.

In June and August, 1978, it made refundable deposits of \$100,000 each for two blocks of four B-737-200QC aircraft for delivery in fall 1979 and spring 1980. To purchase these aircraft, the company must enter into an agreement with Boeing by September 29, 1978 (fall 1979 block of aircraft), and by January 15, 1979 (spring 1980 block of aircraft). The estimated purchase price of each plane is approximately \$10 million. Financing will be supplied by internally-generated funds and other sources of capital.

To some extent Federal Express in this case is in the same position as Midway (Southwest) was in the *Midway I* case as far as securing capital is concerned. It appears that, other than internally-generated funds, it has no firm commitment from any other source of capital. It is, however, a cash rich firm. If the company and its backers decide to implement its proposed service, there is no question that it has the requisite financial strength to initiate service. Therefore, we tentatively find that it can satisfy this portion of the fitness requirement.

¹⁸See *Transatlantic Route and Supplemental Renewal Case*, Order 77-1-98, January 6, 1977, Appendix I at 35.

¹⁹*Midway I*, at 50.

3. OPERATING PLAN

Federal Express' operating plan generally reflects its decision to operate two complementary self-sustaining services; a full nighttime all-cargo operation and a full daytime and evening passenger operation. It projects that each of these services would be independently profitable on a fully-allocated cost basis, using one fleet of aircraft and many overlapping station and overhead expenses and assets. We tentatively find the plan and its current high-volume package operations adequate for the purpose of establishing fitness.

To the extent compatible with the primary service-quality objective, Federal Express plans to maintain wholly independent structures of personnel, management, technical support and equipment for its Midway passenger services. It intends to conduct the Midway operations with nine B-737-200QC aircraft configured to carry 115 passengers, with a quick change capability for use in cargo operations. This aircraft is very efficient for Midway services as established by Midway (Southwest) in the *Midway I* case. Subject to variations in currently projected aircraft delivery schedules, it expects to take delivery of five B-737's before the end of 1979, and plans to institute Midway passenger service in October 1979,²⁰ with full service in all markets to be in place sometime in 1980.

It proposes a maximum of 686 flights weekly, with 78,890 available seats. It plans to offer a peak, off-peak fare structure discounted between 20 and 42 percent below existing coach levels. Further details of the proposed operations are extensively described in its exhibits.

4. COMPLIANCE DISPOSITION

As a result of legislation enacted on November 9, 1977, amending the Act, Federal Express was issued a certificate under section 418 of the Act to provide domestic all-cargo service. Under this certificate, the carrier may operate aircraft of any size. In addition to its small air-taxi size aircraft, Federal Express acquired B-727 equipment and obtained a Part 121 operating certificate from the FAA. This latter certificate will remain effective as long as it maintains the safety standards and the operational requirements of the Federal Air Regulations dealing with commercial large aircraft operations.

Federal Express' operating history includes some informal complaints

²⁰ Eight of the B-737 aircraft are to be acquired from the manufacturer under proposals for contracts entered in October 1978 and January 1979, and an additional aircraft is to be leased. The first new B-737 is scheduled for delivery in August, 1979, with four more during 1979, and the remainder later.

from customers. However, there have been no formal Board enforcement complaint proceedings instituted. Although there have been some civil penalty settlements by Federal Express with the FAA over the past five years, we do not consider these to be of such a substantial nature as to prevent us from finding it fit, willing and able to provide passenger service. These settlements involved technical violations of Department of Transportation and Federal Air Regulations. We have been advised by the FAA that it does not consider the settlements involving Federal Express sufficient to preclude the issuance of a commercial operator's certificate. We therefore do not find any basis for denying Federal Express the authority it seeks here.²¹ Finally, the evidence is submitted indicates that its initial application of a 401 certificate presents no other issues affecting its ownership, affiliates, citizenship or interlocking relationships, which raise any material, determinative questions of fact, or require any specific approval under the Act.

We take this opportunity to remind all applicants for new authority that we expect all pleadings filed in a case to be accurate and made in good faith. Federal Express, in its petition for show cause order, as originally formulated, stated it "... is proud of the fact that its operating history is unblemished by the existence of even a single Board enforcement complaint, or by any asserted violation warranting the imposition of a fine by the FAA." (Emphasis added). Petition of Federal Express, p. 29. In fact, however, as we indicated above, it has paid \$4300 in civil penalties for primarily technical violations of both Department of Transportation and Federal Air Regulations. As we stated above, while we do not consider the substantive nature of these asserted violations serious enough to prevent a finding of fitness for Federal Express, we do note

²¹ Some of the violations consisted of technically incorrect labeling and packaging (e.g., on August 31, 1977, a one gallon container of phenol methane chloride was shipped from Lancaster, Ohio, to Lodi, New Jersey. Regulations limit shipments of this material to quantities of one quart; on January 7, 1975, a package was labeled "flammable liquid"; regulations required it to have been labeled "flammable solid"). On March 22, 1976, Federal Express transported one passenger from Bedford, Mass. to Memphis, Tenn. where there was also hazardous material on board. As a result of carrying this passenger, the following technical violations were also cited: no conspicuously marked emergency exits, no flight attendants, no printed cards with emergency exit information, no "fasten seat belt/no smoking" signs and no locks on the door to the cockpit. These types of violations are frequently incurred by certificated carriers, but are not sufficient for the FAA to revoke a carrier's commercial operator's certificate.

that the facts disprove its statement of having no FAA violations.

WRIGHT AIRLINES

Wright currently holds a 401 certificate and is an operating carrier. On the basis of officially noticeable data,²² we conclude that it is fit, willing and able to perform properly the air transportation it proposes in its application.

ENVIRONMENTAL AND ENERGY CONSIDERATIONS

In the *Midway I* case, the Bureau of Pricing and Domestic Aviation prepared a comprehensive Environmental Impact Statement (EIS) for Midway airport based on a pattern of 10 year service growth from 1980 to 1990.²³ A basic assumption of the study was that the number of operations at the facility would equal its capacity. Since the environmental analysis in *Midway I* presumed full utilization, it also covered the lesser action of multiple awards in the six markets at issue. We found that this was a major Federal action significantly affecting the quality of the human environment within the meaning of section 102(2)(C) of the National Environmental Policy Act of 1969 and a major regulatory action under the Energy Policy and Conservation Act.²⁴ However, we also concluded that the economic necessity of the awards outweighed any detrimental environmental or energy effects.²⁵ Obviously, the amount of traffic determines total operations. While awards to Federal Express, Wright, Ozark and other carriers not applicants in *Midway I* were not specifically considered in the environmental aspects of that case, the practical effect of such awards (i.e., the amount and type of service) was analyzed, since the estimates in *Midway I* included the effects of the maximum amount of service realistically foreseeable under multiple awards. Thus, our environmental, energy and economic conclusions in that case are applicable to the applications now before us. As a result, we will require no further environmental submissions from applicants for authority at issue in *Midway I*.

²³ *Midway I*, at 61-64.

²⁴ In *Midway I*, we found that the new authority would result in the consumption of less than 40 million gallons of fuel in the first year. In this case, Federal Express forecasts the use of approximately 32.3 million gallons of fuel, and we estimate nearly 3.3 million gallons for Wright's proposal during the first year of operations. (Wright did not submit an estimated use of fuel. However, based on the type of equipment proposed and the number of block hours usage, we have estimated its fuel consumption to be approximately 360 gallons of fuel per hour for 3,822 block hours.)

²⁵ See *Midway I*, at 61-73, for a more detailed exposition of the various considerations involved in our energy and environmental conclusions.

We will give interested persons 30 days following the service date of this order to show cause why the tentative findings and conclusions set forth here should not be made final; replies to objections will be due ten days later. We expect such persons to direct their objections, if any, to specific markets, and to support such objections with detailed economic analysis. Any objector requesting an evidentiary hearing should state, in detail, why such a hearing is necessary and what relevant, material facts he would expect to establish through such a proceeding that he cannot establish in written pleadings. We will not entertain general, vague or unsupported objections. We note that, under the 1978 Act, the burden of proof is on an objecting party to demonstrate that the awards we propose here will not be consistent with the public convenience and necessity.

Accordingly,

1. We direct all interested persons to show cause why we should not issue an order making final the tentative findings and conclusions stated above and:

(A) awarding a certificate of public convenience and necessity to carry persons, property and mail to Federal Express so as to authorize the carrier to engage in nonstop operations between Chicago-Midway and the following cities: Cleveland, Detroit, Kansas City, Minneapolis/St. Paul, Pittsburgh and St. Louis;

(B) amending the certificate of public convenience and necessity of Wright Airlines for Route 169 so as to authorize the carrier to engage in nonstop operations between Chicago-Midway and Detroit and Cleveland;

(C) amending the certificate of public convenience and necessity of Ozark Air Lines for Route 107 so as to authorize the carrier to engage in nonstop operations between Chicago-Midway and Cleveland, Detroit, Kansas City, Minneapolis/St. Paul and Pittsburgh; and (D) amending, to grant any of the authority in issue, the certificates of any other fit, willing and able applicants the fitness of which can be established by officially noticeable material;

2. We direct any interested persons having objections to the issuance of an order making final any of the proposed findings, conclusions or certificate amendments set out here, to file such objections with us and serve them upon all persons listed in paragraph 10 no later than March 7, 1979; replies to objections will be due on March 19, 1979;

3. We will accord full consideration to the matters and issues raised in any timely and properly supported objections before we take further action²;

²Since we have provided for the filing of objections to this order, we will not entertain petitions for reconsideration.

4. In the event no one files objections, we will deem all further procedural steps to have been waived and we may proceed to enter an order consistent with the tentative findings and conclusions set out here;

5. We grant the motions of Federal Express and Wright Air Lines for leave to file otherwise unauthorized documents;

6. We grant Frontier Airlines' motion to dismiss its application in Docket 33548, and dismiss its motion to consolidate;

7. We grant the motion of Ozark Air Lines to consolidate Docket 33948 with Docket 33223;

8. We direct American Airlines, Ozark Air Lines, and any other applicants for authority in the *Midway I* markets to file the data indicated in footnote 14a above by February 20, 1979²;

9. We waive the requirements of Part 312 for those applicant carriers listed in 8 above; and

10. We will serve this order upon American Airlines, Wright Air Lines, Delta Air Lines, Frontier Airlines, Ozark Air Lines, Midway Airlines, Trans World Airlines, the Cleveland Parties, and the Illinois Department of Transportation.

This order shall be published in the FEDERAL REGISTER.

[Order 79-1-192; Docket 32901]

TEXAS INTERNATIONAL, INC.

Intent To Suspend Service in New Mexico;
Order

Adopted by the Civil Aeronautics Board in its office in Washington, D.C., on the 31st day of January 1979.

By Order 78-12-151, December 21, 1978, the Board granted Texas International Airlines (TXI) an exemption to suspend air service, through February 1, 1979, at three cities in New Mexico—Carlsbad, Clovis, and Hobbs—without awaiting the expiration of the 90 and 60 day notice periods required by sections 401(j) and 419 of the Act. On an interim basis, we found that essential air transportation at each of these points was at least 12 nonstop round trips per week or 24 one-stop round trips per week, between Albuquerque, on the one hand, and Carls-

²American should also file an application for the authority in issue here.

²All Members concurred except Member O'MELIA, whose dissenting statement was filed as part of the original document.

bad, Clovis and Hobbs, on the other, with aircraft having 15 seats or more. This service had to include no less than two round trips daily, Monday through Friday, and one round trip daily each weekend day. The number of round trips was doubled if service was provided with smaller equipment. Finally, we included a price element in our interim determination of essential air transportation to insure that the local passenger fares not exceed the DFFI (*Domestic Passenger-Fare Investigation*) fares which TXI could charge for travel between these three cities and Albuquerque.

The exemption was effective and contingent upon the inauguration and maintenance of replacement service at each of the three points at the above minimum level. We stressed that this was an experiment and that should the replacement service fall below the specified level at any of the points before or on February 1, 1979 (the end of the 90-day period), we would require TXI to resume its service to these points. We assumed that TXI, the replacement carrier(s) and the communities would work together to make the transition as smooth as possible. This did not happen at all three points. Since the suspension of TXI's service,¹ we have monitored developments at these New Mexico points. Based on the information before us (see Appendix A),² we find that essential air service is being provided at Clovis, but not at Carlsbad or Hobbs.

DISPOSITION

We reaffirm our former findings in Order 78-12-151 on the level of essential air service to be maintained on an interim basis. However, to insure that Carlsbad and Hobbs receive essential air transportation, as guaranteed by the Act, we will require TXI to resume its certificate obligations at Carlsbad and Hobbs immediately for an additional 30-day period through March 2, 1979. We will also require TXI to maintain such service by future Board orders for any subsequent 30-day periods if necessary. TXI may meet its obligation by one of two methods. It may resume the service pattern (two daily round trips to Albuquerque) which it provided before withdrawing service with its own aircraft, or it may work with the current replacement carrier at these communities, Crown Aviation, and rely on its service to fulfill the needs of the communities.

In both instances, we are required by the Act to subsidize TXI for any losses it might incur either for providing service directly with its own aircraft or

¹TXI suspended service on the following dates: Clovis—December 27, Carlsbad—December 29, and Hobbs—January 3.

²Appendix A filed as part of the original document.

ENFORCEMENT ISSUES

for making financial arrangements with Crown to provide service in its stead. To insure the provision of essential air transportation at Carlsbad and Hobbs, TXI must guarantee a 90 percent completion factor on all flights scheduled to meet the minimum service requirements. Flights cancelled due to weather conditions beyond the carrier's control will not be counted. Barring the latter, we will assess TXI a civil penalty of \$1,000 for every flight not performed, if the completion factor falls below 90 percent. This fine will be assessed on a weekly basis and deducted from any subsidy payments due TXI. This fine will be assessed on TXI whether service is provided by TXI directly or by Crown. We believe performance will improve with this incentive.

We should point out, however, that the law requires airport operators to make their facilities available to all carriers attempting to provide essential air service in an even-handed and nondiscriminatory manner. Communities cannot expect the Board automatically to seek a replacement for a carrier when poor service has been in part the result of actions by the airport operators that unnecessarily hindered efficient operations.

We urge TXI to contact our staff to discuss its plans to meet its certificate obligations at Carlsbad and Hobbs and to specify any subsidy need which may be required to support service, either by its own aircraft or by a replacement carrier.

APPLICATIONS TO PROVIDE ESSENTIAL AIR TRANSPORTATION

To insure the continued provision of essential air transportation, we invite all carriers—including Crown—interested in providing such service at Carlsbad and Hobbs to file applications by February 21, 1979. Applicants must indicate their willingness to provide essential air transportation with or without subsidy.³

Applications should include the following detailed information: (1) full service proposals—schedules, connecting opportunities, aircraft type and routings, and (2) fitness data—balance sheet, profit and loss statement, and proof of compliance with FAA rules and possession of necessary operating authority. Applicants willing to provide service *only* with compensation must also submit a detailed estimate of subsidy need based on representative costs and revenues.

³On January 9, 1979, Air Midwest amended its application in Docket 33073 for certificate authority to provide scheduled service to the following points: Albuquerque, Roswell, Carlsbad, Hobbs, and Clovis, New Mexico, Lubbock and Amarillo, Texas, and Garden City, Dodge City and Wichita, Kansas. It asks that the authority be granted on a subsidy-ineligible basis. Air Midwest need not refile.

The Board's staff is currently investigating a third-party complaint filed by Carlsbad, Clovis and Hobbs⁴ alleging unlawful reductions in service by TXI prior to the issuance of Board Order 78-12-151. This complaint as well as the post-order service to Carlsbad and Hobbs will be considered in a later order. Carriers, however, are on notice that the failure to provide essential air transportation or the failure to adhere to any other requirement concerning essential air transportation shall constitute a serious offense for which civil penalties will be assessed.

Accordingly,

1. We order Texas International to resume service immediately at Carlsbad and Hobbs and to continue to provide such service after February 1, 1979, for an additional 30 days: *Provided*, that should it resume service with its own aircraft, service must be at the level TXI provided before suspending service at the points; and *Provided further*, that TXI must guarantee a 90 percent completion factor (excluding cancellations due to weather) on all flights scheduled to meet the level of frequencies specified above or in paragraph 2 of Order 78-12-151 if service is provided by Crown. Should service fail to meet the 90 percent completion rate, we will assess TXI \$1,000 per flight not performed below the 90 percent standard.

2. We request carriers interested in providing essential air transportation to Carlsbad and Hobbs to file applications by February 21, 1979, including the data detailed on page 3 of this order.

3. We will take no action to prevent TXI from suspending service at Clovis after February 1, 1979; and

4. We will serve a copy of this order on all persons served with Order 78-12-151 and all commuter air carriers registered with the Board from the following States: Arizona, Colorado, New Mexico, Oklahoma, Texas and Utah.

By the Civil Aeronautics Board:

PROPOSED REDUCTION OF RICKENBACKER AFB, OH

Environmental Determination

FEBRUARY 1, 1979.

The following is the Environmental Determination, dated January 26, 1979

NOTICES

for the Proposed Realignment of Strategic Air Command Forces at Rickenbacker AFB, OH.

A. *Description of Proposed Action:* The Air Force proposes to relocate Strategic Air Command (SAC) forces from Rickenbacker AFB, OH to other active SAC air refueling organizations. The objective of the proposed action is to improve the overall management of the air refueling resources. Rickenbacker AFB is the only Air Force base on which a small active unit with KC-135A tanker aircraft is co-located with Air Reserve Forces (ARF) units operating a much larger number of aircraft. This proposed action would relocate approximately 2,000 Air Force personnel and their dependents and 15 KC-135A aircraft. In addition, the Air Force has continued to study the proposed reduction of the forces at Loring AFB announced in 1976. One of the proposals would relocate nine KC-135A aircraft from Loring AFB to Grissom AFB. To insure the completeness of the environmental analysis, the cumulative effects of the two actions (from Rickenbacker and Loring) were examined.

The alternative to this proposal is to take no action.

B. *Biophysical Environmental Impact Analysis:* The analysis of potential biophysical environmental impacts is documented in a Formal Environmental Assessment (FEA). The following is a summary of the most important findings in the FEA:

1. AIR QUALITY

(a) Rickenbacker AFB: The relocation of 15 KC-135A aircraft, supporting personnel, and equipment from Rickenbacker AFB would produce a small improvement in the air quality of the Columbus, OH Air Quality Control Region.

(b) Receiving Bases: The ambient air emission loadings at each base would be slightly increased. For example, at Grissom AFB the cumulative effect of the proposed action plus the Loring proposal would increase pollutant levels by only 0.5% for sulfur oxides but as much as 10% for hydrocarbons. None of the increases would cause ambient air quality standards to be exceeded at any location.

2. WATER QUALITY

(a) Rickenbacker AFB: The reduced demand for potable water and generation of wastewater at Rickenbacker AFB, should the proposal be implemented, would have no significant impact.

(b) Receiving Bases: The additional potable water requirements and wastewater generations are well within the capacities of the existing systems to accommodate.

3. SOLID WASTE

(a) Rickenbacker AFB: The proposed action would reduce the generation of solid waste.

(b) Receiving Bases: The existing solid waste disposal systems have sufficient capacities to handle the slight increases.

4. NOISE

(a) Rickenbacker AFB: The proposed action would reduce by 31% or 7,600 acres the area between L_{dn} 65 and 75, and the area exposed to greater than L_{dn} 75 by 20% or 2,600 acres.

(b) Receiving Bases:

(1) The proposed action would move six aircraft to Grissom AFB. The impact was analyzed using the current number of assigned aircraft as a baseline. This would increase the area above the L_{dn} 75 noise contour by 250 acres and the number of people affected within that contour by 290. The area between the L_{dn} 65 and L_{dn} 75 noise contours would increase by 720 acres and the number of people by 1,030.

(2) The cumulative effect of the Rickenbacker and Loring actions would increase the area above the L_{dn} 75 contour by 880 acres and the number of people potentially exposed to the noise level by about 1,000. The area between the L_{dn} 65 and L_{dn} 75 noise contours would increase by 880 acres and the number of people would be increased by 1,370.

(3) Other receiving bases were assessed, and noise increases were determined to be insignificant. The majority of the additional aircraft are replacements (backfill) for aircraft previously assigned to these bases.

C. *Environmental Determination:* After careful review of the FEA, I have concluded that this project will not constitute a major Federal action having a significant adverse impact on the quality of the affected environments, nor is it likely to be highly controversial with regard to its biophysical environmental impacts.

Thus, the requirements of the National Environmental Policy Act, the Council on environmental Quality Guidelines, and Air Force Regulation 19-2 have been complied with and a Draft Environmental Impact Statement need not be filed with the US Environmental Protection Agency.

Any comments or questions should be directed to the Deputy for Environment and Safety, Office of the Secretary of the Air Force, Room 4C885,

ARMY SCIENCE BOARD

Closed Meeting

In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following Committee meeting:

NAME OF THE COMMITTEE: Army Science Board.

DATE OF MEETING: March 7-8, 1979.

PLACE: Pentagon, Washington, D.C. (exact location can be determined by contracting LTC Sweeney at 202 697-9703).

TIME: 0800 to 1700 hours, March 7-8, 1979. (Closed)

PROPOSED AGENDA: The ASB Chemical Decontamination/Contamination Avoidance AHSG will hold classified discussions of briefings they have received on the threat and other issues and programs which relate to the defensive posture of the U.S. This meeting will be closed to the public in accordance with Section 552b(c) of Title 5, U.S.C., specifically subparagraph (1) thereof. The classified and nonclassified matters to be discussed are so inextricably intertwined so as to preclude opening any portion of the meeting.

DOD ADVISORY GROUP ON ELECTRON
DEVICES

Advisory Committee Meeting

Working Group D (Mainly Laser Devices) of the DoD Advisory Group on Electron Devices (AGED) will meet in closed session at the Air Force Weapons Laboratory, Kirtland Air Force Base Albuquerque, New Mexico on 21-22 March 1979.

The purpose of the Advisory Group is to provide the Under Secretary of Defense for Research and Engineering, the Director, Defense Advanced Research Projects Agency and the Military Departments with technical advice on the conduct of economical and effective research and development programs in the area of electron devices.

The meeting will be limited to review of research and development programs which the Military Departments propose to initiate with industry, universities or in the laboratories. The laser area includes programs on developments and research related to low energy lasers for applications as battlefield surveillance, target designation, ranging, communications, weapon guidance and data transmission. The review will include details of classified defense programs throughout.

In accordance with Section 10(d) of Appendix 1, Title 5, United States Code, it has been determined that this Advisory Group meeting concerns matters listed in Section 552b(c) of Title 5 of the United States Code, specifically, Subparagraph (1) thereof, and that accordingly this meeting will be closed to the public.

DEPARTMENT OF ENERGY

NATIONAL PETROLEUM COUNCIL, TASK GROUP OF THE COMMITTEE ON MATERIALS AND MANPOWER REQUIREMENTS

Meeting

Notice is hereby given that a task group of the Committee on Materials and Manpower Requirements will meet in February 1979. The National Petroleum Council was established to provide advice, information, and recommendations to the Secretary of Energy on matters relating to oil and natural gas or the oil and natural gas industries. The Committee on Materials and Manpower Requirements will analyze the potential constraints in these areas which may inhibit future production and will report its findings to the National Petroleum Council. Its analysis and findings will be based on information and data to be gathered by the various task groups. The task group scheduling a meeting is the Task Group on Production Equipment. The time, location and agenda of the task group meeting follows:

The third meeting of the Production Equipment Task Group will be on Wednesday, February 28, 1979, starting at 9:00 a.m. in Room 1992 on the 19th Floor of the Exxon Building, 800 Bell Avenue, Houston, Texas.

The tentative agenda for the meeting follows:

1. Introductory remarks by Chairman and Government Cochairman.
2. Review of the progress of the Task Group on Production Equipment.
3. Discussion of the timetable of the Task Group on Production Equipment.
4. Discussion of any other matters pertinent to the overall assignment of the Task Group on Production Equipment.

The meeting is open to the public. The chairman of the task group is empowered to conduct the meeting in a fashion that will, in his judgement, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the task group will be permitted to do so, either before or after the meeting. Members of the public who wish to make oral statements should inform James R. Hemphill, Office of Resource Applications, 202-633-8383, prior to the meeting and reasonable provision will be made for their appearance on the agenda.

Summary minutes of the meetings will be available for public review at the Freedom of Information Public Reading Room, Room GA 152, DOE, Forrestal Building, 1000 Independence Avenue, SW., Washington, D.C., between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued at Washington, D.C., on February 1, 1979.

GEORGE S. McISAAC,
Assistant Secretary for
Resource Applications.

[Docket No. RP78-20]

ALABAMA-TENNESSEE NATURAL GAS CO.

Order Accepting for Filing and Suspending
Rate Increase Subject to Conditions and Est-
ablishing Procedures

JANUARY 31, 1979.

On December 20, 1978, Alabama-Tennessee Natural Gas Company (Alabama-Tennessee) filed revised tariff sheets to its FPC Gas Tariff, Third Revised Volume No. 1, which are de-

signed to increase revenues from jurisdictional sales and services by \$2,600,445 annually. The revised tariff sheets filed herein are set forth in Appendix A. Alabama-Tennessee proposes February 1, 1979 as the effective date for these revised tariff sheets. The test period is based upon actual costs for the twelve months ended September 30, 1978, as adjusted for known and measurable changes through June 30, 1979.

The proposed rate increase is based upon claimed costs associated with the construction and operation of facilities for which the Commission issued a certificate of public convenience and necessity in Docket No. CP78-352.¹ Also included in these proposed rates are the costs of processing and transporting the supplemental supplies of natural gas to be obtained with such facilities, and amounts charged by Tennessee Gas Pipeline Company for transporting the gas from Alabama-Tennessee's proposed facilities in Lamar and Forrest Counties, Mississippi to a point of connection with Alabama-Tennessee's existing facilities in Colbert County, Alabama.²

Alabama-Tennessee claims an overall rate of return of 13.96%, the effect of which is to yield 15.50% return on common equity, and an increase in the depreciation rate from 4.0% to 5.75%. There is an estimated increase in both the total volumes of natural gas available for sale during the test period as adjusted, and the amounts available therefrom for purposes of sale for resale.

Finally, Alabama-Tennessee's filing reflects the *Atlantic Seaboard* method of cost classification, cost allocation and rate design. Alabama-Tennessee is hereby placed on notice that it may be subject to undercollection of revenues to the extent that after hearing and decision, the cost classification, cost allocation, and rate design methodology determined to be just and reasonable requires the assignment of more storage and transmission fixed costs to the commodity component than does the *Atlantic Seaboard* methodology proposed herein.

Based upon a review of Alabama-Tennessee's filing, the Commission finds that the proposed general rate increase has not been shown to be just

¹ Order issued November 20, 1978.

² In its order of November 20, 1978, the Commission denied Alabama-Tennessee's request to charge Tennessee Gas Pipeline Company's transportation fee to its Account 801, stating that the cost of transportation may not be properly charged to a gas purchase account. Alabama-Tennessee's alternate request to include such charges in its Account 853 was denied without prejudice to the Company's addressing that issue in its rate proceeding at Docket No. RP78-49. The Commission stated that a rate proceeding is the appropriate forum for that discussion.

and reasonable, and may be unjust, unreasonable and unduly discriminatory, or otherwise unlawful. Accordingly, the Commission shall accept Alabama-Tennessee's revised tariff sheets to its FPC Gas Tariff, Third Revised Volume No. 1 for filing, suspend their use for five months until July 1, 1979, subject to refund and the conditions set forth below, and set the matter for hearing.

Alabama-Tennessee's filing contains costs associated with facilities certificated in Docket No. CP78-352, which have not been placed in service. Therefore, in compliance with §154.63(e)(2)(ii) of the Regulations, Alabama-Tennessee will be required to file revised tariff sheets as of July 1, 1979 reflecting the elimination of costs associated with facilities not in service on June 30, 1979, the end of the test period, as hereinafter conditioned.

On December 21, 1978 Alabama-Tennessee filed a motion for consolidation of rate proceedings in Docket Nos. RP78-49 and RP79-20, stating that the same issues are involved in both proceedings. A notice of Intent to Act on the Motion to consolidate was issued on January 22, 1979.

It is the determination of this Commission that the filing in this Docket No. RP79-20 raises issues not set forth in Docket No. RP78-49. The Commission further finds that consolidation of these dockets would only serve to delay the disposition of issues in Docket No. RP78-49. Accordingly, the motion to consolidate proceedings shall be denied.

Tennessee Valley Municipal Gas Association (Tennessee Valley) on January 3, 1979, filed a Petition to Intervene in these proceedings, in addition to a separate Motion for Conditional Rejection of Tariff Sheet Tender for persistent failure of Alabama-Tennessee to comply with the earlier rate-making directive of the Commission.

Good cause exists to grant Tennessee Valley's Petition to Intervene in this docket, and that request is granted.

The separate motion filed by Tennessee Valley raises issues of Alabama-Tennessee's failure to comply with a Commission order in Docket No. RP77-110, issued November 15, 1977, in which Alabama-Tennessee was required to revise, within 30 days of the issuance of that order, revisions to Section 22.5 of the General Terms and Conditions of its gas tariff filed in that Docket.³

³Tennessee Valley states that the PGA language in dispute in Docket No. RP77-110 involved the question whether Alabama-Tennessee's customers are properly credited with demand charge credits received by Alabama-Tennessee from its gas supplier. A proposed revised PGA clause filed in that docket was apparently submitted for customer and Staff review, followed by a rejection

Section 22.5 of the Fourth Revised Sheet No. 36-F filed in this Docket No. RP79-20 sets forth language in purported compliance with the Commission's directive in Docket No. RP77-110. It is the determination of this Commission that the Fourth Revised Sheet No. 36-F to Alabama-Tennessee's FPC Gas Tariff, Third Revised Volume No. 1, filed in Docket No. RP79-20 is in substantial compliance with the language ordered in Docket No. RP77-110, and shall be accepted, to become effective as of February 1, 1979, the proposed effective date of the filing in Docket No. RP79-20.

The Commission Orders:

(A) Pursuant to the authority of the National Gas Act, particularly sections 4, 5, 8 and 15 thereof, and the Commission's rules and regulations, a public hearing shall be held concerning the lawfulness of the increased rates proposed by Alabama-Tennessee.

(B) Pending hearing and decision, and subject to the conditions of Ordering Paragraph (C) below, Alabama-Tennessee's proposed Thirtieth Revised Sheet No. 3-A, Third Revised Sheet No. 5, Third Revised Sheet No. 6, Third Revised No. 11, Third Revised Sheet No. 14, and Second Revised Sheet No. 13-B, to its FPC Gas Tariff, Third Revised Volume No. 1 are accepted for filing and suspended for five months until July 1, 1979, when they may become effective subject to refund, in the manner prescribed by the Natural Gas Act.

(C) Alabama-Tennessee shall file substitute revised tariff sheets as of July 1, 1979 reflecting the elimination of costs associated with facilities which are not in service by June 30, 1979, pursuant to the requirement of 18 C.F.R. 154.63 (e)(2)(ii) and subject to condition that Alabama-Tennessee shall not be permitted to make offsetting adjustments to the suspended rates prior to hearing, except for those adjustments made pursuant to Commission approved tracking provisions, those adjustments required by this order, and those required by other Commission orders.

(D) Alabama-Tennessee's proposed Fourth Revised Sheet No. 36-F to its FPC Gas Tariff, Third Revised Volume No. 1 shall be accepted for filing, to become effective as of February 1, 1979.

(E) The Commission Staff shall prepare and serve top sheets on all parties on or before May 1, 1979.

(F) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (18 CFR 3.5(d)), shall convene a settlement conference in this proceeding to be held within 10 days after

tion of that proposed revised clause as inadequate to meet the problem in controversy.

the service of top sheets by the Staff, in a hearing or conference room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The Presiding Administrative Law Judge is authorized to establish such further procedural dates as may be necessary, and to rule upon all motions (except motions to consolidate, sever, or dismiss), as provided for in the rules of practice and procedure.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket Nos. CP69-41 and CP77-337]

ALGONQUIN GAS TRANSMISSION CO.

Petition To Amend

JANUARY 31, 1979.

Take notice that on January 15, 1979,¹ Algonquin Gas Transmission Company (Petitioner, 1284 Soldiers Field Road, Boston, Massachusetts 02135, filed in Docket Nos. CP69-41 and CP77-337 a petition pursuant to Section 7(c) of the Natural Gas Act to amend its certificates of public convenience and necessity in the above-captioned dockets so as to authorize the consolidation of existing service agreements, and to authorize Petitioner to render to The Connecticut Gas Company (Connecticut Gas) the service which it is presently authorized to render to the Hartford Electric Light Company (Hartford Electric), all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

¹The application was initially tendered for filing on January 15, 1979; however, the fee required by Section 159.1 of the regulations under the Natural Gas Act (18 CFR 159.1) was not paid until January 16, 1978, thus filing was not completed until the latter date.

It is stated that Connecticut Gas and Hartford Electric are affiliated companies within the Northeast Utilities System (Northeast), a registered holding company system providing both gas and electric utility service to portions of Connecticut and western Massachusetts. It is further stated that Northeast owns Connecticut Light and Power (CL&P) and Hartford Electric as wholly-owned subsidiaries, and such subsidiaries own and operate gas distribution systems within the State of Connecticut. Connecticut Gas, which does not own or operate gas distribution facilities, is a wholly-owned subsidiary of CL&P and is responsible for contracting with suppliers to provide the gas supply requirements of its parent, it is said.

Petitioner further states that Connecticut Gas and Hartford Electric are two of its original customers, and that presently both of these customers purchase service from it pursuant to Rate Schedules F-1, WS-1, SNG-1, and S-T of Petitioner's FERC Gas Tariff, First Revised Volume No. 1. Petitioner indicates that under its present service agreement, it renders service to Connecticut Gas for the gas requirements of CL&P, and to Hartford Electric directly for its own gas requirements. In this regard, the arrangement with Connecticut Gas involves the predominate portion of the gas, the quantity being sold directly to Hartford Electric constituting approximately one-fifteenth of that sold to Connecticut Gas, it is asserted.

Petitioner states that it has been advised that under realignment of corporate responsibilities within the Northeast system, all of the gas procurement and supply operations would now be concentrated in Connecticut Gas, which would redeliver gas at cost to Hartford Electric in the same manner that it now serves CL&P. Consequently, Petitioner proposes to consolidate the F-1, WS-1, and SNG-1 service agreements of Hartford Electric with those of Connecticut Gas, and to effectuate new superseding service agreements on a consolidated basis in the name of Connecticut Gas. As a result of this proposal, Connecticut Gas would be the gas supply procurement arm for Hartford Electric; however, the actual distribution facilities would continue to be owned and operated by Hartford Electric in the same manner as at present, it is stated.

Petitioner indicates that by this proposal, no material change in either gas flow or service from Petitioner is anticipated, and Petitioner's rates for service would not be affected. Petitioner further indicates that the revised service agreements and tariff sheet would continue the same total contract maximum daily quantities and related annual quantities and the

same delivery point obligations and terms as in the service agreements and tariff sheet being superseded.

The consolidation of service agreements, requested by such customers is expected to result in the simplification of corporate responsibilities and the improvement in operating flexibility and economies for such customers, particularly from the standpoint of unifying gas supply efforts and reducing overall peak shaving costs, it is asserted.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before February 22, 1979, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

On January 5, 1979, Atlantic Richfield Company filed a motion for extension of time to comply with the requirement of Ordering Paragraph (A) of the Commission's November 28, 1978 Order Establishing Procedures For Claiming Recoupment of Excess Refund Payments. On January 17, 1979, Kerr-McGee Corporation filed a similar request. The Commission Staff has concurred in these requests and suggests a blanket extension for all parties be issued because of the Staff's workload.

Upon consideration, notice is hereby given that the date for complying with Ordering Paragraph (A) is extended for all parties to and including March 30, 1979. Pipelines shall file with the Commission in compliance with Ordering Paragraph (B) on or before May 29, 1979. Producers shall comply with Ordering Paragraph (C) on or before July 30, 1979.

Order Granting Motion To Withdraw Rate Application and Terminate Docket Nos. ER78-526 and ER77-331

JANUARY 30, 1979.

On July 31, 1978, in Docket No. ER78-526, Central Power & Light Company (CP&L) tendered for filing a proposed Interchange Agreement for service to its generating wholesale customers, South Texas Electric Cooperative, Inc., and Medina Electric Cooperative, Inc., hereinafter referred to as STEC/MEC. The proposed agreement tendered in Docket No. ER78-526 was accepted for filing and the rates thereunder suspended for four months by order issued August 30, 1978. The proposed agreement in Docket No. ER78-526 would supersede the rates and services contained in the prior interconnection agreement, accepted for filing in Docket No. ER77-331, by order issued May 9, 1978.

On September 27, 1978, in Docket Nos. ER78-526 and ER77-331, CP&L filed an Application for Rehearing of the aforementioned order of August 30, 1978. An Order Granting Rehearing was issued October 27, 1978.

On November 13, 1978, STEC/MEC filed an Application for Rehearing of the October 27, 1978 order granting CP&L's application for rehearing in Docket Nos. ER78-526 and ER77-331. On November 21, 1978, CP&L filed an Application to Stay Further Filing Requirements in Docket No. ER78-526. CP&L stated that its application in Docket No. ER78-526 was designed to provide superseding firm power and energy service to STEC/MEC; that CP&L had been advised by STEC/MEC's counsel that STEC/MEC intended to execute a firm power purchase contract with the City of San Antonio, Texas on or about November 19, 1978, upon the execution of firm power purchase agreement, STEC/MEC would no longer rely on CP&L for its firm power energy requirements. Therefore CP&L's original rate filing of July 31, 1978, in Docket No.

ER78-526, would be rendered moot. The Application to Stay indicated further than counsel for STEC/MEC did not object to the application for stay and that once the City of San Antonio executed a firm power purchase agreement with STEC/MEC, CP&L would file an application to withdraw its rate filing in Docket No. ER78-526 and request that the docket be terminated. On December 13, 1978, the Commission issued an order granting CP&L's motion for a stay and granting STEC/MEC's application for rehearing.

On December 28, 1978, CP&L filed a Motion to Withdraw Rate Application and Terminate Docket Nos. ER78-526 and ER77-331. On January 11, 1979, STEC/MEC filed an Answer to CP&L's motion which states that STEC/MEC has no objection to CP&L's withdrawal of its rate application in Docket No. ER78-526. STEC/MEC's answer states further that STEC/MEC has agreed to withdraw its pending Application for Rehearing in Docket No. ER77-331, and gives notice of such withdrawal. Finally, STEC/MEC's answer states that STEC/MEC does not oppose CP&L's request to terminate Docket No. ER77-331.

The Commission finds that good cause exists, pursuant to Section 1.11(d) of the Commission's Rules of Practice and Procedure, to permit the withdrawal of the pleadings in Docket Nos. ER78-526 and ER77-331 and to terminate the dockets.

The Commission orders:

(A) Central Power & Light Company is hereby permitted to withdraw its pleadings in Docket Nos. ER78-526 and ER77-331, pursuant to Section 1.11(d) of the Commission's Rules of Practice and Procedure.

(B) Docket Nos. ER78-526 and ER77-331 are hereby terminated.

(C) The Secretary shall cause prompt publication of this order in the Federal Register.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket No. TC79-2]

CONSOLIDATED EDISON CO., NEW YORK, INC.

Petition for Declaratory Order

JANUARY 30, 1979.

Take notice that on January 24, 1979, Consolidated Edison Company of New York, Inc. (Petitioner), 4 Irving Place, New York, New York 10003, filed in Docket No. TC79-2 a petition for a declaratory order to the effect that natural gas purchased and used

by Petitioner to generate electricity and steam, in lieu of imported oil as fuel for such purposes, will not be considered as supply or market in any future curtailment or market classification proceeding before the Commission, all as more fully set forth in the petition on file with the Commission and open to public inspection.

Petitioner states that in accordance with statements, encouraging the use of surplus natural gas by utilities to reduce imports of oil, made by the Secretary of Energy on January 9, 1979, by the Administrator of the Economic Regulatory Administration (ERA) in letter of December 11, 1978, addressed to Petitioner and other utilities, by the ERA in a notice of proposed rule-making under the Powerplant and Industrial Fuel Use Act of 1978 (44 FR 1694, January 5, 1979), and by the ERA in an order prescribing rules under the Emergency Petroleum Allocation Act of 1973 (44 FR 3928, January 19, 1979). Petitioner has entered into a contract with National Fuel Gas Distribution Corporation for the purchase of natural gas for the generation of electricity and steam. Petitioner contemplates purchasing approximately 30,000 to 75,000 dekatherms equivalent of natural gas per day for two years, as available, with an estimated first year purchase of 22,750,000 dekatherms equivalent of natural gas. The initial price is stated to be \$2.00 per dekatherm equivalent and the estimated delivered cost is stated to be approximately \$2.08 to \$2.26 per dekatherm equivalent. The gas would be sold to Petitioner and used for direct electric or steam generation in Petitioner's gas turbines and steam boilers and would not be available for general distribution. The gas would be transported for Petitioner by Transcontinental Gas Pipe Line Corporation, Tennessee Gas Pipeline Company, a Division of Tenneco Inc., or Texas Eastern Transmission Corporation.

Petitioner asserts that pipeline supplies of natural gas are improving and additional "intrastate" gas supplies are available and that the additional pipeline supplies may justify attachment of additional load. Petitioner asserts further that the available "intrastate" supplies clearly justify the use of gas to displace imported oil now used in Petitioner's gas turbines and steam boilers. Petitioner states that were it to undertake this step, its ability to obtain gas in the future from its pipeline suppliers may be prejudiced, as the result of this low priority use, to the detriment of its gas customers. Accordingly, Petitioner requests assurance that its market profile in any future curtailment proceeding will include neither supply nor market volumes of oil conservation gas used to generate steam or electric power.

Any person desiring to be heard or to make any protest with reference to said petition should on or before February 20, 1979, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[Docket Nos. RP79-22 and RP78-52]

CONSOLIDATED GAS SUPPLY CORP.

Order Accepting for Filing and Suspending Proposed Rate Increase, Subject to Conditions, Rejecting Tariff Sheets, Consolidating Dockets, and Establishing Procedures

JANUARY 30, 1979.

On December 29, 1978, Consolidated Gas Supply Corporation (Consolidated) filed revised tariff sheets¹ containing rates designed to achieve an increase in jurisdictional revenues of \$27.4 million under Tenth Revised Sheet No. 16 and an increase of \$26.9 million under Alternate Tenth Revised Sheet No. 16. The increased rates are predicated on a test period based on actual costs for the twelve months ended September 30, 1978, as adjusted for known changes in costs which are expected to be incurred by the end of the test period, June 30, 1979. The proposed effective date is February 1, 1979.

Public notice of the filing in Docket No. RP79-22 was issued on January 11, 1979, providing for protests or petitions to intervene to be filed on or before January 24, 1979.

Based upon a review of Consolidated's filing in RP79-22, the Commission finds that the proposed higher rates have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, or otherwise unlawful. Accordingly, the Commission shall accept Consolidated's proposed rate increase for filing, suspend its effectiveness for five months or until July 1, 1979, when it shall be eligible to become effective subject to refund and the conditions

¹The tariff sheets are listed in Appendix A.

set forth below, and set the matter for hearing.

Consolidated states that the increased rates are required to permit it to recover increased costs incurred in operating and maintaining its pipeline system, including but not limited to, increases in depreciation expense, plant investment, and wage and salary increases. The filing also provides for the recovery of the cost of liquified natural gas (LNG) which Consolidated estimates it will be purchasing substantially at contract demand levels during the twelve month period beginning July 1979. The cost of LNG includes an increase in the import ceiling price which is pending Economic Regulatory Administration (ERA) approval based on a filing of August 29, 1978, in Docket No. CP71-68, *et al.* A reduction in the Federal income tax rate as well as increases in FICA taxes are reflected in the filing. Consolidated seeks an overall rate of return of 11.84 percent, with a return on common equity of 15 percent.

Consolidated has a prior rate increase application pending in Docket No. RP78-52. The Commission's review of the rate increase filing in this docket indicates that a number of issues are common to both proceedings and that the factual information needed to resolve the issues in both cases will likely be similar. The rate increase application in Docket No. RP78-52 was filed to recover the cost associated with the purchase of substantial volumes of LNG from Consolidated's affiliate. Staff has suggested procedures in Docket No. RP78-52 to deal with the problems associated with the introduction of LNG into the Consolidated system. The filing in this docket indicates that Consolidated expects to increase purchases of LNG and it is expected that the same procedures suggested for Docket No. RP78-52 will be required. In view of this and the fact that resolution of certain issues, i.e., capital structure, return on equity, will likely be the same for both proceedings, the Commission believes Docket Nos. RP78-52 and RP79-22 should be consolidated for purposes of hearing and decision. The consolidation of these dockets will not result in a delay in processing the Docket No. RP78-52 proceeding. Any petitions to intervene filed in Docket No. RP79-22 will be deemed to be filed in the consolidated proceeding, and are referred to the Presiding Judge for appropriate disposition.

Consolidated has computed the costs of its own "old produced gas"² on alternative bases. Tenth Revised Sheet No. 16 reflects costs attributable to production based on the applicable

rate under Section 104 of the Natural Gas Policy Act (NGPA). Alternate Tenth Revised Sheet No. 16 reflects the cost of pipeline production on a cost of service basis. Consolidated states that while § 270.203 of the interim regulations appears to treat pipeline production on a different basis than producer production, and that while a cost of service basis appears to be required, it is filing for rehearing and reconsideration of the interim regulations in Docket No. RM79-3 on this subject.

The methodology for computing pipeline production reflected in Alternate Tenth Revised Sheet No. 16 is consistent with § 270.203 of the Interim Regulations and that tariff sheet is accepted for filing, as hereinafter conditioned. Tenth Revised Sheet No. 16 shall be rejected.

Consolidated's proposed rates in RP79-22 reflect costs attributable to various projects which have not been certificated and are not in service as of the date of this filing. The Commission shall grant waiver of Section 154.63(e)(2)(ii) of the Regulations to permit Consolidated to include such costs in its filing, conditioned upon the filing of revised tariff sheets reflecting the elimination of costs associated with facilities not in service on or before June 30, 1979.

Consolidated shall also adjust its rates to reflect the actual balances of advance payments in Account 166 as of June 30, 1979, and the effective GRI Funding Unit on the effective date of the increased rates and any resulting reductions in RD&D costs required by Opinion 30. However, inclusion of a higher advance payments balance in Consolidated rates shall not be permitted to increase the level of the original suspended rates. The revised tariff sheets shall also remove the increased costs associated with LNG purchases if Consolidated's LNG rate increase is not approved by ERA prior to July 1, 1979. Waiver of Section 154.63(e)(2)(ii) shall be granted upon condition that Consolidated shall not be permitted to make offsetting adjustments to the suspended rates prior to hearing, except for those adjustments made pursuant to Commission approved tracking provisions, those adjustments required by this order, and those required by other Commission orders.

On January 24, 1979, the Public Service Commission of the State of New York (PSCNY) filed a Notice of Intervention and Motion for Summary Action. PSCNY requests, among other things, that the Commission summarily dispose "of the entire claimed increase in depreciation rates above those ordered by the Commission in Opinion Nos. 3 and 3-A and the claimed rate of return (and associated

taxes) to the extent they are based upon a rate on equity in excess of 13.25%." In the alternative, PSCNY requests that the Commission sever the rate of return and depreciation issues from prior Consolidated rate filings and from the above-referenced docket, consolidate these issues, and authorize the Presiding Administrative Law Judge to "take all additional steps as . . . are appropriate . . . to permit Commission resolution of the two issues . . . within the suspension period in Docket No. RP79-22."

No action will be taken on this motion at this time because the time for answers to the motion prescribed by § 1.12(c) of the Commission Rules of Practice and Procedure (18 CFR 1.12(c)) has not yet expired.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 8, and 15 thereof, and the Commission's Rules and Regulations, a public hearing shall be held concerning the lawfulness of the increased rates proposed by Consolidated.

(B) Pending hearing and decision, and subject to the conditions and exceptions enumerated in the body of the order and the Ordering Paragraphs. Consolidated's proposed rate increase is accepted for filing and suspended until July 1, 1979, when it shall be permitted to become effective, subject to refund, upon motion filed pursuant to the Commission's Regulations.

(C) Waiver of Section 154.63(e)(2)(ii) is granted upon the condition that Consolidated file revised tariff sheets reflecting the elimination of costs associated with facilities not in service on or before July 1, 1979, and upon the further condition that Consolidated shall not be permitted to make offsetting adjustments to the suspended rates prior to hearing, except for those adjustments made pursuant to Commission approved tracking provisions, those adjustments required by this order, and those adjustments required by other Commission orders.

(D) Docket Nos. RP78-52 and RP79-22 are consolidated for purposes of hearing and decision.

(E) Acceptance of the tariff sheets filed to effect this rate increase permitted in Ordering Paragraph (C) is further conditioned upon Consolidated's reflecting the effective GRI Funding Unit and the actual balance in Account 166 as of June 30, 1979. However, inclusion of a higher advance payments balance in Consolidated's rates shall not be permitted to increase the level of the original suspended rates.

(F) Consolidated shall not be permitted to reflect in rates increased costs associated with LNG purchases if its

²Old production is production from wells drilled prior to January 1, 1973, on leases acquired prior to October 8, 1969.

LNG rate increase is not approved by ERA prior to July 1, 1979.

(G) Tenth Revised Sheet No. 16 is rejected.

(H) The Commission Staff shall prepare and serve top sheets on all parties on or before May 12, 1979.

(I) The Presiding Administrative Law Judge assigned to Docket No. RP78-52, or such other Presiding Judge as the Chief Administrative Law Judge may assign, shall convene a settlement conference in the consolidated proceeding to be held within 10 days after the service of top sheets by the Staff, in a hearing or conference room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The Presiding Judge is authorized to establish such further procedural dates as may be necessary and to rule upon all motions (except motions to consolidate, sever, or dismiss), as provided for in the rules of practice and procedure.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Project No. 659]

CRISP COUNTY POWER COMMISSION

Application for New Major License for
Constructed Project

JANUARY 25, 1979.

Take notice that on January 28, 1978, Crisp County Power Commission ("CCPC") filed an application under the Federal Power Act, 16 U.S.C. §§ 791(a)-825(r) (1976), for a new major license for its constructed Lake Blackshear Project (FERC Project No. 659). The project is located on the Flint River in Crisp, Dooly, Lee, Sumter, and Worth Counties, Georgia. The original license for the project expired on August 9, 1978, and the project

has been operated under annual license since that time. Correspondence regarding the application should be sent to Mr. Frank L. Olson, Manager, Crisp County Power Commission, Box 489, Cordelle, Georgia 31015.

The Lake Blackshear Project is a run of the river project. It consists of: (1) a 669-foot-long and 49-foot-high concrete dam including a 150-foot-long reinforced concrete intake section and a 415-foot-long spillway section topped with 14 tainter gates, each 17 feet high by 25 feet wide; (2) a 3,410-foot-long earth dike located at the northwest end of the spillway; (3) a 680-foot-long earth dike with a concrete core located at the southeast end of the powerhouse; (4) a steel and brick powerhouse containing four hydroelectric generating units with a total installed capacity of 15,200 kW; (5) a 46 kV transmission line, 1,400 feet long, that connects the main bus to CCPC's steam plant switchyard; and (6) all other facilities and interests appurtenant to the operation of the project.

CCPC has developed two public recreation areas at the project: (1) Killebrew Recreation Area on 5 acres below Warwick Dam, consisting of a boat ramp, a parking area picnic units, an information exhibit, an observation area and overlook, and a primitive camping area; and (2) Smoak Bridge Public Boat Ramp on a 2-acre site on Lake Blackshear adjacent to U.S. Highway 257, consisting of a boat ramp and parking area.

In addition to CCPC's two developments, there are numerous other public and commercial recreational facilities on 1,334 acres of land adjacent to the project. The largest public recreation area (1,307 acres) is the Georgia Veterans Memorial State Park administered by the Georgia Department of Natural Resources.

CCPC plans only minor future site improvements at its two existing public recreation areas. CCPC is also preparing a Pier and Dock Permit Policy to directly control construction of shoreline recreational facilities at the project through issuance of 5-year permits based on established design standards.

No new construction other than that related to the improvement of existing facilities, nor any change in operation of the project, are proposed.

The Lake Blackshear Project is a part of CCPC's generating system supplying electric utility services in Crisp County and vicinity.

Anyone desiring to be heard or to make any protest about this application should file a protest or a petition to intervene with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure

("Rules"), 18 CFR § 1.10 or § 1.8 (1976). In determining the appropriate action to take, the Commission will consider all protest filed, but a person who merely files a protest does not become a party to the proceeding. To become a party or to participate in any hearing, a person must file a petition to petition to intervene in accordance with the Commission's Rules. Any protest or petition to intervene must be filed on or before April 2, 1979. The Commission's address is: 825 N. Capitol Street, N.E., Washington, D.C. 20426

The application is on file with the Commission and is available for public inspection.

ARTHUR R. EHRSCHWENDER

Filing

JANUARY 31, 1979.

Take notice that on January 9, 1979, Arthur R. Ehrnschwender, (Applicant) filed an application pursuant to Section 305(b) of the Federal Power Act to hold the following positions:

Vice President, The Cincinnati Gas & Electric Company (Public Utility).

Vice President, Director, The Union Light, Heat and Power Company (Public Utility).

Director, Cincinnati Electric Equipment Company (Sales and Service).

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 15, 1979. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

FLORIDA POWER & LIGHT CO.

Extension of Time

JANUARY 25, 1979.

On January 18, 1979, Florida Power & Light Company filed a motion for extension of time to file briefs opposing exceptions to the initial decision issued in this proceeding on November 28, 1978. The motion states that additional time is necessary because of the length and variety of the arguments filed in the Florida Cities' brief on exceptions. The motion further states that Staff, Florida Cities and Florida Power Corporation do not object to the request.

Upon consideration, notice is hereby given that an extension of time is granted to and including January 26, 1979, for the filing of briefs opposing exceptions.

GEORGIA POWER CO.

Application for Approval of Exhibit R

JANUARY 25, 1979.

Take notice that an application for approval of Exhibit R (recreation plan) for Project No. 2725 was filed on December 6, 1978, by Georgia Power Co. (Applicant) pursuant to Article 35 of the project license. Project No. 2725, known as the Rocky Mountain Project, is located on Heath Creek in Floyd County, Georgia. Correspondence concerning the application should be sent to: Mr. I. S. Mitchell, III, Vice President and Secretary, Georgia Power Company, P.O. Box 4545, Atlanta, Georgia 30302.

The Applicant proposes to provide the following recreational facilities at the project: the Auxiliary Recreation Pool I area would include a visitors center, a beach complex with bathhouse and playground, a picnic and day use area, two tent/trailer campgrounds with walk-in sites, and a boat

launch and rental area; the Auxiliary Recreation Pool II area would include one boat launch and a day use and picnic area; and a mountaintop complex area would include hiking trails, an energy interpretation exhibit, and a picnic area.

Anyone desiring to be heard or to make any protest about this application should file a protest or a petition to intervene with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure (Rules), 18 CFR § 1.10 or § 1.8 (1978). [Docket No. ER79-881]

GEORGIA POWER CO.

Order Accepting for Filing, Suspending Proposed Rate Increase and Establishing Procedures

JANUARY 30, 1979.

On December 1, 1978, Georgia Power Company (GPC) tendered for filing a proposed rate increase for service to its two full requirements and three partial requirements customers.¹ The tendered rates would result in increased revenues of \$45,209 (4.0%) to the full requirements customers and \$8,342,979 (3.7%) to the partial requirements customers over the rate presently in effect, subject to refund, in Docket No. ER78-166. The proposed rates are based on a test period consisting of the twelve months ending December 31, 1979.

Notice of the instant filing was issued on December 21, 1978, with responses due on or before December 29, 1978. On December 28, 1978, Oglethorpe Power Corporation (OPC), formerly Oglethorpe Electric Membership Corporation (OEMC) filed a protest and petition to intervene, delineating a number of cost of service and rate design allegations. In addition, the customer moves for summary dis-

¹See Attachment.

position of the Company's use of the superseded 48% Federal increase tax rate (rather than the currently effective 46% rate), requesting that GPC be required to file revised rates to reflect the 46% figure.

OPC also requests that the filing be rejected for the failure of its variable operation and maintenance (variable O&M) expense recovery provision to comply with Commission regulations. Should the Commission decline to reject the filing, OPC requests that the proposed rates be suspended for the full statutory period.

On December 29, 1978, Municipal Electric Authority of Georgia (MEAG) filed a protest and petition to intervene in which it specifies numerous objections to the Company's cost of service. In particular, MEAG contends that GPC's capital structure reflects improper treatment of Accumulated Deferred Investment Tax Credit (ADITC) in contravention of the Commission's decision in *Carolina Power and Light Company*.² MEAG requests that the Commission suspend the proposed rates for five months and set the case for hearing.

The City of Dalton (Dalton), on December 13, 1978, filed a petition to intervene, based on the direct and substantial interest as customer of GPC and a protest, requesting a five month suspension period.³

The December 1 filing proposed a February 1, 1979 effective date. However, on January 12, 1979, the Company submitted "Georgia Power Company's request That Certain Action Be Taken And Conditional Request For Revised Effective Date". In this submittal, GPC requests, subject to Commission action in Docket No. ER78-166 (GPC's last rate filing), that we grant OPC, MEAG and Dalton intervention, set the case for hearing and suspend the effectiveness of the rates until July 1, 1978.⁴ GPC requests that the

Commission issue an order in Docket No. ER78-166 approving the settlement agreement and issue an order in the related dockets, EL78-40, EL78-42, and ER79-22, terminating those proceedings.

We note that GPC's case-in-chief includes an allocation of a portion of Liquid Metal Fast Breeder Reactor (LMFBR) research contributions and Electric Power Research Institute (EPRI) contributions to the resale cost of service. Such allocations have been determined to be improper. These contributions are voluntary and are made on the basis of retail sales. Moreover, many wholesale customers make contributions to LMFBR and EPRI on the basis of their retail sales. Accordingly, we shall summarily dispose of the allocation to resale cost of service of contributions to LMFBR and EPRI.⁵

GPC's filing also includes a number of other items which may be disposed of summarily. The Company's use of the superseded 48% Federal income tax rate, rather than the 46% rate, is improper and is hereby disposed of summarily.⁶ The Company's inclusion of ADITC in its capital structure is likewise contrary to established Commission policy and we shall grant summary disposition of this issue as well.⁷

GPC shall be required to file within 60 days revised rates and accompanying cost support which incorporates the current 46% tax rate and which excludes the cost of contributions to LMFBR and EPRI and removes ADITC from the capital structure. The cost of refiling shall be included in the Company's Account No. 426.5, in accordance with 18 CFR Part 101. This expense should not be borne by the ratepayers. The Company could and should have known prior to tender of its filing that the Federal income tax rate had been changed from 48% to 46% effective January 1, 1979 (prior to the Company's requested effective date), and the 46% figure should have been incorporated in the Company's filing in the first instance. Since reflecting our determinations on EPRI, LMFBR and ADITC in the revised filing will add little, if at all, to the cost of refiling to incorporate the proper FIT rate, the entire cost of refiling is to be included in Account No. 426.5.

Our review indicates that the rates filed by GPC have not been shown to

On January 9, 1978, the Judge certified the settlement agreement to the Commission.

be just and reasonable and may be unjust, unreasonable, unduly discriminatory or otherwise unlawful. Accordingly, the Commission will accept the submittal for filing and suspend the proposed rates for five months, to become effective July 1, 1979, subject to refund. In view of the fact that our analysis indicates that a five month suspension period is warranted in this case, it shall be unnecessary to respond to the Company's conditional request for a five month suspension of the effectiveness of its proposed rates and to its request for action in Docket Nos. ER78-166, EL78-40, EL78-42, and ER79-22.

The Commission orders:

(A) The rates proposed by Georgia Power Company are hereby accepted for filing, as conditioned herein, and are suspended for five months, to become effective as of July 1, 1979, subject to refund.

(B) The petitioners, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton are hereby permitted to intervene in this proceeding subject to the Rules and Regulations of the Commission; *Provided, however*, that participation by such intervenors shall be limited to matters set forth in their petition to intervene; and *Provided, further*, that the admission of such intervenors shall not be construed as recognition by the Commission that they might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(C) Georgia Power Company shall file within 60 days revised rates and accompanying cost support (1) incorporating the 46% federal income tax rate; (2) excluding the cost of LMFBR research and EPRI contributions; and (3) removing ADITC from the capital structure. The cost of refiling shall be included in Accounts No. 426.5.

(D) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulation Commission by Section 402(a) of the DOE Act and by the Federal Power Act, particularly Sections 205, 206, 301, 307, 308 and 309 thereof, and pursuant to the Commission's Rules of Practice and Procedure and the Regulations under the Federal Power Act (18 CFR, Chapter I), a public hearing shall be held concerning the justness and reasonableness of the rates proposed by the Philadelphia Electric Company in this proceeding.

(E) Oglethorpe Power Company's motion for rejection of the filing is hereby denied.

(F) The Staff shall prepare and serve top sheets on all parties on or before 90 days after the date of issuance of this order.

(G) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Project No. 2725]

GEORGIA POWER CO.

Application for Approval of Exhibit R

JANUARY 25, 1979.

Take notice that an application for approval of Exhibit R (recreation plan) for Project No. 2725 was filed on December 6, 1978, by Georgia Power Co. (Applicant) pursuant to Article 35 of the project license. Project No. 2725, known as the Rocky Mountain Project, is located on Heath Creek in Floyd County, Georgia. Correspondence concerning the application should be sent to: Mr. I. S. Mitchell, III, Vice President and Secretary, Georgia Power Company, P.O. Box 4545, Atlanta, Georgia 30302.

The Applicant proposes to provide the following recreational facilities at the project: the Auxiliary Recreation Pool I area would include a visitors center, a beach complex with bathhouse and playground, a picnic and day use area, two tent/trailer campgrounds with walk-in sites, and a boat launch and rental area; the Auxiliary

Recreation Pool II area would include one boat launch and a day use and picnic area; and a mountaintop complex area would include hiking trails, an energy interpretation exhibit, and a picnic area.

Anyone desiring to be heard or to make any protest about this application should file a protest or a petition to intervene with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure (Rules), 18 C.F.R. § 1.10 or § 1.8 (1978). In determining the appropriate action to take, the Commission will consider all protests filed, but a person who merely files a protest does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any protest or petition to intervene must be filed on or before March 12, 1979. The Commission's address is: 825 N. Capitol Street, N.E., Washington, D.C. 20426.

The application is on file with the Commission and is available for public inspection.

GULF CENTRAL PIPELINE CO.

Extension of Time

JANUARY 30, 1979.

On December 18, 1978, the Oil Pipeline Board issued an order instituting an investigation of and suspending a rate increase sought by Gulf Central Pipeline Company (Gulf Central). Gulf Central filed its FERC Tariff No. 86 on November 20, 1978, seeking an increase in rates for transportation of anhydrous ammonia.

On January 8, 1979, Gulf Central filed a petition for reconsideration and vacation of the Board's December 18 order. On January 22, 1979, protestant CF Industries, Inc. filed a request for extension of time for filing a reply to Gulf Central's petition for reconsideration until February 13, 1979.¹ In a telegram filed on January 23, 1979 protestant CF Industries states that Gulf Central does not object to the requested extension.

Accordingly, since the Commission has received no objections to the request for extension, and for good cause shown, the time within which parties must file a reply to Gulf Cen-

[Docket No. OR79-31]

LAKEHEAD PIPE LINE CO.

Order Instituting Section 15(7) Investigation and Establishing Procedures

JANUARY 30, 1979.

Lakehead Pipe Line Company (Lakehead), is a wholly-owned United States subsidiary of Interprovincial Pipe Line Limited (IPL), a Canadian oil pipeline corporation. Lakehead owns and operates crude oil trunk pipelines in the States of Illinois, Indiana, Michigan, Minnesota, New York, North Dakota, and Wisconsin, which extend from a connection with IPL at the Canadian Boundary near Neche, North Dakota, via Superior, Wisconsin, Straits of Mackinac and Bay City, Michigan, to the Canadian Boundary on the St. Clair River between Port Huron, Michigan and Sarnia, Ontario. Lakehead's pipeline in the continental United States starts again at the Canadian Boundary near Niagara Falls, New York, and extends to the Mobil Oil Refinery at Buffalo, New York. Another pipeline starts at Superior, Wisconsin and extends southeasterly at Griffith, Indiana; thence northeasterly to St. Clair, Michigan, where it connects with IPL.

Lakehead currently has seven tariffs on file with the FERC and in effect for service in the United States.¹ Review and consideration of these tariffs indicates that the rates, fares, charges, classifications, regulations or practices contained therein may be unjust and unreasonable. Therefore, an investigation pursuant to Section 15(7) of the Interstate Commerce Act (49 U.S.C.) should be instituted for the purpose of determining their justness and reasonableness.

In order to aid in the determination of the reasonableness of the proposed rates, the Commission shall require Lakehead to submit a schedule setting forth net original cost investment, with details. Appropriate working capital may be included in rate base. Lakehead may propose an appropriate rate of return for this rate base.

The Commission orders:

(A) The Commission hereby institutes an investigation pursuant to Section 15(7) of the Interstate Commerce Act into the justness and reasonableness of Lakehead's F.E.R.C. Tariff Nos. 20-26.

¹F.E.R.C. Tariff Nos. 20-26.

(B) Within 45 days of the date of issuance of this order, Lakehead shall file its direct case supporting the justness and reasonableness of the rates, charges and terms and conditions of service contained in its F.E.R.C. Tariff Nos. 20-26. In addition, Lakehead shall submit a schedule setting forth net original cost investment, with details. Appropriate working capital may be included in rate base. Lakehead may propose an appropriate rate of return for this rate base.

(C) Within 90 days of the date of service of Lakehead's direct case, Staff shall serve its top sheets on all parties to this proceeding.

(D) A Presiding Administrative Law Judge, to be designated by the Chief Administrative Law Judge for that purpose shall convene a settlement conference in this proceeding to be held within 15 days after the service of top sheets by Staff, in a hearing room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The Presiding Administrative Law Judge is authorized to establish such further procedural dates as may be necessary and to rule on all motions as provided for in the rules of practice and procedure. MICHIGAN WISCONSIN PIPE LINE CO.

Tariff Changes Pursuant To Order Approving Stipulation and Agreements

JANUARY 31, 1979.

On December 29, 1978, Michigan Wisconsin Pipe Line Company (Michigan Wisconsin) tendered for filing revised tariff sheets to its F.P.C. Gas Tariff, Second Revised Volume No. 1, to be effective November 1, 1976 as follows:

Thirteenth Revised Sheet No. 12
Interim Second Revised Sheet No. 27C
Original Sheet No. 27C(1)
Interim Second Revised Sheet No. 27D
Interim First Revised Sheet No. 27E(11)

Michigan Wisconsin states that these tariff sheets are filed in accordance with Article V and Article VIII of the Stipulation and Agreement at Docket No. RP76-100. Michigan Wisconsin further states that copies of the filing have been mailed to its customers and all interested parties in Docket Nos. RP75-96 and RP76-100.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the

Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). [Docket No. RP73-43 (PGA79-1 and TT79-2)]

MID LOUISIANA GAS CO.

Order Accepting for Filing and Suspending Proposed Tariff Sheet, Subject To Conditions, and Establishing Hearing Procedures

JANUARY 30, 1979.

On December 14, 1978, Mid Louisiana Gas Company (Mid Louisiana) filed a revised tariff sheet¹ proposed to be effective February 1, 1979. The revised tariff sheet contains rates which will increase the cost of purchased gas under Rate Schedules G-1, SG-1 and I-1 by 44.58 cents per Mcf;² increase the cost of gas purchased from United Gas Pipe Line Company (United) under Rate Schedule E-1 by 13.29 cents per Mcf;³ and decrease the surcharge under Rate Schedules G-1, SG-1 and I-1 by 20.5 cents per Mcf.

Public notice of the filing was issued January 24, 1979, providing for protests or petitions to intervene to be filed on or before January 29, 1979.

Mid Louisiana states that the purpose of this filing is to reflect increased purchased gas costs. Mid Louisiana's filing also reflects the net of increases and decreases in costs incurred by Mid Louisiana for transportation, storage, and compression of gas by others since settlement was agreed to in Docket No. RP77-58.

Based upon a review of Mid Louisiana's filing this Commission finds that

¹Thirty-Second Revised Sheet No. 3a to FERC Gas Tariff, First Revised Volume No. 1.

²This represents approximately a 51% increase in purchased gas costs (approximately \$5.575 million semi-annually). These costs are attributable mainly to increased producer prices pursuant to the Natural Gas Policy Act of 1978 and the attachment of new supplies.

³The cost of gas purchased from United is computed separately from other rate schedules as provided by the PGA clause.

the proposed rates have not been shown to be just and reasonable, and may be unjust and unreasonable, unduly discriminatory or otherwise unlawful. Accordingly, the Commission shall accept for filing Mid Louisiana's filing subject to conditions; grant waiver of the 30 day notice requirements and suspend its effectiveness such that it shall become effective, subject to refund, as of February 1, 1979.

Mid Louisiana's filing includes a 2.51¢ per Mcf transportation cost rate adjustment (\$396,792) proposed to be effective February 1, 1979, replacing the present 1.86¢ per Mcf adjustment.⁴ The transportation cost rate adjustment (2.51¢ per Mcf) was filed pursuant to Article V of Mid Louisiana's Stipulation and Agreement at Docket No. RP77-53 approved by Commission order issued October 12, 1978. Article V permits Mid Louisiana to file transportation cost rate adjustment semi-annually and concurrently with its PGA adjustments for the life of the settlement agreement.

Included within this tracking adjustment is a charge of 21.8¢ per Mcf (\$262,531 per year) for the gathering, compression, and dehydration of gas by Sunbelt, a wholly owned subsidiary of Mid Louisiana.⁵ The 21.8¢ per Mcf gathering, compression, and dehydration charge is for gas purchased from Louisiana Land and Exploration Company (LLE).⁶ This 21.8¢ per Mcf charge for gathering, compression, and dehydration is in addition to Mid Louisiana's proposed filing request for a Section 103 price pursuant to the Natural Gas Policy Act of 1978 for the gas purchased from LLE.⁷ Sunbelt entered into its gathering, compression, and dehydration contract with Mid Louisiana on July 1, 1978. To date Sunbelt, nor any other party, has sought certificate authority to perform such services.

The hearing on the lawfulness of Mid Louisiana's rates should include the following issues, among others: (1) Whether Sunbelt's operations constitute gathering operations or transportation operations; (2) Whether the Sunbelt charge is appropriately included in Mid Louisiana's transportation rate adjustment; (3) Whether Sunbelt requires certificate authorization; (4) Whether the Sunbelt charge exceeds the maximum lawful price

⁴Both of these adjustments were from a base amount established in the settlement in Docket No. RP77-58.

⁵This amounts to an increase of \$10,084 annually over the amount presently included in Mid Louisiana's rates.

⁶LLE was authorized in Docket No. CI78-200 to make this sale to Mid Louisiana.

⁷Presently, LLE has not made any filing with the Commission to collect this rate on an interim basis pending determination that such gas qualifies for this rate.

under the Natural Gas Policy Act of 1978 and (5) Such other issues as are necessary to make a determination of the appropriate rates.

The 2.51¢ Mcf transportation cost rate adjustment also reflects proposed increased compression and dehydration costs from Grand Bay. By order issued December 28, 1978, in Docket No. RP79-15 the Commission rejected Grand Bay's proposed rate increase. Accordingly, Mid Louisiana's transportation cost rate adjustment is conditionally accepted subject to elimination of costs attributable to Grand Bay's rejected increase.

The 44.58¢ per Mcf increase in the current gas cost adjustment under Rate Schedules G-1, SG-1, and I-1 reflects producer gas costs increases pursuant to Sections 102, 103, 104, 108 and 109 of the Natural Gas Policy Act of 1978 (NGPA). In addition, Mid Louisiana has reflected costs from producer and pipeline suppliers in its current adjustment which are anticipated to become effective on or before February 1, 1979. Accordingly, we shall require Mid Louisiana to file a revised tariff sheet reflecting elimination of costs from producer and pipeline suppliers which those suppliers are not authorized to charge Mid Louisiana on or before February 1, 1979, pursuant to applicable Commission orders, the Natural Gas Act and the Regulations thereunder, and the Natural Gas Policy Act of 1978 and the Regulations thereunder.

Mid Louisiana's proposed rate increase includes an increase in the cost of gas purchased from United. United's rates have been accepted by the Commission subject to downward revisions. Accordingly, Mid Louisiana should file a revised tariff sheet reflecting the proper supplier rates of United.

The Commission orders:

(A) Subject to the conditions of Ordering Paragraphs (B), (C), (D), and (E) below, Mid Louisiana's proposed Thirty-Second Revised Sheet No. 3a to FERC Gas Tariff, First Revised Volume No. 1, is accepted for filing, suspended, and waiver of notice requirements is granted such that the filing shall become effective on February 1, 1979, subject to refund.

(B) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 8, and 15 thereof, and the Commission's rules and regulations, a public hearing shall be held concerning the lawfulness of the increased rates proposed by Mid Louisiana.

(C) Mid Louisiana shall file a revised tariff sheet to become effective subject to refund on February 1, 1979, reflecting elimination of costs from producer and pipeline suppliers which those suppliers are not authorized to

charge Mid Louisiana on or before February 1, 1979, pursuant to applicable Commission orders, the Natural Gas Act and the Regulations thereunder, and the Natural Gas Policy Act of 1978 and the Regulations thereunder.

(D) Mid Louisiana shall file a revised tariff sheet to become effective subject to refund on February 1, 1979, reflecting the proper supplier rates of United and reflecting elimination of costs attributable to Grand Bay's rejected increase in compression and dehydration costs.

(E) Waiver of Section 154.63(e)(2)(i) is granted to the extent necessary to effectuate the conditions contained in Ordering Paragraphs (C) and (D) above.

(F) Mid Louisiana shall serve its case-in-chief on or before March 1, 1979.

(G) Staff shall serve its statement of position, on or before May 30, 1979.

(H) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (18 CFR 3.5(d)) shall convene a settlement conference in this proceeding to be held within 10 days after the service of Staff's statement of position in a hearing room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The Presiding Administrative Law Judge is authorized to establish such further procedural dates as may be necessary and to rule on all motions (except motions to sever, consolidate, or dismiss) as provided for in the rules of practice and procedure.

By the Commission.

Secretary.

MILLTOWN SKELGAS, INC.

Extension of Time

JANUARY 26, 1979.

On January 12, 1979, Counsel for the Secretary of Energy filed a motion to dismiss the petition for review filed in this proceeding. The motion also contained a request that the time limitations for filing the record and responding to Milltown's petition be suspended pending the Commission's action on the motion to dismiss.

Upon consideration, notice is hereby given that an extension of time is granted to and including February 5, 1979, for the filing of the record in this proceeding, and for the filing of the response to Milltown's petition. The motion to dismiss will be ruled on by the Commission at a later date.

MILLTOWN SKELGAS, INC.

ORDER DESIGNATING PRESIDING OFFICER
AND APPOINTING COMMISSION DESIGNEE

JANUARY 30, 1979.

On November 24, 1978 the Department of Energy (DOE) issued a final decision and order, denying in part, Milltown Skelgas, Inc.'s (Milltown) application for an exception from the Mandatory Petroleum Price Regulations.¹

On December 28, 1978, Milltown filed a petition for review with this Commission. Section 1.40(d)(3) of the Commission's Rules of Practice and Procedure provides that upon receiving a petition for review, the Commission or its designee shall designate a presiding officer for the proceedings. The Commission, therefore, designates as a presiding officer in this proceeding, William J. Sweeney.

The Commission further appoints the Director or the Deputy Director of the Office of Opinions and Review as the Commission's designees for the purpose of designating, if necessary, another person to act temporarily as the presiding officer in this proceeding in Mr. Sweeney's absence.

NATURAL GAS PIPELINE CO. OF AMERICA

Notice of Purchased Gas Cost Adjustment to
Rates and Charges

JANUARY 30, 1979.

Take notice that on January 19, 1979, Natural Gas Pipeline Company of America (Natural) submitted for filing as part of its FERC Gas Tariff, Third Revised, Volume No. 1, the below listed tariff sheet, to be effective March 1, 1979:

Thirty-seventh Revised Sheet No. 5.

The tariff sheet reflects Base Rates at the levels filed, to be effective January 1, 1979, subject to refund, under Natural's January 8, 1979, submittal in Docket No. RP78-78.

Natural states the purpose of this filing is to track producer and pipeline supplier price changes and to recover the accumulated deferred purchased gas cost as of November 30, 1978 and to recover the estimated deferred purchased gas cost resulting from NGPA increases for the period December 1, 1978 through February 28, 1979. The unit rate adjustments are computed pursuant to the provisions of Natural's Purchased Gas Cost Adjustment Clause and Commission's Order No. 18, issued December 1, 1978. The combined effect of these unit adjustments results in an increase in Natural's cumulative PGA adjustment of 23.09¢ per Mcf.

Copies of the filing have been mailed to Natural's jurisdictional customers and to interested state regulatory agencies.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with Section 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 12, 1979. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

NEVADA POWER CO.

Interconnection Agreement

JANUARY 31, 1979.

Take notice that on January 13, 1979, Nevada Power Company (NPC) tendered for filing an Interconnection Agreement between it and the Public Service Company of New Mexico (PNM) dated December 28, 1978. NPC states that the primary purpose of this Interconnection Agreement is to provide for pooling and the exchange of generating capacity and energy between the electric systems of the parties.

NPC further states that service may be provided under three Service Schedules:

1. Service Schedule A—Emergency Assistance.
2. Service Schedule B—Economy Energy Interchange.
3. Service Schedule C—Banked Energy.

NPC requests an effective date of December 23, 1978, and therefore requests waiver of the Commission's notice requirements.

Copies of this filing were served upon NPC's jurisdictional customer, CP National, and upon the Public Service Commissions of the State of Nevada and the State of New Mexico, according to NPC.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, D.C., 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 20, 1979.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket Nos. ER79-92 and ER79-93]

NEW ENGLAND POWER CO.

Order Accepting for Filing and Suspending Proposed Rates, Providing for Hearing, Granting Summary Judgment, Granting Interventions and Consolidating Proceedings.

JANUARY 30, 1979.

On December 1, 1979, the New England Power Company (NEP) submitted for filing a proposed increase to its wholesale customers which results in increased revenues of \$1,241,702 for the twelve month test period ending December 31, 1979.¹ The proposed increase for service under rate W-1 (full requirement service) consists of a \$1,143,122 (0.21%) increase to three affiliates and seven non-affiliates under the primary rate. In addition, NEP proposes a \$98,580 (.45%) increase to twenty-two customers under the CD rate (Contract Demand partial requirements service).² NEP requests an effective date of February 1, 1979 for both rates and a one day suspension.

This filing also includes (1) an amendment revising the tariff late payment provisions, (2) an update of the Narragansett Electric Company (Narragansett) service agreement to reflect present service conditions, and (3) an amendment to the Massachusetts Electric Co. (Masselec) service agreement providing for revised facility charges for transmission an switching facilities provided beyond the standard delivery point.

On December 1, 1978, NEP also tendered for filing an amendment to the Service Agreement between NEP and its affiliate, Narragansett.³ NEP states that the amendment is the result of an annual review of its integrated facilities agreement under which Narragansett's generation and transmission facilities are made available to NEP and are paid for by means of monthly credits ("G" and "T" credits) on the purchased power bill which NEP renders Narragansett. The amendment, which was signed by representatives of both NEP and Narragansett, will reduce the credits allowed Narragansett by approximately \$330,850 annually. Additionally, NEP has submitted a proposed billing revision which provides that operating costs pertaining to the Narragansett transmission facilities will be credited monthly on an estimated basis, subject to corrective adjustment when actual monthly costs become known. NEP requests that its revisions become effective February 1, 1979.

Notice of the filings in Docket Nos. ER79-92 and ER79-93 were issued on

December 15, 1978 and December 12, 1978, respectively, with responses due on or before December 29, 1978.

ER79-92.

On December 29, 1978, the NEPCO Customer Rate Committee, NEP Municipal Customers,⁴ Manchester Electric Company and New Hampshire Electric Cooperative (collectively referred to as "Customers") filed a Protest, Petition to Intervene and Motion for Summary Judgment in Docket No. ER79-92.

In their Petition, Customers seek intervention as purchasers of wholesale energy under the CD service tariff or the W-1 rate. In addition, customers request the Commission to suspend the proposed increase for the full five month period. In support of this request, Customers submit that if the Commission upholds the Initial Decisions in Docket No. ER76-304 ("R-10") and Docket No. ER77-97 ("R-11"), NEP's proposed increase cannot be justified. Customers also allege that the rate currently in effect ("R-12") is more than compensatory and is, in fact, allowing NEP an unjustifiably high rate of return. In addition, Customers raise several cost of service and cost allocation issues, including an allegation that the proposed increase is greater for the CD-class. According to Customers, this discrepancy stems from NEP's improper assumption that all CD customers are using their full entitlement each month. These issues should be decided on the basis of a record established at a full evidentiary hearing and will not be disposed of here. We note some issues may be ripe for summary judgment if the Commission issues an Opinion in R-10 before the commencement of the hearing in this proceeding.

Finally, Customers move for summary judgment of NEP's inclusion of its Electric Power Research Institute (EPRI) and Liquid Metal Fast Breeder Reactor (LMFBR) contributions in its cost of service to wholesale customers, citing the Commission's summary disposition of this issue in *Opinion No. 19*,⁵ and *Arkansas-Missouri Power Company*.⁶

ER79-93

On December 29, 1978, Customers petitioned to intervene in Docket No.

⁴Electrical Departments and Plants of the Massachusetts Towns and Cities of Ashburnham, Boylston, Danvers, Georgetown, Groton, Hingham, Holden, Hudson, Hull, Ipswich, Littleton, Mansfield, Marblehead, Merrimack, Middleton, North Attleboro, Paxton, Peabody, Princeton, Shrewsbury, Sterling, Templeton, Wakefield, and West Boylston, together with Littleton, New Hampshire.

⁵*Carolina Power & Light Co.*, issued August 2, 1978.

⁶Docket No. ER78-489, issued October 12, 1978.

ER79-93. Customers claim that NEP's filing in this docket will have a direct effect on their purchased power costs given the fact that the claimed cost of service in the W-1 filing reflects credits paid by NEP to the Narragansett Electric Company. Customers also request the Commission to consolidate Docket Nos. ER79-92 and ER79-93, pointing to common issues of law and fact appearing in both dockets. Finally, Customers request the Commission to suspend the rate for the full five months. In support of this request, customers challenge Narragansett's requested rate of return on common equity and NEP's method of calculating income taxes as reflected in the Narragansett rate.

The Attorney General of the State of Rhode Island and Rhode Island Division of Public Utilities and Carriers filed a petition to intervene in Docket No. ER79-93 on December 29, 1978. Petitioners assert that the proposed increase will adversely affect Rhode Island consumers and that such consumers will not be adequately represented by any other party to these proceedings. Petitioners request the Commission to grant intervention and suspend the proposed rates for the full five months.

We find that participation by the petitioners in this proceeding may be in the public interest.

Treatment of EPRI & LMFBR Contributions

NEP responded to Customers' petitions on January 9, 1979. In their response, the company renews its request for a minimum suspension period. Responding to Customers' motion for summary judgment, NEP argues that because of its "unique circumstances," the policy considerations articulated in *Connecticut Light & Power*, Docket No. ER78-518 would not be served by excluding its EPRI and LMFBR contributions from its wholesale customers' cost of services.⁷ With respect to EPRI,⁸ NEP indicates

⁷According to NEP, its EPRI contribution is computed in the following way: EPRI requests contributions from the NEES companies based upon the total retail sales of the NEES system. The total contribution to EPRI is broken down into those portions which relate to generation and transmission related R. & D projects and those portions which relate to distribution projects. Since NEP is the affiliate within the holding company system responsible for the generation and transmission function, that portion of EPRI contribution related to such projects (approximately \$1.4 million) is allocated entirely to NEP. NEP, in turn, allocates that expense to its wholesale customers. The retail distribution affiliates (Massachusetts Electric Company, Granite State Electric Company, and Narragansett Electric Company) are allocated the remainder of the contribution (that associated with distribution projects).

⁸NEP's total EPRI & LMFBR contribution is \$1.7 million (\$1.4 million and \$.3 million).

Footnotes continued on next page

¹Docket NO. ER79-92.

²See Appendix for Designations.

³Docket No. ER79-93.

that 95% of its wholesale sales are to affiliated distribution companies. As the affiliated companies are all under the direction of common management, NEP asserts that these distribution companies support and therefore "voluntarily" join in NEP's contributions to EPRI. According to NEP, this fact completely distinguishes NEP's factual situation from that described in *Connecticut Light & Power*.

With respect to NEP's non-affiliated customers, the company argues for inclusion of the EPRI contribution on the following bases: (1) non-affiliated sales are only 5% of NEP's total wholesale sales; (2) NEP's EPRI contributions relate solely to generation and transmission R & D and (3) the ultimate retail customers should not bear a different share of NEP's R & D program depending simply upon whether they are customers of a NEES affiliate or non-affiliate.

With respect to NEP's non-affiliated wholesale customers, we perceive no factual distinction which supports different treatment of EPRI and LMFBR contributions in this case from the treatment given in *Connecticut Light & Power*.⁹ These non-affiliates are free to make independent contributions to these research programs and, thus, the three policy objectives outlined in *Connecticut Light & Power* would be served by exclusion of this cost item from the non-affiliates' cost of service. Accordingly, we will order summary disposition of this issue with respect to NEP's non-affiliate wholesale customers. While we desire to encourage these kinds of contributions, this result is in accordance with Commission precedent and is consistent with sound ratemaking principles.

Accordingly, we will grant summary disposition and direct NEP to refile its rates to reflect the elimination of this cost item from the CD rate and develop a credit for the non-affiliates under the W-1 rate.

Our review of the filing indicates that the proposed rates filed by NEP have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential or otherwise unlawful. We shall therefore suspend the proposed rates for five months and establish hearing

procedures. Because of the common issues of law and fact in the two proceedings, Docket No. ER79-92 should be consolidated with Docket No. ER79-93 for hearing and all other purposes.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Section 402(a) of the DOE Act, and by the Federal Power Act, particularly Sections 205, 206, 301, 307, 308 and 309 thereof, and pursuant to the Commission's Rules of Practice and Procedure and the Regulations under the Federal Power Act (18 CFR, Chapter I), a public hearing shall be held concerning the justness and reasonableness of the rates proposed by the New England Power Company.

(B) Pending such hearing and decision thereon, the NEP's filings in Docket Nos. ER79-92 and ER79-93 are hereby accepted for filing as conditioned herein and suspended for five months to become effective on July 1, 1979, subject to refund.

(C) Staff shall serve top sheets in this proceeding on or before April 27, 1979.

(D) Customers' motion for summary judgment in Docket No ER79-92 is hereby granted with respect to the treatment of EPRI and LMFBR expense for the non-affiliated customers.

(E) Docket Nos. ER79-92 and ER79-93 are hereby consolidated for the purposes of investigation, hearing and decision.

(F) Petitioners NEPCO Customer Rate Committee, NEP Municipal Customers, Manchester Electric Company and New Hampshire Electric Cooperative are hereby permitted to intervene subject to the Rules and Regulations of the Commission: *Provided, however*, that the participation of these intervenors shall be limited to matters set forth in their petitions to intervene; and *Provided, further*, that the admission of these intervenors shall not be construed as recognition by the Commission that they might be aggrieved because of any order or orders by the Commission entered in this proceeding.

(G) Within sixty (60) days of the issuance of this order, NEP is ordered to refile its CD rate to reflect the exclusion of the EPRI and LMFBR cost item and to submit a statement of its credit calculations with respect to the exclusion of the same cost item for its non-affiliate customers under the W-1 rate.

(H) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

Secretary.

[Docket No. EL78-32]

NEW YORK STATE ELECTRIC & GAS CORP.

Order Denying Petition for Declaratory Order

JANUARY 31, 1979.

On July 20, 1978, New York State Electric & Gas Corporation (NYSE) filed a Petition for Declaratory Order. In the petition, NYSE stated that it has a certificate of public convenience and related construction plans to build a transmission line between its Barton Brook substation at Elizabethtown, New York, and a substation located at Moriah, New York, owned by Republic Steel Corporation (Republic Steel).

The Moriah substation now is operated solely to receive transmissions of energy by Niagara Mohawk Corporation (Niagara Mohawk) to Republic Steel for use in its industrial plant at Moriah. Niagara Mohawk's transmis-

sion facilities connected to the Moriah substation are interconnected with the interstate power grid.

Thus, NYSE's transmission line connection to Republic Steel's Moriah substation would interconnect NYSE with Niagara Mohawk. This line would be part of NYSE's transmission facility interconnected with the interstate power grid. The function of this interconnection would be to enable NYSE and Niagara Mohawk to exchange energy through the Moriah substation. According to petitioner, NYSE and Niagara Mohawk would have exclusive control over the operation of the transmission throughput function of the substation.

In its petition, NYSE seeks an order from the Commission declaring that Republic Steel will not become a public utility within the meaning of the Federal Power Act as a result of allowing NYSE and Niagara Mohawk to interconnect their facilities through the Moriah substation.

By letter of October 26, 1978, NYSE notified the Commission that it has postponed indefinitely its construction plans for this transmission line. However, instead of withdrawing the petition, NYSE renewed its request for the declaratory order, stating its opinion that future construction plans will be similar to those submitted. In the alternative, NYSE requested that its petition be dismissed without prejudice to a later submittal.

Although it is premature for us to issue a declaratory order at this stage, a discussion of the applicable principles may be informative to the petitioner. It appears to us that the planned interconnection at Moriah will make the substation a facility used in the transmission of power in interstate commerce and, thus, a "facility" within the meaning of subsections 201(b) & (e) of the Federal Power Act (Act). Being the owner of such a facility would make Republic Steel a "public utility" within the meaning of subsection 201(e) of the Act. Hence, Republic Steel's rates, charges, and conditions of service for transmission uses of the facility would be subject to the jurisdiction of the Commission. This conclusion is reached notwithstanding the exemption for facilities used in the local distribution of energy contained in subsection 201(e) of the Act, since the substation would no longer serve merely a local distribution function. In essence, the substation would serve as a "funnel" for energy flows at least partially generated and consumed out-of-state. *F.P.C. v. Florida Power & Light Co.*, 404 U.S. 452, 459 (1972)¹

¹The Court in *Florida Power & Light, Id.* at p. 458, noted the ease of resolution of the jurisdictional question where an intermediate company in the interstate transmission

Hence, Republic Steel as owner of the Moriah substation, would be a "public utility" under Section 201 of the Act.

However, definitive consideration by the Commission by the applicability of the Federal Power Act to the interconnection envisioned in the petition should be deferred until the operational details associated with these plans become definite and all of these facts are made available to us in a new submittal. Accordingly, we shall deny the Petition For Declaratory Order, without prejudice, as untimely.

The Commission orders:

(1) NYSE's Petition For a Declaratory Order is denied, without prejudice.

(2) This docket is terminated.

(3) The Secretary shall publish promptly this order in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket Nos. E-7796; and E-7777 (Phase II)]

PACIFIC GAS & ELECTRIC CO.

Order Denying Stay

JANUARY 29, 1979.

On January 19, 1979, Southern California Edison Company (Edison) filed a Motion for a stay of ordering paragraphs 3, 5 and 6 of the "Order Affirming Presiding Judge on Certified Questions, Granting Motion for Consolidation, and Granting Motion to Compel Filing" issued December 28, 1978 in the above-captioned dockets.

The referenced paragraphs in the December 28 order require Edison, among others, to file certain specified and unspecified documents with the Commission within 30 days of the issuance of the order. Edison requests a stay of compliance pending resolution of Edison's application for rehearing which, Edison asserts, will be filed on or before January 26, 1979.

Edison claims that it will suffer irreparable harm for the following reasons:

"(a) Edison's application for rehearing may be thought to be moot since

of energy serves as "no more than a funnel." For this point the Court cited *Jersey Central Power & Light Co. v. F.P.C.* 319 U.S. 61 (1943), in which the underlying principle of federal jurisdiction was stated as the avoidance of the fixing of costs for interstate transmission and of wholesale sales in interstate commerce "prior to the incidence of federal regulation and federal rate control." *Id.* at pp. 71-72. This principle applies equally well here, lest Republic Steel set rates for electricity transmitted in interstate commerce without prior scrutiny by us, as required under the Act.

filings would already have been required and would have been made;

"(b) Edison will have been required to go to the substantial expense and incur the substantial expenditure of time involved in making such filing;

"(c) Edison will have been put to the risk of inadvertent noncompliance with a vague and uncertain filing requirement;

"(d) As contemplated in the said Order, such filings will result in needless and unproductive proceedings before the Presiding Administrative Law Judge on questions related to the unresolved significance of such filings and on questions of whether the substance of such filings are or are not properly the subject of hearing in these Dockets;

"(e) To the extent the subject of any such filings are or might be considered as being the subject of hearing in these Dockets, Edison, and others, will be required to devote substantial time and financial resources in preparing testimony, in discovery and in other hearing preparation in connection with these matters, most of which involve agreements now more than 10 years old. The time required to Edison in this connection will seriously prejudice Edison's preparation for hearings in these Dockets on issues which are to be heard, particularly in view of the fact that Edison was added as an active party in this Docket only about one year ago and that the issues which are the subject of this Docket are serious and substantial."

Edison also states that it believes its application for rehearing will be found to be meritorious because (a) its contract with the Los Angeles Department of Water & Power, which the Commission ordered to be filed in its December 28 order, is not subject to Section 205(c) of the Act; (b) the requirement of ordering paragraph 6, which directs the filing of "all classifications, practices, rules, regulations or contracts that in any manner affect or relate to the Pacific Intertie Agreement" greatly expands the scope of the proceeding "on the eve of hearing;" and (c) Edison and other parties were denied due process rights in being denied the opportunity to address the issue of whether certain documents affecting or relating to the Pacific Intertie Agreement are within the scope of the proceeding.

Finally, Edison asserts that no parties' interest will be adversely affected by a grant of a stay in this proceeding.

On January 25, 1979, the Commission Staff Counsel filed a Response in opposition to Edison's Motion for a stay. In essence Staff contends that Edison has not complied with the relevant legal standard in moving for a stay of the order, citing *Virginia Petroleum Jobbers Association v. F.P.C.*,

259 F.2d 921 (D.C. Cir. 1958) and *Washington Metropolitan Transit Commission v. Holiday Tours*, 559 F.2d 841 (D.C. Cir. 1977).

While the test cited in *Virginia Jobbers* 259 F.2d at 925 applies to judicial stays of Commission orders, we agree with Staff that Edison has not demonstrated that, on balance, the granting of the stay is merited.

The Commission finds that Edison has not demonstrated that it is likely to prevail on the merits. Mere contention that the December 28 order was erroneous in requiring Edison to file certain documents, without more, will not suffice as a demonstration. Moreover, Edison's claim that it had no opportunity to address the issue of whether certain documents should be filed in Docket No. E-7777 is unwarranted. Edison had the opportunity to address the issue of the relevance of the Pacific Intertie arrangements before the Presiding Judge in Docket Nos. E-7796 and E-7777 (Phase II). Also, Edison specifically responded to the comments on the Presiding Judge's certification filed by the Southern California Cities by challenging Cities' view that the "58 contracts referred to by intervenors as the 'Pacific Intertie Arrangements'" were within the scope of Docket No. E-7777 (Phase II) proceeding.

Edison's assertion of irreparable injury is similarly unfounded. Denial of the stay does not render a rehearing moot; if the Commission reverses itself, Edison will be permitted to file a motion to withdraw its filings. Edison's contention of substantial expense is unquantified and speculative at best, and could not rightfully fit under the heading "irreparable." Edison's "risk of inadvertent noncompliance" is minimal at this stage since, as Staff notes:

If the company fails to file an agreement which the Judge determines, after argument on the issue, falls within the wording of paragraph (6), the Companies can simply file the agreements at that time without risk of penalty or prejudice.

The fact that the inclusion of the required filings may cause Edison and others to devote additional time and effort to their preparation for hearing was considered by the Commission in reaching its conclusion in the December 28 order.

Staff claims that it will be harmed by the grant of a stay because it "would virtually halt the proceedings." We believe that the additional delay that would result from a stay would not be justified in a proceeding which has already been fraught with substantial delay.

Finally, the public interest favors the denial of the request for a stay. Given the age of this docket, the failure of Edison to make a substantial showing of success on the merits, the

failure of Edison to demonstrate irreparable harm, and the possibility of harm to Staff and Intervenor through further delay, we do not believe that the public interest would be served in staying this proceeding at this time.

The Commission orders:

(A) The request of Southern California Edison Company for a Stay of ordering paragraphs 3, 5 and 6 of the December 28, 1978 order in this docket is hereby denied.

(b) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

PACIFIC POWER & LIGHT CO. AND CLARK-COWLITZ JOINT OPERATING AGENCY

Granting Petitions To Intervene

JANUARY 25, 1979.

Pacific Power and Light Company (PP&L) filed an application on May 5, 1976, for a new long-term license to continue operating the constructed Merwin Project, designated Project No. 935. Notice of the application was issued on August 20, 1976.

On February 18, 1977, Clark-Cowlitz Joint Operating Agency (CCJOA) filed a competing application for a new major license to operate the Merwin Project, designated Project No. 2791. Notice of the application was issued On May 11, 1978.

Additional petitions to intervene in Project No. 2791 have been filed by the Department of Ecology of the State of Washington on October 24, 1978, and the U.S. National Marine Fisheries Service on October 5, 1978. No objections have been received to the grant of these petitions.

Orders issued December 20, 1976, February 18, 1977, and October 18, 1978 granted interventions to parties and consolidated both applications for the purpose of future proceedings. Thus, PP&L and CCJOA are competing applicants and all intervenors are parties within the consolidated proceeding.

Pursuant to § 3.5(a) of the Commission's Rules of Practice and Procedure (Rules), 18 CFR § 3.5(a) (as amended) the above petitioners are permitted to intervene in this consolidated proceeding subject to the Commission's Rules. Participation of the intervenors shall be limited to matters affecting their asserted rights and interests specifically set forth in their respective peti-

tions to intervene. Admission of the intervenors shall not be construed as recognition by the Commission that they might be aggrieved by any order entered in this proceeding.

PACIFIC GAS & ELECTRIC CO.

Extension of Time

JANUARY 29, 1979.

On January 19, 1979, motions were filed by Pacific Gas and Electric Company (PG&E) and Southern California Edison Company (Edison) for extensions of time to comply with Ordering Paragraph (6) of the Commission's order of December 28, 1978 in these proceedings. Both motions state that making a determination of what documents to file in compliance with the Commission's order has been difficult and additional time is needed. Edison has also filed a motion for stay of Order in Paragraphs (3), (5) and (6). This motion has been denied by order issued January 29, 1979.

Upon consideration, notice is hereby given that an extension of time is granted to and including February 12, 1979, for all parties to comply with Ordering Paragraph (6) of the Commission's December 28, 1978 order.

PACIFIC POWER & LIGHT

Filing

JANUARY 31, 1979.

Take notice that Pacific Power & Light Company (Pacific) on January 15, 1979, tendered for filing, in accordance with Section 35.13 of the Commission's Regulations, its periodic revisions of Exhibits A and B to the Interconnections and Transmission Service Agreement between Pacific and the United States of America, Western Area Power Administration (WAPA), Contract No. 14-16-400-2437. Pacific states that these exhibits are to supersede Supplement No. 9 to Supplement No. 3 to Pacific Power & Light Company Rate Schedule FPC No. 45.

Pacific requests waiver of the Commission's notice requirements to permit this rate schedule to become effective January 1, 1979, which it

claims is the date of commencement of service.

According to Pacific copies of this filing were supplied to WAPA.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 20, 1979. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

POWDER RIVER PIPELINE CORP. AND THE
CRUDE CO., COMPLAINANTS VERSUS
AMOCO PIPELINE CO., DEFENDANT

Order Granting Severance of Issue on
Damages

JANUARY 31, 1979.

The Complainants, Powder River Pipeline Corporation (Powder River) and the Crude Company (TCC), filed a motion for separate Hearing on Issue of Damages on October 12, 1978, in which the allegations of the complaint in this action were set forth in detail. They ask that the damages issue be severed and deferred until after the Commission determines the merits of their liability claim.¹ This action was filed pursuant to the provisions of the Interstate Commerce Act (the Act) at 49 U.S.C. § 1 *et seq.* On October 24, 1978, the Amoco Pipeline Company defendant herein, filed a motion in support of the Complainants' October 12, 1978 pleading.

It is alleged herein that the Amoco Pipeline Company, a common carrier pipeline, violated Sections 1(4) and 3(1) of the Act, 49 U.S.C. §§ 1(4), 3(1) (1970), by implementing a prorating scheme at one pipeline terminal. This act allegedly resulted in defendant's failure "to provide and furnish

transportation upon reasonable request therefor" and allegedly caused an "undue preference or advantage" to complainants' competitors while subjecting complainants to "undue (and) unreasonable prejudice or disadvantage."

Complainants argue that a large number of witnesses and a substantial number of documents, photographs and detailed testimony are required to be presented as evidence solely on the damage issue. Further, they state that some of this testimony is subject to protective orders entered by the United States District Court for the District of Colorado in a separate proceeding presently before that tribunal.

In light of the foregoing, and in consideration of the lack of identity of issues, it is the determination of this Commission that a severance would simplify the issues and expedite disposition of the proceedings. Accordingly we shall grant Complainant's request to sever the issue of damages as hereinafter ordered and conditioned.

The Commission orders:

The issue of damages in this proceeding is severed and deferred pending a resolution by the Commission by final order of the merits of the Complainants' liability claim.

PUBLIC UTILITY DISTRICT NO. 1 OF DOUGLAS
COUNTY, WASHINGTON

Application for Approval of Easement

JANUARY 25, 1979.

Take notice that on October 13, 1978, the Public Utility District No. 1 of Douglas County, Washington, filed with the Federal Energy Regulatory Commission an application for approval of an easement over the lands of the Wells Project, FERC No. 2149. The easement would be granted near the Okanogan River, in the vicinity of Monse, Okanogan County, Washington. Copies of correspondence on this proposal should be sent to: Jeffers and Danielson, P.S., Attorneys-at-Law, Box 1688, Wenatchee, Washington 98801.

The application seeks Commission approval of an easement that would allow the Washington Department of Natural Resources to construct a pumping plant to pump water (24 cfs) from the Wells Reservoir across project lands to adjacent state-owned lands for the irrigation of those lands. The pumping plant would occupy about one-eighth of an acre of project

shoreline lands on the river's west bank about 1¼ miles upstream of Monse.

Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR § 1.8 or § 1.10 (1977). In determining the appropriate action to take, the Commission will consider all protests filed, but a person who merely files a protest does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any protest or petition to intervene must be filed on or before March 12, 1979. The Commission's address is: 825 N. Capitol Street, N.E., Washington, D.C. 20426.

The Application is on file with the Commission and is available for public inspection.

SABRE REFINING, INC.

Order Designating Presiding Officer and
Appointing Commission Designee

JANUARY 30, 1979.

On November 3, 1978, the Department of Energy (DOE) issued a final decision and order, denying in part, Sabre Refining, Inc.'s (Sabre) application for an exception from the Mandatory Petroleum Allocation Regulations.¹

On January 8, 1979, Sabre filed a petition for review with this Commission. Section 1.40(d)(3) of the Commission's Rules of Practice and Procedure provides that upon receiving a petition for review, the Commission or its designee shall designate a presiding officer for the proceedings. The Commission, therefore, designates as a presiding officer in this proceeding, Robert M. O'Mahoney.

The Commission further appoints the Director or the Deputy Director of the Office of Opinions and Review as the Commission's designees for the purpose of designating, if necessary, another person to act temporarily as the presiding officer in this proceeding in Mr. O'Mahoney's absence.

SOUTHERN NATURAL GAS CO.

Notice Granting Intervention

JANUARY 31, 1979.

On October 31, 1978, Southern Natural Gas Company filed revised tariff sheets requesting a rate increase. Public notice of Southern's October 31, 1978, filing was issued on November 8, 1978, providing for protests or petitions to intervene to be filed on or before November 20, 1978.

Timely petitions to intervene have been filed by Vicksburg Water and Gas Administration, Atlantic Gas Light Company, Florida Gas Transmission Company, Alabama Gas Corporation, Chattanooga Gas Company, Carolina Pipeline Company, Gas Section of the Georgia Municipal Association, and the Board of Water, Light and Sinking Fund Commissions of the City of Dalton, Georgia. Late petitions to intervene were filed by Korf Industries, Inc., and Georgia Industrial Group. Mississippi Public Service Commission, Alabama Public Service Commission, and Georgia Public Service Commission filed notices in intervention. These petitioners have demonstrated an interest in this proceeding warranting their participation. Inasmuch as no delay will result, good cause exists to grant late-filed petitions.

The above-named petitioners¹ are hereby granted intervention in this proceeding subject to the Commission's Rules and Regulations; *Provided, however*, that the participation of such intervenors shall be limited to matters affecting asserted rights and interests as specifically set forth in their petitions to intervene; and, *Provided, further* that the admission of said intervenors shall not be construed as recognition by the Commission that

[Docket No. CI77-298]

TENNECO INC., AMOCO PRODUCTION CO. ET
AL.

Order Suspending Proceeding

JANUARY 29, 1979.

By order issued March 8, 1977, the Commission¹ instituted an investigation into certain matters raised in the February 28, 1977, "Petition of Tenneco Inc. for Declaratory Order." In that petition, Tenneco Inc. (Tenneco) requested that the Commission issue a declaratory order resolving alleged uncertainties as to whether the necessary authority had been obtained under the Natural Gas Act by independent producers in connection with the release of natural gas from acreage or reservoirs under contract to Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Tennessee) in order to sell that gas to Channel Industries Gas Company (Channel). Channel is a subsidiary of Tenneco Inc.

On March 18, 1977, and July 1, 1977, Tenneco filed supplements to its petition in which it provided additional information on certain fields already discussed in its original petition and provided information concerning additional fields unmentioned in the initial filing. By orders issued April 4, 1977, and July 25, 1977, the Commission directed the additional, named affected producers to file responses to the matters raised in the petition as supplemented.

By Order Setting Investigation for Hearing and Granting Interventions, issued June 6, 1977, the Federal Power Commission made the twenty-one "affected producers" identified in the Tennessee filings respondents to the instant proceeding. By late orders, the Commission added additional respondents.

From May 16 to May 26, 1978, eight days of hearings were held. Settlement negotiations began early in July, and on December 19, 1978, the parties reported to the administrative law judge that some progress toward a settle-

ment agreement had been made. The judge ordered the parties to report back again on their settlement negotiations on January 31, 1979.

In Docket No. IN79-3, concurrently with the issuance of this order, the Commission is issuing an Order Directing Private Investigation and Designating Officers to Conduct the Investigation, which institutes a private investigation into matters concerning possible violations of the Natural Gas Act and the rules and regulations promulgated thereunder, involving Tennessee and Channel, as well as the respondents in the instant proceeding. All matters under consideration in the instant investigation, including the issues relating to producer authority, are being included within the scope of the investigation in Docket No. IN79-3 since the same transactions are common to both investigations. The investigation docketed as Docket No. IN79-3 will be conducted under the Rules Relating to Investigations.

We do not believe it would be practical or appropriate to continue the instant investigation as an ongoing administrative proceeding while handling the related investigation in Docket No. IN79-3 under the Rules Relating to Investigations, and therefore the proceeding in Docket No. CI77-298 should be suspended pending further Commission order in Docket No. CI77-298. The investigation concerning Tennessee and Channel which is docketed as Docket No. IN79-3 must, of necessity, concern itself with the transactions involved in Docket No. CI77-298 since the natural gas ultimately purchased by Channel from the producers involved in this case was released by Tennessee. Thus, if both investigations were to be pursued simultaneously, we would immediately be faced with the problems of deciding which issues should be resolved in each proceeding and of avoiding the possibility of inconsistent results in these two proceedings concerning the same transactions. Since the subject matter of these investigations is so intimately intertwined, we do not believe it can properly be separated.

Moreover, maintaining dual investigations into the same transactions and related matters would result in a needless duplication of staff effort and would constitute an inefficient use of the Commission's resources. Rather than requiring separate investigations to be pursued under separate procedures, we believe it is more expeditious to focus staff efforts into one comprehensive investigation.

Such an investigation, to be conducted in Docket No. IN79-3 under our Rules Relating to Investigations, will enable the staff to develop a complete picture of the situation surrounding the transfers involved herein and will

allow all further Commission decisions concerning these matters to be made on the basis of a unified record.

The Commission finds:

For the reasons set forth above, the instant proceeding should be suspended until further order of the Commission.

The Commission orders:

The proceeding in Docket No. CI77-298 is hereby suspended until further order of the Commission.

By the Commission.

Secretary.

[Docket No. RP79-211]

TENNESSEE NATURAL GAS LINES, INC.

Order Accepting for Filing and Suspending Proposed Rate Increase, Accepting Without Suspension Certain Changes to Tariff Provisions, Granting Waiver Subject to Conditions, And Establishing Hearing Procedures

JANUARY 30, 1979.

On December 28, 1978, Tennessee Natural Gas Lines, Inc. (TNGL) tendered for filing revised tariff sheets¹ proposed to be effective February 1, 1979, which would increase its annual jurisdictional revenues by \$1,125,525 or about 2.97% above its presently effective base tariff rates. The tendered revised tariff sheets also modify the language in certain of TNGL's tariff provisions and provide for transportation service.

Public notice of TNGL's filing was issued January 11, 1979, providing for protests or petitions to intervene to be filed on or before January 24, 1979.

TNGL proposes 13.747 percent overall rate of return and a 14.5 percent rate of return on a common equity ratio of 56.98 percent. TNGL states that this general rate increase is necessary to recover a deficiency in jurisdictional revenues as reflected by the cost of service for the period of twelve consecutive months of actual experience ending August 31, 1978, as adjusted for known and measurable changes through May 31, 1979; to attract capital and to maintain its credit and financial integrity.

TNGL requests waiver of § 154.63(e)(2)(ii) of the Commission's Regulations to permit the filing of Revised Sheet No. 8-I which reflects the changed unit transportation rate (unit

¹Thirtieth Revised Sheet No. PGA-1, Fifth Revised Sheet No. 4-A, Fifth Revised Sheet No. 4-B, Third Revised Sheet No. 8, First Revised Sheet No. 8-I, First Revised Sheet No. 14, and First Revised Sheet No. 30-A.

¹This proceeding was commenced before the Federal Power Commission (FPC). By the joint regulation of October 1, 1977 (10 CFR 1000.1) it was transferred to the Federal Energy Regulatory Commission (FERC). The term "Commission", when used in the context of action taken prior to October 1, 1977, refers to the FPC; when used otherwise, the reference is to the FERC.

cost of service less unit cost of purchased gas and less unit storage or LNG cost) resulting from the instant rate filing. The service provided for in the transportation Rate Schedule has not yet been certificated. In addition, TNGL proposes modifications to its tariff provisions for clarification and for the purpose of bringing the provisions into conformance with Commission Order Nos. 13 and 13-A; Commission Opinion No. 8, and the Gas Measurement Committee Report No. 3.

Based upon a review of TNGL's filing, the Commission finds that the proposed general rate increase has not been shown to be just and reasonable, and may be unjust, unreasonable and unduly discriminatory, or otherwise unlawful. Accordingly, the Commission shall accept TNGL's revised tariff sheets² reflecting this increase for filing, suspend their use for five months until July 1, 1979, subject to refund and the conditions set forth below, and set the matter for hearing.

TNGL's First Revised Sheet No. 8-I reflects the changed unit transportation rate resulting from the instant rate filing. The service provided for by the transportation rate schedule has not yet been certificated although TNGL's application filed April 26, 1978 is pending in Docket No. CP78-309. The Commission shall grant waiver of § 154.63 (e)(2)(ii) of the Commission's Regulations, accept First Revised Sheet No. 8-I upon condition that on or before June 30, 1978, TNGL file revised tariff sheets cancelling the transportation rate schedule in the event permanent or temporary certification has not been granted for the service provided therein by June 30, 1979. The Commission shall suspend the use of this tariff sheet until July 1, 1979 subject to refund and subject to the condition set forth herein.

TNGL proposes modification of language in certain of its tariff provisions which does not reflect the proposed annual rate increase. Third Revised Sheet No. 8 revises the supplier refund section of TNGL's tariff to conform to TNGL's new PGA clause filed December 1, 1978 pursuant to Commission Order Nos. 13 and 13-A. This revised sheet shall be accepted and shall be permitted to become effective February 1, 1979.

First Revised Sheet No. 14 updates TNGL's measurement procedures by providing for the installation and operation of orifice meters in accordance with the specifications issued jointly by the Bureau of Standards, the American Gas Association and the A.S.M.E. The Commission shall accept this revised tariff sheet and allow it to become effective February 1, 1979.

First Revised Sheet No. 30-A provides for the cancellation of original

²Thirtieth Revised Sheet No. PGA-1 and Fifth Revised Sheet Nos. 4-A and 4-B.

Sheet Nos. 30-A through 30-E in relation to Commission Opinion No. 8, issued February 21, 1978 in *Tennessee Natural Gas Lines, Inc.*, Docket No. RP76-99. TNGL had inadvertently failed to cancel these sheets when it made the tariff filings required by the Commission's Opinion. The Commission shall accept this revised tariff sheet and allow it to become effective February 1, 1979.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 8, and 15 thereof, and the Commission's rules and regulations, a public hearing shall be held concerning the lawfulness of the increased rates proposed by TNGL.

(B) Pending hearing and decision, and subject to the conditions of Ordering Paragraphs (C), (D), and (E) below, TNGL's proposed tariff sheets (Thirtieth Revised Sheet No. PGA-1; Fifth Revised Sheet Nos. 4-A and 4-B; and First Revised Sheet No. 8-I) are accepted for filing and suspended for five months until July 1, 1979, when they may become effective subject to refund, in the manner prescribed by the Natural Gas Act.

(C) TNGL shall file substitute revised tariff sheets to become effective July 1, 1979, subject to refund, cancelling First Revised Sheet No. 8-I in the event the service provided for therein has not been granted temporary or permanent certification by this Commission in Docket No. CP78-307 by June 30, 1979, pursuant to the requirements of 18 C.F.R. 154.63(e)(2)(ii).

(D) Waiver of Section 154.63(e)(2)(ii) is granted to the extent necessary to effectuate the conditions contained in Ordering Paragraph (C) above.

(E) Third Revised Sheet No. 8, First Revised Sheet Nos. 14 and 30-A are accepted for filing to become effective February 1, 1979.

(F) The Commission Staff shall prepare and file top sheets on all parties on or before May 1, 1979.

(G) A Presiding Administrative Law Judge, to be designated by the Chief Administrative Law Judge for that purpose (18 C.F.R. 3.5(d)), shall convene a settlement conference in this proceeding to be held within 10 days after the service of top sheets by the Staff, in a hearing or conference room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The Presiding Administrative Law Judge is authorized to establish such further procedural dates as may be necessary, and to rule upon all motions (except motions to consolidate, sever, or dismiss), as provided for in the rules of practice and procedure.

TRANSCONTINENTAL GAS PIPE LINE CO.

Extension of Time

JANUARY 25, 1979.

On January 18, 1979, Commission Staff Counsel filed a motion for extension of time to file its brief on excep-

tions to the initial decision issued in this proceeding on December 19, 1978. The motion states that Staff Counsel in this case was, on December 20, 1978, assigned as Lead Staff Counsel on the Trans-Alaska Pipeline System case, Docket No. OR78-1, and has been unable to prepare the brief in this case because of the new assignment. Other parties have made timely filing of their briefs on exceptions and Staff's motion was not made within the "four-fifths rule's" prescribed deadline. (18 CFR 1.13(d)) Staff has, however, agreed to file an affidavit stating that he has not read the briefs of other parties in preparation of his brief on exceptions. If any party has not yet filed a brief on exceptions because of the pendency of Staff's motion, such brief will be accepted only if accompanied by the type of affidavit as described above.

Upon consideration, notice is hereby given that an extension of time is granted to and including January 29, 1979, for the filing of briefs on exceptions. Briefs opposing exceptions shall be filed on or before February 20, 1979.

TRANSWESTERN PIPELINE CO.

Determination by a Jurisdictional Agency
Under the Natural Gas Policy Act of 1978

JANUARY 26, 1979.

On January 8, 1979, the Federal Energy Regulatory Commission received notice from the New Mexico Oil Conservation Division of a determination pursuant to 18 CFR 274.104(a) and Section 103 of the Natural Gas Policy Act of 1978 applicable to:

API WELL NO. 30-015-22563

Operator: Yates Petroleum Corporation
Well Name: Siegest JS State Com No. 1
Field: Wildcat Morrow
County: Eddy
Purchaser: Transwestern Pipeline Co.
Volume: Not Available

The application for determination in this matter together with a copy or description of other materials in the record on which such determination was made is available for inspection, except to the extent such material is treated as confidential under 18 CFR 275.206, at the Commission's Office of Public Information, Room 1000, 825 North Capitol Street, N.E., Washington, D.C. 20426.

Persons objecting to this final determination may, in accordance with 18 CFR 275.203 and 18 CFR 275.204, file a protest with the Commission on or before February 21, 1979.

TRANSWESTERN PIPELINE CO.

Petition To Amend Further

JANUARY 30, 1979.

Take notice that on January 8, 1979, Transwestern Pipeline Company (Petitioner), P.O. Box 2521, Houston, Texas 77001, filed in Docket Nos. CP75-17 and CP75-277 a petition to amend the orders of October 17, 1974, and November 15, 1976, in said dockets, respectively, as amended, November 23, 1977, and September 8, 1977, respectively, so as to authorize new annual quantity limitations in lieu of those previously established by the aforementioned orders, as amended, for facilities which are being used for the direct sale of natural gas to 69 right-of-way grantors, and authorizing con-

junctive billing to those right-of-way grantors who have more than one farm tap with Petitioner, all as more fully set forth in the petition to amend further on file with the Commission and open to public inspection.

It is indicated that pursuant to the above mentioned order, as amended, Petitioner was authorized to construct and operate facilities for the direct sale of natural gas to 69 right-of-way grantors of Petitioner. It is further indicated that the natural gas delivered to the right-of-way grantors is used for agricultural purposes, mainly irrigation pump fuel and domestic use. Said orders, as amended, conditioned deliveries to each right-of-way grantors to annual quantity limitation, it is stated.

Petitioner states that the proposed new annual limitations are necessary because the estimates of gas requirements made by Petitioner's right-of-way grantors, which the Commission used as a basis in establishing the present annual quantity limitations, are erroneously low in that insufficient adjustments were allowed for changes in rainfall. In order to minimize further any potential hardship resulting from the enforcement of the annual quantity limitations, Petitioner proposes, commencing January 1, 1979, conjunctive billing to those right-of-way grantors who have more than one farm tap with Petitioner. This would give a right-of-way grantor the flexibility to take gas at any of his taps provided total deliveries to him do not exceed his total annual quantity limitation for all his taps, it is said.

Petitioner states that 25 percent would be added to the *pro forma* sales quantities in order to insure operating flexibility by Petitioner's 69 right-of-way grantors occurs during the crop irrigation season and it is Petitioner's historical experience that for each inch of rainfall below normal during the months of May through July annual sales quantities can be expected to be approximately 10 percent over annual sales quantities for a year with normal rainfall, it is said. Consequently, the 25 percent factor allows for 2.5 inches reduction in the rainfall from that experienced during the *pro forma* years, it is asserted.

Petitioner states that the proposed new annual quantity limitations would be determined by comparing the present effective annual quantity limitations for each right-of-way grantor with his *pro forma* year plus 25 percent quantity. The higher of the two numbers was selected as the proposed new annual quantity limitations unless such number was less than 1,000 dekatherms (dt.) equivalent in which case 1,000 dt. was used. Petitioner proposes to establish 1,000 dt. as the minimum annual quantity limitation for its right-of-way grantors in order to

insure further operating flexibility for Petitioners' smaller right-of-way grantors, it is stated.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before February 22, 1979, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

TRUNKLINE GAS CO.

Change in Rates

JANUARY 30, 1979

Take notice that Trunkline Gas Company (Trunkline) on December 29, 1978, tendered for filing Nineteenth Revised Sheet No. 37 and Ninth Revised Sheet No. 104 to its FERC Gas Tariff, Original Volume No. 2. Trunkline requests that these rate changes to its FERC Rate Schedules F-2 and F-5 become effective December 1, 1978.

Trunkline states that these rate changes reflect the prices to be paid under Rate Schedules F-2 and F-5 as prescribed by the Natural Gas Policy Act of 1978 and pursuant to Commission Order No. 15 issued November 17, 1978 in Docket No. RM79-4.

A copy of this filing has been furnished to Tennessee Gas Pipeline Line Company and Columbia Gas Transmission Corporation.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C., 20426. In accordance with Section 1.8 and 1.10 of the Commission's Rules of Practice and Procedure 18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 12, 1979. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make

protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

UNION ELECTRIC CO.

Application for Change in Land Rights

JANUARY 25, 1979.

Take notice that on August 18, 1978, Union Electric Co. (Applicant) filed an application pursuant to the Federal Power Act, 16 U.S.C. §§ 791a-825r, for change in land rights at the Osage Project No. 459. The proposed change would occur in Camden County, Missouri. Correspondence concerning the application should be addressed to: Michael F. Barnes, Esq., Union Electric Co., P.O. Box 149, St. Louis, Missouri 63166; and Mr. R. H. Lahmeyer, District Engineer, Missouri State Highway Commission, 1511 Missouri Avenue, Jefferson City, Missouri 65101.

The Applicant requests Commission approval to grant an easement to the Missouri State Highway Department (Department) for the construction of a 39.5 foot wide highway bridge to be located 20 feet north of the existing U.S. Route 54 bridge. The bridge would span Grand Glaize Arm of the project reservoir. The Applicant also requests approval of permit to the City of Osage Beach and the Department to attach a sanitary sewage line to the new bridge. Additionally the Applicant proposes to relocate its single circuit 34-kV transmission line 100 feet to the north to allow the bridge construction, to place an additional 34-kV line on the located towers, and to construct the new line to allow it to be upgraded to 161-kV in the future.

Anyone desiring to be heard or to make any protest about the application should file a protest or a petition to intervene with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure (Rules), 18 CFR § 1.10 or § 1.8 (1978). In determining the appropriate action to take, the Commission will consider all protests filed, but a person who merely files a protest does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any protest or petition to intervene must be filed on or

before March 12, 1979. The Commission's address is: 825 N. Capitol Street, N.E., Washington, D.C. 20426.

The application is on file with the Commission and is available for public inspection.

VIRGINIA ELECTRIC AND POWER CO.

Proposed Settlement Agreement

JANUARY 30, 1979.

Take notice that on January 10, 1979, Virginia Electric and Power Company (VEPCO) tendered for filing a proposal for partial settlement of this proceeding between Vepco and Vepco's cooperative customers.¹ The proposal for partial settlement would leave for litigation or resolution several traditional rate-case issues as well as the price squeeze question. On January 23, 1979, Presiding Judge Isaac D. Benkin certified the proposal for partial settlement to the Commission.

Any person desiring to be heard or to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such protests should be filed on or before February 9, 1979. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available to public inspection.

Office of Hearings and Appeals

ISSUANCE OF DECISIONS AND ORDERS

Week of November 13 through November 17, 1978

Notice is hereby given that during the week of November 13 through November 17, 1978, the Decisions and Orders summarized below were issued with respect to Appeals and Applications for Exception or other relief filed with the Office of Hearings and Appeals of the Department of Energy. The following summary also contains a list of submissions which were dismissed by the Office of Hearings and Appeals and the basis for the dismissal.

APPEALS

Adams Oil Company, Inc., Dillwyn, Virginia, DRA-0163, refined petroleum products

Adams Oil Company, Inc. appealed from a Modified Remedial Order that the DOE Region III Office issued to it on March 7, 1978. In considering Adams' primary argument on appeal, that the Regional Office had failed to consider certain financial claims that the firm had made, the DOE found that although the Regional Office was not necessarily obligated to consider all of Adams' financial arguments, it apparently had taken the firm's financial position into consideration in establishing the repayment terms in the Modified Remedial Order. The DOE further found that it would not be inordinately burdensome for Adams to identify the purchasers of gasoline to whom refunds must be made under the Modified Remedial Order and to determine the amounts owed to each. The DOE

did, however, modify the Order to permit Adams to offset against the refunds due to identifiable purchasers its delinquent accounts receivable with respect to these same purchasers. In the case of overcharges in sales of kerosene and No. 2 fuel oil, the DOE found that by requiring that refunds be made by means of prospective price reductions rather than by cash or credit refunds, the Regional Office had unjustifiably restricted Adams' ability to offset against the refunds owed to identifiable purchasers its accounts receivable from these same purchasers. Accordingly, the Remedial Order was modified to direct Adams to make cash or credit refunds to purchasers of kerosene and No. 2 fuel oil.

Advanced Sales Corporation, St. Petersburg, Florida, DFA-0224, freedom of information

Advanced Sales Corporation (ASC) appealed from a partial denial by the Director of the Division of Freedom of Information and Privacy Act Activities (the Director) of a request for information that the firm had submitted. In its Appeal, ASC requested the release of one document and portions of thirteen others that had been withheld pursuant to 5 U.S.C. 552(b)(4) (Exemption 4) and eleven documents that had been withheld pursuant to 5 U.S.C. 552(b)(5) (Exemption 5).

In considering the Appeal, the DOE determined that the Director had properly withheld commercial information about ASC's competitors under Exemption 4, because it found that disclosure of this material would likely cause substantial competitive harm to those firms. In view of this potential harm, it was also held that the release of this material would not be in the public interest. However, the DOE directed the release of one document containing proprietary information already available to ASC. The DOE further directed the release of four documents that had been withheld under Exemption 5. It was determined that two of these documents did not fall under that exemption because they did not contain predecisional deliberative materials. The other two documents were found to be exempt, but the DOE concluded that their release would not be contrary to the public interest. The remaining documents, the DOE found, were predecisional intra-agency memoranda containing analysis and recommendations, and were therefore properly withheld under Exemption 5. Moreover, it was determined that the factual material contained in those documents could not reasonably be segregated from the opinions and analysis contained in the text. The DOE also considered ASC's claim that the release of the documents withheld under Exemption 5 would be in the public interest because the information that they contained was necessary to assist the firm in litigation. In rejecting this contention, the DOE observed that the FOIA is not a substitute for discovery, and it concluded that the disclosure of this material would interfere with the future free flow of opinions and information within the agency.

Brown & Fox, Kansas City, Missouri, DFA-0237, freedom of information

Brown & Fox (Brown) appealed from a partial denial by the Director of the Division of Freedom of Information and Privacy Act Activities of a request for information that Brown had filed under the Freedom of Information Act. Brown had sought copies

of Federal Energy Administration documents relating to an audit of the Lowe Oil Company, which Brown presently represents in an enforcement proceeding. The FOI Director identified several documents that were responsive to Brown's request, but he declined to release them on the ground that they were exempt from mandatory disclosure under Exemption 5 or Exemption 7(a) of the FOI Act. In considering the Brown Appeal, the DOE found that some of the documents withheld by the Director contained the advice and recommendations of agency personnel with respect to an audit of a regulated firm and consequently were protected by Exemption 5 from mandatory disclosure. The DOE also found that portions of one document withheld by the Director were investigatory in nature and protected from mandatory disclosure by Exemption 7(A). The DOE found, however, that two documents and portions of two others were factual in nature and should therefore have been released. Accordingly, the Brown Appeal was granted in part and denied in part.

Exxon Company, U.S.A., Houston, Texas, DFA-0233, freedom of information

Exxon Company, U.S.A. appealed from a partial denial by the Director of the Division of Freedom of Information and Privacy Act Activities of a request for information that the firm had submitted under the Freedom of Information Act. In its initial request, Exxon had sought copies of documents in the possession of the DOE relating to the implementation of the statutory provisions concerning stripper well crude oil and to the adoption and application of Ruling 1974-29. In response to that request, the Director released various documents to Exxon but withheld five documents on the ground that they were intra-agency memoranda and exempt from disclosure under the provisions of Exemption 5 of the Act. 5 U.S.C. 552(b)(5). In considering the Exxon Appeal, the DOE determined that four of the five documents were part of the deliberative process of the agency and were therefore properly withheld by the Director. However, the DOE determined that the remaining document was merely a cover memorandum and did not contain any advisory or recommendatory material. The DOE therefore held that this document was not protected from disclosure by Exemption 5 and ordered the Director to release it to Exxon. Also determined to be erroneous was the Director's finding that, with respect to one program office within the agency, Exxon's request was not one for reasonably described documents, as required by the Act. Accordingly, the DOE remanded the proceeding to the Director with instructions to make a single determination as to whether Exxon's request was one for reasonably described records and to resubmit those portions of the request that were reasonably described to the DOE office that did not respond to the Exxon request. The Exxon Appeal was thus granted in part.

Pierson Semmes Crollius and Finley, Washington, D.C., DFA-0234, freedom of information

The law firm of Pierson Semmes Crollius and Finley (Pierson) appealed from two orders that were issued to the firm by the Director of the Division of Freedom of Information and Privacy Act Activities of the Department of Energy. In a request for in-

formation filed under the FOI Act, Pierson had sought copies of all records concerning agency investigations of the Louisiana Power and Light Company; New Orleans Public Service, Inc.; System Fuels, Inc.; Gulf States Utilities Company; and the Varibus Corporation. In response to the request, the FOI Director released a number of records, but he refused to release 459 documents, also identified as being responsive to the request, on the grounds that they were exempt from disclosure under Exemptions 2, 4, and 5 of the Act. In considering the Pierson Appeal, the DOE found that most of the documents were properly withheld from the firm under Exemptions 4 and 5 of the Act, but that six documents or portions of documents should have been released to Pierson. The DOE also determined that certain attachments to documents that were withheld by the FOI Director were already in the public domain and should have been released. Furthermore, with respect to certain routing slips that the FOI Director had withheld from Pierson under Exemption 2 of the Act, the DOE held that discretionary disclosure under Section 202.1 of the DOE regulations was appropriate. Accordingly, the Pierson Appeal was granted in part.

REQUESTS FOR EXCEPTION

C. L. Morris, Inc., Oil City, Louisiana, DEE-032,

C. L. Morris, Inc. filed an Application for Exception from the provisions of 10 CFR, Part 212, Subpart D that, if granted, would permit the firm to sell crude oil produced from the Fred K. Conn Lease in Catahoula Parish, Louisiana at exempt prices. According to Morris, as a result of the application of the Mandatory Petroleum Price Regulations to the sale of the crude oil produced on the Lease, the firm had no economic incentive to make an investment that is necessary for the continued production of crude oil from the Lease. In considering the request, the DOE determined that if the firm continued to sell the crude oil at the ceiling prices specified in 10 CFR, Part 212, Subpart D, it would realize a return on the contemplated capital investment that exceeded 15 percent. As a result, the DOE determined that the firm had a sufficient economic incentive to undertake the contemplated investment in the absence of exception relief. In addition, the DOE determined that the firm could restore profitable operations at the property by making the contemplated investment, and it consequently rejected Morris's alternative request that it be permitted to sell additional quantities of crude oil at upper tier prices.

Giant Industries, Inc., Phoenix, Arizona, DEE-0060, crude oil

On October 12, 1977, Giant Industries, Inc. filed an Application for Exception from the provisions of the Crude Oil Buy/Sell Program, 10 CFR 211.65. If the request were granted, Giant would be permitted to continue to receive allocations of crude oil as a refiner-buyer. Effective October 1, 1977, the DOE amended the formula for determining the purchase opportunities for refiner-buyers under the Buy/Sell Program. Pursuant to those amendments, which provide for automatic adjustments to allocations based on demonstrated changes in supply, the DOE had eliminated Giant's allocation prior to these proceedings.

In a Proposed Decision and Order issued to Giant on July 5, 1978, the DOE tentatively determined that exception relief should be denied. The DOE noted that Giant had declined to purchase on several occasions the crude oil it had been allocated and yet was able to operate at very near its capacity. Giant filed a Statement of Objections challenging the tentative denial of exception relief, alleging that there had been undue administrative delay in the issuance of the Proposed Decision and disputing the accuracy of certain facts set forth in the Proposed Decision. In rejecting these contentions the DOE noted that Giant had not submitted any evidence that its operations had been impaired as the result of the length of time involved in the proceeding or that the Proposed Decision contained any material factual inaccuracies. The DOE therefore concluded that the Proposed Decision issued on July 5, 1978 should be issued in final form.

Gulf Oil Corporation, Tulsa, Oklahoma, DXE-1167, crude oil

Gulf Oil Corporation filed an Application for Exception from the provisions of 10 CFR, Part 212, Subpart D. The exception, if granted, would extend the exception relief previously granted to Gulf for its operation of the Northwest Graylin "D" Sand Unit, permitting the firm to continue to sell a portion of the crude oil produced from the property at upper tier ceiling prices. *Gulf Oil Corporation, 2 DOE Par. 81,036 (1978)*. In considering the exception request, the DOE found that Gulf was continuing to incur increased operating expenses in connection with its production activities on the property and that in the absence of exception relief the working interest owners would lack an economic incentive to continue their crude oil production activities. Accordingly, on the basis of recent operating data submitted by the firm, the DOE determined that Gulf should be permitted to sell at upper tier ceiling prices 45.73 percent of the crude oil produced from the property for the benefit of the working interest owners during the period July 1, 1978 through December 31, 1978.

McGoldrick Oil Company, Shreveport, Louisiana, DEE-1654, crude oil

On March 1, 1978, the McGoldrick Oil Company filed an Application for Exception from the provisions of 10 CFR, Part 212, Subpart D. The exception, if granted, would permit the firm to sell the crude oil produced from the Chaparral Oil Units 18-4, 18-5, and 18-6, all located in Wayne County, Mississippi, at upper tier ceiling prices or at market price levels. In considering the exception request, the DOE found that the operating costs incurred by McGoldrick at Unit 18-5 had increased to the point that the firm no longer had an economic incentive to continue the production of crude oil at the property. The DOE also determined that if McGoldrick abandoned its operations at Unit 18-5, a substantial quantity of domestic crude oil would not be recovered. On the basis of the criteria applied in previous Decisions, the DOE determined that McGoldrick should be permitted for a six-month period to sell at market price levels 100 percent of the crude oil produced from Unit 18-5 for the benefit of the firm. The DOE determined, however, that exception relief should be denied with respect to Units 18-4 and 18-6.

McMinnville Gas Company, McMinnville, Oregon, DEO-0115, propane

McMinnville Gas Company filed a Notice of Objection to a Proposed Decision and Order issued to the firm by the Region X Office of the DOE on August 31, 1978. In that Proposed Decision, the Regional Office determined that an Application for Exception that McMinnville had filed from the provisions of 10 CFR 212.93 should be denied. In considering the McMinnville Notice of Objection to the Proposed Decision, the National Office of Hearings and Appeals determined that the submission failed to satisfy the notice requirements of § 205.56(e) of the DOE Procedural Regulations. After being notified of this deficiency, McMinnville failed to amend its filing. The DOE therefore determined that the Notice of Objection should be dismissed and that the Proposed Decision and Order should be issued in final form with an effective date of August 31, 1978.

Monsanto Company, Houston, Texas, DEE-1824, crude oil

The Monsanto Company filed an Application for Exception from the provisions of 10 CFR, Part 212, Subpart D. The exception, if granted, would permit the firm to sell the crude oil produced from the Navajo 138 Lease located in Apache County, Arizona, at upper tier ceiling prices. In considering the exception request, the DOE found that the operating costs incurred by Monsanto in connection with its production activities had increased to the point that the firm no longer had an economic incentive to continue the production of crude oil from the Lease. The DOE also determined that if Monsanto were to abandon its operations at the Navajo Lease, a substantial quantity of domestic crude oil would not be recovered. On the basis of the criteria applied in previous Decisions, the DOE determined that Monsanto should be permitted during the period October 24, 1978 through April 30, 1979 to sell at upper tier ceiling prices 88.07 percent of the crude oil produced from the Navajo 138 Lease for the benefit of the working interest owners.

Parente's Oil Service, Inc., Coventry, Rhode Island, DEE-1780, No. 2, heating oil

Parente's Oil Service, Inc. filed an Application for Exception from the requirement that it complete Form EIA 9 ("No. 2 Heating Oil Supply/Price Monitoring Report"). In its evaluation of the exception request, the DOE observed that Parente's had failed to submit any evidence to support its claim that it would incur a serious hardship if it were required to file the form. Furthermore, the DOE examined Form EIA 9 and concluded that Parente should encounter little difficulty in obtaining the information that was elicited. Finally, the DOE determined that Parente had failed to demonstrate that the inconvenience it is experiencing in completing the form outweighs the benefits that can be derived from the aggregate data obtained from the form by the DOE. On the basis of these considerations, the DOE denied the Parente request for exception relief.

REMEDIAL ORDER

Will I. Lewis Enterprises, Inc., Mount Vernon, Illinois, DRO-0051 remedial order

Will I. Lewis Enterprises, Inc. filed a Statement of Objections to a Proposed Remedial Order issued to it by DOE Region V. In the Proposed Remedial Order, the Regional Office alleged that Lewis had erroneously classified one of its crude oil producing properties as a stripper well property. In its Objection, Lewis challenged the validity of Rulings 1974-29 and 1975-12, which were referred to in the proposed order, on the ground that they were promulgated in violation of the Administrative Procedure Act. The DOE rejected this contention based its prior determinations affirming the validity of these Rulings and, in the case of Ruling 1974-29, the decision of the Temporary Emergency Court of Appeals in *Energy Reserves Group, Inc. v. Department of Energy*, Dkt. No. 10-15 (October 31, 1978). Lewis also objected to the length of the period that it had been given to make the ordered refunds. After reviewing evidence of the financial condition of the firm, however, the DOE rejected this contention. Accordingly, the Proposed Remedial Order was issued as a final Remedial Order.

REQUESTS FOR STAY

Bassett Oil and Equipment Co., Inc., Bassett, Virginia, DRS-0112, No. 2 fuel oil

Bassett Oil & Equipment Company, Inc. requested a stay of the provisions of § 205.108. The exception, if granted, would have resulted in an extension of the time within which Bassett could file an Appeal of a Remedial Order issued to it on September 19, 1978 until a pending judicial proceeding is resolved. Bassett contended that an appeal might be unnecessary in the event that it is successful in the pending court action, and it claimed that the costs of preparing an Appeal would cause the firm to experience an irreparable injury. In considering the stay request, the DOE found that since the arguments Bassett raised in the judicial proceeding had already been considered and rejected by the DOE in prior cases, Bassett had failed to demonstrate that there exists a substantial likelihood of success in the pending judicial proceeding. The DOE also found that the expenditure of resources required to prepare an administrative appeal did not constitute an irreparable injury within the meaning of the standard applied in previous cases. Therefore, the DOE concluded that Bassett had failed to satisfy the criteria for approval of a stay, and accordingly the Bassett Application was denied. Bassett was, however, granted an extension of time, until ten days from the date of issuance of the Decision, to file its Appeal.

Mid-America Refining Company, Inc., Chanute, Kansas, DES-1959, crude oil

Mid-America Refining Company, Inc. requested that its obligations under the Entitlements Program, 10 CFR 211.67, be stayed for the months of May through October 1978 pending a determination on the merits of an Application for Exception that it had filed. The DOE concluded, after considering the financial material submitted by Mid-America, that the firm was in such a precarious financial position it would be unable to continue its business operations if it were required to satisfy immediately its entitlement purchase obligations for the period concerned. Although the financial difficulties of Mid-America apparently arose from its own business practices, the DOE deter-

mined that the financial collapse of the firm would cause irreparable injury to the crude oil producers who relied on Mid-America to process their crude oil. In addition, the DOE found that requiring Mid-America to satisfy immediately its entitlement purchase obligations would seriously jeopardize the efforts of a management group to restore the firm to a profitable operating condition. The request for stay was therefore granted.

Northland Oil & Refining Company, Tulsa, Oklahoma, DES-0115, crude oil

Northland Oil & Refining Company requested that its obligations under the provisions of 10 CFR 211.67 (the Entitlements Program) be stayed for the month of November 1979 pending a determination on the merits of an Application for Exception that it had filed. In considering the Northland request, the DOE found that the firm had made a substantial *prima facie* showing it did not possess the financial resources that would enable it to purchase entitlements during November 1978. Accordingly, the DOE concluded that it was impossible for the firm to meet its entitlements purchase obligation for the current month. The DOE therefore granted the Northland request for stay pending a determination on its Application for Exception.

MOTIONS FOR EVIDENTIARY HEARING

Eagle Enterprises, Inc., Hillsboro, Oregon, DRH-0077, aviation jet fuels

Eagle Enterprises, Inc. filed a Motion for Evidentiary Hearing in connection with a Proposed Remedial Order issued to the firm by the DOE Region X Office of Enforcement on June 22, 1978. The DOE determined, however, that that Motion did not conform to the regulatory requirements of 10 CFR 205.196(a), because Eagle had failed to explain why the direct testimony of its proposed witness was necessary to establish the propositions proffered by Eagle in the proceeding. Eagle also failed to specify in its Motion the particular facts that were in dispute. Accordingly, the Eagle Motion for Evidentiary Hearing was denied.

Lakes Gas Company, Forest Lake, Minnesota, DRD-0005, DRH-0040, propane

Lakes Gas Company filed a Motion for Evidentiary Hearing in connection with its Statement of Objections to a Proposed Remedial Order that the DOE Region V Office of Enforcement issued to it on April 12, 1978. After considering that Motion, the DOE concluded that an evidentiary hearing should be convened regarding the accounting practices used by Lakes in calculating its increased product costs during the audit period. The DOE found that a dispute existed between Lakes and the DOE Office of Enforcement as to the accounting methods that should properly have been used in auditing Lakes. The DOE further found that the resolution of this dispute was central to a determination whether a final remedial order should be issued to Lakes. The DOE also concluded that in the event the Office of Enforcement seeks to impose sanctions on Lakes for its alleged violations of the recordkeeping requirements of 6 CFR 150.363(c) and 10 CFR 210.92, Lakes should be permitted to introduce oral testimony regarding its compliance with those requirements.

Lakes also filed a Motion for Discovery requesting permission to depose the DOE

auditor who made the computations upon which the Proposed Remedial Order was based. In considering that Motion, the DOE noted that the Office of Enforcement had previously been directed to respond to interrogatories submitted by Lakes and that Lakes was seeking further discovery on the ground that the responses of the Office of Enforcement to certain of those interrogatories were inadequate. The DOE concluded, however, that Lakes had failed to show any deficiency in those responses. The DOE further concluded that the deposition of the auditor would not advance the resolution of the proceeding to an extent that would justify the time and expense involved. Consequently, the Motion for Discovery was denied.

Mobil Oil Corporation, New York, New York, DRH-0105, DRD-0105, crude oil

Mobil Oil Corporation filed Motions for Evidentiary Hearing and Discovery in connection with its Statement of Objections to a Proposed Remedial Order that the DOE Region VI issued to it on August 24, 1978. Mobil contended that the testimony of certain witnesses would assist the DOE in determining whether the operators of a Mobil retail sales outlet unlawfully occupied the Mobil station premises, and for the same reason it requested permission to depose the individuals involved in this factual dispute. In considering the Mobil Motions, the DOE concluded that the question of lawful possession of the station premises was not relevant to the issue whether Mobil had violated DOE regulations, and it therefore found no basis for granting either of the Motions. Accordingly, the Motions for Evidentiary Hearing and for Discovery were denied.

Monterrey Producing Company, San Antonio, Texas, DRH-0080, crude oil

Monterrey Producing Company filed a Motion for Evidentiary Hearing in connection with its Statement of Objections to a Proposed Remedial Order issued to it by DOE Region VI on June 13, 1978. In its Motion, Monterrey requested permission to present evidence that four of the properties discussed in the Proposed Remedial Order are located in the Blanconia 5100 Foot Sand Field and that the crude oil produced from that field differs in quality from that produced in the field geographically nearest it. In considering the request, the DOE noted that the Office of Enforcement did not dispute any of these factual contentions and that the sole disagreement between the parties appeared to involve the correct legal interpretations of 10 CFR 212.74, which concerns the determination of upper tier ceiling prices for crude oil produced from a new field. Accordingly, the Monterrey request for an evidentiary hearing was denied.

MOTIONS FOR DISCOVERY

Frank W. Michaux, Houston, Texas, DRD-0063, crude oil

Frank W. Michaux filed a Motion for Discovery in connection with his Statement of Objections to a Proposed Remedial Order issued to him on May 23, 1978. In his Motion, Michaux requested access to a specifically identified DOE memorandum and to any other documents in the possession of the DOE concerning the utilization of such factors as severance or *ad valorem* taxes in determining the limits of a "property," as that term is used in § 212.72 of the Manda-

tory Petroleum Price Regulations. In considering the discovery request, the DOE found that its analysis of the Statement of Objections would be materially furthered by an examination of documents relating to the definition of property. However, in order to avoid undue delay, discovery was limited to the specifically identified memorandum and any other relevant documents readily identifiable by the Office of Enforcement.

Michaux also requested DOE documents concerning the use of Ruling 1975-15 as authority or precedent in compliance proceedings. Michaux contended that an examination of the manner in which the DOE has applied Ruling 1975-15 and of the extent of the impact of the Ruling upon the oil industry would lead to the conclusion that the Ruling is legislative rather than interpretative in nature and is therefore void under the Administrative Procedure Act, 5 U.S.C. Section 551 *et seq.* The DOE held, however, that the fact that a rule was issued as a ruling rather than as a regulation creates a presumption that it is interpretative, and that presumption can only be overcome if the ruling is found to bear no relationship to the statute or regulation that it purports to clarify. The substantive impact of a rule, the DOE further held, has no bearing on whether the rule is legislative or interpretative in nature. Accordingly, this portion of the Michaux request for discovery was denied. Finally, Michaux sought discovery of DOE documents concerning the retroactive application of Ruling 1975-15. The DOE concluded that the discovery of such documents would not help to resolve the fundamentally legal question to whether the Ruling effected a retroactive change in settled law. Accordingly, this portion of the Michaux Motion for Discovery was also denied.

Quincy Oil, Inc., Quincy, Massachusetts, DED-0447, fuel oil

Quincy Oil, Inc. filed a Motion for Discovery in connection with its challenge to a Proposed Decision and Order issued to the firm in connection with an exception request. In its Motion, Quincy sought the production of several categories of documents in the possession of the DOE. The DOE noted that although under the DOE procedural regulations no provision is made for discovery in the course of exception proceedings, access to information is nevertheless generally provided to a firm when it is necessary to enable it to pursue effectively the relief that it seeks. However, the DOE also noted that discovery of DOE documents in proceedings, such as an exception proceeding, to which the agency is not a party is not warranted unless a strong showing is made that the documents requested will materially advance the resolution of substantial legal or factual disputes in the proceedings.

In considering the first Quincy information request, the DOE held that the validity of a remedial order issued to the firm in a prior enforcement proceeding could not be raised as an issue in the exception proceeding. Consequently, the DOE ruled that documents related to that remedial order would not advance the resolution of outstanding issues in the exception proceeding and denied the request. Similarly, the DOE denied a request to examine preliminary drafts of decisions issued to Quincy by the Office of Hearings and Appeals, because it

found that those drafts were not relevant to the exception proceeding. The DOE further ruled that disclosure of such drafts would constitute an unwarranted intrusion into the decision-making processes of the agency. For that reason, the DOE also denied Quincy's request to examine background documents and drafts related to the preparation of FEA Ruling 1977-5, noting that it had held in a previous decision that the background of that Ruling could not be examined in this proceeding. However, the DOE granted a request to examine instructions given to DOE auditors regarding the date upon which a transaction is deemed to occur under the price regulations and to informal interpretations that were issued to parties outside the agency regarding this issue (insofar as these documents were issued prior to Ruling 1977-5). The DOE found that those documents were related directly to a substantial issue in the pending exception proceeding and would materially advance their resolution.

DISMISSALS

The following submissions were dismissed following a statement by the applicant indicating that the relief requested was no longer needed:

Capps LP-Gas Company, Broken Bow, Oklahoma, DEE-0003.

Bob A. Smith, Ventura, California, DEE-1944.

The following submission was dismissed on the grounds that the request for stay was premature:

Mid-Michigan Truck, Service, Kalamazoo, Michigan, DES-0118.

The following submission was dismissed on the grounds that alternative regulatory procedures existed under which relief might be obtained:

Pálo Pinto Oil & Gas Company, Dallas, Texas, DXE-1999.

Copies of the full text of these Decisions and Orders are available in the Public Docket Room of the Office of Hearings and Appeals, Room B-120, 2000 M Street, NW., Washington, D.C. 20461, Monday through Friday, between the hours of 1:00 p.m. and 5:00 p.m., e.s.t., except Federal holidays. They are also available in *Energy Management: Federal Energy Guidelines*, a commercially published loose leaf reporter system.

Economic Regulatory Administration

NORTHERN STATES POWER CO.

Findings on Location of Proposed Action in a Floodplain

AGENCY: Department of Energy, Economic Regulatory Administration.

ACTION: Notice of Findings Regarding Location of Proposed Action in a Floodplain.

SUMMARY: The Department of Energy (DOE) proposes to issue to Northern States Power Company (NSP) a Presidential Permit for the construction of an electrical facility at U.S.-Canadian International Boundary. The issuance of this permit will result in the construction of a 204 mile long 500kV transmission line from Forbes, Minnesota to the International Boundary near Warroad, Minnesota. A final environmental impact statement has been prepared and issued on this project. Notice of availability was published on January 18, 1979 (44 FR 3748). Because of the geographic characteristics of northern Minnesota, it is likely that some construction will take place within 100-year floodplains. After considering the best available information, the Secretary of DOE has determined that no practicable alternative exists to this course of action and notice is hereby given of such findings.

FURTHER INFORMATION CONTACT:

James M. Brown, Jr., Systems Reliability and Emergency Response Branch, Department of Energy, Room 538-Vanguard Building, 2000 M Street, N.W., Washington, D.C. 20461 (202) 634-5620.

Lise Courtney M. Howe, Office of General Counsel, Department of Energy, Room 5116-Federal Building, 12th & Pennsylvania Avenue, N.W., Washington, D.C. 20461 (202) 633-8277 or (202) 633-9380.

Donald Silawsky, Office of Environment, Department of Energy, Room 6234, 20 Massachusetts Avenue, N.W., Washington, D.C. 20461 (202) 376-4293.

SUPPLEMENTARY INFORMATION:

- I. Background.
- II. Reasons for Location of Proposed Action.
- III. Alternatives Considered.
- IV. Conformance to Applicable State or Local Floodplain Protection Standards.
- V. Steps to be Taken to Minimize Potential Harm to or Within Floodplain.

I. BACKGROUND

This notice of findings regarding the location of a proposed action, con-

struction of an international transmission line, within the 100-year floodplains, is issued pursuant to the requirements of the Executive Order No. 11988-Floodplain Management. The Secretary of Energy has determined that the only practicable alternative requires siting of certain facilities in a floodplain.

Northern States Power Company applied to the Federal Power Commission for a Presidential Permit, pursuant to Executive Order No. 10485, to construct an electrical interconnection facility at the U.S.-Canadian border. Pursuant to the Department of Energy Organization Act, authority to issue presidential permits was transferred from the Federal Power Commission to the Secretary of Energy who delegated it to the Administrator of the Economic Regulatory Administration (ERA) in Delegation Order No. 0204-4. An environmental impact statement has been prepared on this project.

II. REASONS FOR LOCATION OF PROPOSED ACTION IN FLOODPLAINS

The drainage systems in Northern Minnesota are unlike the normal riverine situation of well defined river valleys and floodplains. The area has minimal relief and floodplains can encompass areas miles from the river or stream itself. The Flood Hazard Boundary Maps prepared by the U.S. Department of Housing and Urban Development were used to locate the 100-year floodplains. These maps do not contain floodplain information for all rivers in this portion of northern Minnesota, since it is a remote area (low priority) and the streams and rivers are of relatively small size. After consulting with other Federal and Minnesota agencies, it was determined that these maps contained the best information available. Information from these maps indicates that possible 100-year floodplains could encompass as much as 7600 square miles of bogland through which the proposed right-of-way for the northern two-thirds of the transmission line would run. The Secretary determined it impractical to relocate this segment of the line.

Due to the nature of the terrain, the vast area to be crossed and the inability to determine actual floodplains locations, even with a site visit, it is expected that some structures will be placed in the floodplain. Therefore the Secretary has determined that the only practicable alternative is to authorize this action within the floodplain.

III. ALTERNATIVES CONSIDERED

The environmental impact statement for this project included an analysis of alternatives to construction of the line. The alternatives were: (1) No

action; (2) construction of additional generating capacity within the area such as base load oil, coal and nuclear; (3) peaking units; (4) other technologies such as wind, solar, natural gas, geothermal, petroleum liquids, advanced nuclear sources, hydro-electric power and municipal solid wastes; (5) alternate voltages; (6) power purchased from a U.S. source; (7) the effect of conservation and rate schedule strategies on electrical demand; (8) Manitoba Hydro as a source of summer interchange; and (9) alternate routes for the line.

The staff concluded that a transmission intertie with Canada appeared to be the best alternative from an environmental viewpoint and that the particular route selected appeared to be the best alternative for the intertie.

IV. CONFORMANCE TO APPLICABLE STATE AND LOCAL FLOODPLAIN PROTECTION STANDARDS

NSP has applied to the Minnesota Department of Natural Resources for a permit for each water crossing, pursuant to that Department's requirements. Copies of those applications and the engineering drawing for each application are on file with the Systems Reliability and Emergency Response Branch of DOE and are available upon request.

No other state or local standards apply.

V. STEPS TAKEN TO MINIMIZE POTENTIAL HARM TO OR WITHIN THE FLOODPLAIN

Two transmission line construction activities may have potential impacts to the floodplains: the location of the facilities in the floodplain and clearing of vegetation in the floodplain.

The transmission facilities that will be used on this portion of the project are designed so that no soil will be removed during construction, thus eliminating the possibility of excavated material affecting water quality. In addition, the facilities will have an open base so that flood flow will not be restricted and a flooding situation will not be aggravated. The facilities themselves are designed to withstand a flood without being damaged.

To minimize the potential impacts of vegetation clearing within the floodplains, mitigating measures such as reduction of the width of cleared areas, selective cutting, clearing only when the ground is frozen, and replacement of trees and ground cover will be employed when circumstances warrant it. Finally, to minimize the visual impact of the line the applicant will leave a buffer of vegetation at stream crossings.

Issued in Washington, D.C., February 2, 1979.

Administrator, Economic
Regulatory Administration.

GROUND WATER SYSTEM OF THE TWIN CITIES METROPOLITAN AREA, MINNESOTA

Request for EPA Determination Regarding
Aquifers

Section 1424(e) of the Act states:

(e) If the Administrator determines, on his own initiative or upon petition, that an area has an aquifer which is the sole or principal drinking water source for the area and which, if contaminated, would create a significant hazard to public health, he shall publish notice of that determination in the FEDERAL REGISTER. After the publication of any such notice, no commitment for Federal financial assistance (through a grant, contract, loan guarantee, or otherwise) may be entered into for any project which the Administrator determines may contaminate such aquifer through a recharge zone so as to create a significant hazard to public health, but a commitment for Federal assistance may, if authorized under another provision of law, be entered into to plan or design the project to assure that it will not so contaminate the aquifer.

A petition has been submitted by:

Warren R. Lawson, M.D., Commissioner of Health, Minnesota Department of Health, 717 Delaware Street S.E., Minneapolis, Minnesota 55440

requesting the Administrator of EPA to make a determination that the ground water system of the Twin Cities metropolitan area is the sole or principal source of drinking water and if contaminated would create a significant health hazard. The petition as submitted to John McGuire, Regional Administrator, Region V is reprinted in full below:

The following documentation is submitted for your consideration and constitutes a petition to have the Twin Cities metropolitan area in Minnesota declared a "principal source aquifer" pursuant to Section 1424(e) of the Safe Drinking Water Act of 1974. The required information is presented in the format prescribed in the regulations which were proposed by the U.S. EPA at 42 FR 51622, September 29, 1977.

(a) This petition is submitted by:

Warren R. Lawson, M.D., Commissioner of Health, Minnesota Department of Health, 717 Delaware Street S.E., Minneapolis, Minnesota 55440, Telephone No.: (612) 296-5460.

For additional information, please contact:

Gary L. Englund, P.E. Chief, Section of Water Supply and General Engineering, telephone No. (612) 296-5330, or Edwin H. Ross, Supervisor, Ground Water Quality, Control Unit, telephone No.: (612) 296-5338.

(b) *Petitioner's interest:* As Commissioner of Health for the State of Minnesota, I am responsible for assuring that the health of the citizens of this state is protected. In particular, I am responsible for assuring that drinking water which is made available to the public is healthful and safe. I hereby submit this petition in fulfillment of my duty to protect the public health and to take any measures which will help assure that the health of Minnesota residents is not endangered in the future.

(c) *Potential health risk:* Contamination of the aquifers in question would undoubtedly create a significant hazard to human health for the following reasons: slightly more than half of the population of the Twin City metropolitan area must use ground water as a source for drinking. More than 90% of this ground water comes from the aquifers sought to be protected. If these aquifers became contaminated, those persons who could not obtain an alternate source of water would be forced to drink contaminated water for which treatment might not be adequate or might be totally unavailable. Those persons who chose alternate sources might be subjecting themselves to other types of contaminants which could also have adverse effects on human health. We view the possible risk of endangering the health of approximately 1 million people who might have to drink contaminated water as being a significant health hazard.

The aquifers for which the designation is sought may already be contaminated with creosote and coal tar wastes which have seeped into the surface layers and around and into wells on an 80 acre site in the City of St. Louis Park which lies in the recharge zone. Information regarding the direction and rate of movement of creosote, both vertically and horizontally, is not sufficient to allow any decision regarding the desirability of allowing any kind of development in the area at this time. Studies are presently being conducted to determine the extent of contamination. It is hoped that containment and/or removal methods will be successful in reducing this contamination. Until these efforts are completed, it is our position that no development should be allowed in or adjacent to the area which is presently known to be contaminated.

(d) *Aquifer information:* In order of use and development, the major bedrock aquifers in the area under consideration are the Prairie-du-Chien-Jordan, Mount Simon-Hinckley, Iron-ton-Galesville, St. Peter and Platteville. Of the total ground water pumped in 1970, approximately 75% came from the Prairie-du-Chien-Jordan group and 18% from the Iron-ton-Galesville, Mount Simon-Hinckley group. The remainder was obtained from glacial drift, Platteville and St. Peter formations.

(1) *Geographical area:* The geographical area for which the aforementioned aquifers provide the principal source of drinking water is described as the seven-county metropolitan Twin Cities area, and includes all of Anoka, Hennepin, Ramsey, Washington, Carver, Scott, and Dakota counties. This area covers approximately 2330 square miles. The area is slightly larger but rough-

ly overlies the subsurface extent of the Prairie-du-Chien-Jordan aquifer which covers approximately 2000 square miles of the area. The area is roughly based on the southern half of the approximate areal extent of the Hinckley Sandstone formation.

(2) Population: the total population of the area in question is 1,977,385 (197 estimate).

(3) Alternative sources: There are no reasonably practical alternative sources of water available to the area if the aquifers in question were to become severely contaminated. Certain international agreements prohibiting the transporting of water across watersheds preclude the possibility of using water from Lake Superior as an alternative source. In 1970, existing surface sources were supplying about half of the area's population¹ (~41% of total water used) and these sources were being used at their maximum capacity. Since then a steady increase in suburban populations, most of which use only ground water, has resulted in an increase in the proportion of ground water being used. Decline of Mississippi River discharge during the 1976-1977 drought was a critical factor in the decision of the cities of Minneapolis and St. Paul to begin planning for wells to supplement surface water supplies. The City of St. Paul has recently developed several wells and is now obtaining 20% of its total supply from these wells. Increasing demands upon the Mississippi River for irrigation and power plant cooling towers are likely to increase the area's dependence upon ground water in the future.

(4) Stream flow and recharge: Stream flow direction is shown on map 1. Flow at three stream stations, Mississippi River at Elk River, St. Croix River near Rusk City, and Minnesota River near Jordan account for 87.9% of the total surface water discharge. The greatest amount of recharge to the major bedrock aquifers occurs in their subcrop areas as shown on maps 2 and 3. The subcrop extent of the Prairie-du-Chien aquifer in direct contact with the drift is approximately 1350 square miles. The subcrop of the Hinckley part of the Mount Simon-Hinckley aquifer has not been mapped in the Area in question. Because the thickness and composition of the drift are extremely variable overall, approximate rates of recharge to these aquifers have not been determined.

(5) Source of recharge: The aquifers are recharged by the following five sources:

Precipitation: based on base flow in streams owing to basin storage, the amount of recharge averages 5.24 inches annually and amounts to about 375 mgd.

Recharge induced from the Mississippi River alluvium and underlying glacial valley fill supplies approximately 13% of the total water pumped from the Prairie-du-Chien-Jordan aquifer during the summer. The total amount of water available for recharge from area streams is approximately 350 mgd.

Leakage of water stored in overlying sediments: Because the aquifers are not exposed, most of the recharge to the aquifers must percolate through overlying sediments which consists largely of alluvial deposits, glacial drift and St. Peter sandstone. Total water in storage in sediments overlying the Prairie-du-Chien-Jordan aquifer is roughly 1.9 trillion gallons.

Artificial recharge: Some lakes are periodically refilled from precipitation and runoff and some of this water would seep through the lake bottom. A few experimental injection wells have been drilled to study recharge. Overall there has been no concerted effort to artificially recharge the aquifers in question.

Incidental recharge: Incidental recharge comes from water which passes through the existing water supply-dispersal system and percolates downward. It occurs generally as leakage from water mains, settling basins, sewer laterals, individual drain fields and open hole wells. The volume of water recharged in this manner is difficult to determine but has been estimated at 20 mgd.

(6) Projects which might contaminate the aquifer through the recharge zone:

Any kind of construction of structures which would require footings to be built into solid geologic formations, such as tall apartment or office buildings, hospitals, utility plants, etc;

Any construction on or adjacent to the creosote contaminated site referred to in (c) above;

Landfills and hazardous waste disposal sites;

Sewers, sewage disposal facilities and seepage pits;

Surface impoundments, storage tanks and pipelines;

Test borings and abandoned wells.

(7) The public water supplies utilizing water from the aquifers, the number of people served by each and the water treatment being provided by each are shown on the attached list. The number of persons utilizing ground water in the area under consideration can be easily calculated by subtracting from the total population, the number of persons served by surface sources:

total population of 7-county	persons using surface sources	persons using ground sources
metro area	888,748	1,104,204

We appreciate being given the opportunity to petition the U.S. EPA for a determination that these aquifers are entitled to special protection and we look forward to cooperating with you in this matter. Should you have any questions or require additional information, please contact Mr. Gary L. Englund, P.E., Chief, Section of Water Supply and General Engineering at (612) 296-5330 or Edwin H. Ross, Supervisor, Ground Water Quality Control Unit (612) 296-5338. Very truly yours,

WARREN R. LAWSON, M.D.,
Commissioner of Health.

The Environmental Protection Agency intends to make a determination consistent with a complete review of data and information and a full opportunity for public participation. In this regard the agency solicits comments, data and references to add sources of information which will contribute to the factual record. In particular EPA seeks information relevant to:

(a) That portion of the hydrogeologic system underlying the Twin Cities metropolitan area which should be designated for protection as an aquifer which provides drinking water;

(b) The surface boundary of the recharge area for the aquifer, which is the area that would be subject to regulation under this provision;

(c) The boundary of the recharge zone, that is any area which drains into the recharge zone and contributes to the recharge of the aquifer;

(d) Any current or anticipated Federal financially assisted projects which may cause contamination of the aquifer;

(e) Any other information deemed relevant to the determination.

Comments, data and reference should be submitted in writing to:

SCIENCE ADVISORY BOARD, ENVIRONMENTAL
HEALTH ADVISORY COMMITTEE, STUDY
GROUP ON PESTICIDE TOLERANCES

Open Meeting

Under Public Law 92-463, notice is hereby given that a meeting of the Study Group on Pesticide Tolerances of the Science Advisory Board's Environmental Health Advisory Committee will be held at 9:00 a.m. on February 26, 1979 in Conference Room A (Room 1112), Crystal Mall Building No. 2, 1921 Jefferson Davis Highway, Arlington, Virginia.

The principal purpose of the meeting will be (1) to discuss and comment on a report titled, "Cancer-Causing Chemicals in Food" by the House Subcommittee on Oversight and Investigations of the Committee on Interstate and Foreign Commerce (Committee Print No. 95-67, December 1978); and (2) to work on the Study Group's report to the Environmental Health Advisory Committee. The Agenda will also include (3) brief follow-up presentations and items of current interest to the Study Group.

Pertinent background information follows. In response to an Agency request to the Science Advisory Board, the Board's Environmental Health Advisory Committee established a Study Group on Pesticide Tolerances and charged it with assisting the Committee in an evaluation of the scientific basis of the Agency's system for establishing tolerances for pesticide residues in agricultural crops. This is the sixth meeting of the Study Group. At a meeting on April 5, 1978, the Study Group was briefed on and discussed various aspects of the legislative authority and mandate directly or indirectly relating to the Agency's tolerance setting system. At a meeting on May 11 and 12, 1978, the Study Group was briefed on and discussed scientific issues relating to estimates of exposure. At a meeting on June 27-28, 1978, the Study Group was briefed on and discussed scientific issues relating to toxicology data and hazard evaluation. At a meeting on October 23 and 24, 1978, the Study Group heard statements from members of the public, identified and discussed issues to be addressed in the Study Group's report to the Environmental Health Advisory Committee, and began to develop positions with regard to these issues. At a subsequent meeting on December 4 and 5, 1978, the Study Group continued to identify and discuss issues to be addressed in the Study Group's report and to develop positions with regard to these issues. Further meetings of the Study Group will be scheduled as needed.

The meeting will be open to the public. Any member of the public wishing to attend or present or submit a paper should contact the Secretariat, Science Advisory Board (A-101), U.S. Environmental Protection Agency, Washington, D.C. 20460 by c.o.b. February 20, 1979. Please ask for Mrs. Ilene Stein. The telephone number is (703) 557-7720.

Dated: January 31, 1979.

BURTON LEVY,
Acting Staff Director,
Science Advisory Board.

FEDERAL DEPOSIT INSURANCE CORPORATION
CHANGES IN CONTROL IN INSURED NONMEMBER BANKS

Statement of Policy
 INTRODUCTION

The Change in Bank Control Act of 1978, Title VI of the Financial Institutions Regulatory and Interest Rate Control Act of 1978, gives the Federal bank supervisory agencies the authority to disapprove changes in control of insured banks and bank holding companies.¹ The Federal Reserve Board is the Federal banking agency responsible for changes in control of bank holding companies and State member banks, and the Federal Deposit Insurance Corporation (the Corporation) and the Comptroller of the Currency are the Federal agencies responsible for changes in control of insured nonmember and national banks, respectively.

The Act requires any person (broadly defined) seeking to acquire control

¹The Act retains with some modification existing reporting requirements relating to loans by banks secured by stock of other banks and management changes occurring after a change in control and extends these requirements to bank holding companies and loans secured by bank holding company stock.

of any insured bank or bank holding company to provide 60 days' prior written notice to the appropriate Federal banking agency. This requirement applies to all covered transactions that will be consummated after March 9, 1979. The Act specifically exempts transactions that are subject to section 3 of the Bank Holding Company Act of 1956 or section 18 of the Federal Deposit Insurance Act, since these transactions are covered by existing regulatory approval procedures. Accordingly, changes in control due to acquisitions by bank holding companies and changes in control of insured banks resulting from mergers, consolidations, or other similar transactions are not covered by the Act.

The Act describes the factors that the Corporation and the other Federal banking agencies are to consider in determining whether a transaction covered by the Act should be disapproved. These factors include the financial condition, competence, experience, and integrity of the acquiring person (or persons acting in concert) and the effect of the transaction on competition. The Corporation's objectives in its administration of the Act are to enhance and maintain public confidence in the banking system by preventing identifiable serious adverse effects resulting from anticompetitive combinations of interests, inadequate financial support, and unsuitable management

in these institutions. The Corporation will review each notice to acquire control of an insured State nonmember bank and will disapprove transactions that are likely to have serious harmful effects. It is the Corporation's intention to administer the Act in a manner that will minimize delays and government regulation of legitimate private sector transactions.

If the Corporation disapproves a change in control, the Corporation will notify the proposed acquiring party in writing within 3 days after its decision. The notice of disapproval will contain a statement of the basis for disapproval. The Act provides that the acquiring party may request a hearing by the Corporation in the event of a disapproval and provides a procedure for further review by the courts.

Forms for filing notices of proposed transactions covered by the Act will be available from the Regional Director of the Region in which the bank is located. When a substantially complete notice is received by the Regional Director, a letter of acknowledgement will be sent to the acquiring person indicating the date of receipt. The transaction may be completed 61 days or more after that date unless the acquiring person has been notified by the Corporation that the acquisition has been disapproved or that the 60-day period has been extended as provided for in the Act. To avoid undue inter-

ference with normal business transactions, the Corporation may issue a notice of its intention not to disapprove a proposal, after consulting the relevant State banking authorities as the Act requires.

INFORMATION TO BE CONTAINED IN NOTICES

Under the Act, the Corporation will require a "person" proposing to acquire control of an insured State nonmember bank to file a notice with the Corporation containing personal and biographical information, detailed financial information, details of the proposed acquisition, information on any structural or managerial changes contemplated for the institution, and other relevant information required by the Corporation. The elements of a notice, as prescribed by paragraph 6 of the Act, are set forth in the appendix to this statement, and prescribed forms for filing notice will be available from the appropriate Regional Director of the Corporation.

In order to be filed properly in accordance with the Act a notice must be substantially complete and responsive to every item specified in paragraph 6 of the Act. When the acquiring party is an individual, or a group of individuals acting in concert, the requirement for 5 years' personal financial data is deleted in favor of a current statement of assets and liabilities, a brief income summary, and a statement of any material changes since the date thereof, but the Corporation reserves the right to require up to 5 years of financial data from any acquiring person.

TRANSACTIONS REQUIRING SUBMISSION OF NOTICE

The Act defines "control" as the power—directly or indirectly—to vote 25 percent or more of any class of voting securities or to direct the management or policies of a bank holding company or an insured bank. Therefore, any transaction, unless exempted by the Act, that results in the acquiring party having voting control of 25 percent or more of any class of voting securities or results in the power to direct the management or policies of such an institution would trigger the notice requirement. However, any person who on March 9, 1979, controls an insured State nonmember bank shall not be required to file a notice to maintain or increase control positions in the same institution. In addition, the Corporation's regulations allow persons who on March 9, 1979, fall within a presumption described in the next paragraph to acquire additional shares of an institution without filing notice so long as they will not have voting control of 25 percent or more of the institution. In connection with

transactions that would result in greater voting control, such persons may file the required notice or request that the Corporation make a determination that they already control the institution.

With respect to persons who have the power to vote less than 25 percent of an institution's shares, the Corporation's regulations establish the following rebuttable presumptions for purposes of the notice requirements of the Act:

(1) Where the institution to be acquired has issued any class of securities subject to the registration requirements of Section 12 of the Securities Exchange Act of 1934 (15 U.S.C. § 78l), and a transaction would result in a person (or group of persons acting in concert) having voting control of 10 percent or more of any class of voting securities of that institution, the transaction results in control.

(2) Where a transaction involving any class of voting securities of an insured State nonmember bank would result in a person (or group of persons acting in concert) having voting control of 10 percent or more and after the transaction the acquiring person would be the largest shareholder of that institution, the transaction results in control.

Other transactions resulting in a person's control of less than 25 percent of a class of voting shares of an insured State nonmember bank would not result in control for purposes of the Act. In addition, customary one-time proxy solicitations and the receipt of pro rata stock dividends would not be subject to the Act's notice requirements.

In some cases corporations, partnerships, certain trusts, associations, and similar organizations that are not already bank holding companies may be uncertain whether to proceed under this Act or under the Bank Holding Company Act with respect to a particular acquisition. These organizations should comply with the notice requirements of this Act if they are not required to secure prior approval from the Board of Governors of the Federal Reserve System under the Bank Holding Company Act. However, some transactions, particularly foreclosures by institutional lenders, fiduciary acquisitions by banks, and increases of majority holdings by bank holding companies, described in Sections 2(a)(5)(D) and 3(a)(A) and (B) of the Bank Holding Company Act, do not require the prior approval of the Corporation or the Board of Governors of the Federal Reserve System, but they are considered subject to Section 3 of the Bank Holding Company Act and do not require notices under this Act.

Persons contemplating an acquisition that would result in a change in

control of an insured State nonmember bank should request appropriate forms and instructions from the Regional Director of the Region in which the affected institution is located. If there is any doubt whether a proposed transaction requires a notice, the acquiring person should consult the Regional Director for guidance. The Act places the burden of providing notice on the prospective acquiring person and substantial civil penalties can be imposed for willful violations.

CERTAIN CONTROL TRANSACTIONS EXEMPT FROM PRIOR NOTICE REQUIREMENTS

The Corporation's regulations exempt the following transactions from the prior notice requirements of the Act:

- (1) A foreclosure of a debt previously contracted in good faith,
- (2) Testate or intestate succession, and
- (3) A bona fide gift.

Under these regulations, a person acquiring control in the situations described above is required to furnish certain information to the Regional Director promptly after the transaction, and the affected institution must report promptly any changes or replacement of its chief executive officer or of any director in accordance with Section 7(j)(12) of the Act.

Under these regulations, acquisitions of shares in foreign banks which have an insured branch or branches in the United States are also exempt from the prior notice requirements of the Act, but this exemption does not extend to the reports and information required under Sections 7(j)(9), (10), and (12) of the Act.

DISAPPROVAL OF CHANGES IN CONTROL

The Act sets forth various factors to be considered in the evaluation of a proposal. The Corporation is required to review the competitive impact of the transaction, the financial condition of the acquiring person, and the competence, experience, and integrity of that person and the proposed management of the institution. In assessing the financial condition of the acquiring person, the Corporation will weigh any debt servicing requirements in light of the acquiring person's overall financial strength, the institution's earnings performance, asset condition, capital adequacy, future prospects, and the likelihood of an acquiring party making unreasonable demands on the resources of the institution.

By order of the Board of Directors,
January 24, 1979.

FEDERAL DEPOSIT INSURANCE
CORPORATION
ALAN R. MILLER,
Executive Secretary.

APPENDIX

CHANGE IN BANK CONTROL ACT OF 1978
INFORMATION REQUIREMENTS

Paragraph 6 of the Act reads as follows:

Except as otherwise provided by regulation* of the appropriate Federal banking agency, a notice filed pursuant to this subsection shall contain the following information:

(A) The identity, personal history, business background and experience of each person by whom or on whose behalf the acquisition is to be made, including his material business activities and affiliations during the past five years, and a description of any material pending legal or administrative proceedings in which he is a party and any criminal indictment or conviction of such person by a State or Federal court.

(B) A statement of the assets and liabilities of each person by whom or on whose behalf the acquisition is to be made, as of the end of the fiscal year for each of the five fiscal years immediately preceding the date of the notice, together with related statements of income and source and application of funds for each of the fiscal years then concluded, all prepared in accordance with generally accepted accounting principles consistently applied, and an interim statement of the assets and liabilities of each such person, together with related statements of income and source and application of funds, as of a date not more than ninety days prior to the date of the filing of the notice.

(C) The terms and conditions of the proposed acquisition and the manner in which the acquisition is to be made.

(D) The identity, source and amount of the funds or other consideration used or to be used in making the acquisition, and if any part of these funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the acquisition, a description of the transaction, the names of parties, and any arrangements, agreements or understandings with such persons.

(E) Any plans or proposals which any acquiring party making the acquisition may have to liquidate the bank, to sell its assets or merge it with any

* Requirements for financial data as to individuals have been amended by Section 303.15(b) of the Federal Deposit Insurance Corporation Rules and Regulations (12 C.F.R. § 303.15(b)). The Corporation has developed forms which, if properly executed, will meet the information requirements of a notice.

company or to make any other major change in its business or corporate structure or management.

(F) The identification of any person, employed, retained, or to be compensated by the acquiring party, or by any person on his behalf, to make solicitations or recommendations to stockholders for the purpose of assisting in the acquisition, and a brief description of the terms of such employment, retainer, or arrangement for compensation.

(G) Copies of all invitations or tenders or advertisements making a tender offer to stockholders for purchase of their stock to be used in connection with the proposed acquisition.

(H) Any additional relevant information in such form as the appropriate Federal banking agency may require by regulation or by specific request in connection with any particular notice.

FEDERAL MARITIME COMMISSION
INDEPENDENT OCEAN FREIGHT FORWARDER
LICENSES

Correction to Notice of Revocation

By Decision served July 24, 1978, in Docket No. 77-53, *Licensing of Independent Ocean Freight Forwarders*, (FEDERAL REGISTER, Vol. 43, No. 146, p. 32776, July 28, 1978), the Federal Maritime Commission amended its General Order 4 (46 CFR 510) to require all licensed independent ocean freight forwarders to file with the Commission a surety bond in the amount of \$30,000. The amendment stated that if a licensee fails to file such bond on or before December 1, 1978, the license shall be revoked in accordance with Rule 510.9 of General Order 4.

The Commission published a Notice of Revocation in the FEDERAL REGISTER on January 3, 1979 (Vol. 44, No. 2, pp. 953-955) wherein notice was given of the independent ocean freight forwarders who had failed to file with the Commission a surety bond in the amount of \$30,000 and whose licenses were revoked effective December 2, 1978. Erroneously, Mattoon & Co., Inc. and Mattoon & Co., Inc. of L.A., 244 Jackson Street, San Francisco, California 94111, the holders of Independent Ocean Freight Forwarder License No. 1693, were among the licensees named. Mattoon & Co., Inc. and Mattoon & Co., Inc. of L.A. complied with the bonding requirement before December 1, 1978, hence Notice is hereby given that FMC Independent Ocean Freight Forwarder License No. 1693 has not been revoked.

Dated: January 30, 1979.

FRANCIS C. HURNEY,
Secretary.

The Federal Maritime Commission hereby gives notice that the following agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of each of the agreements and the justifications offered therefor at the Washington Office of the Federal Maritime Commission, 1100 L Street, N.W., Room 10423; or may inspect the agreements at the Field Offices located at New York, N.Y.; New Orleans, Louisiana; San Francisco, California; Chicago, Illinois; and San Juan, Puerto Rico. Interested parties may submit comments on each agreement, including requests for hearing, to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 20 days after the date of the FEDERAL REGISTER in which this notice appears. Comments should include facts and arguments concerning the approval, modification, or disapproval of the proposed agreement. Comments shall discuss with particularity allegations that the agreement is unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, or operates to the detriment of the commerce of the United States, or is contrary to the public interest, or is in violation of the Act.

A copy of any comments should also be forwarded to the party filing the agreements and the statement should indicate that this has been done.

AGREEMENT NO.: 9972-6.

FILING PARTY: Howard A. Levy, Esquire, Suite 727, 17 Battery Place, New York, New York 10004.

SUMMARY: Agreement No. 9972-6 modifies the basic agreement of the Mediterranean Discussion Agreement to extend the duration of the agreement through March 29, 1981.

AGREEMENT NO.: 10267-3.

FILING PARTY: Howard A. Levy, Esquire, Suite 727, 17 Battery Place, New York, New York 10004.

SUMMARY: Agreement No. 10267-3 proposes to amend the Container Carriers Discussion Agreement, by ex-

tending the term thereof for a further period of approval of one year, from its present expiration date of March 31, 1979, through March 31, 1980.

AGREEMENT NO.: 10361.

FILING PARTY: Edward J. Sheppard, Esquire, Schmeltzer, Aptaker & Sheppard, P.C., 1800 Massachusetts Avenue, N.W., Washington, D.C. 20036.

SUMMARY: Agreement No. 10361, between Farrell Lines and Compagnie Maritime Zairoise (CMZ) appoints Farrell as the port and husbanding agent for CMZ vessels operating between the West Coast of Africa and the Atlantic Coast of the United States.

By Order of the Federal Maritime Commission.

Dated: January 31, 1979.

FEDERAL RESERVE SYSTEM

[Docket No. R-0199]

CHANGE IN BANK CONTROL ACT OF 1978

Policy Statement

Introduction. The Change in Bank Control Act of 1978, Title VI of the Financial Institutions Regulatory and Interest Rate Control Act of 1978, gives the Federal bank supervisory agencies the authority to disapprove changes in control of insured banks and bank holding companies.¹ The Federal Reserve Board is the responsible Federal banking agency for changes in control of bank holding companies and State member banks, and the Federal Deposit Insurance Corporation and the Comptroller of the Currency are responsible for insured State nonmember and national banks, respectively.

The Act requires any person (broadly defined) seeking to acquire control of any insured bank or bank holding company to provide 60 days' prior written notice to the appropriate Federal banking agency. This requirement applies to all covered transactions that will be consummated after March 9, 1979. The Act specifically exempts transactions that are subject to section 3 of the Bank Holding Company Act of 1956 or section 18 of the Feder-

al Deposit Insurance Act, since these transactions are covered by existing regulatory approval procedures. Accordingly, changes in control due to acquisitions by bank holding companies and changes in control of insured banks resulting from mergers, consolidations, or other similar transactions are not covered by the Act.

The Act describes the factors that the Federal Reserve and the other Federal banking agencies are to consider in determining whether a transaction covered by the Act should be disapproved. These factors include the financial condition, competence, experience, and integrity of the acquiring person (or persons acting in concert) and the effect of the transaction on competition. The Federal Reserve Board's objectives in its administration of the Act are to enhance and maintain public confidence in the banking system by preventing identifiable serious adverse effects resulting from anticompetitive combinations of interests, inadequate financial support, and unsuitable management in these institutions. The Board will review each notice to acquire control of a State member bank or bank holding company and will disapprove transactions that are likely to have serious harmful effects. It is the Board's intention to administer the Act in a manner that will minimize delays and government regulation of private sector transactions.

If the Board disapproves a change in control, the Board will notify the proposed acquiring party in writing within three days after its decision. The notice of disapproval will contain a statement of the basis for disapproval. The Act provides that the acquiring party may request a hearing by the Board in the event of a disapproval and provides a procedure for further review by the courts.

Forms for filing notices of proposed transactions covered by the Act will be available from the Federal Reserve Banks. When a substantially complete notice is received by the Federal Reserve Bank, a letter of acknowledgment will be sent to the acquiring person indicating the date of receipt. The transaction may be completed 61 days or more after that date unless the acquiring person has been notified by the Board that the acquisition has been disapproved or that the 60-day period has been extended as provided for in the Act. To avoid undue interference with normal business transactions, the Board may issue a notice of its intention not to disapprove a proposal, after consulting the relevant State banking authorities as the Act requires.

Information to be contained in notices. The Act requires a "person" proposing to acquire control of a bank

holding company or State member bank to file a notice with the Federal Reserve Board containing personal and biographical information, detailed financial information, details of the proposed acquisition, information on any structural or managerial changes contemplated for the institution, and other relevant information required by the Board. The elements of a notice, as prescribed by paragraph 6 of the Act, are set forth in the appendix to this statement, and prescribed forms for filing notice will be available from the Federal Reserve Banks.

In order to be filed properly in accordance with the Act, a notice must be substantially complete and responsive to every item specified in paragraph 6 of the Act. When the acquiring party is an individual, or a group of individuals acting in concert, the requirement for five years' personal financial data is deleted in favor of a current statement of assets and liabilities, a brief income summary, and a statement of any material changes since the date thereof, but the Board reserves the right to require up to five years of financial data from any acquiring person.

Transactions requiring submission of notice. The act defines "control" as the power—directly or indirectly—to vote 25 per cent or more of any class of voting securities, or to direct the management or policies, of a bank holding company or insured bank. Therefore, any transaction, unless exempted by the Act, that results in the acquiring party having voting control of 25 per cent or more of any class of voting securities, or results in the power to direct the management or policies, of such an institution would trigger the notice requirement. However, any person who on March 9, 1979, controls a bank holding company or State member bank shall not be required to file a notice to maintain or increase control positions in the same institution. In addition, the Board's regulations allow persons who on March 9, 1979, fall within a presumption described in the next paragraph to acquire additional shares of an institution without filing notice so long as they will not have voting control of 25 per cent or more of the institution. In connection with transactions that would result in greater voting control, such persons may file the required notice or request that the Board make a determination that they already control the institution.

With respect to persons who have the power to vote less than 25 per cent of an institution's shares, the Board has established the following rebuttable presumptions for purposes of the notice requirements under the Act:

(1) Where an institution has issued any class of securities subject to regis-

¹The Act retains with some modification existing reporting requirements relating to loans by banks secured by stock of other banks and management changes occurring after a change in control and extends these requirements to bank holding companies and loans secured by bank holding company stock.

tration under section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78l), and a transaction would result in a person (or group of persons acting in concert) having voting control of 10 per cent or more of any class of voting securities of that institution, the transaction results in control.

(2) Where a transaction involving any class of voting securities of a bank holding company or State member bank would result in a person (or group of persons acting in concert) having voting control of 10 per cent or more, and after the transaction the acquiring person would be the largest shareholder of that institution, the transaction results in control.

Other transactions resulting in a person's control of less than 25 per cent of a class of voting shares of a bank holding company or State member bank would not result in control for purposes of the Act. In addition, customary one-time proxy solicitations and the receipt of pro-rata stock dividends are not subject to the Act's notice requirements.

In some cases corporations, partnerships, certain trusts, associations, and similar organizations that are not already bank holding companies may be uncertain whether to proceed under this Act or under the Bank Holding Company Act with respect to a particular acquisition. These organizations should comply with the notice requirements of this Act if they are not required to secure prior Board approval under the Bank Holding Company Act. However, some transactions, particularly foreclosures by institutional lenders, fiduciary acquisitions by banks, and increases of majority holdings by bank holding companies, described in sections 2(a)(5)(D) and 3(a)(A) and (B) of the Bank Holding Company Act, do not require the Board's prior approval, but they are considered subject to section 3 of the Bank Holding Company Act and do not require notices under this Act.

Persons contemplating an acquisition that would result in a change in control of a bank holding company or State member bank should request appropriate forms and instructions from the Federal Reserve Bank in whose district the affected institution is located. If there is any doubt whether a proposed transaction requires a notice, the acquiring person should consult the Federal Reserve Bank for guidance. The Act places the burden of providing notice on the prospective acquiring person and substantial civil penalties can be imposed for willful violations.

Certain control transactions exempt from prior notice requirements. The Board's regulations exempt the following transactions from the prior notice requirements of the Act:

(1) A foreclosure of a debt previously contracted in good faith;

(2) Testate or intestate succession; and

(3) A bona fide gift.

Under these regulations, a person acquiring control in the situations described above is required to furnish certain information to the Federal Reserve Bank promptly after the transaction, and the affected institution must report promptly any changes or replacement of its chief executive officer or of any director, in accordance with paragraph 12 of the Act.

Under these regulations, acquisitions of control of foreign bank holding companies are also exempt from the prior notice requirements of the Act, but this exemption does not extend to the reports and information required under paragraphs 9, 10, and 12 of the Act.

Disapproval of changes in control. The Act sets forth various factors to be considered in the evaluation of a proposal. The Board is required to review the competitive impact of the transaction, the financial condition of the acquiring person, and the competence, experience, and integrity of that person and the proposed management of the institution. In assessing the financial condition of the acquiring person, the Board will weigh any debt servicing requirements in light of the acquiring person's overall financial strength, the institution's earnings performance, asset condition, capital adequacy, future prospects, and the likelihood of an acquiring party making unreasonable demands on the resources of the institution.

APPENDIX.—CHANGE IN BANK CONTROL ACT OF 1978 INFORMATION REQUIREMENTS

Paragraph 6 of the Act reads as follows:

Except as otherwise provided by regulation of the appropriate Federal banking agency, a notice filed pursuant to this subsection shall contain the following information:

(A) The identity, personal history, business background and experience of each person by whom or on whose behalf the acquisition is to be made, including his material business activities and affiliations during the past five years, and a description of any material pending legal or administrative proceedings in which he is a party and any criminal indictment or conviction of such person by a State or Federal court.

(B) A statement of the assets and liabilities of each person by whom or on whose behalf the acquisition is to be made, as of the end of the fiscal year for each of the five fiscal years immediately preceding the date of the notice, together with related statements of income and source and application of funds for each of the fiscal years then concluded, all prepared in accordance with generally accepted accounting principles consistently applied, and an interim statement of the assets and liabilities for each such person, together with related statements of income and source and application of funds, as of a date not more than

ninety days prior to the date of the filing of the notice.

(C) The terms and conditions of the proposed acquisition and the manner in which the acquisition is to be made.

(D) The identity, source and amount of the funds or other consideration used or to be used in making the acquisition, and if any part of these funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the acquisition, a description of the transaction, the names of parties, and any arrangements, agreements or understandings with such persons.

(E) Any plans or proposals which any acquiring party making the acquisition may have to liquidate the bank, to sell its assets or merge it with any company or to make any other major change in its business or corporate structure or management.

(F) The identification of any person, employed, retained, or to be compensated by the acquiring party, or by any person on his behalf, to make solicitations or recommendations to stockholders for the purpose of assisting in the acquisition, and a brief description of the terms of such employment, retainer, or arrangement for compensation.

(G) Copies of all invitations or tenders or advertisements making a tender offer to stockholders for purchase of their stock to be used in connection with the proposed acquisition.

(H) Any additional relevant information in such form as the appropriate Federal banking agency may require by regulation or by specific request in connection with any particular notice.

CONSUMER ADVISORY COUNCIL

Meeting

Notice is hereby given that the Consumer Advisory Council will meet on Wednesday, February 21, and Thursday, February 22. The meeting, which will be open to public observation, will take place in Terrace Room E of the Martin Building. The February 21 session will begin at 1 p.m. until 5 p.m. The February 22 session will begin at 9 a.m. and conclude at 3 p.m. The Martin Building is located on C Street, Northwest, between 20th and 21st Streets in Washington, D.C.

The Council's function is to advise the Board on the exercise of the Board's responsibilities with regard to consumer credit legislation and regulation. It is anticipated that the February 21-22 meeting of the Council will include consideration of the following topics:

1. EFT Regulation

Proposed regulations to implement §§ 909 and 911 of the Electronic Fund Transfer Act. Those sections, which take effect in February 1979, concern consumer liability for unauthorized use of EFT cards and restrictions on unsolicited issuance of EFT cards.

Regulatory implementation of the remainder of the Act which takes effect in May 1980.

2. Relationship Between the Truth in Lending and Electronic Fund Transfer Acts

Recommendations for statutory amendments to integrate statutory provisions relating to issuance, consumer liability for unauthorized use and error resolution.

3. Unfair Bank Practices

Results of recent survey of certain bank practices; implementation of the Board's authority under the Federal Trade Commission Improvement Act to ban unfair or deceptive bank practices.

4. Economic Briefing

Presentation by the Board's staff on consumer credit, general economic outlook, and interest rates.

5. Consumer Advisory Council Organizational Matters

Discussion of the Council's operations for the coming year.

Other matters previously considered by the Council or initiated by Council members.

Information with regard to this meeting may be obtained from Mr. Joseph R. Coyne, Assistant to the Board, at (202) 452-3204.

**PROTEIN HYDROLYSATES AND CERTAIN
GLUTAMATES**

Availability of Information; Request for
Comments and Additional Information

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: This document announces the public availability of new data and information concerning the safety of protein hydrolysates and certain glutamates, including monosodium L-glutamate. This information was compiled during the Food and Drug Administration's (FDA's) review of generally recognized as safe (GRAS) and prior-sanctioned human food ingredients. This document also invites public comment on this new data and solicits any additional new information that may be available on the safety of protein hydrolysates and glutamates.

DATE: Comments and additional data and information may be submitted until April 9, 1979.

ADDRESSES: Written submissions to the Hearing Creek (HFA-305), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857 (3 copies) and the Life Sciences Research Office, Federation of American Societies for Experimental Biology (FASEB), 9650 Rockville Pike, Bethesda, MD 20014 (10 copies).

Corbin I. Miles, Bureau of Foods (HFF-335), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, DC 20204, 202-472-4750.

SUPPLEMENTARY INFORMATION: This notice announces the public availability of additional data and information on the safety of certain glutamates (including monosodium L-glutamate) and protein hydrolysates, invites public comment on the data, and requests submission to FDA and the FASEB Select Committee on GRAS Substances (the Select Committee) of any new safety information not previously considered in the review of the GRAS status of glutamates and protein hydrolysates.

As part of FDA's comprehensive study of human food ingredients classified as GRAS or subject to a prior sanction, the agency has compiled a large quantity of scientific information on the safety of glutamates and protein hydrolysates as human food ingredients. Part of this information was described in the FEDERAL REGISTER of April 1, 1977 (42 FR 17526). Other information on the safety of glutamates and protein hydrolysates was presented to the Select Committee at public hearings held on July 25 and 26, 1977. These and other data formed the basis for the Select Committee's conclusions on the safety of glutamates and protein hydrolysates as food ingredients. These conclusions were contained in tentative and final reports submitted to FDA in November 1976 and July 1978, respectively.

However, a large quantity of addi-

tional new data and information, described below in this notice, was not reviewed by the Select Committee because it became available after the Select Committee had completed its review of the scientific literature and submitted its final reports to FDA. Because of the quantity of this new information and its possible importance in assessing the safety of these food ingredients, FDA has requested the Select Committee to review this additional information. Pending completion of this supplemental review, FDA is deferring further action on its review of the GRAS status of glutamates and protein hydrolysates. The new information to be covered in the supplemental review will include recent scientific publications, unpublished data, and comments by scientists and trade associations on the Select Committee reports. The information is described as follows:

We have submitted these drugs to FDA for review. In publishing this Notice, the Board recognizes that some of the drugs listed do not appear as therapeutically equivalent in the FDA list of Approved Drug Products With Proposed Therapeutic Equiv-

alence Evaluations, proposed in the FEDERAL REGISTER on January 12, 1979 (44 FR 2932). The Board recognizes that the FDA list is a proposal and that therapeutic designations may change. Therefore, the Board has requested that the FDA review the drugs and inform the Board when the FDA can assure equivalency.

We are publishing this notice of intent in order that all interested parties will be advised of the Board's intentions at the same time and will have ample opportunity to make their views known to the Board. Proposed MAC limits and the dates of any public hearing will be published at a later date.

Dated: January 31, 1979.

NATIONAL INSTITUTES OF HEALTH

Statement of Organization, Functions, and Delegations of Authority

Part H, Chapter HN (National Institutes of Health) of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health, Education, and Welfare (40 FR 22859, May 27, 1975, as amended most recently at 43 FR 47285, October 13, 1978) is amended to reflect: (1) The abolishment of the Office of Collaborative Research (HNA2), and (2) the modification of the functions of the Office of Extramural Research and Training (HNA3) in the Office of the Director, National Institutes of Health. These changes will establish a focal point for extramural program review, and the formulation and communication of policies for grants, contracts, and cooperative agreements.

Sec. HN-B, Organization and Functions, is amended as follows:

(1) Under the heading *Office of Director (HNA)*, delete the statement for the *Office of Collaborative Research (NHA2)*;

(2) Delete the statement for the *Office of Extramural Research and Training (HNA3)* and insert the following statement:

Office of Extramural Research and Training (HNA3). (1) Advises the Director, NIH, and his staff, and provides guidance to the bureaus, institutes, and divisions on the development and management of extramural (grant, cooperative agreement, and contract) research and training programs; (2) established NIH extramural research and training program policy and reviews program quality and effectiveness.

Dated: January 29, 1979.

A Notice of Availability of the draft environmental statement (ES) for a crude oil transportation system for Port Angeles, Washington, to Clearbrook, Minnesota, was published in the FEDERAL REGISTER on January 16, 1979. The original comment period was scheduled to close March 20, 1979. This is to announce that the comment period has been extended for 13 days and is now scheduled to close April 2, 1979. Copies of the draft ES are available for inspection at the locations defined in the above referenced Notice of Availability.

The Public Utility Regulatory Policies Act of 1978 was enacted on November 16 1978. Title V of this Act (Crude Oil Transportation Systems) provides for the submission of competing applications for systems capable of transporting Alaskan and other crude oil to northern tier and inland States. It also provides a mechanism for the President to choose between such competing applications, as well as providing for the expeditious processing of all such applications.

Three competing applications have been filed under Title V by the Northern Tier Pipeline Company, Northwest Energy Company (Foothills), and Kitimat Pipeline Ltd. All three of these applications are discussed in the draft ES issued January 11, 1979.

The purpose of the public hearing is to give the public the opportunity to comment on the draft ES with regards to the provisions of section 102(2)(C) of the National Environmental Policy Act of 1969.

The public hearings will be conducted by an Administrative Law Judge, U.S. Department of the Interior. Individuals wishing to testify may do so by appearing at a hearing location as indicated above. Testimony may be limited to 10 minutes if necessary to assure that everyone has an opportunity to speak. Written comments are also invited. Prior to giving testimony at the public hearings, individuals, or spokespersons are requested to complete a hearing registration form. Registration form may be obtained by contacting the Bureau of Land Management Oregon State Director, Northern Tier Project, Room 1250, Lloyd Building, 700 N.E. Multnomah, Portland, Oregon 97232. Written comments may be submitted at hearing locations or sent to the Oregon State Director's Office. Comments received by the close of the review period, April 2, 1979, will be considered prior to writing the final ES. The response to each comment received by April 2, 1979, will be noted in the final ES.

Dated: February 1, 1979.

SHORT-TERM COAL LEASING

Bidding Methods and Fair Market Value

AGENCY: Department of the Interior, Bureau of Land Management.

ACTION: Request for public comments on bidding method to be used in short-term bypass coal lease sales.

SUMMARY: The Bureau of Land Management has been offering Federal coal for competitive leases consistent with the amended court order of June 14, 1978, in *NRDC v. Hughes*, 454 F. Supp. 148. Coal producers that had existing operations on September 27, 1977, are allowed to apply for Federal coal tracts if they meet the criteria established in the court order. One of the criteria allows leasing in situations where Federal coal would be bypassed. The Department's interest in bypass leasing is to avoid the loss or waste of Federal coal on tracts that could not be mined as independent operations in the foreseeable future for environmental or economic reasons or both.

Prior to issuance of a competitive coal lease, the Bureau of Land Management is required to obtain fair market value for the coal sold in the proposed lease. The Department offers coal for competitive lease through a cash bonus-payment bidding system. At the present time, the Department administers this bidding system and obtains fair market value for competitive leases by setting the minimum bonus bid at \$25 per acre and calculating a royalty rate based on the value of the coal which, when added to the \$25 per acre bonus bid, would yield a fair market rate of return to the Federal Government. Bidders for short-term bypass leases are presently required to submit bids in this format.

The Bureau of Land Management proposes to alter the method by which it has been administering the cash bonus/payment bidding system to allow bidders for short-term bypass tracts the option of submitting bids in the present format or in an alternative format. The alternative format consists of setting the royalty rate at the minimum required by law and policy and calculating a higher per-acre bonus bid which, when added to the minimum royalty rate, would also yield a fair market rate of return to the Federal Government. The Bureau is requesting comments regarding this management proposal.

DATES: Comments should be received by February 22, 1979.

ADDRESS: Director, Bureau of Land Management (140), United States Department of the Interior, Washington, D.C. 20240.

FOR FURTHER INFORMATION CONTACT:

Marcia Rohn or Walter Rewinski, Bureau of Land Management, Office of Coal Management, Washington, D.C. 20240, (202) 343-6821.

SUPPLEMENTAL INFORMATION: In conducting the short-term leasing

authorized by the amended court order, the Department has encountered situations in which the use of the present administration of the cash bonus-payment bidding system would impose a significant economic hardship on the short-term lease applicant. For instance, some existing mining operations have established royalty agreements on leases for adjacent non-Federal land which are tied to royalties on related Federal leases. In this situation, a higher-than-minimum royalty on a short-term lease, should it issue to the applicant, would require the applicant to pay significantly higher royalties on coal taken from the non-Federal lands. Applicants might decline to bid if the procedures now being used to administer this bidding method are used exclusively since a Federal lease would significantly raise the royalties on the private lands.

As it is in the Federal interest to avoid the loss of Federal coal resources, the Department is examining whether it should alter its administration of the coal bonus-payment bidding system for short-term bypass applications. The Department invites public comments on the proposed policy change.

Comments should be addressed to the relative merits of the different administrative methods set out above (permitting bids using either the current administrative practice or the alternative practice but not both) in recovering fair market value and in otherwise serving the public interest in Federal leasing. Commenters should remember that the Federal Coal Leasing Amendments Act of 1976 (FCLAA) requires a minimum royalty of 12.5% for surface-mined coal, and Departmental policy requires a minimum royalty of 8% for underground-mined coal.

As the above-described situation pertains in bypass lease sales scheduled to be conducted on March 27, 1979 (applications by Rosebud Coal Sales Company and Ark Land Company), the Department proposes, beginning with these sales, to allow the bidder to submit a cash bonus-payment bid using either one, but not both, of the different administrative practices. For this reason, the Department requests that comments be submitted on these proposed administrative practices by February 22, 1979. Comments on fair market value will also be solicited and considered for each short-term sale by separate FEDERAL REGISTER announcement and local public sale notice at least 30 days before the sale.

AUTHORIZED SALT-GILA AQUEDUCT, CENTRAL ARIZONA PROJECT, ARIZONA-NEW MEXICO

Public Hearings on Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, as amended, the Department of the Interior has prepared a draft environmental statement for the Salt-Gila Aqueduct, authorized as a part of the Central Arizona Project by Public Law 90-537, 82 Stat. 885, 43 U.S.C. 1501 et seq., on September 30, 1968. This statement INT DES 79-1 dated January 4, 1979, filed with the Environmental Protection Agency, is available to the public, as specified in the Notice of Availability.

The draft environmental statement supplements the general information for the Salt-Gila Aqueduct system as covered in the final environmental statement for the overall Central Arizona Project which was filed with the Council on Environmental Quality on September 26, 1972 (FES 72-35). The purpose of the aqueduct is to convey Colorado River water from the terminus of the Granite Reef Aqueduct in south-central Pinal County, Arizona. Construction of the feature is scheduled to begin in mid-1980, with project completion scheduled for 1985.

In addition to the public hearings to receive comments on the draft statement scheduled for Coolidge, Arizona, on February 21, 1979, and for Apache Junction, Arizona, on February 22, 1979, we are scheduling a third hearing to be held at Mesa, Arizona, on March 12, 1979, at 1 p.m. and 7 p.m. in the Mesa Room of the Centennial Building, 201 North Center Street.

Oral statements at the hearing will be limited to periods of 10 minutes. Speakers will not trade their time to obtain a longer oral presentation, however, the person authorized to conduct the hearing may allow any speaker to provide additional oral comments after all persons wishing to make comments have been heard. Speakers will be scheduled according to the time preference mentioned in their letters or telephone requests, whenever possible. Any scheduled speaker not present when called will lose his or her privilege in the scheduled order and his or her name will be recalled at the end of the scheduled speakers. Requests for scheduled presentations at the Mesa, Arizona, hearings will be accepted up to 4 p.m. March 9, 1979. Any subsequent requests will be handled on a first-come-first-served basis following the scheduled presentations.

Organizations or individuals desiring to present their statements at the hearing should contact the Office of the Project Manager, Bureau of Reclamation, Suite 2200, Valley Center, 201 North Central Avenue, Phoenix, Arizona 85003, telephone number 602-261-3106, and announce their intention to participate. Written comments, for the hearing record from those unable to attend and from those wishing to supplement their oral presentation should be sent to the Regional Director, Bureau of Reclamation, Lower Colorado Region, P.O. Box 427, Boulder City, Nevada 89005, attention: Code 150 on or before March 22, 1979, so that they can be included in the hearing record.

Dated: February 1, 1979.

R. KEITH HIGGINSON,
Commissioner.

MASTER PLAN FOR BADLANDS NATIONAL PARK (FORMERLY BADLANDS NATIONAL MONUMENT), SOUTH DAKOTA

Availability of Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act, the Department of the Interior has prepared a draft environmental statement for the Badlands National Park master plan.

The conceptual master plan provides guidance for development, interpretation, and management of the park, with emphasis on the development of "South Unit" lands added to the park by Public Law 90-468, which are jointly administered by the Service and the Oglala Sioux Tribe. The plan provides for development of a system of roads and motor nature trails; construction of campgrounds, picnic areas, concession facilities, interpretive center and administrative facilities.

The environmental statement considers the social, economic, and ecological effects of the master plan recommendations for future management activity and visitor use of the park.

Comments on the draft environmental statement are invited and will be accepted for a period of forty-five (45) days after the date of this notice. Comments should be directed to the Superintendent, Badlands National Park.

Copies of the draft environmental statement are available from or for inspection at the following locations:

YOUTH COMMUNITY CONSERVATION AND IMPROVEMENT PROJECTS (YCCIP) REALLOCATION

Reallocation of the City of Shreveport and Jefferson Parish, Louisiana Allocations

In accordance with 29 CFR 97.607 and 29 CFR 98.11(d) and section 354(b) of the Comprehensive Employment and Training Act of 1973 (CETA), as amended, on December 5, 1978, the Employment and Training Administration, with the concurrence of the Governor of Louisiana reallocated \$51,833 of the City of Shreveport's allocation and \$126,361 of Jefferson Parish's allocation under the Youth Community Conservation and Improvement Projects (YCCIP).

This reallocation was made to the following CETA prime sponsors:

City of Baton Rouge.....	\$25,000
City of New Orleans.....	27,774
Rapides Parish.....	28,000
Lafayette Parish.....	25,000
Quachita.....	22,420
Balance of State Louisiana.....	50,000

This reallocation was made because the FY 1979 YCCIP funds were declined by the city of Shreveport and Jefferson Parish, Louisiana.

Any questions or comments regarding this reallocation should be addressed to Mr. Robert Taggart, Administrator, Office of Youth Programs, U.S. Department of Labor, 601 D Street, N.W., Washington, D.C. 20213, 202-376-2646.

HOMESTAKE MINING CO.

Petition for Modification of Application of
Mandatory Safety Standard

The Homestake Mining Company, P.O. Box 100, Creede, Colorado 81130, has filed a petition to modify the application of 30 CFR 57.12-82 (powerlines) to its Bulldog Mountain Operation in Creede, Colorado. The petition is filed under section 101(c) of the Federal Mine Safety and Health Act of 1977, Pub. L. 95-164.

The substance of the petition follows:

1. This petition concerns the insulation or separation of powerlines from waterlines, telephone lines and air lines.

2. Power in the petitioner's mine is distributed through two types of power cable as follows:

a. The 2.4 kilovolt distribution system uses submarine-type, galvanized, heavy steel, concentric wire-armored, high voltage cable. The armor is bonded together at all junction or splice boxes and also to all switchgear, transformers and related equipment. This armor protects the conductors within the cable from physical damage, acts as an electrical shield surrounding the power conductors and provides substation equipment bonding and grounding.

b. The 480 volt distribution system uses a special 600 volt cable (HMCo. 3 conductor cable) developed for the petitioner by the General Electric Company. It contains a concentric shield of round copper wires over the bundle of power conductors which is equal to or greater in circular mill area than the power conductor size. Over this is a

heavy-duty, lead-cured oil and abrasion-resistant neoprene jacket. The concentric ground conductors are always bonded together at all junction or splice boxes and also to switch-gear, transformers and equipment grounds. The ground shield contains cable faults to the interior of the cable and triggers ground alarms used underground.

3. The petitioner contends that because of the high quality of these cables and the grounding provided by the bonding, there should be no reason that its cables be separated or additionally insulated from waterlines, telephone lines and air lines.

4. The petitioner concludes that its cables will achieve no less protection for miners than that provided by the standard.

REQUEST FOR COMMENTS

Persons interested in this petition may furnish written comments on or before March 8, 1979. Comments must be filed with the Office of Standards, Regulations and Variances, Mine Safety and Health Administration, 4015 Wilson Boulevard, Arlington, Virginia 22203. Copies of the petition are available for inspection at that address.

KENTUCKY-TENNESSEE CLAY CO.

Petition for Modification of Application of
Mandatory Safety Standard

The Kentucky-Tennessee Clay Company, P.O. Box 449, Mayfield, Kentucky 42066 has filed a petition to modify the application of 30 CFR 57.9-88 (ROPS) to its Crenshaw Mine and Plant in Crenshaw, Mississippi. The petition is filed under section 101(c) of the Federal Mine Safety and Health Act of 1977.

The substance of the petition is as follows:

1. The petition concerns the installation of Roll-Over-Protective-Structures (ROPS) on rubber tire loaders used in the petitioner's clay storage sheds.

2. The storage sheds consist of a storage area flanked by covered, concrete runways.

3. Roof supports, which run the length of the runways, do not allow sufficient clearance for loaders equipped with ROPS.

4. All loader traffic is on level or near level concrete pavement, making

roll-overs very unlikely. Additionally, since all traffic is under a roof, danger from falling objects is minimal.

5. For these reasons, the petitioner requests relief from the application of the standard to its clay shed loaders.

REQUEST FOR COMMENTS

Persons interested in this petition may furnish written comments on or before March 8, 1979. Comments must be filed with the Office of Standards, Regulations and Variances, Mine Safety and Health Administration, 4015 Wilson Boulevard, Arlington, Virginia 22203. OLGA COAL CO.

Final Action Granting a Petition for Modification of Application of Mandatory Safety Standard

The Mine Safety and Health Administration (MSHA) has granted the petition (43 FR 18354) of Olga Coal Co. to modify the application of 30 CFR 75.305 to its Olga Mine located in McDowell County, W. Va., in accordance with Section 101(c) of the Federal Mine Safety and Health Act of 1977, Pub. L. 95-164. MSHA has determined that the application of the standard to the mine will result in a diminution of safety to the miners of the mine.

MSHA based its determination on the following findings:

At the time of an investigation of the mine by MSHA, the entries in question were being utilized as part of the bleeder system. The three entries left of the barrier block could not be investigated because of bad roof conditions encountered in the approaches to the entries. The entries right of the barrier block that could be traveled were examined to the caved area. The extent of the roof falls could not be determined. The roof overlying the coalbed was sandstone. Numerous areas of hooved bottom, heavy top, roof falls, and hazardous roof were encountered in the entries. Permanent roof support such as roof bolts were not installed and what roof support had been installed (wooden posts) had deteriorated. No dangerous accumulation of water was encountered in the area. Air samples were collected of the mine atmosphere, at the caved area (survey stations 2429 and 2600) and at the 3 south upcast shaft. The analysis

of the air samples show no dangerous quantities of gases.

Because of these findings, the Administrator for Coal Mine Safety and Health, under authority delegated by the Secretary of Labor, ordered that the petition be granted, conditioned upon compliance with the following:

In addition to the other examinations required by 30 CFR Part 75, Subpart D "Ventilation," at the start of each production shift and at 4-hour intervals during each shift, determination of the air quality and volume shall be made by a certified person designated by the operator in each split of air (left and right of the 3 South Section) where it enters the old return air courses. The air volumes shall be recorded in the on-shift examination book.

A copy of the decision is available for inspection by the public at the Office of Standards, Regulations and Variances, Mine Safety and Health Administration, 4015 Wilson Boulevard, Arlington, Virginia 22203.

Dated: January 12, 1979.

[Application No. D-822]

PROPOSED CLASS EXEMPTION

Closed-End Investment Company In-House
Plans Requested by the Association of Publicly Traded Investment Funds

AGENCIES: Department of Labor.

ACTION: Notice of proposed class exemption.

SUMMARY: This document contains a notice of pendency before the Department of Labor (the Department) of a proposed class exemption from the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974 (the Act) and from certain taxes imposed by the Internal Revenue Code of 1954 (the Code). The proposed class exemption would exempt the acquisition and sale of shares of a registered closed-end investment company by an employee benefit plan which covers employees of either the company, its investment adviser, or an affiliate thereof.

DATES: Written comments and requests for a public hearing must be received by the Department of Labor on or before March 30, 1979.

EFFECTIVE DATE: It is proposed to make the exemption effective as of January 1, 1975.

ADDRESSES: All written comments and requests for a hearing (at least six copies) should be sent to: Office of Fiduciary Standards, Pension and Welfare Benefit Programs, Room C-4526, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, D.C. 20216, Attention: Application No. D-822. The application for exemption and the comments received will be available for public inspection in the Public Documents Room of Pension and Welfare Benefit Programs, U.S. Department of Labor, Room N-4677, 200 Constitution Avenue, NW., Washington, D.C.

FOR FURTHER INFORMATION CONTACT:

William J. Flanagan of the Plan Benefits Security Division, Office of the Solicitor, U.S. Department of Labor, (202) 523-7931. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: Notice is hereby given of the pendency before the Department of a proposed class exemption from the restrictions of sections 406 and 407 of the Act and from the taxes imposed by section 4975 (a) and (b) of the Code by reason of section 4975(c)(1) of the Code.

The proposed exemption was requested in an application filed by the Association of Publicly Traded Investment Funds (APTIF), pursuant to section 408(a) of the Act and section 4975(c)(2) of the Code, and in accordance with the procedures set forth in ERISA Procedure 75-1 (40 FR 18471, April 28, 1975). This application was filed with both the Department and the Internal Revenue Service. However, effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978 (43 FR 47713, October 17, 1978) transferred the authority of the Secretary of the Treasury to issue exemptions of the type requested to the Secretary of Labor. Therefore, this notice of pendency is issued solely by the Department.

SUMMARY OF FACTS AND REPRESENTATIONS

The application contains the following representations with regard to the proposed exemption which are summarized below. Interested persons are referred to the application on file with the Department for the complete representations of the applicant.

Closed-end investment companies, like open-end investment companies, issue shares to the public and use the proceeds to acquire securities meeting the company's investment requirements. However, unlike open-end investment companies (mutual funds), closed-end companies do not continuously issue new shares to the public, nor do they generally offer to repurchase or redeem their shares from investors. Rather, shares of closed-end investment companies are traded through broker-dealers in established security markets. Some closed-end investment companies are externally managed; that is, they employ investment advisers to manage most of their operations, and have no employees other than officers required by state statute. Other close-end companies are internally managed, maintaining their own staffs of employees.

Many closed-end investment companies, whether externally managed or internally managed, maintain employee benefit plans which cover employ-

ees of the company or of its investment adviser, or employees of persons affiliated with the company or the investment adviser. Such "in-house" plans are administered either by the closed-end investment company itself, by the investment adviser, or by trustees or investment committees comprised of directors, officers, or employees of the closed-end investment company organization. In-house plans maintained by closed-end investment company organizations frequently invest in shares of the related closed-end investment company. A major reason for funding in-house plans in this manner is to prevent conflicts of interest and potential violations of the federal securities laws which could result if the closed-end investment company organization maintained separate investment portfolios for its in-house plan and its publicly-held investment company. Transactions by an in-house plan in shares of the related closed-end company are normally conducted through unaffiliated brokers on securities exchanges, but in certain instances such transactions might involve direct dealings between the plan and the closed-end company.¹ APTIF suggests that, in either case, such transactions might be construed as prohibited transactions under sections 406 and 407(a) of the Act and section 4975(c)(1) of the Code. APTIF requests that the Department grant a class exemption to permit such investments to continue under certain conditions.

APTIF argues that closed-end investment company organizations, their in-house plans, and the participants, beneficiaries and fiduciaries of the plans would suffer a variety of hardships if the requested class exemption is denied. It is argued that, if such plans are required to refrain from purchasing shares of the related closed-end company and to liquidate their existing investments in such shares, substantial expenses could result. In addition,

¹For example, it is represented that some closed-end investment companies have established "automatic dividend investment plans" under which shareholders, through an appointed agent, purchase shares on the market with the cash received from dividends, other distributions from the company, or additional cash payments. If the company's shares are being traded at a price above their net asset value, such purchases may be made directly from the company at net asset value. Another example of such direct dealings could occur if the closed-end investment company repurchased its shares from shareholders. Such repurchases are, however, regulated by the Securities and Exchange Commission, and are subject to the anti-fraud provisions of the federal securities laws. The applicant represents that direct dealings between a closed-end investment company and an in-house plan in shares of the closed-in investment company occur only rarely.

tion, APTIF argues that if closed-end investment company organizations are required to manage their in-house plans separately from their publicly held investment companies, conflicts of interest and possible violations of the federal securities laws could result. APTIF further contends that employee morale could be damaged if a plan covering employees of a firm engaging in investment management could not invest in the investment vehicle managed and advised by that firm.

Moreover, APTIF states that a class exemption similar to the one which it requests has been granted for open-end investment company organizations and their in-house plans,² and that the policy considerations in favor of that class exemption apply with at least equal force to the present application.

The class exemption being proposed herein would provide both retroactive and prospective relief.³ It would allow a plan to acquire and sell shares of a closed-end investment company which is registered under the Investment Company Act of 1940⁴ where the plan covers employees of only the closed-end investment company, its investment adviser, or any affiliated person of such investment adviser. For purposes of the proposed exemption, the term "affiliated person" has the same meaning as that set forth in section 2(a)(3) of the Investment Company Act of 1940.⁵ These provisions, like the

²Prohibited Transaction Exemption 77-3, 42 FR 18734 (April 8, 1977) (PTE 77-3). It should be noted that APTIF sought to have PTE 77-3 extended to cover closed-end investment companies. The Department and the Internal Revenue Service determined that it would be inappropriate to extend the coverage of that proposed exemption of the basis of APTIF's letter of comment since the coverage of the exemption would be greatly expanded, and the public would have no opportunity to comment on the appropriateness of such an extension.

³APTIF represents that in-house plans have been purchasing, holding, and selling shares of related closed-end investment company organizations for a long period of time commencing before the enactment of the Act. APTIF further represents that such transactions have been of a continuing nature, and have been designed primarily to avoid conflicts of interest and possible violations of the federal securities laws.

⁴APTIF suggests also that the class exemption apply only where the closed-end company meets certain requirements of section 851 of the Code. However, it does not appear to the Department that such a limitation is necessary, and such a limitation is not included in the proposed class exemption.

In addition, the exemption, as requested by APTIF and as proposed by the Department, does not apply to closed-end investment companies which are defined as small business investment companies under the Small Business Investment Company Act of 1958.

⁵Section 2(a)(3) of the Investment Company Act of 1940 provides that the term "af-

additional ones described below, are similar to conditions contained in Prohibited Transaction Exemption 77-3, relating to open-end investment companies.

The proposed class exemption contains several conditions designed to safeguard plans against potential abuses. It would prohibit payment by the plan of an investment management, investment advisory, or similar fee to the investment adviser of the closed-end investment company or its investment adviser. However, this would not preclude the closed-end company itself from paying such fees, or from reimbursing expenses, under the terms of an investment advisory agreement adopted in accordance with the Investment Company Act of 1940.

The proposed exemption also provides that the plan may not pay a sales commission in connection with the acquisition or sale of shares of the related closed-end investment company organization when such transaction is directly between the plan and the investment company.⁶ Additionally, the proposed exemption requires that all other dealings between the plan and the investment company, the investment adviser, or affiliates of the investment adviser be on a basis not less favorable to the plan than such dealings are with other shareholders of the investment company.

It should be noted that, in one respect, the class exemption being proposed by the Department does not contain a provision requested by APTIF. APTIF requests that the class exemption permit a closed-end investment company's adviser, or an affiliate of the adviser or of the company, to render investment advisory or administrative services to the closed-end company or its shareholders (including an in-house plan), and to be paid fees or reimbursed for expenses in connection with such services. As indicated above, the proposed class exemption, like Prohibited Transaction Exemption 77-3, would permit the closed-end company itself to pay an investment advisory fee to its investment adviser. APTIF has not suggested why any additional relief to cover other

affiliated person" of another person means, in pertinent part:

(A) Any person directly or indirectly owning, controlling, or holding with power to vote, 5 per centum or more of the outstanding voting securities of such other person; (B) any person 5 per centum or more of whose outstanding voting securities are directly or indirectly owned, controlled, or held with power to vote, by such other person; (C) any person directly or indirectly controlling, controlled by, or under common control with, such other person; (D) any officer, director, partner, co-partner, or employee of such other person * * *.

⁶As noted earlier, APTIF represents that such direct transactions occur rarely, and then only pursuant to S.E.C. regulation.

services is needed, and no such relief would be provided under the proposed class exemption.⁷

GENERAL INFORMATION

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of the Act and the Code, including the general fiduciary responsibility provisions of section 404 of the Act which require, among other things, that a fiduciary discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(B) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before any exemption may be granted under section 408(a) of the Act and section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan; and

(3) The proposed exemption, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction.

WRITTEN COMMENTS AND HEARING REQUESTS

All interested persons are invited to submit written comments or requests for a hearing on the proposed exemption to the address and within the time period set forth above. All comments will be made a part of the record. Comments and requests for a hearing should state the reasons for the writer's interest in the proposed exemption. Comments received will be available for public inspection with the application for exemption at the address set forth above.

⁷Depending on the circumstances, such payment might be permissible by reason of section 408(b)(2) of the Act and section 4975(d)(2) of the Code, together with regulations 29 CFR 2550.408b-2 and section 54.4975-6 of the Pension Excise Tax Regulations thereunder.

PROPOSED EXEMPTION

Based on the facts and representations set forth in the application, the Department is considering granting the following class exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code, and in accordance with the procedures set forth in ERISA Procedure 75-1:

Effective for transactions occurring after December 31, 1974, the restrictions of sections 406 and 407(a) of the Act, and the taxes imposed by sections 4975(a) and (b) of the Code by reason of section 4975(c)(1) of the Code, shall not apply to the acquisition, ownership or sale of shares of a closed-end investment company which is registered under the Investment Company Act of 1940 and is not a small business investment company as defined by section 103 of the Small Business Investment Company Act of 1958, by an employee benefit plan covering only employees of such investment company, employees of the investment adviser of such investment company, or employees of any affiliated person (as defined in section 2(a)(3) of the Investment Company Act of 1940) of such investment company or investment adviser, provided that the following conditions are met (whether or not such investment company, investment adviser, or any affiliated person thereof is a fiduciary with respect to the plan):

(a) The plan does not pay any investment management, investment advisory, or similar fee to such investment adviser or affiliated person. This condition does not preclude the payment of investment advisory fees by the investment company under the terms of its investment advisory agreement adopted in accordance with section 15 of the Investment Company Act of 1940;

(b) The plan does not pay a sales commission in connection with such acquisition or sale to any such investment company, investment adviser, or affiliated person; and

(c) All other dealings between the plan and such investment company, the investment adviser, or affiliated person are on a basis no less favorable to the plan than such dealings are with other shareholders of the investment company.

PROPOSED CLASS EXEMPTION

Certain Transactions Authorized or Required by Judicial Order or Judicially Approved Settlement Decree

AGENCY: Department of Labor.

ACTION: Notice of proposed class exemption.

SUMMARY: This document sets forth notice that the Department of Labor (the "Department") is proposing on its own motion to grant a class exemption, to the extent described below, from certain provisions of the Employee Retirement Income Security Act of 1974 (the "Act") and the Internal Revenue Code of 1954, as amended (the "Code"). The proposed class exemption would permit certain otherwise prohibited and specially taxable transactions and activities involving employee benefit plans to take place provided, among other things, that before such transactions or activities take place they are specifically authorized or required by a judicial order or a judicially approved settlement decree. The proposed exemption could, if granted, affect employee benefit plans, participants in and beneficiaries of such plans, fiduciaries of such plans and other persons engaging in such transactions or activities, and any other parties to litigation resulting in a court order or court approved settlement authorizing or requiring such transactions or activities.

DATES: Written comments and requests for a public hearing must be delivered or mailed on or before March 30, 1979.

ADDRESS: Send at least six copies of comments and requests for a hearing to Office of Regulatory Standards and Exceptions, Pension and Welfare Benefit Programs, Room C-4526, U.S. Department of Labor, Washington, D.C. 20216, Attention: Court-Ordered or Approved Transactions. All such comments and requests received will be available for public inspection in the Public Documents Room of Pension and Welfare Benefit Programs, U.S. Department of Labor, Room N-4677, 200 Constitution Avenue NW., Washington, D.C.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Department proposes, on its own motion, to grant a class exemption from the prohibitions of sections 406 and 407(a) of the Act, and from the taxes im-

posed by section 4975 (a) and (b) of the Code, to the extent necessary to permit employee benefit plans and the fiduciaries and disqualified persons thereof to engage under certain circumstances in transactions and activities which are within the scope of those sections, provided that, in a case to which either the Department or the Internal Revenue Service is a party, the transactions and activities have been specifically authorized or required in advance by an order made or approved by a Federal court. The exemption is proposed pursuant to section 408(a) of the Act and section 4975(c)(2) of the Code, and in accordance with the procedures set forth in ERISA Procedure 75-1 (40 FR 18471, April 18, 1975).¹ The Department's reasons for proposing the class exemption, and the conditions to which the exemption would be subject, are discussed below.

A. BACKGROUND

Section 406(a) of the Act generally prohibits a fiduciary² with respect to an employee benefit plan from causing the plan to engage in certain types of transactions with a party in interest.³ These prohibited transactions with parties in interest include, among others, leases, loans, and sales or exchanges of property, as well as the provision of services. Such transactions, in addition to being prohibited under section 406(a) of the Act, are subject to special taxation under section 4975 (a) and (b) of the Code.⁴ Similarly, section 406(b) of the Act in effect prohibits fiduciaries from acting in conflict of interest situations or in such a way as to benefit themselves, and some such activities also result in special taxation under section 4975 (a)

¹The authority of the Secretary of Labor to issue exemptions under section 4975(c)(2) of the Code is set forth in section 102 of Reorganization Plan No. 4 of 1978 (43 FR 47713, October 17, 1978), effective December 31, 1978.

²Section 3(21)(A) of the Act provides in part that, in general, a person is a fiduciary with respect to a plan to the extent (i) he exercises any discretionary authority or discretionary control respecting management of such plan or exercises any authority or control respecting management or disposition of its assets, (ii) he renders investment advice for a fee or other compensation, direct or indirect, with respect to any moneys or other property of such plan, or has any authority or responsibility to do so, or (iii) he has any discretionary authority or discretionary responsibility in the administration of such plan.

³The term "party in interest" is defined in section 3(14) of the Act to include fiduciaries as well as persons or organizations having relationships with the plan which are specified in the Act.

⁴Section 4975 (a) and (b), together with certain other provisions relating to employee benefit plans, were added to the Code in connection with passage of the Act in 1974.

and (b) of the Code. Moreover, section 406(a)(2) of the Act, together with section 407(a), in part delimits the circumstances under which a plan may acquire or hold securities issued by an employer of persons covered by the plan, or may acquire or hold real property which is leased to such an employer. The various provisions described above are administered by the Department and, in some respects, by the Internal Revenue Service.⁵

Section 408(a) of the Act and section 4975(c)(2) of the Code in effect empower the Department⁶ to grant exemptions from the prohibitions and special taxes described above where the Department finds that such exemptions are administratively feasible, are in the interests of plans and their participants and beneficiaries, and are protective of the rights of such participants and beneficiaries. The Department has promulgated a procedure whereby applications for exemptions may be made either with respect to particular persons or transactions or with respect to classes of persons or transactions.⁷ That procedure provides, among other things, that an exemption will not be granted until notice of its pendency has been published in the FEDERAL REGISTER, and interested persons have been given an opportunity to comment upon the proposed exemption. The procedure also provides for an opportunity for a conference between the applicant and the Department where Department contemplates not granting the requested exemption.

A certain amount of delay is inherent in the exemption procedure described above. As a general matter, such delay is unavoidable because, if that procedure were not followed, the Department might not be in a position to consider all relevant factors before determining whether the statutory standards have been met and an exemption should be granted. However, in certain categories of cases, following the regular exemption procedure would seem to serve no useful purpose. Specifically, the Department takes note that there may be occasions, in litigation in Federal court, for entry of an order or court-approved settlement which specifically authorizes or requires a transaction or activity for which exemptions from the Act and the Code are necessary. If the Department or the Internal Revenue Service has been a party to the litigation, it may be assumed that the court has had the benefit of that agency's view as to the propriety of rendering a judgment of approving a settlement

contemplating transactions or activities which might be prohibited under the Act and the Code before taking such action. Requiring that an exemption be sought pursuant to the Department's regular procedure in such a case might result in unnecessary delay in implementing the court order or court-approved settlement. In order to avoid any such unnecessary delay, the class exemption described below is being proposed.

B. PROVISIONS OF PROPOSED EXEMPTION

In effect, the class exemption being proposed herein would exempt all persons and transactions from the restrictions of sections 406 and 407(a) of the Act, and from the special taxes imposed by section 4975 (a) and (b) of the Code, to the extent necessary to permit any person to carry out one or more transactions or activities authorized or required by the order of a United States District Court, or by a settlement which is approved by such a court, provided that: (1) Either the Secretary of Labor or the Internal Revenue Service is a party to the litigation; and (2) the court has specifically authorized or required the transaction or activity before it takes place.⁸ The Department's reasons for including these provisions in the proposed class exemption are discussed below.

1. PARTICIPATION OF THE AGENCIES

The proposed class exemption relates generally to matters of fiduciary responsibility, and specifically to the prohibited transaction provisions of the Act and the Code. The Department of Labor and the Internal Revenue Service are responsible for administering and enforcing these prohibited transaction provisions, and a court order or court-approved settlement entered after the court issuing the order or approving the settlement has had the benefit of full participation in the proceeding by at least one of those agencies can be presumed to reflect due consideration of the agency's views.⁹

It might be noted that the applicability of the proposed class exemption does not depend upon the views ex-

⁸State Courts and other courts which are not United States District Courts would seldom or never have occasion to issue orders or approve settlements for which exemptions from the Act and the Code are necessary in view of the jurisdictional provisions of section 502(e) of the Act. Therefore, the class exemption being proposed is confined to matters which come before the United States District Courts.

⁹It should be pointed out that the proposed exemption's condition that the Department or the Internal Revenue Service be a party to the proceeding would not be satisfied by the agency's participation as *amicus curiae*.

pressed by the Department or the Internal Revenue Service in the proceeding. Where a case to which one of these agencies is a party is fully litigated and the court reaches a final determination on the merits of the controversy, the Department anticipates that the court will have given thorough consideration to the question whether any exemption from sections 406 and 407(a) of the Act and section 4975 (a) and (b) of the Code which might be necessitated by its order would be in the interests of plan participants and would otherwise meet the statutory standards. Further consideration of these questions by the Department pursuant to its regular procedure would seem unnecessary regardless of the position the Department or the Internal Revenue Service might have taken in the litigation. The question of the applicability of this proposed class exemption where the Department or the Internal Revenue Service has advocated a different result would not arise in the event of a court-approved settlement, because a settlement of an action to which one of those agencies is party could not be made without the agency's agreement.

2. SPECIFIC COURT AUTHORIZATION OR REQUIREMENT

Another condition of the proposed class exemption is that it would apply only to transactions or activities which, before they take place, are specifically authorized or required by the court order or court-approved settlement. This condition is designed to limit the applicability of the class exemption to cases where it is clear that the court has considered the appropriateness of the particular transaction or activity for which an exemption is necessary, and so has had the opportunity to determine that permitting the transaction or activity would be consistent with the relevant provisions of the Act and the Code. Thus, the proposed class exemption would not apply where, for example, a receiver or other fiduciary is appointed or approved by a court and is given general authority to carry out transactions or activities he deems to be in the interests of the plan, when the precise nature of such transactions or activities is not described in the court order or court-approved settlement. In a situations of that type, any prohibited transactions or activities could lawfully take place only if a specific exemption were granted pursuant to the Department's regular procedure.

Limiting the applicability of the proposed class exemption in this manner seems appropriate, because the proposed exemption is not intended to allow the judgment of plan fiduciaries, even those approved or appointed by a court, to substitute for the regulatory

safeguards contemplated by the Act and the Code. Rather, the proposed exemption is intended only to facilitate the implementation of court orders or court-approved settlements.¹⁰

C. OTHER MATTERS

The attention of interested persons is directed to the following:

1. The fact that a transaction or Activity is the subject of an exemption granted under section 408(a) of the Act and section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person with respect to a plan which is affected by the exemption from certain other provisions of the Act and the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act. Section 404 of the Act requires, among other things, that a fiduciary discharge his duties respecting the plan solely in the interests of the plan's participants and beneficiaries and in a prudent fashion. Nor does it affect the provision of section 401(a) of the Code that, in order to qualify under that section, a plan must operate for the exclusive benefit of the employees of the employer maintaining the plan or their beneficiaries.

2. An exemption may not be granted under section 408(a) of the Act and section 4975(c)(2) of the Code unless the Department finds that the exemption is administratively feasible, in the interests of the plan and its participants and beneficiaries, and protective of the rights of plan participants and beneficiaries.

3. The pending exemption, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and the Code, including statutory exemptions and transitional rules. Furthermore, the fact that a transaction or activity is subject to an administrative or statutory exemption or transitional rule is not dispositive of whether the transaction is in fact a prohibited transaction.

4. If granted, the pending class exemption will be applicable to a particular transaction or activity only if the transaction or activity satisfies the conditions specified in the class exemption.

5. All interested persons are invited to submit written comments or re-

¹⁰ Similarly, it appears appropriate to limit the applicability of the proposed class exemption to situations where a court approves a transaction, or activity before it takes place. In the unusual case where a retroactive exemption might be appropriate, requiring that the exemption be applied for pursuant to the Department's regular procedure would not seem likely to delay implementation of a court order or court-approved settlement.

quests for a hearing on the pending class exemption to the address and within the time period set forth above. All comments and requests so submitted will be made part of the record and will be available for public inspection at the address set forth above. Comments and requests should state the reasons for the person's interest in the pending class exemption.

D. PENDING EXEMPTION

On the basis of the considerations set forth above, the Department hereby proposes to grant the following class exemption:

Sections 406 and 407(a) of the Act and section 4975 (a) and (b) of the Code shall not apply with respect to any transaction or activity which is authorized or required, prior to the occurrence of such transaction or activity, by an order of a United States District Court or by a settlement of litigation approved by such a court, provided that the nature of such transaction or activity is specifically described in such order or settlement, and provided further that the Secretary of Labor or the Internal Revenue Service is a party to the litigation at the time of such order or settlement.

Negative Determination Regarding Eligibility
to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4404: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on November 21, 1978 in response to a worker petition received on November 13, 1978 which was filed by the United Auto Workers on behalf of workers and former workers producing industrial eyelets. The investigation revealed that the plant primarily produces shoe eyelets.

The Notice of Investigation was published in the FEDERAL REGISTER on December 5, 1978 (43 FR 56951). No

public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Atlas Tack Corporation, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Evidence developed during the course of the investigation indicated that imports of shoe eyelets like or directly competitive with shoe eyelets produced by Atlas Tack Corporation are negligible.

A Department of Labor survey of several customers of Atlas Tack Corporation revealed that none purchased imported shoe eyelets.

Imports of shoes which incorporate eyelets are not like or directly competitive with eyelets within the meaning of Section 222 of the Trade Act of 1974.

CONCLUSION

After careful review, I determine that all workers of Atlas Tack Corporation, Fairhaven, Massachusetts are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

BELROSE KNITTING MILLS HOBOKEN, N.J.

Negative Determination Regarding Application for Reconsideration

By letter of January 2, 1979, the petitioner requested administrative reconsideration of the Department of Labor's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance in the case of former workers of Belrose Knitting Mills, Hoboken, New Jersey. The determination was published in

the FEDERAL REGISTER on December 29, 1978, (43 FR 61040).

Pursuant to 29 CFR 90.18(c), reconsideration may be granted under the following circumstances:

(1) if it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts previously considered; or

(3) if, in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justifies reconsideration of the decision.

Petitioner claims that the Department's negative determination relative to Belrose Knitting Mills is unwarranted. He states that his business decline cannot be directly attributed to imports but that one of his key accounts, a sweater manufacturer, substantially reduced orders in 1978.

The Department's review revealed that the "contributed importantly" test was not met by workers at the Belrose Knitting Mills. In the Department's survey of Belrose's customers (manufacturers), it was revealed that none of the manufacturers imported sweaters or utilized foreign contractors. One major manufacturer whose sweater sales increased in 1978 compared to 1977 provided 90 percent of Belrose's work in 1978. Because of the sluggish sweater market in 1978, this manufacturer switched production to another product—knitted velour shirts, a product that Belrose doesn't manufacture. This manufacturer used other domestic contractors to a greater extent in 1978. The other manufacturer whose contracts with Belrose declined in the first eight months of 1978, did not experience reduced sales in 1978.

CONCLUSION

After review of the application and the investigative file, I conclude that there has been no error or misinterpretation of fact or misinterpretation of the law which would justify reconsideration of the Department of Labor's prior decision. The application is, therefore, denied.

CAPPI ORIGINALS, LOS ANGELES, CALIF.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4499: Investigation regarding certification of eligibility to apply for adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on December 12, 1978 in response to a worker petition received on December 8, 1978 which was filed by the International Ladies' Garment Worker's Union on behalf of workers and former workers producing ladies' coats for Cappi Originals in Los Angeles, California.

The Notice of Investigation was published in the FEDERAL REGISTER on December 19, 1978 (43 FR 59180). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Cappi Originals, its parent corporation, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated.

The average number of production workers increased in 1977 compared to 1976 and remained the same in the first eleven months of 1978 compared with the like period in 1977. Average quarterly employment increased, or remained stable, in every quarter, when compared with the same quarter of the previous year, from the third quarter of 1977 through the third quarter of 1978. The average weekly hours worked per employee increased from 1976 to 1977 and also increased slightly from January through November 1978 when compared to January through November 1977. There is no immediate threat of separation of workers at this plant.

CONCLUSION

After careful review, I determine that all workers of Cappi Originals, Los Angeles, California are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

ESSEX GROUP, INC., WIRE ASSEMBLY
DIVISION, SAULT STE. MARIE, MICH.

Negative Determination Regarding Eligibility
To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4223: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on September 29, 1978 in response to a worker petition received on September 26, 1978 which was filed by the United Steelworkers of America on behalf of workers and former workers producing wire harnesses for the automobile industry at the Sault Ste. Marie, Michigan plant of the Wire Assembly Division of Essex Group, Incorporated.

The Notice of Investigation was published in the FEDERAL REGISTER on October 17, 1978 (43 FR 44795-44796). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Essex Group, Incorporated, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales of production.

The Department surveyed the customers of the Sault Ste. Marie plant of Essex Group, Incorporated. The customers who decreased purchases

from Essex in model year (MY) 1978 and 1979 compared to the prior model year, purchased insignificant quantities of imported wire harnesses in relation to sales of wire harnesses by Essex. These customers increased their reliance on in house production and on purchases from other domestic sources in MY 1978 and MY 1979.

CONCLUSION

After careful review, I determine that all workers of the Sault Ste. Marie, Michigan plant of the Wire Assembly Division of Essex Group, Incorporated are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of January 1979.

FASHION MAID KNITTING MILLS, INC.,
PHILADELPHIA, PA.

Certification Regarding Eligibility to Apply for
Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4393: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on November 16, 1978 in response to a worker petition received on November 13, 1978 which was filed by the Knitgoods Union, International Ladies' Garment Workers' Union on behalf of workers and former workers producing men's and boys' sweaters at Fashion Maid Knitting Mills, Incorporated, Philadelphia, Pennsylvania. The investigation revealed that Fashion Maid also produces ladies' sweaters.

The Notice of Investigation was published in the FEDERAL REGISTER on November 24, 1978 (43 FR 55011-12). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Fashion Maid Knitting Mills, Incorporated, its manufacturers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Act

must be met. It is concluded that all of the requirements have been met.

U.S. imports of men's and boys' sweaters, knit cardigans and pullovers increased from 20.4 million units in 1975 to 26.5 million units in 1976 and to 28.3 million units in 1977. Imports increased to 33.2 million units in the first three quarters of 1978 as compared to 22.6 million units in the first three quarters of 1977.

U.S. imports of women's, misses' and children's sweaters increased from 1975 to 1976. In 1977, imports of sweaters increased 9.0 percent over the average level of imports for the years 1973 through 1976. The ratio of imports of sweaters to domestic production in 1977 was higher than the average import-to-domestic production ratio for the period 1973 through 1976.

A Departmental survey of manufacturers of Fashion Maid Knitting Mills, Incorporated revealed that major manufacturers, faced with declining sales, decreased their contract work with Fashion Maid in the January through November period of 1978 compared to the same period in 1977. A secondary survey conducted with the manufacturers' retail customers revealed that major customers increased purchases of imported sweaters and decreased purchases from the manufacturers in the January through November period of 1978 compared to the same period in 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with men's, boys' and ladies' sweaters produced at Fashion Maid Knitting Mills, Incorporated, Philadelphia, Pennsylvania contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm. In accordance with the provisions of the Act, I make the following certification:

"All workers of Fashion Maid Knitting Mills, Incorporated, Philadelphia, Pennsylvania who became totally or partially separated from employment on or after June 16, 1978 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974."

Signed at Washington D.C., this 31st day of January 1979.

FRECHETTE FASHIONS, MONTVILLE, CONN.

Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4469: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on December 6, 1978 in response to a worker petition received on December 1, 1978 which was filed on behalf of workers and former workers producing women's dresses and pants suits at Frechette Fashions, Montville, Connecticut.

The Notice of Investigation was published in the FEDERAL REGISTER on December 19, 1978 (43 FR 59165). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Frechette Fashions, its manufacturer, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the

separations, or threat thereof, and to the absolute decline in sales or production.

The value of Frechette's production increased in 1977 compared to 1976. A Departmental survey of the manufacturers for whom Frechette performed contract work revealed that those manufacturers have not imported any women's dresses or pantsuits and have not used foreign contractors in 1976, 1977 or the first ten months of 1978. Sales by these manufacturers remained virtually unchanged in 1978 compared to 1977.

CONCLUSION

After careful review, I determine that all workers of Frechette Fashions, Montville, Connecticut are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of January 1979.

INVESTIGATIONS REGARDING CERTIFICATIONS OF ELIGIBILITY TO APPLY FOR WORKER ADJUSTMENT ASSISTANCE

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted investigations pursuant to Section 221(a) of the Act and 29 CFR 90.12.

The purpose of each of the investigations is to determine whether abso-

lute or relative increases of imports of articles like or directly competitive with articles produced by the workers' firm or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision.

Petitioners meeting these eligibility requirements will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

Pursuant to 29 CFR 90.13, the petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 20, 1979.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 20, 1979.

The petitions filed in this case are available for inspection at the Office of the Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Signed at Washington, D.C. this 29th day of January 1979.

MARVIN M. FOOKS,
Director, Office of
Trade Adjustment Assistance.

PINE VALLEY SPORTSWEAR, INC., PINE GROVE, PA.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4448: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on November 29, 1978 in response to a worker petition received on November 21, 1978 which was filed on behalf of workers and former workers producing men's and boys' jackets at Pine Valley Sportswear, Incorporated, Pine Grove, Pennsylvania.

The Notice of Investigation was published in the FEDERAL REGISTER on December 5, 1978 (43 FR 56953). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Pine Valley Sportswear, Incorporated, its manufacturer's customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. It is concluded that all of the requirements have been met.

U.S. imports of men's and boys' non-tailored outer jackets increased both absolutely and relative to domestic production in 1977 from 1976 and increased absolutely in January-September 1978 compared to the same period in 1977.

A survey was conducted of some customers of the manufacturer for whom the subject firm produced. Several of the customers surveyed increased purchases of imported men's and boys' jackets during the first three quarters of 1978 relative to comparable periods in 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude

that increases of imports of articles like or directly competitive with the men's and boys' jackets produced at Pine Valley Sportswear, Incorporated, Pine Grove, Pennsylvania contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Pine Valley Sportswear, Incorporated, Pine Grove, Pennsylvania who became totally or partially separated from employment on or after November 20, 1977 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of January 1979.

POND LILY CO., NEW HAVEN, CONN.

Negative Determination Regarding Application for Reconsideration

By letters of December 18, 1978, and January 10, 1979, counsel for the former workers requested administrative reconsideration of the Department of Labor's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance in the case of former workers of The Pond Lily Company, New Haven, Connecticut. The determination was published in the FEDERAL REGISTER on December 8, 1978 (43 FR 57688).

Pursuant to 29 CFR 90.18(c), reconsideration may be granted under the following circumstances:

(1) if it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts previously considered; or

(3) If, in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justifies reconsideration of the decision.

Counsel for the former workers alleges that increased imports of pre-finished fabric and pre-finished goods

contributed importantly to the decline in sales and production and to the separation of workers dyeing and finishing fabric at The Pond Lily Company, New Haven, Connecticut. Counsel further alleges that the Department is inconsistent by certifying another commissioned finisher of fabric, i.e., Defiance Bleachery Corporation, TA-W-4266, and denying The Pond Lily Company, also a commissioned finisher of fabric.

The Department's review revealed that the "contributed importantly" test was not met by workers at The Pond Lily Company. In the Department's survey of Pond Lily's manufacturers, it was revealed that none imported finished fabric; however, some manufacturers imported the finished product, shoes, of which the pre-finished fabric produced by Pond Lily was a component. Imported shoes cannot be considered to be like or directly competitive with the finished fabric. One customer indicated it imported greige goods. Imports of greige goods and unfinished fabric cannot be considered like or directly competitive with finished fabric. Imports of finished fabric must be considered in determining import injury to workers producing finished fabric. Though increasing in absolute terms in the first half of 1968, U.S. aggregate imports of bleached and dyed cotton broadwoven fabrics have been relatively small (less than 5 percent) compared to domestic production in recent years.

The Department sees no inconsistency between the affirmative decisions rendered in another case involving commissioned finishers of fabric where a customer survey showed switches to imported fabric and the denial rendered in The Pond Lily case.

CONCLUSION

After review of the application and the investigative file, I conclude that there has been no error or misinterpretation of fact or misinterpretation of the law which would justify reconsideration of the Department of Labor's prior decision. The application is, therefore, denied.

Signed at Washington, D.C., this 31st day of January 1979.

Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-3698: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on May 11, 1978 in response to a worker petition received on May 2, 1978 which was filed by the United Steelworkers of America on behalf of workers and former workers producing stainless carbon steel tools and implements, including eyebrow tweezers, nail files, nail clippers, trimmers and shapers, at Revlon, Incorporated, Irvington, New Jersey. The investigation revealed that the plant primarily produces tweezers, nail clips, nail files, scissors, and nippers.

The Notice of Investigation was published in the FEDERAL REGISTER on May 30, 1978 (43 FR 23036). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Revlon, Incorporated, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That sales or production, or both, of the firm or subdivision have decreased absolutely.

Total sales and production of manicure implements at Revlon, Incorporated, Irvington, New Jersey, increased in value from 1975 to 1976, from 1976 to 1977 and in the first half of 1978 compared to the first half of 1977.

Sales and production of tweezers, nail files and nail clippers, the three major items produced at Revlon, Incorporated, Irvington, New Jersey, increased in quantity and value from 1975 to 1976, from 1976 to 1977 and in the first half of 1978 compared to the first half of 1977.

CONCLUSION

After careful review, I determine that all workers of Revlon, Incorporated, Irvington, New Jersey are denied eligibility to apply for adjustment as-

sistance under Title II, Chapter 2 of the Trade Act of 1974.

SMART MODES, INC., MADISON-7, INC., LOS ANGELES, CALIF.

Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4477: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on December 6, 1978 in response to a worker petition received on November 27, 1978 which was filed by the International Ladies' Garment Workers' Union on behalf of workers and former workers producing ladies' coats and suits at Smart Modes, Incorporated, Los Angeles, California. The investigation revealed that the company only produces women's coats. The investigation also revealed that production workers are employed by Madison-7, Incorporated, a production affiliate of Smart Modes, while salaried workers are employed by Smart Modes.

The Notice of Investigation was published in the FEDERAL REGISTER on December 19, 1978 (43 FR 59165-66). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Smart Modes, Incorporated, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. Without regard to whether any of the other criteria have been met, the following criterion has not been met:

That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated.

The average number of workers at Madison-7, Incorporated increased in the first eleven months of 1978 com-

pared with the like period of 1977. Average quarterly employment increased in every quarter when compared with the same quarter of the previous year from the third quarter of 1977 through the third quarter of 1978. Salaried employment at Smart Modes, Incorporated increased from 1976 to 1977 and from 1977 to 1978.

Production workers are paid on a piece-work basis. Payroll data indicates that the adjusted average monthly wages have not decreased significantly when compared with the same quarter of the previous year from the third quarter of 1977 through the third quarter of 1978. There is no immediate threat of separation of workers at this plant.

CONCLUSION

After careful review, I determine that all workers of Smart Modes, Incorporated, and Madison-7, Incorporated, Los Angeles, California are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of January 1979.

TRIO CASUALS LTD., WILLOW RUN FASHIONS, LTD., AND PIKES PEAK SPORTSWEAR, LTD.**Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4270, TA-W-4270A and TA-W-4270B: Investigations regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on October 17, 1978 in response to a worker petition received on October 11, 1978 which was filed by the International Ladies' Garment Workers' Union on behalf of former workers producing ladies' skirts, pants, playsuits and jumpers at Trio Casuals Limited, New York, New York. The investigation revealed that the plant produced only ladies' pants and skirts on a consistent basis. The investigation was expanded to include Willow Run Fashions, Limited and Pikes Peak Sportswear, Limited, the New York, New York sales offices of Trio Casuals.

The Notice of Investigation was published in the FEDERAL REGISTER on October 27, 1978 (43 FR 50271). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Trio Casuals Limited, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Act must be met. It is concluded that all of the requirements have been met.

U.S. imports of women's, misses' and children's slacks and shorts increased from 10,067 thousand dozen in 1975 to 11,040 thousand dozen in 1976 and to 11,622 thousand dozen in 1977. The ratio of imports to domestic production of slacks and shorts increased from 35.2 percent in 1975 to 36.8 percent in 1976 and to 38.0 percent in 1977.

A Departmental survey of Trio Casuals' major customers indicated that customers increased their purchases of imported ladies' pants and decreased their purchases of ladies' pants from Trio Casuals from 1975 to 1976 and in the January through November period of 1977 compared to the same period in 1976.

Trio Casuals, Willow Run Fashions, and Pikes Peak Sportswear closed in November 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with ladies' pants produced at Trio Casuals Limited, New York, New York contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm and of Willow Run Fashions, Limited and Pikes Peak Sportswear, Limited, both of New York, New York. In accordance with the provisions of the Act, I make the following certification:

"All workers of Trio Casuals Limited, Willow Run Fashions, Limited and Pikes Peak Sportswear, Limited, all of New York, New York who became totally or partially separated from employment on or after October 9, 1977 and before November 30, 1977 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974."

U.S. STEEL CORP., AMERICAN BRIDGE DIVISION, COMMERCE (LOS ANGELES), CALIF.**Affirmative Determination Regarding Application for Reconsideration**

On December 20, 1978, the United Steelworkers of America, AFL-CIO, requested administrative reconsideration of the Department of Labor's negative determination regarding eligibility to apply for worker adjustment assistance. This determination was published in the FEDERAL REGISTER on November 28, 1978, (43 FR 55488).

The petitioning union alleges that there is an inconsistency in the Department's Notice of Negative Determinations in TA-W-4036 and TA-W-2171, and that imports of fabricated structural steel have adversely affected the Commerce, California, plant of the U.S. Steel Corporation. The union provided that the Department a list of relevant projects and bidders.

CONCLUSION

After review of the application, I conclude that these claims of the petitioning union are of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

[TA-W-4417]

**WARNACO MEN'S SPORTSWEAR DIVISION
WARNACO, INC., ALTOONA, PA.****Determinations Regarding Eligibility to Apply for Worker Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-4417: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on November 21, 1978 in response to a worker petition received on November 13, 1978 which was filed on behalf of workers and former workers producing knit shirts, knit outerwear and knit sweaters for men at Warnaco Men's Sportswear Division of Warnaco, Incorporated, Altoona, Pennsylvania. The investigation revealed that the workers produce men's sportshirts and sweaters.

The Notice of Investigation was published in the FEDERAL REGISTER on December 5, 1978 (43 FR 56951-56952). No public hearing was requested and none was held.

The determination was based upon information obtained principally from officials of Warnaco, Incorporated, the National Cotton Council of America, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Act must be met. With respect to workers producing men's sportshirts, it is concluded that all of the criteria have been met.

Imports of men's and boys' knit sport and dress shirts increased from 74,000,000 in 1976 to 75,200,000 in 1977 and increased from 54,600,000 in the first 9 months of 1977 to 82,500,000 in the first 9 months of 1978.

Imports of men's and boys' woven sportshirts increased from 56,784,000 in the first 9 months of 1977 to 72,259,000 in the first 9 months of 1978.

Imports of men's shirts by Warnaco Men's Sportswear Division increased in 1978 compared to 1977. Division imports of men's shirts as a percentage

of total division sales increased in 1978 compared to 1977.

With respect to workers producing men's sweaters, without regard to whether any of the other criteria have been met, the following criterion has not been met:

That sales or production, or both, of the firm or subdivision have decreased absolutely.

Production of men's sweaters at the Altoona plant increased in 1978 from 1977. Production increased, in each quarter of 1978 compared to the same quarter of 1977.

Sales of men's sweaters by Warnaco Men's Sportswear Division increased in 1978 from 1977. Sales increased in each of the last three quarters of 1978 compared to the same quarter of 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with men's sportshirts produced at Warnaco Men's Sportswear Division of Warnaco, Incorporated, Altoona, Pennsylvania contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm. In accordance with the provisions of the Act, I make the following certification:

"All workers of Warnaco Men's Sportswear Division of Warnaco, Incorporated, Altoona, Pennsylvania engaged in employment related to the production of men's sportshirts, including full fashion shirts, who became totally or partially separated from employment on or after September 20, 1978 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974."

I further determine that all workers of Warnaco Men's Sportswear Division of Warnaco, Incorporated, Altoona, Pennsylvania engaged in employment related solely to the production of men's sweaters are denied eligibility to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of January 1979.

C. MICHAEL AHO,
Director, Office of

Foreign Economic Research.

MERIT SYSTEMS PROTECTION BOARD

PRIVACY ACT OF 1974

Request for Comments

AGENCY: Office of the Special Counsel, Merit Systems Protection Board.

ACTION: Request for comments on proposed new system of records.

SUMMARY: The purpose of this document is to give notice, pursuant to subsection (e)(4) of the Privacy Act, 5 U.S.C. § 552a, of the existence and character of a new system of records containing complaints of prohibited personnel practices and investigations of alleged prohibited political activity.

DATE: Written comments on the proposed new system of records may be submitted by any person. To be considered, comments must be received on or before March 8, 1979.

ADDRESS: Comments should be addressed to the Office of the Special Counsel, 1717 H Street, N.W., Washington, D.C. 20419. Comments received will be available for public inspection at the above address between the hours of 9 a.m. and 4 p.m., Monday through Friday, except for legal holidays.

FOR FURTHER INFORMATION CONTACT:

Shigeki J. Sugiyama or Lynn R. Collins, Office of the Special Counsel, 1717 H Street, N.W., Washington, D.C. 20419, phone: (202) 653-7107.

SUPPLEMENTARY INFORMATION: The Office of the Special Counsel was created by Reorganization Plan No. 2 of 1978 (43 FR 36037) and the Civil Service Reform Act of 1978, Pub. L. 95-454. By Section 204 of the Reorganization Plan and the statute codified at 5 U.S.C. 1205 *et seq.*, the Special Counsel is charged with the responsibility and authority to investigate any allegation or other indication of a prohibited personnel practice, to investigate any allegation of prohibited political activity, and to conduct certain other investigations. Documentation of the official activities of the Office of the Special Counsel will include certain records subject to the provisions of the Privacy Act: correspondence files retrieved by the name of a person filing an allegation of a prohibited personnel practice; investigative files retrieved by the name of a person implicated in an allegation of prohibited political activity; and litigation-related files retrieved by the name of a non-Government party to a lawsuit. All other files created during the performance of official duties will be indexed and retrieved by the appropriate subject matter and/or agency involved, including investigative files other than those involving an allegation of a prohibited political activity.

This notice, the text of which is set forth below, is effective immediately except for the routine uses and claimed exemptions. Routine uses will be effective March 8, 1979. Exemptions will be effective thirty days from the date of publication in the FEDERAL

REGISTER of the proposed rules to exempt records from certain provisions of the Act. Any suggestions received during the comment period which require changes to this notice will be accommodated by revisions which will be published subsequently in the FEDERAL REGISTER.

A report on this new system of records has been provided to Congress and the Office of Management and Budget as required by subsection (o) of the Privacy Act.

H. PATRICK SWYGERT,
Special Counsel

System name: OSC Complaint, Litigation and Political Activity Files

System location; Office of the Special Counsel, 1717 H Street, N.W., Washington, D.C. 20419

Categories of individuals covered by the system: Any person who files an allegation of prohibited personnel practices or who is alleged to have participated in prohibited political activity.

Categories of records in the system: Correspondence between a person filing an allegation of prohibited personnel practices and the Office of the Special Counsel or another agency; statements of alleged prohibited political activity and related reports of investigation, affidavits, correspondence, letters of charges, and administrative determinations; records created or compiled in connection with lawsuits involving directly or indirectly the Office of the Special Counsel.

Authority for maintenance of the system: 5 U.S.C. 1206-1208, 1504, 7321-7325.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses, may be as follows:

- a. To disclose the fact that an allegation of violation of merit system principles or prohibited political activity has been filed;
- b. To disclose information to the Office of Personnel Management, for the purposes of consulting with that Office when necessary in order to reach a decision on an allegation of violation of merit system principles;
- c. To disclose information to the Equal Employment Opportunity Commission or any official thereof in connection with matters concerning affirmative employment programs or alleged violations of merit system principles having to do with complaints of discrimination based on age, sex, race, ethnic origin, religion, or handicap;
- d. To disclose information to the Merit Systems Protection Board or the President upon a determination that disciplinary action should be taken against an employee;
- e. To disclose information to the Merit Systems Protection Board in connection with a complaint of prohibited personnel practices by an agency

or an employee or in connection with the Special Counsel's participation in a proceeding before the Board;

f. To disclose information to Congress in connection with the submission of an annual report on activities of the Special Counsel;

g. To disclose information to any agency or person regarding allegations of violation of merit system principles or prohibited political activity filed against an agency or any employee thereof, for the purposes of conducting an investigation; for requesting that the agency prepare a report or conduct an investigation related to the allegation; or to give notice of the status or outcome of the investigation.

h. To disclose pertinent information to the appropriate Federal, State, or local agency responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order where the disclosing agency becomes aware of an indication of a violation or potential violation of civil or criminal law or regulation.

i. To disclose information to any source from which additional information is requested (to the extent necessary to identify the individual, inform the source of the purpose(s) of the request, and to identify the type of information requested), where necessary to obtain information relevant to an agency decision concerning the hiring or retention of an employee, the issuance of a security clearance, the conducting of a security or suitability investigation of an individual, the letting of a contract, or the issuance of a license, grant, or other benefit;

j. To disclose information to the Office of Management and Budget at any stage in the legislative coordination and clearance process in connection with private relief legislation as set forth in OMB Circular No. A-19;

k. To provide information to a congressional office from the record of an individual in response to an inquiry from that congressional office made at the request of that individual;

l. To disclose information to another Federal agency or to a court when the Government is party to a judicial proceeding before the court;

m. By the National Archives and Records Service (General Services Administration) in records management inspections conducted under authority of 44 U.S.C. 2904 and 2906;

n. By the Special Counsel in the production of summary descriptive statistics and analytical studies in support of the function for which the records are collected and maintained or for related workforce studies; and

o. To disclose, in response to a request for discovery or for appearance of a witness, information that is relevant to the subject matter involved in

a pending judicial or administrative proceeding.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system;

Storage: These records are maintained in file folders, on lists, index cards, and forms.

Retrievability: These records are retrieved by name of the subject.

Safeguards: These records are located in lockable metal file cabinets or in secured rooms with access limited to those personnel whose official duties require access.

Retention and disposal: Records concerning prohibited personnel practices and prohibited political activity are maintained for seven years; litigation records are kept indefinitely. Disposition is by shredding or burning.

System manager: Special Counsel, 1717 H Street, NW., Washington, D.C. 20419

Notification procedure: Individuals who wish to inquire whether this system contains information about them should contact the system manager. To assist in the process of locating and identifying records, individuals should furnish the following:

- a. Name and address;
- b. Date and place of birth;
- c. Social security number;
- d. A description of the circumstances under which records may have been included in this system.

Record access procedure: Same as notification procedure.

Contesting record procedure: Individuals who wish to contest records about them should contact the system manager, identify any information they believe should be corrected, and furnish a statement of the basis for the requested correction along with all available supporting documents and materials.

Record source categories: Information in this system of records is obtained from the subjects of the records, from agency officials, from agency documents, from witnesses, and from any other persons or organizations furnishing information pertinent to the discharge of functions for which the Office of the Special Counsel is responsible.

Systems exempted from certain provisions of the Act: The Office of the Special Counsel may claim exemptions from the provisions of the Privacy Act at subsections (c)(3) and (d) as permitted by subsection (k) for records subject to the Act that fall within the category of investigatory material described in paragraphs (2) and (5) and testing or examination material described in paragraph (6) of that subsection. The Office of the Special Counsel also reserves the right to assert exemptions for records obtained from another agency that could be

properly claimed by that agency in responding to a request and may refuse access to information compiled in reasonable anticipation of a civil action or proceeding.

STEERING COMMITTEE, PROPOSAL EVALUA-
TION ADVISORY SUBCOMMITTEE**

Establishment

Pursuant to Section 9 (a) (2) of the Federal Advisory Committee Act (Public Law 92-463), and after consultation with the General Services Administration, the National Aeronautics and Space Administration has determined that establishment of the Space and Terrestrial Applications Steering Committee, Proposal Evaluation Advisory Subcommittee is in the public interest and in connection with the performance of duties imposed upon NASA by law. The Space and Terrestrial Applications Steering Committee, under which the Subcommittee will operate, is a NASA-sponsored inter-agency committee, composed wholly of Government employees. The Subcommittee will comprise membership from both the public and private sectors.

The intent of this Advisory Subcommittee is to obtain the advice of the scientific community in evaluating research and investigations proposals for inclusion in NASA's Space and Terrestrial Applications Programs.

Delegation of Authority to Executive Secretary
AGENCY: Occupational Safety and Health Review Commission.

ACTION: Delegation of Authority—Amendment.

SUMMARY: The Occupational Safety and Health Review Commission has amended its delegation of authority to the Executive Secretary with respect to motions for extensions of time to file briefs.

EFFECTIVE DATE: February 1, 1979.

FOR FURTHER INFORMATION
CONTACT:

Ray H. Darling, Jr., Executive Secre-

tary, Occupational Safety and Health Review Commission, 1825 K Street, N.W., Washington, D.C. 20006, (202) 634-7950.

SUPPLEMENTARY INFORMATION:

Notice is hereby given that pursuant to § 12 of the Occupational Safety and Health Act, Pub. L. 91-596 (29 U.S.C. 661) the Commission has amended the Delegation of Authority and Direction for the Executive Secretary dated August 26, 1976, which was previously published at 41 FR 37173 (Sept. 2, 1976). This amendment grants to the Executive Secretary the authority to rule on unopposed motions by parties appearing before the Commission for extensions of time to file briefs to the full Review Commission when the total extension requested does not exceed 60 days in any given case. Prior to this amendment, the Delegation only granted the Executive Secretary authority to rule on motions for extension of time to file briefs for a period up to 30 days. The amendment to the Delegation, a copy of which is attached as an appendix to this notice, is effective immediately. Copies of the complete Delegation of Authority and Direction for the Executive Secretary, as hereby amended, may be obtained by addressing a request for such to Ray H. Darling, Jr., Executive Secretary, Occupational Safety and Health Review Commission, 1825 K Street, N.W., Washington, D.C. 20006.

Dated: February 1, 1979, at Washington, D.C.

Executive Secretary.

**DELEGATION OF AUTHORITY AND DIRECTION
FOR THE EXECUTIVE SECRETARY**

Pursuant to Section 12 of the Occupational Safety and Health Act, Pub. L. 91-596 (29 U.S.C. 661), the Commission hereby amends the Delegation of Authority and Direction for the Executive Secretary dated August 26, 1976, published at 41 FR 37173 (Sept. 2, 1976), to permit the Executive Secretary to act for the members of the Commission, within limits, on motions for extensions of time for filing briefs in those cases which are not pending with an Administrative Law Judge. The phrase "or briefs" is deleted from numbered paragraph 2 of the Delegation of Authority and Direction for the Executive Secretary. The following two sentences are added to the end of numbered paragraph 2:

The Executive Secretary shall grant motions for extensions of time for filing briefs for a period of no more than 60 days, if such motions are timely filed and served, are consented to or unopposed by all parties to the proceedings, and in the opinion of the Executive Secretary the granting of the same would not prejudicially delay the work of the Commission. The Executive Secretary may grant more than one extension of time; however, the aggregate extensions of time for filing briefs granted by the Executive

Secretary on any particular matter shall not exceed 60 days.

Except for the changes explicitly provided herein, the Delegation of Authority and Direction for the Executive Secretary dated August 26, 1976, remains in effect.

OFFICE OF THE SPECIAL REPRESENTATIVE FOR TRADE NEGOTIATIONS

SPECIALTY STEEL QUOTAS—JAPAN

Shift in Quota Allocation

Below is a letter to the Commissioner of Customs implementing a request by the Government of Japan to shift certain amounts in their quota allocations to other categories, as authorized by Presidential Proclamation 4445 of June 11, 1976.

RICHARD W. HEIMLICH,
Assistant Special Trade Representative for Industrial Trade Policy.

OFFICE OF THE SPECIAL REPRESENTATIVE FOR TRADE NEGOTIATIONS,

Executive Office of the President,
Washington, January 31, 1979.

Honorable Robert E. Chasen
Commissioner of Customs
Department of the Treasury
Washington, D.C. 20229

DEAR COMMISSIONER CHASEN: The Government of Japan has requested that the restraint levels for the third restraint period (June 14, 1978-June 13, 1979) applicable to restraint categories I, IV and V of the U.S.-Japan Orderly Marketing Agreement on Certain Specialty Steel, corresponding to TSUS categories numbered 923.20, 923.23, and 923.26, be increased by the following amounts:

923.20—1,102 short tons
923.23—180 short tons
923.26—110 short tons

The overall quantity by which these categories are being increased is to be subtracted from Category II, corresponding to TSUS category 923.21. This shift in categories by the amount stated above is in accordance with the terms of the Orderly Marketing Agreement and Presidential Proclamation 4445 of June 11, 1976, which added a new headnote 2 to the TSUS.

Accordingly, pursuant to paragraph (f) of headnote 2 to Subpart A, part 2 of the Ap-

pendix to the Tariff Schedules of the United States (19 U.S.C. 1202) you are hereby requested, for the current restraint period, to increase the quota quantities for Japan applicable to stainless steel sheet and strip (TSUS 923.20), stainless steel wire rod (TSUS 923.23) and alloy tool steel (TSUS 923.26) by the amounts stated above and to decrease the quota quantity for stainless steel plate (TSUS 923.21) by an amount equal to the total increase in those categories.

This letter will be published in the FEDERAL REGISTER and the action will become effective on the day of publication.

Sincerely,

ROBERT S. STRAUSS.

**SECURITIES AND EXCHANGE
COMMISSION**

[Release No. 10568; 811-1531]

MEDITERRANEAN FUND, INC.

Filing of Application Pursuant to Section 8(f) of the Investment Company Act of 1940 for an Order Declaring That Company Has Ceased to be an Investment Company

JANUARY 26, 1979.

NOTICE IS HEREBY GIVEN that GPM Fund, Inc. (formerly, GPM Balanced Fund, Inc.), and open-end, diversified, management investment company registered under the Investment Company Act of 1940 ("Act"), filed an application on December 26, 1978, pursuant to Section 8(f) of the Act for an order of the Commission declaring that Mediterranean Fund, Inc. ("Mediterranean"), One Winthrop Square, Boston, Massachusetts 02110, also registered under the Act as an open-end, diversified, management investment company, has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

The application states that Mediterranean, a Massachusetts corporation, registered as an investment company under the Act on September 7, 1967; and that on October 5, 1967, it filed a registration statement (File No. 2-27445) under the Securities Act of 1933 covering 200,000 shares of its Common Stock, \$1.00 Par Value, in connection with a proposed public offering of its shares. This registration statement was declared effective by the Commission on December 22, 1967, and Mediterranean commenced a public offering of shares of its Common Stock on that date.

The application also states that on May 19, 1978, at separate meetings of shareholders of Mediterranean and GPM Balanced Fund, Inc., holders of

a majority of the issued an outstanding shares of capital stock of each respective corporation approved an Agreement and Plan of Merger which provided for the merger of Mediterranean with and into GPM Balanced Fund, Inc. ("Merger"), and the conversion of the outstanding shares of Common Stock of Mediterranean into shares of Common Stock of GPM Balanced Fund, Inc.

The application further states that the Merger was consummated on May 19, 1978, and that pursuant to the terms thereof GPM Balanced Fund, Inc. changed its name to GPM Fund, Inc. ("GPM") and the outstanding shares of Mediterranean were converted into shares of GPM. The number of GPM shares issued to shareholders of Mediterranean was determined on the basis of the relative net asset value per share of each of the companies computed as of the close of the New York Stock Exchange on the effective date of the Merger.

The application finally states that properly executed Articles of Merger were filed with the Secretary of State of Massachusetts on May 19, 1978, and in accordance with the provisions of the Business Corporation Law of Massachusetts, Mediterranean's corporate existence ceased at 5:00 P.M. Boston Time on May 19, 1978 (the "Effective Date of the Merger"). On the Effective Date of the Merger, title to and possession of all the property, assets, franchises and rights of Mediterranean were transferred to GPM, which assumed all of the debts, liabilities and obligations of Mediterranean. Thus, Mediterranean currently has no assets, no securityholders and no outstanding liabilities. In addition, Mediterranean is not a party to any pending litigation or administrative proceedings.

Section 8(f) of the Act provides, in pertinent part, that whenever the Commission, on its own motion or upon application, finds that a registered investment company has ceased to be an investment company it shall so declare by order, and upon the effectiveness of such order the registration of such company shall cease to be in effect.

NOTICE IS FURTHER GIVEN that any interested person may, not later than February 19, 1979, at 5:30 P.M., submit to the Commission in writing a request for a hearing on the application accompanied by a statement as to the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of

such request shall be served personally or by mail upon GPM at the address stated above. Proof of such service (by affidavit, or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[Release No. 20905; 70-6080]

MONONGAHELA POWER CO. ET AL

Supplemental Notice of Proposed Issuance and Sale of Short-Term Notes to Banks and to Commercial Paper Dealers and Request for Exception from Competitive Bidding

JANUARY 30, 1979

NOTICE IS HEREBY GIVEN that Monongahela Power Company ("Monongahela"), 1310 Fairmont Avenue, Fairmont, West Virginia 26554, the Potomac Edison Company ("Potomac"), Downsville Pike, Hagerstown, Maryland 21740, and West Penn Power Company ("West Penn"), 800 Cabin Hill Drive, Greensburg, Pennsylvania 15601, each a wholly-owned electric utility subsidiary of Allegheny Power System, Inc. ("Allegheny"), a registered holding company, have filed a post-effective amendment to their application in this proceeding pursuant to Section 6(b) of the Public Utility Holding Company Act of 1935 ("Act"), and Rule 50(a)(5) promulgated thereunder regarding the proposed transactions. All interested persons are referred to the amended application, which is summarized below, for a complete statement of the proposed transactions.

By order in this proceeding dated December 28, 1977 (HCAR No. 20343), the above subsidiaries of Allegheny were authorized to borrow funds during the period ending June 30, 1979, through the issuance and sale of short-term notes to banks and commercial paper to dealers in commercial paper in an aggregate amount not to exceed \$50,000,000 in the case of Monongahela, \$48,000,000 in the case of

Potomac, and \$50,000,000 in the case of West Penn. Jurisdiction was reserved with respect to that portion of the borrowings requested by West Penn in excess of \$50,000,000.

By supplemental order in this proceeding dated December 14, 1978 (HCAR No. 20830), Monongahela and Potomac were given authorization to issue up to \$52,000,000 and \$50,000,000, respectively, of short-term notes and commercial paper outstanding at any one time.

West Penn is now seeking authorization, pursuant to the jurisdiction reserved in the original filing, to issue up to \$84,000,000 of short-term notes and commercial paper outstanding at any one time. It is stated that the proposed increase is necessitated by cash outlays greater than anticipated in the original filing due in part to increased coal costs and the need to purchase power from other utilities during the United Mine Workers' coal strike, the cost of which was not entirely recouped through surcharges, and due to unscheduled outages which occurred after the strike. Unless otherwise authorized by this Commission, any short-term debt outstanding hereunder after June 30, 1979, will be retired by West Penn not later than October 1, 1979, from internal cash resources, or sale of permanent debt, preferred stock or common stock.

Exemption from the competitive bidding requirements of Rule 50 is requested for the proposed issuance and sale of commercial paper pursuant to paragraph (a) (5) thereof, since it is not practicable to invite competitive bids for commercial paper and current rates for commercial paper for prime borrowers such as West Penn are published daily in financial publications. Authorization is also requested to file certificates under Rule 24 with respect to the issuance and sale of commercial paper on a quarterly basis.

In all other respects the proposed transactions remain the same. It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the transactions proposed by West Penn.

NOTICE IS FURTHER GIVEN that any interested person may, not later than February 14, 1979, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and issues of fact or law raised by said post-effective amendment to the application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicants at the above-

stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application as now amended or as it may be further amended, may be granted as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

PENNSYLVANIA TAX-FREE INCOME TRUST and
BUTCHER & SINGER, INC.

Filing of Application Pursuant to Section 6(c) of the Act for an Order Granting Exemption From the Provisions of Section 22(d) of the Act.

JANUARY 26, 1979.

NOTICE IS HEREBY GIVEN that Pennsylvania Tax-Free Income Trust ("Trust"), c/o John C. Merritt, 1500 Walnut Street, Philadelphia, Pennsylvania 19102, an open-end, diversified, management investment company registered under the Investment Company Act of 1940 ("Act"), and Butcher & Singer, Inc. ("Butcher") (hereinafter collectively referred to as "Applicants") filed an application on January 3, 1979, and an amendment thereto on January 25, 1979, pursuant to Section 6(c) of the Act for an order of the Commission exempting Applicants from the provisions of Section 22(d) of the Act to the extent specified therein. All interested persons are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

The Trust is a common law trust organized under the laws of the Commonwealth of Pennsylvania. It filed with the Commission a registration statement on Form N-8B-1 pursuant to Section 8(b) of the Act and a registration statement on Form S-5 under the Securities Act of 1933, as amended, on November 10, 1976. The registration statement on Form S-5 has been declared effective, and the Trust is

presently engaged in the offering of its shares.

The Trust's investment objective is providing its shareholders as high a level of current tax-exempt income as is consistent with preservation of capital. At least 80% of the Trust's assets are invested in tax-exempt securities of the Commonwealth of Pennsylvania, counties, municipalities, school districts, state and local authorities organized in Pennsylvania, and securities of certain interstate agencies and certain territories of the United States, the interest of which is exempt from federal and Pennsylvania income taxes. All of the Trust's assets consist of (1) tax-exempt securities which have investment grade ratings as determined by Standard and Poor's Corporation (AAA, AA, A and BBB), or Moody's Investors Service (Aaa, Aa, A1, A, Baa and Baa); (2) unrated tax-exempt securities which, in the opinion of B & S Management Corporation, the Trust's investment adviser, are of at least comparable quality to bonds rated investment grade by such services, provided that the Trust may not invest more than 10% of its assets in such unrated securities; (3) certain temporary investments, the interest from which may or may not be taxable and (4) cash.

Butcher acts as general distributor in the continuous offering of the Trust's shares. The Trust offers its shares to the public at net asset value plus a sales charge of 4.50% of the public offering price for sales of less than \$25,000, with lower sales charges for larger transactions, decreasing to .78% of the public offering price for sales of more than \$1,000,000. The Trust reserves the right to amend its sales charges with the maximum sales load not to exceed 4%. Butcher retains all sales charges remaining after the concession allowed to selected dealers. The minimum initial investment is \$2,000; subsequent investments must be in amounts of \$50 or more.

B & S Asset Management Corp., a wholly-owned subsidiary of Butcher organized in October, 1976, acts as investment adviser to the Trust pursuant to an investment advisory agreement. B & S Asset Management Corp. has registered with the Commission as an investment adviser under the Investment Advisers Act of 1940.

The Trust distributes to its registered shareholders the interest income received by it, net of expenses, on a quarterly basis. Realized capital gains, if any, are distributed annually. Distributions to shareholders are reinvested automatically in additional shares at the net asset value without a sales charge, unless shareholders indicate otherwise. Shares of the Trust are issued with a lower sales charge to

shareholders who are eligible for Accumulation Discounts or who execute Statements of Intention. Accumulation Discounts are available to shareholders whose additional purchases of Trust shares, when added to the current net asset value of their existing holdings, entitle them to the lower sales load for larger transactions; and the shareholder will be entitled to the reduced sales charge for the entire additional amount purchased. Shareholders who execute Statements of Intention indicating the total amount to be invested in the Trust over a thirteen-month period are issued shares at a sales load applicable to the total amount to be invested during that period, and will also be eligible for Accumulation Discounts if they have existing holdings in the Trust. Shares of the Trust may be issued at net asset value without a sales charge to Trustees and officers of the Trust and to officers, directors and fulltime employees of Butcher or B & S Asset Management Corp., or to any trust, pension, profit-sharing or any other benefit plan for such persons. Such shares are sold for investment purposes and on the condition that they will not be resold except through redemption by the Trust.

Pursuant to an exemption from the provisions of Section 22(d) of the Act previously granted by the Commission to the Trust and Butcher, unitholders of the various series of the Pennsylvania Insured Municipal Bond Trust ("PIMBT"), a unit investment trust in which Butcher is a sponsor and underwriter, may reinvest dividend and/or capital gain distributions from PIMBT in shares of the Trust at net asset value without a sales charge, provided that such unitholders have first made the minimum initial investment in the Trust (including the sales charges applicable thereto).

Butcher also acts as sponsor and underwriter to Investors' Municipal Pennsylvania Unit Trust ("IMPOT"), a unit investment trust which is a registered investment company under the Act. Elkins, Stroud, Suplee & Co. and Loeb, Rhoades, Hornblower & Co. are also sponsors and underwriters of IMPOT. IMPOT's investment objectives are receipt of income exempt from federal income and Pennsylvania income and personal property taxes, and conservation of capital through investment in a portfolio of tax-exempt securities issued by municipalities and other governmental authorities within the Commonwealth of Pennsylvania and by the Commonwealth itself. The tax-exempt securities in the portfolio of each series of IMPOT will be fixed, except in the case of sales to meet redemptions, or exchanges of or substitutions for securities in certain refundings. Units of

the First Series of IMPOT will be sold with a sales charge of 4½%. IMPOT will distribute interest income, and principal, if any, on a quarterly basis.

The Trust proposes to permit unitholders of IMPOT to purchase shares of the Trust at net asset value, without a sales charge, by reinvestment of distributions of interest and principal, if any, from IMPOT. To participate in the program, a unitholder of IMPOT will be required to make a minimum initial investment in the Trust of \$2,000, to which a sales load would be applicable. All unitholders who make the minimum initial investment in the Trust of \$2,000 or more will be eligible to participate in the reinvestment program; but unitholders who participate in the reinvestment program will be required to reinvest the entire amount of all quarterly distributions from any designated series. The proposed reinvestment program will be implemented as follows: A unitholder of an outstanding series of IMPOT will receive a current prospectus of the Trust, together with an authorization form which, if executed, entitles the unitholder to receive quarterly distributions in shares of the Trust. The authorization form will state that any election to receive distributions from any series of IMPOT designated by him in shares of the Trust will be effective until the unitholder revokes such election by written notice to United States Trust Company of New York, The Trustee of IMPOT. Appropriate disclosure of the foregoing will be made in the authorization form sent to unitholders. Disclosure regarding the reinvestment program will be made in the prospectuses of all future series of PIMBT. Unitholders of future series of PIMBT will receive a current prospectus of the Trust and an authorization form substantially similar to the form sent to Unitholders of outstanding series of PIMBT. For both outstanding and future series of PIMBT, an election to participate in the reinvestment program will be effective for all distributions from any series designated by the unitholder until revoked in writing, to the Trustee of PIMBT.

Expenses of offering the reinvestment program to unitholders of IMPOT will be borne by Butcher as general distributor of shares of the Trust. Once a unitholder has elected to participate in the reinvestment program, his account is handled, and the expenses thereof borne, in the same manner as the account of any other shareholder of the Trust.

The Trustees of the Trust have established a minimum total investment requirement of \$100, and reserve the right to redeem the interest of any shareholder whose investment is less than such minimum upon written

notice of not less than 30 days to such shareholder, during which time such shareholder could purchase sufficient shares of the Trust to meet the minimum investment requirement and thereby avoid automatic redemption. This minimum total investment requirement is applicable to unitholders of IMPOT who participate in the reinvestment program on the same basis as any other shareholder of the Trust, since the unitholders will have to make a minimum initial investment of \$2,000 in shares of the Trust in order to participate in the reinvestment program. Disclosure of the foregoing will be made in the prospectuses of the Trust and of IMPOT.

Section 22(d) of the Act provides, in pertinent part, that no registered investment company shall sell any redeemable security issued by it except to or through a principal underwriter for distribution or at a current public offering price described in the prospectus, and, if such class of security is being currently offered to the public by or through an underwriter, no principal underwriter of such security and no dealer shall sell any such security to any person, except a dealer, a principal underwriter or the issuer, except at a current public offering price described in the prospectus. Applicants request an order of exemption from the provisions of Section 22(d) of the Act to permit the sale of shares of the Trust at net asset value, without a sales load, to unitholders of IMPOT who reinvest distributions of any series of IMPOT in shares of the Trust in the manner described above.

In support of its request, Applicants state that the proposed reinvestment program will be beneficial to investors and to the Trust. They state that the largest portion of a sales charge on mutual fund shares is attributable to initial solicitation and ascertaining the financial requirements of investors, so that where the customer has already been solicited and his requirements determined, the sales costs are reduced and the consequent savings should be passed on to investors. Applicants state that since those persons desiring to reinvest distributions from IMPOT in shares of the Trust will have already made an investment in the Trust, and investment which also has some of the same attributes as their previous investment in IMPOT, such persons are really no different from existing shareholders of the Trust who are permitted to reinvest their distributions from the Trust at no sales charge. They also state that, at present, it is believed that there will be little or no additional sales cost allocable to the purchase of Trust shares through reinvestment of distributors of IMPOT unitholders. Accordingly, Applicants assert that such

investors, rather than the underwriters, should receive the benefit of lower sales costs through reinvestment at net asset value without a sales charge.

Applicants further assert that the Trust and its shareholders would benefit because the proposed reinvestment program would increase the Trust's asset base, and, since its operating expenses will not vary with asset size, the per share cost of operations borne by the Trust's shareholders would be reduced. Applicants also state that by providing a broad base of investors with ready cash to be invested, the proposed plan would help assure the Trust of a positive cash flow, thus permitting it to meet redemptions without disturbing investments, or decreasing the assets devoted to cash reserves, and permitting the gradual build-up of investment positions.

Section 6(c) of the Act provided, in pertinent part, that the Commission may, upon application, conditionally or unconditionally, exempt any person, security or transaction, or any class or classes of persons, securities or transactions, from any provision of the Act or of any rule or regulation under the Act, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

NOTICE IS FURTHER GIVEN that any interested person may, not later than February 20, 1979, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the application accompanied by a statement as to the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Applicants at the address stated above. Proof of such service (by affidavit, or in the case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein will be issued as of course following said date unless the Commission thereafter orders a hearing, upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

SOUTHWESTERN ELECTRIC POWER CO.

Order Authorizing Acquisition of Coal Rail Cars

JANUARY 31, 1979.

Southwestern Electric Power Company ("SWEPCO"), an electric utility subsidiary of Central and South West Corporation, a registered holding company, has filed with this Commission an application and an amendment thereto pursuant to Sections 9(a) and 10 of the Public Utility Holding Company Act of 1935 ("Act") concerning the following proposed transactions.

SWEPCO seeks authorization to acquire 605 one hundred ton, sixty foot, open-top coal hopper rail cars (the "Equipment") for use in unit train service between Gillette, Wyoming and SWEPCO's Welsh Unit No. 1, Welsh Unit No. 2 and Flint Creek power plants. SWEPCO has acquired 605 equivalent rail cars pursuant to the authorizations given in previous order of August 9, 1976 (HCAR No. 19643), and October 12, 1977 (HCAR No. 20207). Each unit train consists of 110 coal cars and SWEPCO maintains a 10% of 11 car reserve for maintenance and repairs. The proposed acquisition of 605 cars will provide one additional unit train for Welsh Unit No. 1, one additional unit train for Flint Creek and three unit trains for Welsh Unit No. 2, which is presently being constructed and is scheduled for commercial operation in 1980. The 605 cars comprising the Equipment will cost approximately \$25,000,000, with the final cost dependent upon cost escalations under the contract with the manufacturer, delivery charges and the amounts of any sales or use taxes.

It is stated that additional unit trains for Welsh Unit No. 1 and Flint Creek are necessary because the turnaround times experienced by SWEPCO are in excess of the times originally estimated, such tardiness being attributed to congestion on the railroad's line from the mine site near Gillette, Wyoming to the Welsh plant in Cason, Texas and the Flint Creek plant in Siloam Springs, Arkansas, distances of about 1500 and 1100 miles, respectively. The estimated turnaround time to the Welsh plant was 155 hours; that actually experienced, 210 hours. The estimated turnaround time to the Flint Creek plant was 114

hours; that actually experienced, 183 hours. To compensate for the added times SWEPCO had been using two unit trains consisting of carrier-owned rail cars supplied by Burlington Northern, Inc., one of which is no longer available to SWEPCO. SWEPCO believes it advisable to acquire sufficient additional cars (242) so that it does not need to rely on carrier-owned cars for these two units trains.

It is further stated that 363 cars (three unit trains) are presently estimated to be sufficient to transport the coal requirements for Welsh Unit No. 2, the coal for which is to be provided under a contract between SWEPCO and Amax Coal Company covering coal requirements for Welsh Unit No. 1, Welsh Unit No. 2 and Flint Creek for the first 25 years of the operation of such facilities

SWEPCO intends that all of the Equipment will be used exclusively by it. Since the unit trains will operate continuously there will be no spare car capacity. In the event the turnaround time not experienced by SWEPCO is reduced, SWEPCO will either acquire fewer coal cars than the number presently anticipated to be required to service Welsh Unit No. 3 or will refrain from replacing cars which have become worn out or irreparably damaged in operation, or both.

Of the 605 rail cars, SWEPCO plans to acquire 242 between February and June 1979, pursuant to a proposed railroad equipment lease ("Lease") described further below. The financing arrangements for the remaining 363 rail cars, which are scheduled for delivery from October through December 1979, have not been completed and will be the subject of further amendment to this application.

The Lease SWEPCO proposes to enter into is with Cason Car Corporation ("Lessor") and is for 242 rail cars for an interim term beginning on the date of delivery of the rail cars and ending on August 1, 1979, followed by a primary term of 20 years ending on August 1, 1999. The rental for the interim term will be a payment on August 1, 1979, equal to the purchase price of the rail cars, as defined in the Lease, times the daily equivalent of 9½% per annum for each day of the interim term. Rentals thereafter will be required semiannually, commencing February 1, 1980, in accordance with the following schedule:

Rental payment dates	Number of payments	Percent of purchase price
Feb. 1, 1979-Aug. 1, 1984	10	4.75%
Feb. 1, 1985-Feb. 1, 1999	29	6.16%
Aug. 1, 1999	1	16.16%

The rental payments are calculated to be an amount sufficient to pay interest only at 9½% per annum on the purchase price for the first 5 years of the primary term, to amortize 90% of the purchase price at 9½% per annum during the 6th through 20th year of the primary term, with a final payment of the then-remaining unamortized portion of the purchase price.

The Lease is a net lease under which SWEPCO agrees to pay all taxes and charges on the rail cars or assessed against the Lessor (other than income taxes assessed against the Lessor on its fees) and covenants to keep the rail cars insured or self-insured, free of non-permitted liens and encumbrances, in good maintenance and repair and in compliance with laws and governmental regulations. In the event of a casualty occurrence (which would include a rail car's becoming worn out, lost, stolen, destroyed, condemned or otherwise permanently unfit for use), SWEPCO is required to either: (i) terminate the Lease with respect to such rail car and pay the Lessor a sum equal to the Casualty Value of such rail car; (ii) substitute replacement equipment having a value and a useful life at least equal to the Casualty Value and remaining useful life of the rail car being replaced; or (iii) provide sufficient funds to the Lessor to enable it to acquire replacement equipment meeting the requirements of clause (ii) above. The Casualty Value of a rail car represents the then unamortized portion of its purchase price as of a given rental payment date.

The rail cars are being manufactured by Thrall Car Manufacturing Company ("Thrall") and will be sold by it to the Lessor under a conditional sales agreement ("CSA"). Thrall will assign its right, title and interest in the CSA and the rail cars to Mercantile-Safe Deposit and Trust Company, as agent ("Agent") pursuant to an agreement and assignment ("Assignment"), which will hold security title to the rail cars on behalf of Greenwich Savings Bank and Pilot Life Insurance Company (collectively, the "Investor") who will provide 100% of the purchase price of the rail cars. The Investors will be repaid in installments under the CSA equal to the rental payments required to be made by SWEPCO under the Lease. The Investors, the Agent and SWEPCO will enter into a finance agreement describing the proposed transaction, and the Lessor will assign to the Agent, as additional security, the rentals to be received under the Lease (SWEPCO will acknowledge notice of and consent to such assignment).

SWEPCO will have the right to terminate the Lease as of any rental payment date occurring on or after

August 1, 1989, in the event it determines the rail cars are no longer economical for use in its operations by paying the Casualty Value of the rail cars at such date to the Lessor. Upon payment of the Casualty Value or upon payment of the the last rental installment SWEPCO will receive title to the rail cars and will have no further obligations under the Lease. SWEPCO will also have the right to terminate the Lease as of any rental payment date by depositing with the Agent an amount sufficient to prepay the unamortized principal amount of the CSA indebtedness plus a premium equal to 9½% of such amount during the first year of the primary term and declining by equal annual amounts to no premium in the final year of the primary term, provided that no such redemption can be made prior to August 1, 1989, from the proceeds of borrowings by SWEPCO having a lesser interest cost or a shorter remaining weighted average life than the interest cost or remaining weighted average life of the CSA indebtedness. SWEPCO can also terminate the lease as of any rental payment date by entering into and delivering to the Agent an assumption agreement under which the Lessor would assign its interests as vendee under the CSA to SWEPCO and SWEPCO would directly assume liability for repayment of the CSA indebtedness.

It is stated that SWEPCO intends to include the full amount of the rental payments under the Lease in determining the fuel costs for use in the fuel adjustment clause of its rates, subject to approval by applicable regulatory authorities. The authorization contained in this order does not constitute approval by this Commission of such rate making treatment, which matter is left to other regulatory authorities.

The fees and expenses to be incurred in connection with the proposed transactions are estimated at \$69,200, including a placement fee payable to Goldman, Sachs & Co. of \$30,000 and attorneys' fees of \$27,000. No state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Due notice of the filing of said application has been given in the manner prescribed in Rule 23 promulgated under the Act (H.C.A.R. No. 20878), and no hearing has been requested of or ordered by the Commission. Upon the basis the facts in the record, it is hereby found that the applicable standards of the Act and the rules thereunder are satisfied and that no adverse findings are necessary; and that it is appropriate in the public interest and in the interest of investors

and consumers that said application, as amended, be granted in part:

IT IS ORDERED, pursuant to the applicable provisions of the Act and rules thereunder, that SWEPCO be, and it hereby is, authorized forthwith to enter into the transactions concerning its acquisition of the initial 242 rail cars, subject to the terms and conditions prescribed in Rule 24 promulgated under the Act.

IT IS FURTHER ORDERED that jurisdiction be, and it hereby is, reserved with respect to the terms of SWEPCO's proposed acquisition of the remaining 363 rail cars.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[Release No. 34-15542; File No. SR-MSRB-78-11]

SELF-REGULATORY ORGANIZATIONS

Proposed Rule Change by Municipal Securities Rulemaking Board

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s (b)(1), notice is hereby given that on January 4, 1979, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission the proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

Under rule A-13 of the Municipal Securities Rule-making Board (the "Board"), the Board collects certain information concerning new issues of municipal securities in connection with the payment of the assessment fee prescribed under the rule. The Board filed a proposed amendment to the proposed rule change relating to rule A-13, contained in File No. SR-MSRB-78-11 (the "proposed rule change"). The proposed rule change, as modified by the proposed amendment, appears below.

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule change is as follows:

PURPOSE OF PROPOSED RULE CHANGE

Pursuant to rule A-13 as presently in effect, the Board collects information concerning new issues of municipal securities in connection with payment of the assessment fee prescribed by the rule. Rule A-13 does not presently require such information to be furnished to the Board in any specified manner.

On July 10, 1978, the Board filed with the Securities and Exchange Commission (the "Commission") proposed amendments to rule A-13 which (1) would prescribe a standardized form, Form A-13, on which such information would be furnished to the Board and (2) would require municipal securities brokers and municipal securities dealers who pay assessment fees to submit certain additional items of information concerning new issues of municipal securities.

The proposed amendment modifies the original filing by deleting all but one of the additional items of information which would have been required pursuant to the proposed rule change to be furnished on Form A-13 by municipal securities professionals. The Board would still require municipal securities professionals to provide information concerning the date of sale or commitment with respect to each issue for which an assessment fee is paid. In addition, the proposed amendment requires municipal securities professionals to note on Form A-13 the amount of the underwriting assessment fee paid by them. The conclusion of these items of information on Form A-13 will assist the Board in conducting internal accounting functions with regard to the assessment fees.

In the original filing the Board indicated that it did not intend to process the information to be collected itself, but proposed to retain the services of an outside organization for this purpose so that the information could be furnished to interested persons in usable form. As a result of extensive discussions with such outside organizations, the Board concluded that to disseminate in usable form the information proposed to be collected would require a substantial outlay of money on a continuous basis. The Board has determined that such a commitment is not justified since the potential benefits to be realized from the dissemination of such information would not be commensurate with the cost of processing the information, the Board has therefore decided to modify the proposed rule change to eliminate the requirement to furnish additional items of information, except as noted above. Since it is not feasible to disseminate such information in usable form, the Board sees no reason for collecting it.

The proposed requirement to use Form A-13 remains unchanged. As indicated in the original filing, the Board believes that this requirement would serve several important purposes, including assisting municipal securities professionals in complying with the assessment requirements, assuring that the Board receives the required information for its accounting records, and reducing administrative

costs both for municipal securities professionals and for the Board.

The Board intends to make available to interested persons on a regular basis the information submitted on Form A-13, excluding any information concerning underwriting participations. The Board believes that disseminating such information will facilitate research by interested persons by providing them with basic information regarding each issue which is sold. As noted in the original filing, the Board currently receives data concerning more new issues of municipal securities than is reported in any other place. The release of information collected on Form A-13 would also enable a person conducting research on the new issue municipal securities markets to obtain additional information through direct contact with issuers or the underwriters involved.

BASIS UNDER THE ACT FOR PROPOSED RULE CHANGE

The Board has adopted the proposed amendment pursuant to section 15B(b)(2)(J) of the Securities Exchange Act of 1934, as amended (the "Act"), which authorizes and directs the Board to establish fees and charges to defray the expenses of the Board's operations. In adopting rule A-13 pursuant to this section, the Board contemplated that certain information basic to an identification of the issues with respect to which assessment fees are paid and to an identification of the municipal securities brokers and municipal securities dealers on whose behalf the fees are paid should be required. The proposed amendment, which would require municipal securities professionals to furnish two items of information in addition to that which they are currently required to provide, is consistent with this purpose.

COMMENTS RECEIVED FROM MEMBERS, PARTICIPANTS OR OTHERS ON PROPOSED RULE CHANGE

The Board neither solicited nor received comments on the proposed amendment. As indicated above, the proposed amendment is prompted by the Board's consideration of the anticipated cost of processing and disseminating the information which was proposed to be collected in the original filing.

BURDEN ON COMPETITION

The Board does not believe that the proposed amendment will impose any burden on competition in the municipal securities industry. The proposed amendment will be applicable to participants in the industry who buy long-term new issues for their own account or on behalf of others, and the information to be provided to the

Board concerning these issues is readily available to all municipal securities professionals engaged in these activities. The Board does not believe that requiring the requested information to be stated on a standardized form will impose any hardship on municipal securities professionals. The Board is of the opinion that the requirement will facilitate the collection of the fee mandated by Rule A-13.

Within 35 days of the date of publication of this notice in the FEDERAL REGISTER, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will:

(A) by order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street, N.W., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted by February 27, 1979.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS
Secretary.

Comptroller of the Currency

STATEMENT OF POLICY

Change in Bank Control Act of 1978

Introduction. The Change in Bank Control Act of 1978 ("the Act"), Title VI of the Financial Institutions Regulatory and Interest Rate Control Act of 1978, gives the Federal bank supervisory agencies the authority to disapprove changes in control of insured banks and bank holding companies.¹ The Office of the Comptroller of the Currency ("the Comptroller") is the responsible Federal banking agency for changes in control of national banks. The Federal Reserve Board is responsible for bank holding companies and State member banks, and the Federal Deposit Insurance Corporation is responsible for insured State nonmember banks.

The Act requires any person (broadly defined) seeking to acquire control of any insured bank or bank holding company to provide 60 days' prior written notice to the appropriate Federal banking agency. This requirement applies to all covered transactions that will be consummated after March 9, 1979. The Act specifically exempts transactions that are subject to section 3 of the Bank Holding Company Act of 1956 or section 18 of the Federal Deposit Insurance Act, since these transactions are covered by existing regulatory approval procedures. Accordingly, changes in control due to acquisitions by bank holding companies and changes in control of insured banks resulting from mergers, consolidations, or other similar transactions are not covered by the Act.

The Act describes the factors that the Comptroller and the other Federal

¹The Act retains with some modification existing reporting requirements relating to loans by banks secured by stock of other banks and management changes occurring after a change in control and extends these requirements to bank holding companies and loans secured by bank holding company stock.

banking agencies are to consider in determining whether a transaction covered by the Act should be disapproved. These factors include the financial condition, competence, experience, and integrity of the acquiring person (or persons acting in concert) and the effect of the transaction on competition. The Comptroller's objectives in his administration of the Act are to enhance and maintain public confidence in the banking system by preventing identifiable serious adverse effects resulting from anticompetitive combinations of interests, inadequate financial support, and unsuitable management in these institutions. The Comptroller will review each notice to acquire control of a national bank and will disapprove transactions that would have serious harmful effects. It is the Comptroller's intention to administer the Act in a manner that will minimize delays and government regulation of legitimate private sector transactions.

If the Comptroller disapproves a change in control, the Comptroller will notify the proposed acquiring party in writing within three days after his decision. The notice of disapproval will contain a statement of the basis for disapproval. The Act provides that the acquiring party may request a hearing by the Comptroller in the event of a disapproval and provides a procedure for further review by the courts.

Forms for filing notices of proposed transactions covered by the Act will be available from the Regional Administrator of National Banks. When a substantially complete notice is received by the Regional Administrator of National Banks, a letter of acknowledgement will be sent to the acquiring person indicating the date of receipt. The transaction may be completed 61 days or more after that date unless the acquiring person has been notified by the Comptroller that the acquisition has been disapproved or that the 60-day period has been extended as provided for in the Act. To avoid undue interference with normal business transactions, the Comptroller may issue a notice of his intention not to disapprove a proposed acquisition of control.

Information to be contained in notices. The Act requires a "person" proposing to acquire control of a national bank to file a notice with the Comptroller containing personal and biographical information, detailed financial information, details of the proposed acquisition, information on any structural or managerial changes contemplated for the institution, and other relevant information required by the Comptroller. The elements of a notice, as prescribed by paragraph 6 of the Act, are set forth in the appendix

to this statement, and prescribed forms for filing notice are available from the appropriate Regional Administrator of National Banks.

In order to be filed properly in accordance with the Act, a notice must be substantially complete and responsive to every item specified in paragraph 6 of the Act. When the acquiring party is an individual, or a group of individuals acting in concert, the requirement for five years' personal financial data is deleted in favor of a current statement of assets and liabilities, a brief income summary, and a statement of any material changes since the date thereof, but the Comptroller specifically reserves the right to require up to five years of financial data from any acquiring person.

Transactions requiring submission of notice. The Act defines "control" as the power—directly or indirectly—to vote 25 per cent or more of any class of voting securities, or to direct the management or policies, of a bank holding company or insured bank. Therefore, any transaction, unless exempted by the Act, that results in the acquiring party having voting control of 25 per cent or more of any class of voting securities, or results in the power to direct the management or policies, of such an institution would trigger the notice requirement. However, any person who on March 9, 1979, controls a national bank shall not be required to file a notice to maintain or increase control positions in the same institution. In addition, the Comptroller's regulation allows persons who on March 9, 1979, fall within a presumption described in the next paragraph to acquire additional shares of an institution without filing notice so long as they will not have voting control of 25 per cent or more of the institution. In connection with transactions that would result in greater voting control, such person may file the required notice or request that the Comptroller make a determination that they already control the institution.

With respect to persons who have the power to vote less than 25 per cent of an institution's shares, the Comptroller has established the following rebuttable presumptions for purposes of the notice requirements under the Act:

(1) Where the institution to be acquired has issued any class of securities subject to the registration requirements of the Securities Exchange Act of 1934 (15 U.S.C. 781), and a transaction would result in a person (or group of persons acting in concert) having voting control of 10 per cent or more of any class of voting securities of that institution, the transaction results in control.

(2) Where a transaction involving any class of voting securities of a na-

tional bank would result in a person (or group of persons acting in concert) having voting control of 10 per cent or more, and after the transaction the acquiring person would be the largest shareholder of that institution, the transaction results in control.

Other transactions resulting in a person's control of less than 25 per cent of a class of voting shares of a national bank would not result in control for purposes of the Act. In addition, customary one-time proxy solicitations and the receipt of pro-rata stock dividends are not subject to the Act's notice requirements.

In some cases corporations, partnerships, certain trusts, associations, and similar organizations that are not already bank holding companies may be uncertain whether to proceed under this Act or under the Bank Holding Company Act with respect to a particular acquisition. These organizations should comply with the notice requirements of this Act if they are not required to secure prior Federal Reserve Board approval under the Bank Holding Company Act. However, some transactions, particularly foreclosures by institutional lenders, fiduciary acquisitions by banks, and increases of majority holdings by bank holding companies, described in sections 2(a)(5)(D) and 3(a)(A) and (B) of the Bank Holding Company Act, do not require the Federal Reserve Board's prior approval, but they are nevertheless considered subject to section 3 of the Bank Holding Company Act and do not require notices under this Act.

Persons contemplating an acquisition that would result in a change in control of a national bank should request appropriate forms and instructions from the Regional Administrator of National Banks in whose region the affected institution is located. If there is any doubt whether a proposed transaction requires a notice, the acquiring person should consult the Regional Administrator of National Banks for guidance. The Act places the burden of providing notice on the prospective acquiring person and substantial civil penalties can be imposed for willful violations.

Certain control transactions exempt from prior notice requirements. Under the Comptroller's regulation, the following transactions are exempt from the prior notice requirements of the Act:

- (1) A foreclosure of a debt previously contracted in good faith;
- (2) Testate or intestate succession; and
- (3) A bona fide gift.

A person acquiring control in the situations described above is required to furnish certain information to the Comptroller promptly after the transaction, and the affected institution

must report promptly any changes or replacement of its chief executive officer or of any director, in accordance with paragraph 12 of the Act.

Under this regulation, acquisitions of control of foreign banks with Federally chartered branches are also exempt from the prior notice requirements of the Act, but this exemption does not extend to the reports and information required under paragraphs 9, 10, and 12 of the Act.

Disapproval of changes in control. The Act sets forth various factors to be considered in the evaluation of a proposal. The Comptroller is required to review the competitive impact of the transaction, the financial condition of the acquiring person, and the competence, experience, and integrity of that person and the proposed management of the institution. In assessing the financial condition of the acquiring person, the Comptroller will weigh any debt servicing requirements in light of the acquiring person's overall financial strength, the institution's earnings performance, asset condition, capital adequacy, future prospects, and the likelihood of an acquiring party making unreasonable demands on the resources of the institution.

Dated: January 30, 1979.

JOHN G. HEIMANN,
Comptroller of the Currency.

APPENDIX—CHANGE IN BANK CONTROL ACT OF 1978

INFORMATION REQUIREMENTS

Paragraph 6 of the Act reads as follows:

Except as otherwise provided by regulation of the appropriate Federal banking agency, a notice filed pursuant to this subsection shall contain the following information:

(A) The identity, personal history, business background and experience of each person by whom or on whose behalf the acquisition is to be made, including his material business activities and affiliations during the past five years, and a description of any material pending legal or administrative proceedings in which he is a party and any criminal indictment or conviction of such person by a State or Federal court.

(B) A statement of the assets and liabilities of each person by whom or on whose behalf the acquisition is to be made, as of the end of the fiscal year for each of the five fiscal years immediately preceding the date of the notice, together with related statements of income and source and application of funds for each of the fiscal years then concluded, all prepared in accordance with generally accepted accounting principles consistently applied, and an interim statement of the assets and liabilities for each such person, together with related statements of income and source and application of funds, as of a date not more than ninety days prior to the date of the filing of the notice.

(C) The terms and conditions of the proposed acquisition and the manner in which the acquisition is to be made.

(D) The identity, source and amount of the funds or other consideration used or to be used in making the acquisition, and if any part of these funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the acquisition, a description of the transaction, the names of parties, and any arrangements, agreements or understandings with such persons.

(E) Any plans or proposals which any acquiring party making the acquisition may have to liquidate the bank, to sell its assets or merge it with any company or to make any other major change in its business or corporate structure or management.

(F) The identification of any person, employed, retained, or to be compensated by the acquiring party, or by any person on his behalf, to make solicitations or recommendations to stockholders for the purpose of assisting in the acquisition, and a brief description of the terms of such employment, retainer, or arrangement for compensation.

(G) Copies of all invitations or tenders or advertisements making a tender offer to stockholders for purchase of their stock to be used in connection with the proposed acquisition.

(H) Any additional relevant information in such form as the appropriate Federal banking agency may require by regulation or by specific request in connection with any particular notice.

INVESTIGATION OF THE EFFECT OF OIL IMPORTS ON THE NATIONAL SECURITY OF THE UNITED STATES

Invitation for Written Comments

The Treasury Department began on March 15, 1978, an investigation to determine the effects on the national security of imports of crude oil, crude oil derivatives and products, and related similar products derived from natural gas and coal tar into the United States. This investigation is being carried out pursuant to section 232(b) of the Trade Expansion Act of 1962. Section 232(b) requires the Secretary of the Treasury to advise the President whether the Secretary, after an appropriate investigation, finds that an article is being imported into the United States in such quantities or under such circumstances as to threaten to impair the national security. If the Secretary finds that such a threat exists and the President agrees, the President may take such action, and for such time as he deems necessary, to adjust the imports of such article and its derivatives so that such imports will not threaten to impair the national security.

The Treasury Department has sought information and advice as to the impact of these imports on our national security in terms of the national

defense, economic welfare and foreign policy of the United States from the following Departments and agencies: Defense, Commerce, State, Energy, Interior, Labor, Transportation, the Council of Economic Advisors, the Central Intelligence Agency, and the Federal Reserve Board. The Department believes it is appropriate now to afford interested parties an opportunity to present written comments on the same issue. It would be particularly helpful if comments would address the specific issues described in the Annex to this Invitation.

In addition, the Secretary will be considering his recommendation to the President. The Department would also welcome written comments on the nature of such a recommendation.

Ten copies of written comments should be submitted by February 20, 1979 to:

General Counsel, Room 2000, U.S. Treasury Department, 15th and Pennsylvania Avenue, NW., Washington, D.C. 20220.
Ref. Section 232 Investigation.

Written comments should be accompanied by a summary which does not exceed two pages in length.

All written comments filed under this notice (other than "business confidential" submissions described below) will be available for public inspection and copying at 10 cents per page in the library of the Main Treasury Building, Room 5010, 15th and Pennsylvania Avenue, Washington, D.C. Thus, a person submitting written comments generally should not include material considered to be confidential or inappropriate for disclosure to the public. If necessary, confidential information, marked clearly "business confidential" on each page, may be submitted separately. The Treasury Department will afford such information confidentially within the limits of the law.

Persons desiring further information may contact Dell V. Perry at (202) 376-0299 or at Office Special Studies, U.S. Treasury Department, Washington, D.C. 20220.

Dated: February 2, 1979.

ROBERT CARSWELL,
Acting Secretary
of the Treasury.

ANNEX

ISSUES CONCERNING INVESTIGATION OF THE EFFECT OF OIL IMPORTS ON THE NATIONAL SECURITY OF THE UNITED STATES

I. Effect of Oil Imports on the National Security

A. General aspects
1. Assessment of oil supply and demand balance through 1985

¹The term "oil" is used in this Annex as shorthand for crude oil, crude oil derivatives and products, and related similar products derived from natural gas and coal tar.

2. Effect of oil imports at present levels and under current circumstances on the development of alternative energy sources (including conservation)

B. Supply interruptions

1. Relationship between the source of oil imports and the national security

2. Adequacy of existing emergency preparedness measures to deal with interruptions in oil imports

3. Volume and duration of interruption in oil imports which would threaten to impair the national security

C. Economic and monetary aspects

1. General economic impact of U.S. oil imports upon the economy, financial markets and international trade

2. Relationship of the areas mentioned in item C 1 above to the national security

D. Regional and sectoral aspects

1. National security implications of the dependence of various regions on oil imports

2. National security implications of the effect of oil imports on the various sectors of the oil industry (for example, production, refining, transportation and marketing)

3. National security implications of the effect of oil imports on industries using oil (for example, the petrochemical industry and agriculture)

II. Remedies

A. General Considerations: Amount by which imports of oil would or should be reduced and action necessary to accomplish that reduction

B. Remedies permissible under Section 232(b) of the Trade Expansion Act

1. Should a quota, fee, or tariff be applied to all imported crude oil, crude oil derivatives, and products and related similar products derived from natural gas and coal tar or only some of these?

2. Effect of these remedies on:

a. Oil prices and prices of competing forms of energy

b. The U.S. economy, including trade, employment and inflation

c. Availability of oil products in the United States (national and regional)

d. Specific sectors, particularly petrochemical, agriculture, automobile manufacturing, recreation and transportation

e. The operation of existing statutes such as the Emergency Petroleum Allocation Act, the Energy Policy and Conservation Act and the Energy Conservation and Production Act

3. Administration of these remedies

a. Managing any resulting shortage in the event a quota is used (for example, by allocation or rationing) and determining which sectors of the economy are to bear the shortage

b. Advantages and disadvantages of a government-sponsored quota action system

c. Estimated time for oil industry and others to adjust to decreased imports

d. Duration of measures necessary to remedy the existing situation

C. Alternatives to remedies permissible under Section 232(b)

1. Reductions in oil use through conservation, substitution of other fuels, increased domestic energy production, and changes in the relationship between gross national product and energy use

2. Extraordinary measures to increase exports and reduce inflation, thereby increasing confidence in the U.S. economy and the dollar

3. A comparison of the effectiveness of these alternative remedies with the effec-

tiveness of those remedies permissible under Section 232(b)

PRIVACY ACT OF 1974

Proposed Revision to System of Records

AGENCY: Bureau of Engraving and Printing, Department of the Treasury.

ACTION: Proposed Revision to System of Records.

SUMMARY: Pursuant to the requirements of the Privacy Act of 1974 (5 U.S.C. 552a), the Bureau of Engraving and Printing, Department of the Treasury, gives notice of the proposed revised system of records entitled, "Employees Production Records", (Treasury/BEP 00.014). The proposed revised system will reflect certain minor changes in the areas of routine use, storage, retrievability, and disposal.

The system notice will be published in its entirety, since, through administrative oversight the Annual Publication in 43 FR 42634 (September 20, 1978) did not reflect changes to the system which had been published in 43 FR 35572 (August 10, 1978).

DATES: Public comments must be received on or before March 8, 1979. Unless further notice is given prior to April 1, 1979 by this Department, the proposed system of records will be effective on April 2, 1979.

ADDRESS: Director, Bureau of Engraving and Printing, 14th & C Streets SW., Washington, D.C. 20228.

Elimination of Gateway Letter Notices

JANUARY 31, 1979.

The following letter-notices of proposals to eliminate gateways for the purpose of reducing highway congestion, alleviating air and noise pollution, minimizing safety hazards, and conserving fuel have been filed with the Interstate Commerce Commission under the Commission's *Gateway Elimination Rules* (49 CFR 1065), and notice thereof to all interested persons is hereby given as provided in such rules.

An original and two copies of protests against the proposed elimination of any gateway herein described may be filed with the Interstate Commerce Commission on or before February 16, 1979. A copy must also be served upon applicant or its representative. Protests against the elimination of a gateway will not operate to stay commencement of the proposed operation.

Successively filed letter-notices of the same carrier under these rules will

be numbered consecutively for convenience in identification. Protests, if any, must refer to such letter-notices by number.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 25, 1979.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field

officials named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

NOTE.—All applications seek authority to operate as a common carrier over irregular routes except as otherwise noted.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 30, 1979.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

NOTE.—All applications seek authority to operate as a common carrier over irregular routes except as otherwise noted.

No. 61]

PERMANENT AUTHORITY APPLICATIONS

JANUARY 19, 1979.

The following applications are governed by Special Rule 247 of the Commission's *Rules of Practice* (49 CFR §1100.247). These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after the date notice of the application is published in the FEDERAL REGISTER. Failure to file a protest, within 30 days, will be considered as a waiver of opposition to the application. A protest under these rules should comply with Rule 247(e)(3) of the Rules of Practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (as specifically noted below), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. A protestant should include a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describe in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed. Protests not in reasonable compliance with the require-

ments of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or upon applicant if no representative is named. If the protest includes a request for oral hearing, such request shall meet the requirements of section 247(e)(4) of the special rules and shall include the certification required in that section.

Section 247(f) provides, in part, that an applicant which does not intend timely to prosecute its application shall promptly request that it be dismissed, and that failure to prosecute an application under the procedures of the Commission will result in its dismissal.

Further processing steps will be by Commission notice, decision, or letter which will be served on each party of record. *Broadening amendments will not be accepted after the date of this publication.*

Any authority granted may reflect administratively acceptable restrictive amendments to the service proposed below. Some of the applications may have been modified to conform to the Commission's policy of simplifying grants of operating authority.

We Find:

With the exceptions of those applications involving duly noted problems (e.g., unresolved common control, unresolved fitness questions, and jurisdictional problems) we find, preliminarily, that each common carrier applicant has demonstrated that its proposed service is required by the public convenience and necessity, and that each contract carrier applicant qualifies as a contract carrier and its proposed contract carrier service will be consistent with the public interest and the national transportation policy. Each applicant is fit, willing, and able properly to perform the service proposed and to conform to the requirements of Title 49, Subtitle IV, United States Code, and the Commission's regulations. Except where specifically noted this decision is neither a major Federal action significantly affecting the quality of the human environment nor a major regulatory action under the Energy Policy and Conservation Act of 1975.

In those proceedings containing a statement or note that dual operations are or may be involved we find, preliminarily and in the absence of the issue being raised by a protestant, that the proposed dual operations are consistent with the public interest and the national transportation policy subject to the right of the Commission, which is expressly reserved, to impose such conditions as it finds necessary to insure that applicant's operations shall conform to the provisions of 49

U.S.C. §10930 (1978) [formerly section 210 of the Interstate Commerce Act].

In the absence of legally sufficient protests, filed within 30 days of publication of this decision-notice (or, if the application later becomes unopposed), appropriate authority will be issued to each applicant (except those with duly noted problems) upon compliance with certain requirements which will be set forth in a notification of effectiveness of this decision-notice. To the extent that the authority sought below may duplicate an applicant's existing authority, such duplication shall not be construed as conferring more than a single operating right.

Applicants must comply with all specific conditions set forth in the grant or grants of authority within 90 days after the service of the notification of the effectiveness of this decision-notice, or the application of a non-complying applicant shall stand denied.

By the Commission, Review Board
Number 3, Members Parker, Fortier,
and Hall.

H. G. HOMME, Jr.,
Secretary.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JANUARY 23, 1979.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

NOTE.—All applications seek authority to operate as a common carrier over irregular routes except as otherwise noted.

POSTAL SERVICE.

BOARD OF GOVERNORS MEETING

The Board of Governors of the United States Postal Service, pursuant to its Bylaws (39 CFR 7.5) and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice that it intends to hold a meeting at 9 a.m. on Tuesday, February 13, 1979, in the Conference Room of the Pittsburgh Sectional Center, U.S. Post Office & Courts Building, 7th & Grant Streets, Fourth Floor, Room 416P, Pittsburgh, Pennsylvania. The meeting is open to the public. The Board expects to discuss the matters stated in the Agenda which is set forth below. Requests for information about the meeting should be addressed to the Secretary of the Board, Louis A. Cox, at (202) 245-4632.

AGENDA

1. Minutes of the previous meeting.
2. Remarks of the Postmaster General: In keeping with its consistent practice, the Board's agenda provides this opportunity for the Postmaster General to inform the members of miscellaneous current developments concerning the Postal Service. He might report, for example, the occurrence of a recent Congressional hearing, the appointment or assignment of a key official, or the effect on postal operations of unusual weather or a major strike in the transportation industry. Nothing that requires a decision by the Board is brought up under this item.

3. Quarterly report on financial performance: Mr. Finch, Senior Assistant Postmaster General, Finance Group, will present the quarterly summary of financial performance.

4. Quarterly report on service performance: Mr. Conway, Deputy Postmaster General, will present the quarterly summary of service performance.

5. Report on administration group programs: Mr. Biglin, Senior Assistant Postmaster General, Administration Group, will provide a general report on the developments within the cognizance of the Administration Group.

6. Report of the regional Postmaster General: Mr. Cooper, Regional Postmaster General, will report on postal conditions in the Eastern Region.

7. Briefing on the Pittsburgh sectional center facility: Mr. Harkins, Sectional Center Manager/Postmaster, will brief the Board on performance in the Pittsburgh Sectional Center. Informational briefings of this kind are customary at Board meetings outside of Washington, D.C. They are included on the agenda for the instant meeting for the convenience of the Board.

8. Temporary classification change proposal for restructured parcel post: Under the Postal Reorganization Act (39 U.S.C. §3641(e)), if the Postal Rate Commission does not transmit a recommended decision on a change in the Mail Classification Schedule to the Governors of the Postal Service within ninety days after the Postal Service has submitted to the Commission a request for such a recommended decision, the Postal Service, upon ten days notice in the FEDERAL REGISTER, may place into effect temporary changes in the Mail Classification Schedule in accordance with proposed changes under consideration by the Commission. The Postal Service requested a recommended decision on September 8, 1978, to change the Domestic Mail Classification Schedule as it relates to parcel post. The Board will consider the question of whether the Postal Service should place the proposal into effect on a temporary basis.

9. Recommended decisions of the Postal Rate Commission on proposals for changes in the mail classification schedule:

a. Recommended decision of November 30, 1978, to prohibit minimum size mail (Docket No. MC77-2).

b. Recommended decision of December 7, 1978, to reject a proposal by Dow Jones & Co. to restructure second-class rates (Docket No. MC76-2).

The Governors will consider the foregoing recommended decisions.

LOUIS A. COX,
Secretary.

The following properties have been determined to be eligible for inclusion in the National Register. All determinations of eligibility are made at the request of the concerned Federal Agency under the authorities in section 2(b) and 1(3) of Executive Order 11593 as implemented by the Advisory Council on Historic Preservation, 36 CFR Part 800. This listing is not complete. Pursuant to the authorities discussed herein, an Agency Official shall refer any questionable actions to the Director, Office of Archeology and Historic Preservation, Heritage Conservation and Recreation Service, Department of the Interior, for an opinion respecting a property's eligibility for inclusion in the National Register.

Historical properties which are determined to be eligible for inclusion in the National Register of Historic Places are entitled to protection pursuant to section 106 of the National Historic Preservation Act of 1966, as amended, and the procedures of the Advisory Council on Historic Preservation, 36 CFR Part 800. Agencies are advised that in accord with the procedures of the Advisory Council on Historic Preservation, before an agency of the Federal Government may undertake any project which may have an effect on such a property, the Advisory Council on Historic Preservation shall be given an opportunity to comment on the proposal.
